AK QOZK, LLC
Outside Security Plan

AK QOZB, LLC d.b.a. Aloft Anchorage is located at 310 W. 36th Ave., Anchorage, Alaska 99503. The outside area will only be used during special social events for example weddings and area company receptions, etc. During use the area will be sectioned off so no one will be able to enter and or exit the area with alcoholic beverages.

There will be a manager on site at all times, and when the outdoor serving area is open (weather and staffing dependent), there will be hotel event staff walking between the indoor area, and outdoor area to monitor alcohol consumption. When the outdoor area is open there will be a temporary barrier put up to close off the area. The temporary barrier will be approximately 34 inches in height. These are similar to the one at airports. We will have the appropriate legal signage posted stating no alcohol beyond the barriers. When the indoor seating area is open and the outdoor seating area is closed, doors to the outdoor seating area will be closed and used only for emergency egress. Hotel event staff in the indoor seating area will monitor, to ensure patrons do not attempt to use the outside area when it is closed.
