CIVIL NO. W1-11-605

ORDER REGARDING *IN CAMERA*
REVIEW

CONTESTED CASE NAME: *In re Fort Huachuca.*

HSR: San Pedro River Watershed Hydrographic Survey Report.

DESCRIPTIVE SUMMARY: The Special Master conducted an *in camera* review of documents produced by the United States in response to a Motion to Compel filed by Freeport Minerals Corporation.

NUMBER OF PAGES: 2.

DATE OF FILING: March 24, 2016.

On March 16, 2016, the United States produced 25 separate documents for *in camera* review asserting that the documents are protected by attorney client privilege and/or work product protection. It also submitted a Partial Amended and Supplemental Privilege Log that included certain representations about the documents produced. The United States made the additional representation that none of the 25 documents had been provided to the expert witnesses named by the United States in this case. It appears that a number of the documents contain common email chains (e.g., 133-20034760, 131-200034754 and 150-200037904; 138-200035218, 139-200035222, and 140-200035226; 201-200054231 and 202-200054242). Based on the representations made by the United

States and a review of the documents produced,

IT IS ORDERED that the United States shall have no obligation to produce any of the documents submitted for *in camera* review.

DATED: March 24, 2016

SUSAN WARD HARRIS
