STATE OF ALASKA  
SUPPLEMENTARY SCHEDULES TO  
COMPREHENSIVE ANNUAL FINANCIAL REPORT

BUDGETARY BASIS

For the Fiscal Year Ending June 30, 2014

**INTRODUCTION**

This report is prepared as a supplement to the State of Alaska Comprehensive Annual Financial Report prepared by the Division of Finance within the Department of Administration.

The schedules present budget authorizations, revenues, expenditures, encumbrances, and remaining balances as of June 30, 2014 for the State of Alaska at the legal level of appropriation. The information is presented for all governmental funds that have a legally adopted annual budget, and is summarized by department, with a detail line for each appropriation. The purpose is to demonstrate that spending by state agencies was within authorized limits and in compliance with appropriation laws.

For the year ended June 30, 2014, no actual over expenditures of appropriations occurred at the legal level of control during fiscal year 2014, although a few lines display an apparent over expenditure. These are the result of timing differences between fiscal years in recording budget authorizations, expenditure activity, encumbrance activity or immaterial errors in recording transactions within the statewide accounting system.

The information is presented on a budgetary basis, and should be viewed in conjunction with the Comprehensive Annual Financial Report, which is presented on a basis consistent with generally accepted accounting principles. Both reports are available on the State of Alaska, Division of Finance website.

Questions concerning any of this financial information should be addressed to the State of Alaska, Division of Finance, P.O. Box 110204, Juneau, Alaska, 99811-0204.
