- 7.3 Compensation for overtime work shall not be paid to employees in the non-standard category.
- 7.4 Time and one-half shall be paid in each or any of the following instances, and each instance shall not be dependent on any other instance, but there shall be no duplication or pyramiding of overtime: All work performed in excess of forty (40) hours and, in those classes of positions in which it is applicable, all work performed in excess of thirty-five (35) hours in any week
- 7.5 Whenever an employee is required to work on a holiday

which falls on his regularly scheduled work day, he shall be credited with the number of hours in his official work schedule for that day, plus the number of hours actually worked at the rate of one and one-half times.

- 7.6 Overtime work is to be made a matter of record and distributed fairly and equitably among employees capable of performing the work in their respective division and class of position. A record of overtime work will be furnished the Union at the close of each pay period.
- 7.7 Hours credited for sick leave shall not be considered as time worked for the purpose of computing overtime.
- 7.8 Any employee who has performed work in excess of their scheduled 40-hour workweek may request compensatory time in lieu of cash payment (both at rate of time and one-half). If such request is approved, the discharge of such compensatory time must be scheduled and cannot require the use of overtime work by other employees to cover said absence. In any event, the accumulation of such compensatory time cannot exceed a total of 80 hours of compensatory time. Such compensatory time cannot be carried from one calendar year to another. Compensatory time shall either be used or paid at the end of the

calendar year.

7.9 The State agrees that prior to "Freezing-In" an employee to a second consecutive shift, the responsible agency authority will exhaust the voluntary overtime list which exists for that particular facility. Should the aforementioned procedure fail to produce a volunteer, then the State will assign the overtime to the least senior Nurse on duty from the previous shift, provided however, that each subsequent assignment requiring that an employee be "frozen-in" shall be assigned on the basis of inverse seniority, rotating each time amongst the employees from the previous shift who were on duty on the day which the overtime was required

7.10 No employee shall be allowed/required to work more than 16 consecutive hours without a break lasting at least 8 hours, except in a declared emergency.

ARTICLE VIII - HOLIDAYS

8.1 The following shall constitute the official holidays:

New Year's Day

Martin Luther King Day

Memorial Day

Independence Day

Veterans' Day
Thanksgiving Day
Christmas Day

Any day on which a general election of State officers is held as Election Day.

Any day which the Governor shall appoint as a holiday.

Any day which shall be, hereafter appointed by the General Assembly to be holiday.

8.2 The State agrees that in the event that the Legislature abolishes any of the aforementioned holidays, employees covered by this Agreement shall be extended a paid personal day in place of the abolished holiday. If the General Assembly should restore the abolished holiday or add a new holiday in place of the abolished holiday, the additional personal leave days would be withdrawn.

8.3 Each employee shall be entitled to time off at his regular rate of pay for the holidays specified above when such holidays fall on his regularly scheduled work days, and he shall be credited with the number of hours in his official work schedule for that day.

8.4 If a holiday falls on one of an employee's regularly

scheduled days off, he shall be credited with the number of hours for one day in his official work schedule. The hours so credited shall not be used in the computation of overtime.

- 8.5 If a holiday falls on a regularly scheduled workday within an employee's vacation period, the employee shall not be charged annual leave for his absence on that date.
- 8.6 Holiday work shall be rotated.
- 8.7 If a holiday is observed while a Registered Nurse is on a sick leave or vacation leave (annual paid leave) he/she shall receive his/her holiday pay and the day will not be charged against the annual leave.
- 8.8 Whenever an employee in a standard work week (35 hours or 40 hours weekly) or non-standard employee works on a holiday which falls on their regularly scheduled work day, they shall be credited with the number of hours in their official work schedule for that day, plus the number of hours actually worked. The hours actually worked shall be compensated at the rate of one and one-half times. This provision as it applies to non-standard employees shall be effective upon ratification of the contract.

8.9 The parties agree that for the purposes of Holiday pay under Section 8.4 of this Article the Christmas and New Years' Day and for the Rhode Island Veterans' Home only - July 4th, holidays shall be observed on Saturday or Sunday in those years when such holidays fall on Saturday or Sunday rather than on Monday as provided for by R.I.G.L. 25-1-1 et. Seq. The parties further agree, that when such holidays fall on Saturday or Sunday employees who would have otherwise received holiday pay for working on Monday, if the holidays were being celebrated on that day, shall not receive such pay but shall receive their regular rate of pay for that day. This provision shall not apply to employees whose regularly scheduled workweek is Monday through Friday.

8.10 The Christmas Day and New Years' Day holidays are observed commencing with night shift of the day before the day of observance of the holiday. (It is the intent of this provision not to add any additional hours to the celebrated holiday, thus the holiday ends at these agencies at 11:00pm Christmas Day and New Years' Day). For all other holidays, shifts commence on the actual day of the holiday.

ARTICLE IX - INCLEMENT WEATHER/EMERGENCIES

9.1 In the event that the Governor or designee determines that an emergency situation exists and as a result makes a public declaration that an emergency exists or that State offices are closed, the following provision shall apply:

1. The Department of Administration shall determine a single designated starting time of the emergency.
2. Employees who are either allowed to leave their work place early or are excused from traveling to work shall be allowed to discharge vacation leave, personal leave or sick leave. An employee who elected to discharge sick leave may discharge up to a maximum of two (2) sick days per calendar year for such events.
3. Employees who are required to remain at their place of work or to travel to work shall be compensated at the rate of time and one half for each hour worked commencing at the designated starting time of the emergency as determined by the Department of Administration.

ARTICLE X - SENIORITY

10.1 Primary seniority shall be defined as the total length

of service in the current class of position. Secondary seniority shall be defined as the total length of service in all other classes of positions in the bargaining unit including the current class of position. Secondary seniority shall be applied as follows in all cases of layoff: In the event that a member of the bargaining unit is laid off and cannot bump another employee in the affected classification, that employee would be able to use secondary seniority to bump into a different classification, provided that the employee had been employed in that classification. The employee may utilize the total length of service in the current classification plus the total length of service in the classification(s) into which the employee elects to bump. Meaning that an employee who held a position in grade 926, for example, is laid off and formerly held positions in pay grade 924 the employee would be able to count his/her length of service in the 926 position as well as the total length of service in the 924 positions. In the event that the employee was unable to bump in the next lower pay grade but is able to bump into the registered nurse class the employee would be able to utilize his/her total length of service in all

classifications which the employee held in the bargaining unit.

- 10.2 It is hereby agreed that the parties hereto recognize primary seniority in all cases of shift preference, promotions, transfers, floats, relief assignments, temporary assignments of sixty days or more within the same unit, days off, vacation time, layoffs (except where as noted in this Article), and recalls. Inclusion of promotions above is qualified by Section 10.11.
- 10.3 Seniority is defined as the length of employment in State service in any of the classifications covered by this contract. Seniority is not transferable from other bargaining units not covered by this Agreement.
- 10.4 The appropriate personnel office shall prepare and forward to the President of Local 5019 a seniority list. Said seniority list will show the employee's name, class of position, and seniority. Seniority lists shall be revised annually and shall be posted on approved bulletin boards.
- 10.5 (A) Posting. All new and vacant positions to which recruitment is to be initiated shall only be posted on the State's internet employment opportunities website for a period of ten (10) calendar days and

notice of such vacancies shall be sent to the Union's Executive Director and Local Union President or other designated officials at the time of posting via electronic means. Employees who apply for such vacancies shall do so via the State's internet employment opportunities website.

Employees shall be provided reasonable access to the State computers for the purposes of reviewing and applying for online postings. Upon receipt of a transfer request, a copy shall be sent to the designated local officer.

- (B) The State agrees that during the life of this Agreement, all transfers or promotions shall be completed and the registered nurse placed in the new position as soon as possible but not later than four pay periods from the granting of the position.
- (C) Transfers. Employees may bid for new and vacant positions of a similar classification title within an individual unit, and it will be granted on the basis of seniority. In the event there are no bidders from within the individual unit, it will be filled by the bidder of a similar class from other individual units covered by this Contract on the

basis of seniority. Transfers from one unit to another unit will be limited to one move every six- (6) months, unless mutually agreed upon by the parties to this Contract. All applications for lateral transfer shall have a personal interview by the employer.

10.6 Layoffs. Two (2) week's notice of layoff shall be given to the employee(s) so affected and to the Union. Should it become necessary to layoff employees, the State will make every reasonable effort to place these employees in comparable vacant positions within State service. If such placements are not available, the affected personnel shall be placed on a preferential re-employment list. An employee whose job has been abolished and/or who has been laid-off shall have the right to bump as follows:

- 1) A laid off employee must bump the least senior employee on his/her shift, in his/her individual unit, and in his/her status. (For the purposes of Article 10.6 status means full time or part time.)
If there is no such employee:
- 2) A laid off employee may elect any of the following options within their individual unit:

- a) Bump least senior employee on the same shift other status
 - b) Bump least senior employee on other shifts same status
 - c) Bump least senior employee on other shifts other status. If there is no such employee, the procedures in 10.6(3) shall apply.
- 3) A laid off employee may elect any of the following options:
- a) Bump least senior member of the bargaining unit same shift other status
 - b) Bump least senior member of the bargaining unit on the other shifts same status
 - c) Bump least senior member of the bargaining unit on the other shifts other status.
 - d) Bump the least senior member of the bargaining unit same shift same status

A bumped employee shall have the same rights as a laid off employee. Laid off employees who have permanent status in more than one classification shall exercise bumping rights in accordance with the foregoing first using their primary classification. If they are unable to bump using primary classification, they may exercise

bumping rights in accordance with the foregoing using their secondary classification. The parties agree to make expedited arbitration without going through grievance procedure, the exclusive procedure for resolving disputes over layoff, bumping and recall. Individual units shall be: Division of Developmental Disabilities, Zambarano Hospital, Veteran's Home, URI, RIC, CCRI, Department of Human Services, and the Department of Education.

10.7 In the event of layoff, the following order shall be instituted:

- a) probationary status
- b) least senior permanent status

In the event of recall, the following order shall be instituted:

- a) statutory status
- b) permanent status
- c) probationary status

10.8 A probationary period shall not be required in the event of demotion.

10.9 Any employee who holds full status and has been laid off shall have his name placed on an appropriate re-employment list for three (3) years from the date of termination. Seniority shall accrue to such employee

while on said re-employment list.

10.10 Recall notices shall be sent by certified mail, return receipt requested. Unpaid sick leave and personal leave accruals as of the date of the lay off will be frozen for three (3) years from date of layoff.

10.11 Promotions shall be awarded by the appointing authority on the basis of qualification such as education, work performance, and experience. Seniority shall control when qualifications as specified in the foregoing are relatively equal.

(A) Newly hired employees or promoted employees shall serve a probationary period as required by law, during which time the appointing authority shall report to the Personnel Administrator every sixty (60) days concerning the work of the employee; and at the expiration of the probationary period, unless the appointing authority files with the Personnel Administrator a statement in writing that the services of the employee during the probationary period have not been satisfactory and that it is desired that he not be continued in the service, he shall receive permanent status in his classification

10.12 Any employee may be dismissed without recourse during the probationary period for reasons relating to the

employee's qualifications or for the good of the service. It is intended that "probationary period" in the above sentence shall mean the original probation and shall not apply to the probationary period served after a promotional appointment.

10.13 Seniority shall be considered broken for the following reasons only:

- a) When an employee has been discharged for just cause,
- b) When an employee voluntarily terminates his employment from state service,
- c) When an employee fails to respond to a recall notice,
- d) When an employee fails to renew a leave of absence,
- e) When an employee engages in other work without authorization while on leave of absence,
- f) When an employee is laid off in excess of three (3) consecutive years,

10.14 Employees in the bargaining unit employed on a part-time basis shall accrue seniority on a pro-rata basis according to hours worked. Seniority shall continue to accrue for part time employees during all approved leaves, including but not limited to vacation, sick

leave, personal days and unpaid leaves per Article 17.3.

10.15 The Union recognizes the State's right to reorganize. The following parameters shall be followed by the parties when reorganization is necessitated by an Executive Order or legislation.

1. The State shall notify the Union President at least fifteen (15) calendar days in advance of notification to bargaining unit members of its intention to reorganize.
2. The Union and the State shall meet immediately to review and discuss the State's plan for such reorganization and any proposed alternatives or changes.
3. That plan shall include a thirty-day notification to the affected employees.
4. Affected employees who have no available assignments within their classification may be offered vacant positions which the State intends to fill and which have been posted by seniority, in other classifications which they are qualified and able to fill, including positions of equal pay and positions in lower classes without loss of pay

5. Affected employees shall be given the right to bid on new assignments or exercise bumping rights to a position in an equal or lower class within the facility in accordance with Article 10. (Example: an affected Zambarano employee may only bump within Zambarano but not outside of Zambarano.) The employee ultimately bumped shall take whatever comparable assignment or vacancy is available.
6. In cases where an entire operation is moved from one location to another all affected employees will be re-deployed with the operation.
7. In the event that the number of employees affected by reorganization exceeds the number of available assignments or vacancies, any layoffs will be governed by Article 10.6 and 10.7.
8. Assignment of bargaining unit work: No grievance shall be filed or supported by the Union alleging that bargaining unit work previously performed within a 5019 bargaining unit has been assigned outside of such bargaining unit pursuant to the implementation of a reorganization, unless it is in conjunction with a request for a Union representation issue as a result of such

reorganization. A grievance filed in conjunction with a request for Union representation would be held in abeyance by the parties until an official decision is issued by the Labor Board or the inter union dispute is resolved through an alternative dispute resolution procedure. In no event shall the union seek nullification of the reorganization as a remedy for such grievance. This section shall be operative only with regard to labor organizations whose collective bargaining agreements contain similar language. Nothing in this Section 8 shall prevent the Union from subsequently pursuing issues under Article 37 based on nullification of the reorganization plan or other such drastically changed circumstances.

9. Reclassification of existing bargaining unit classifications must be done through negotiations between the parties.
10. Any changes in shifts and/or days off only shall not constitute reorganization under this Article and must be done under Article 4 of this Agreement.
11. This Article 10.15 neither enlarges nor diminishes the State's right if any, to reduce the complement

of bargaining unit nurses and to replace them with non-nurse persons outside of the bargaining unit. In the event there is a dispute between the State and the Union over whether reorganization under this Article is being used for that purpose, no provision of Section 8 will bar the Union from raising this issue as an alleged grievance under Article 37. In addition, this Article 10.14 neither enlarges nor diminishes the State's right, if any, to redesign work or work schedules.

ARTICLE XII - SICK LEAVE

12.1 Sick leave with pay shall be granted to employees covered by this Agreement. Sick leave with pay is hereby defined to mean a necessary absence from duty due to illness, injury, or exposure to contagious disease and may include absence due to illness or death in the immediate family of the employee (per death) or necessary attendance upon a member of the immediate family who is ill, subject to the provisions of Section

5.0623 of the Personnel Rules in effect at this time. The definition of "Immediate Family" for the purpose of sick leave and bereavement leave, shall include domestic partners of the same or opposite sex who have lived in the same household for at least six (6) months and have made a commitment to live as a family. Sick leave with pay for attendance upon a member of the family is limited to ten (10) working days in any calendar year.

A full time employee who assumes a part-time position shall be entitled to maintain accrued sick time hours in excess of the maximum accrual for a part-time employee, however, the nurse will not be

permitted to accrue additional sick time until such time as his/her total sick time accrual falls below the maximum allotted for a part-time employee

Employee Certification of Necessary Absence Form (affidavit) as provided for in the Appendix of this Agreement.

- (b) For each discharge of leave of five (5) or more consecutive days, the employee's appointing authority shall require, and the employee shall provide, properly completed employee and physician portions of the appropriate United States Department of Labor form (currently WH-380-E, WH-380-F, WH 384 or WH 385) as provided in the Appendix of this agreement.
- (c) In order for the appointing authority to designate an absence as FMLA qualifying leave, the employee must provide the appropriate federal form referenced in (b).
- (d) Nothing herein exempts the employee's obligation to comply with the employing agency's procedure for the need for such leave and obtaining prior authorization as required.
- (e) Notwithstanding the above, the appointing authority, upon reasonable suspicion of leave abuse, may request a properly completed form (as referenced in (b)) for any and all paid or unpaid absences for medical reasons regardless of the

duration and the employee will be required to provide such documentation.

- (f) To protect employee privacy rights, all documents containing confidential medical information are maintained as confidential medical records and are kept in separate, secure medical files in the Human Resources Service Center office. Access to these records is restricted as provided by law.
- (g) Nothing herein shall adversely affect an employee's right to leave either State or Federal leave laws. All absences due to qualifying medical reasons shall count towards an eligible employee's leave under such laws.
- (h) Nothing herein shall be construed to conflict with R.I. Gen. Laws § 36-4-63.

12.6 In the event of death in the employee's family, the employee shall be entitled to absence with full pay "per death" not chargeable to the employee's sick leave accumulation for:

12.7 Sick Leave Bank

1. Sick Leave Bank. The State and the Union agree to establish a Sick Leave Bank Committee who shall be responsible to administer a Sick Leave Bank in each of the bargaining unit covered by this Agreement. Those sick leave banks that were in existence as of January 26, 2001 shall remain in existence until exhausted.
2. The Sick Leave Bank Committee shall be composed of four members, two (2) of whom shall be appointed by the President of the Union and two (2) by the State. The Sick Leave Bank Committee shall establish the rules and procedures to be used by employees who have contributed to the Sick Leave Bank. Decisions of the Sick Leave Bank Committee

to grant sick leave bank days shall be by majority vote, shall be final and shall not be subject to the grievance and arbitration provisions of the contract.

3. The following provisions must be included in the rules and procedures adopted by the Sick Leave Bank Committee.

A. The Committee must review the sick leave utilization of any member of the Sick Leave Bank who applies for sick leave from the bank. Sick leave will not be granted to an applicant with evidence of prior sick leave abuse in his or her personnel file or attendance record. Prior utilization of sick leave does not by itself indicate sick leave abuse.

B. The Committee must require adequate evidence of catastrophic illness or injury, which is not job-related, of an employee only (not any family member).

C. The maximum amount of sick leave that the Committee may grant shall be 480 hours per employee assigned to a forty (40) hour workweek and 420 hours per employee assigned to a thirty-five (35) hour work week. Hours

granted shall not exceed the total hours available in the Bank.

- D. The parties agree the Sick Leave Bank shall be a pledge-based contribution, whereby employees will annually pledge sick time in order to be eligible to apply to the Bank for any sick leave. Pledged sick leave shall not be deducted from the employee's sick time accumulation unless the recipient actually uses the time that had been pledged on their behalf.
- E. Members of the bargaining unit who wish to be eligible to apply to the Bank for sick leave shall pledge eight (8) hours of sick leave if assigned to a forty (40) hour work week and seven (7) hours of sick leave if assigned to a thirty-five (35) hour work week.
- F. An employee who applies to the Sick Leave Bank must have used all available accrued and accumulated leave including vacation and personal leave.
- G. Part-time employees may participate on a pro rated basis.
- H. Any unused sick leave remaining in the Sick

Leave Bank on December 31 shall not be carried forward into the next year.

I. If during the calendar year the Sick Leave Bank falls below three fifty (350) hours, the Sick Leave Bank Committee may solicit additional contributions of one additional day (8 hours or 7 hours) from those employees who made a contribution on January 2 of that calendar year.

J. All sick leave hours accrued while discharging sick leave hours granted by the sick leave bank commit must be discharged prior to discharging available sick leave bank hours.

K. The Union will coordinate with Human Resources to distribute a sick leave policy in accordance with the terms set forth in this Agreement.

12.8 Maternity Leave. Pregnancy leave will be granted under the same conditions as sick leave is granted under this Agreement. The commencement, duration, and expiration of such leave shall be determined on the basis of the pregnant employee's physician.

a) At the expiration of maternity leave, the employee shall be returned to the position from which she is on leave at the same step of the then current

range for her class of position.

- b) It is agreed that pregnant employees who have exhausted their sick leave accruals, or who decline to utilize their sick leave, shall be granted a maternity leave without pay. A pregnant employee shall submit written notification to the appointing authority of the anticipated duration of the maternity leave at least two (2) weeks in advance, if possible of the commencement of the leave period. Leave shall be granted for a period of not less than three (3) months nor more than twelve (12) months and may be extended by mutual consent, and an early return by the employee may be made upon completion of a minimum of three (3) months and written notice of thirty (30) days to the appointing authority.
- c) A pregnant employee shall not be required to commence her maternity leave prior to childbirth, unless she can no longer satisfactorily perform her job duties and her continuance at work does not deprive her fellow employees of their contractual rights.

12.9 Whenever an employee shall be absent from his duties and receiving compensation as provided in the Worker's

Compensation Laws, he shall be granted sick leave in accordance with the rules applicable thereto in an amount not to exceed his regular compensation. Deductions from accumulated credits shall be applied only to that part of his salary which is paid as an addition to Worker's Compensation payments, and the total of the two shall not exceed the regular salary for a given pay period. Annual leave credits may be applied in the same manner. When such absence shall not be covered by sick leave or annual leave, it shall be deemed to be leave without pay. If it shall be determined during the Worker's Compensation proceedings that the injury resulted from a physical assault arising out of the regular course of employment, the employee's leave shall not be reduced for the first twenty-six (26) weeks of the disability arising from such an assault. During the twenty-seventh (27th) week and thereafter, for the duration of the employee's disability, deductions from accumulated credit shall be applied as indicated above.

- 12.10 Any employee whose employment requires exposure to x-rays or other unusual employment hazard shall be granted special sick leave credits not to exceed 120 hours in a calendar year if he is a 40 hour employee or

105 hours in a calendar year if he is a 35 hour or non-standard employee. Such sick leave credits shall be available and sick leave granted upon written recommendation by the appropriate appointing authority to the Personnel Administrator that it has been determined by blood tests or other approved method and supported by a statement from a qualified physician that the health of the employee required such sick leave to permit recuperation from exposure to such occupational hazards.

12.11 If an employee becomes physically unable to perform his/her work assignment, the employer will make an effort to provide the employee with an assignment within the employee's capabilities and appropriate to the employee's classification requirement. The employer shall meet with the affected employee and the Union within five (5) days of the request to return to work to develop the limited duty contract. In the event that agreement is reached the employee shall be returned to work in accordance with the terms of the limited duty contract, such return shall be within ten (10) days after the agreement is reached.

Consistent with the provisions of the Collective Bargaining Agreement, the parties recognize the

desirability of temporary light duty assignments as a means of returning injured workers to productive employment and to facilitate the employee's return to full duty in their assignment.

The State in agreement with the local Union may identify transitional employment for injured employees, including those with work or non-work related injuries, and those with occupational disease as set forth in R.I. Gen. Laws 28-34-1 et seq., who medical restrictions prevent or limit performance of full job duties and responsibilities within the following parameters:

Based upon definitive medical verification of the employee's restrictions, the State may modify the employee's assignment, including job functions, tasks, hours, shift and/or work location, to provide transitional employment which will not exceed the employee's restriction. If no transitional employment is available in the employee's classification, the employee may be offered temporary work outside their classification with the agreement of the Local Union. Transitional assignments shall be viewed on a regular basis. The review interval shall be agreed upon by the State, the local Union involved, and the employee. The

transitional employment period shall not exceed six months unless extended by mutual agreement of the State, the Local Union involved, and the employee and contingent upon supporting medical documentation.

If the employee cannot return to their classification and/or assignment based upon medical verification, the State may offer them education, training or other programs to assist the employee to obtain other employment opportunities in accordance with the Collective Bargaining Agreement and the Merit System Law.

No employee working in a transitional assignment will displace any bargaining unit member while participating in transition employment.

- 12.12 Sick Leave Committee. The State and the Union agree to establish a committee to study the feasibility of alternatives and options to the existing sick leave benefit structure. The committee shall consist of up to three members appointed by the State and three members appointed by the Coalition. The committee will meet on a bi-monthly basis. The committee will discuss alternatives to the existing sick leave policies and structure and alternatives such as group short term disability insurance.

ARTICLE XIII - EDUCATIONAL LEAVE

- 13.1 Employees may be required by the administration, from time to time, to attend conferences, meetings, public hearings, workshops, forums, lectures, discussion groups, state sponsored educational offerings, and any other assemblies of professional interest. Employees may also initiate requests to attend such events. The granting of such request is the prerogative of the Director or his/her designee. Approval of such requests shall not be unreasonably withheld. When such requests are considered appropriate, they will be granted fairly and equitably to employees within the bargaining unit in accordance with job-relatedness. Every effort will be made by the Department to insure consistency in granting of these leaves with pay, and they may be subject to review by the Joint Committee.
- A. Educational program benefits, leading to the attainment of a degree in nursing related disciplines, shall be available to all members of the bargaining unit on a semester basis. Applications for educational leave shall be submitted to the appropriate department official thirty (30) days prior to the commencement of the course. Notification of approval shall be made to

the individual within fifteen (15) days of course commencement.

- B. Reimbursement to the individual for costs of tuition, books, and other direct course-related costs of the approved course shall be made to the individual upon verification of satisfactory completion of the course. - 17.2 At the expiration of such leave, the employee shall be returned to the position from which he is on leave at the same step of the then current range for his class of position.
- 17.3 Seniority shall be retained and shall accumulate during all leaves without pay, provided such leave is granted for illness, injury, education, or personal leave not to exceed twelve (12) months.

The individual Nurse and/or Union representative, with the Nurse's permission, shall have the opportunity to read, date and sign, reproduce, and retain copy of any and all material which questions or challenges his/her character, conduct, service or professional judgement or standing, before it is placed in his or her personnel file. In the event any disciplinary action ensues as a result of such charge, the Union shall immediately be notified in writing and the matter shall be immediately referred to the third step of the

grievance procedure. Oral reprimands referred to in an employee's personnel file shall be removed at the end of six months and written reprimands referred to in an employee's personnel file shall be removed at the end of one year, provided that no further occurrences have occurred that would warrant further disciplinary action against said employee

23.6 EMPLOYEE EVALUATION

cause.

26.2 In the case of demotion, the appointing authority shall give the Personnel Administrator, the employee and the Union written notice of his intention to effect the demotion, not less than fifteen (15) days before the date it is intended to become effective.

26.3 In all other cases, the employee and the Union shall be notified on or before the effective date of such action.

26.4 If within two weeks of such dismissal, demotion or suspension, the employee or the Union so affected notifies the Labor Relations Administrator in writing that he has been unfairly treated and gives his reasons therefore, he may have his case reviewed in accordance with the grievance and arbitration procedures set forth in this Agreement and should the Union pursue the matter to arbitration, both the State and the Union agree, that the schedule of the arbitrator notwithstanding, they will make every reasonable effort to ensure that the case is scheduled before an arbitrator within four (4) months of the date on which the State took disciplinary action

26.5 In the event that an employee is dismissed, demoted, or suspended under this section and such employee appeals such action and his appeal is sustained, he shall be restored to his former position and compensated at his

regular rate for any time lost during the period of such dismissal, demotion, or suspension

- 26.6 An employee may be granted a demotion upon request when recommended by his appointing authority and approved by the Personnel Administrator. In this instance his current status shall be transferred to the lower class.
- 26.7 Whenever it becomes necessary to discipline an individual employee, the appropriate supervisor will do so in a manner as to avoid unnecessary embarrassment or humiliation.
- 26.8 An employee who is interviewed concerning an incident or action which may subject him/her to disciplinary action shall be immediately notified prior to the interview of his/her right to have a Union representative present.
- 26.9 Any information developed or made available as the result of an investigation of an employee shall not be made public prior to notification of the individual.
- 26.10 After a period of two years, if the employee has not committed any further infractions of appropriate rules and regulations, written reprimands shall be expunged from the employee's personnel records, oral reprimands shall be removed from the personnel file after one year.

rules and regulations, suspensions of five (5) days or fewer will automatically be removed from the employee's personnel records. The preceding sentence shall apply to suspensions of five (5) days or fewer issued prior to and after the ratification of this Agreement.

ARTICLE XXVII - GRIEVANCE PROCEDURE

27.1 The purpose of this procedure is to provide a mutually acceptable method for the prompt and equitable settlement of grievances over the interpretation, application, or violation of this Agreement.

27.2 For the purpose of this agreement, a grievance is defined as any difference or dispute between the State and the Union or between the State and any employee with respect to the interpretation, application, or violation of any of the provisions of this agreement.

27.3 There shall be a grievance procedure as follows:

Step 1.

A grievance shall be presented in writing by the aggrieved employee and/or by the Union to either the immediate supervisor or other designee of the Department within twenty-one (21) days of the employee's and/or Union's knowledge of the occurrence of such grievance. The aggrieved employee shall discuss his/her problem with his/her Union representative and immediate supervisor

and/or other designee of the department within seven (7) days of the submission of the grievance in an attempt to settle the issue. The supervisor and/or other designee of the department shall allow or deny the grievance or otherwise respond to the Union and the employee within seven (7) days of the meeting.

Step 2.

If the grievance is not resolved after seven (7) days of the Step 1 meeting or if the Department has failed to otherwise respond according to Step 1 above, and in the event the Union and/or the employee wishes to pursue the matter further, the Union and/or employee shall submit the grievance in writing to the designee of the Director of the Department of Administration within thirty (30) days thereafter. The designee of the Director of the Department of Administration shall schedule a hearing within thirty (30) days and shall render a decision in writing within thirty (30) days of the hearing.

Step 3.

In the event the grievance is not resolved at the Step 2 level in a manner satisfactory to the aggrieved member and/or the Union, and the Union and/or employee wishes to pursue the matter further, then such grievance may be submitted to Arbitration by the Union within thirty (30)

days of the transmittal of the hearing officer's written decision in Step 2.

Miscellaneous.

Sustained grievances will be implemented or the necessary paperwork to implement the decision will be initiated within twenty-one (21) days after the receipt of the decision from the Department of Administration.

All grievance hearings held under the procedure shall be conducted at a time and place, which will afford a fair, and reasonable opportunity for all persons entitled to be present to attend.

The time for scheduling a hearing may be extended in the event of the parties agreeing to hold the matter in abeyance for a period of time, or otherwise by consent of the parties.

Either party to this Agreement shall be permitted to call witnesses as part of the grievance procedure.

Grievance hearings are intended to be an informal expedited process to resolve disputes. The State, on request, will produce payroll and other records, as necessary. Requests shall be made at least seven (7) days in advance of the grievance hearing. The State shall comply with the request within 48 hours.

Members of the Union committee, stewards, the aggrieved

employee, and employee witnesses, who are State employees, will be paid at their regular rate up to their normal quitting time for time spent in processing grievances.

The Union representatives will have the right to assist the aggrieved at any step of the grievance procedure.

Nothing contained herein deprives an individual employee of the right to act on his/her own counsel. If such grievance is processed without a Union representative, the Union retains the right to attend all meetings and hearing as an observer. If such grievance is processed without a Union representative, the facts and the resolution of said grievance will be furnished by the State to the Union at the time the grievance is being processed. The final resolution must be consistent with the terms of this Agreement. However, any grievance which is sustained by the State and which is contrary to the Agreement will be subject to appeal by the Union.

In all cases of suspension, demotion or dismissal of an employee, the aggrieved employee, the Union, and/or the State may request to immediately proceed to Step 2 of the grievance procedure.

The State shall provide the Coalition Bargaining Team with electronic copies (i.e., PDF files) of arbitration

decisions that the State receives from Labor Relations Connection received after March 2015.

A Civil Service employee may process their grievance through either the grievance procedure or before the Personnel Appeal Board. Initiation of a matter before the Personnel Appeal Board shall be deemed a waiver of the employee's right to utilize the grievance procedure provided herein with respect to that matter. Nothing herein is in any way intended to extend the statutory jurisdiction of the Personnel Appeal Board.

The State is in the process of developing an electronic on-line system to file, process, schedule and track grievances. At such time as the State is prepared to test the new system, the State will notify the Union for the Union's review, comments and testing prior to implementation. The State will use reasonable efforts to accommodate suggestions/requests from the Union. When the system becomes operational, the Union will fully cooperate with the use thereof to include the use of standardized grievance forms and the filing and processing of grievances through the on-line system.

27.4 It is also agreed that in all cases of dismissal, demotion, suspension, and reprimand, the aggrieved and/or Union committee may go immediately to step 2 of the

grievance procedure. It is further agreed that either party may submit a grievance to each other and proceed immediately to step 2 above.

ARTICLE XXVIII - ARBITRATION

- 28.1 If a grievance is not settled under Article XXVII, such grievance shall at the request of the Union or State be referred to The Labor Relations Connection, or any other entity that the parties agree to in accordance with its rules then obtaining.
- 28.2 The decision of the arbitration shall be final and binding upon the parties. The expense of such arbitration shall be borne equally by the parties.
- 28.3 Only grievances arising out of this contract relating to the application or interpretation thereof may be submitted to arbitration.
- 28.4 All matters concerning changes in wage schedules, monetary fringe benefits or any other matters requiring the appropriation of money shall not become a subject for arbitration. It is understood that this section shall not be applied to any obligation arising out of this Agreement.
- 28.5 All submission to arbitration must be made within 30 days after the decision of the Office of Labor

Relations.

28.6 Whenever expedited arbitration is required by this Agreement, as for example, in disputes over layoff, bumping and recall or whenever the parties mutually agree to expedited arbitration of other cases, the Labor Relations Connection (or any other entity that the parties agree to) Rules for Expedited Arbitration shall be applied. The parties may agree to the selection of an arbitrator outside of the Labor Relations Connection procedure. Grievances processed under expedited arbitration shall be initiated and filed directly at the arbitration step of the grievance procedure.

28.7 The State shall, within sixty (60) days of ratification, provide to the Coalition Bargaining Team and University of Rhode Island Schmidt Labor Research Center (the "Labor Institute"), a disk containing the electronic copies (i.e. PDF files) of the arbitration decisions that the State has compiled to date. The parties will also jointly request that the Labor Connection provide an electronic copy of all arbitration decisions to the parties and to the Labor Institute.

Employees shall not be required to state the reason for personal leave. Prior approval for personal leave must be obtained and may only be denied if the resulting absence would interfere with the proper

conduct of division functions. Personal leave shall not be carried over from year to year. During the calendar year of an employee's original appointment, the accrual will be as follows: If appointed prior to April 1st, the employee shall be entitled to thirty-two/twenty-eight hours personal leave time as provided in this article. ARTICLE XXXVII - BARGAINING UNIT WORK

37.1 Except in an emergency situation, non-bargaining unit employees shall not perform work assigned to employees in the bargaining unit. An emergency situation shall be defined as a patient care crisis of an immediate and short term nature and shall not include personnel shortages caused by scheduling or absences during any period of time larger than that necessary to call in or transfer a bargaining unit member. The parties agree that in no way will this language be construed to permit the permanent replacement of a bargaining unit position by a non-bargaining unit member

37.2 All professional Registered Nurses covered by this Agreement shall not be required to perform duties,

which are inappropriate to their professional responsibility.

ARTICLE XXXVIII - EMPLOYER-NURSE COMMITTEE

38.1 The unit employer, jointly with the elected representatives of the Registered Nurses of each unit, shall establish a Conference Committee to foster improved communications between the management and the nursing staff. II. Charge Position

There shall be one charge position for each unit at Zambarano Hospital, RICLAS and Rhode Island Veteran's Home; provided the total number of charge positions mandated by this Agreement at each such institution shall not exceed the number mandated by the predecessor Agreement which expired June 30, 1995.

The primary responsibility for orientation and training shall be that of the nursing educators. Newly

The length of time necessary to orient a nurse to the unit will vary depending on the nurse's experience, skills and training and will be determined by management. Only those bargaining unit members with adequate experience for the unit will serve as preceptors. Bargaining unit members shall receive an additional five (\$5.00) dollars per hour for hours when acting as a preceptor to another nurse.

- 41.2 Where the Department and/or agency provide an orientation program for new employees, at least one-half hour will be allotted to the Union representative to discuss the Union with the new employees.
