Can Be Part of Oberlin History!

The Heritage Trail begins and winds through the Oberlin Heritage Center, at 73 S. Professor Street. Visit the Center and see the inscribed bricks that have been installed along the walk that starts at the Conservatory parking lot.

The *Trail* is paved with century-old bricks, which are waiting to become even *more* historic when engraved with your name or personal message. Twelve characters or spaces, one half inch each, may be engraved in one, two, or three lines on each brick.
