Counties – Clearwater, Idaho, Latah, Lewis, Nez Perce

PSA II

Geographic Information:

The region in PSA II covers 13,403 square miles in five north-central Idaho counties: Lewis, Idaho, Clearwater, Latah, and Nez Perce. PSA II is mostly rural except for the major university cities of Lewiston and Moscow. Students come from all over the nation and several foreign countries to enroll at Lewis-Clark State College or the University of Idaho. Their presence has a strong influence on the character of the metropolitan area.

Beyond urbanized Lewiston, Idaho's only inland port city, the region's five counties present a diverse topography which includes expanses of prairie and farmland as well as rugged mountainous terrain. Isolated communities tucked into the region's mountains and valleys are difficult to reach at any time; during the snowy winters, these tiny settlements are virtually inaccessible.

Demographic Information:

Based on the 2017 American Community Survey Estimates, the total population in PSA II was 108,520 of which 28,055 (25.9%) individuals were over the age of 60. The at risk populations which factors in Idahoans of 65 + living in poverty, Idahoans of 65+ living alone, Idahoans living in a rural county, racial minorities, Persons 60 + and Hispanic, Idahoans aged 75 and older & also 85 and older is 29,748. The Area Agency on Aging and Adult Services (AAA II) is a department within Community Action Partnership and has its office in Lewiston.

Focus Area A:

Older Americans Act (OAA) Core Programs

ICOA Goal: Increase OAA core services by:

- Utilizing financial and operational data to increase services to older individuals and standardizing proven best practices for service delivery throughout the Planning and Service Area.
- Coordinating with health and social service partners to broaden access for long-term care services.

SFY 2021 – Additional Coordination Activity for upcoming year

- Conduct Consumer satisfaction surveys for all AAA services.

1: Transportation Objective: To utilize best available data and resources from current transportation systems to maximize available services to older individuals.			
Service Description: Transportation funds are used for operating expenses only and are designed to transport older persons to and from community facilities and resources for the purpose of applying for and receiving services, reducing isolation, or otherwise promoting independent living. The funds need to be used in conjunction with local transportation service providers, public transportation agencies, and other local government agencies, that result in increased provision. Service is provided to: congregate meal sites, supportive services (health services, programs that promote physical and mental well-being and shopping) community facilities and resources for the purpose of applying for and receiving services, which include comprehensive counseling and legal assistance.			
Service Eligibility: Individual 60 years of age or older.			
Service Implemented by:			
<ul style="list-style-type: none"> • COAST Transportation: M-F, 8:00 -4:30, (509) 397-2935; • Interlink: M-Th 9:00 - 4:00, (509) 751-9143; • Salmon River Transit: M-F, 8:00 - 5:00, (208) 628-2394; 			
Funding Source: (Actual expenditures for completed years and budget for current year)			
State Fiscal Year (SFY)	State	Federal	Total
SFY 2016 (July 2015 – June 2016) Actual	\$13,900	\$16,850	\$30,750
SFY 2017 (July 2016 – June 2017) Actual	\$29,089	\$22,592	\$51,681
SFY 2018 (July 2017 – June 2018) Actual	\$46,907	\$1,834	\$48,741
SFY 2019 (July 2018 – June 2019) Actual	\$22,195	\$17,845	\$40,040
SFY 2020 (July 2019 – June 2020) Actual	\$0	\$32,290	\$32,290
SFY 2021 (July 2020 – June 2021) Budget	\$18,214	\$21,000	\$39,214

A. Transportation Service Delivery Strategy: Identify best practices in conjunction with local transportation service providers, public transportation agencies and/or private, not-for-profit community organizations that result in an increase in service provision in North-central Idaho.

Performance Measure:

- Effectiveness = Number of boardings.
- Quality = Consumer satisfaction (use ACL’s POMP-Performance Outcome Management Project).

<u>State Fiscal Year (SFY)</u>	<u>Annual Boardings</u>	<u>Average Cost per Boarding</u>	<u>Consumer Satisfaction %</u>
SFY 2016 (July 2015 – June 2016) Actual	4,416	\$6.96	Not Available
SFY 2017 (July 2016 – June 2017) Actual	7,383	\$7.00	95.83%
SFY 2018 (July 2017 – June 2018) Actual	6,963	\$7.00	Not Available
SFY 2019 (July 2018 – June 2019) Actual	4,251	\$9.42	Not Available
SFY 2020 (July 2019 – June 2020) Actual	3,755	\$8.60	Not Available

Benchmark:

- Increase the number of boardings by 2% annually.
- Identify 2 new transportation providers with emphasis in underserved communities.
- Maintain consumer satisfaction at 75% or higher.

B. Transportation Coordination Strategy: Collaborate with the Metropolitan Planning Organization (MPO) and transportation provider network to improve access to senior transportation information and resources.

Performance Measure: Senior transportation provider resources in each county.

Baseline:

<u>County</u>	<u>Current Senior Transportation Provider</u>	<u>Available Transportation Referral Resources</u>
Clearwater	COAST	Appaloosa Express, Blue Mountain Action Council, VEYO
Idaho	Salmon River Seniors	Prairie Transportation, COAST, Blue Mountain Action Council, VEYO
Latah	COAST	VEYO, SMART Transportation
Lewis		Appaloosa Express, VEYO, Blue Mountain Action Council
Nez Perce	Interlink, COAST	Lewiston Transit, Dial-a-Ride, VEYO, Blue Mountain Action Council, Appaloosa Express

Benchmark: Identify additional senior and disabled transportation provider resources.

2: Outreach Objective: To target outreach efforts that increase OAA core services.

Service Description: Outreach funds are used to seek out older persons, identify their service needs, and provide them with information and assistance to link them with appropriate services. Outreach efforts must emphasize the following: (i) older individuals residing in rural areas. (ii)&(iii) older individuals with greatest economic and social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas). (iv) older individuals with severe disabilities; (v) older individuals with limited English-speaking ability; (vi) older individuals with Alzheimer’s disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals).

Service Eligibility: General public needing long-term care services and supports.

Service Implemented by:

- Area Agency on Aging, 124 New 6th St., Lewiston, ID 83501, 208-743-5580, M-F 8:00-5:00

Funding Source: (Actual expenditures for completed years and budget for current year)

<u>State Fiscal Year (SFY)</u>	<u>State</u>	<u>Federal</u>	<u>Total</u>

SFY 2021 (July 2020 – June 2021) Budget	\$0	\$900	\$900

A. Outreach Service Delivery Strategy: Identify best practice through tracking core performance data for each OAA Core service prior to and for a period after outreach events to see if outreach was successful. Each outreach activity should emphasis reaching the six target areas:

1. Seniors residing in rural areas
2. Greatest economic need
3. Greatest social need
4. Seniors with limited English ability
5. Seniors with severe disabilities
6. Seniors with Alzheimer’s disease and related disorders

Performance Measure: Outreach units for each OAA service.

Baseline:

<u>State Fiscal Year (SFY)</u>	<u>One-to-one Contacts</u>
SFY 2016 (July 2015 – June 2016) Actual	5,341
SFY 2017 (July 2016 – June 2017) Actual	41
SFY 2018 (July 2017 – June 2018) Actual	15
SFY 2019 (July 2018 – June 2019) Actual	0
SFY 2020 (July 2019 – June 2020) Actual	172

Benchmark: Target outreach to specific services based on performance data. Outreach efforts must show a direct impact to the targeted service.

B. Outreach Coordination Strategy: The AAA will coordinate efforts with health care providers to increase “access to” and “participation in” OAA core services, specifically focusing on increasing participation in homemaker, home delivered meals, and national family caregiver support program through direct referrals from hospital and clinic discharge planners.

Performance Measure: The number of referrals received from health care providers.

Baseline: Creating partnerships with healthcare providers to increase number of referrals to homemaker, home delivered meals, and national family caregiver support programs.

<u>State Fiscal Year (SFY)</u>	<u>Homemaker Referrals</u>	<u>HDM Referrals</u>	<u>NFCSP Referrals</u>

SFY 2020 (July 2019 – June 2020)	124	253	42

Benchmark: Increase the number of referrals received from health care providers following outreach efforts.

3: Information and Assistance (I&A) Objective: To provide older individuals with statewide access to comprehensive long-term care resource assistance and OAA core service eligibility determination in coordination with Aging and Disability Resource Center (ADRC) partners.

Service Description: Information and assistance (I&A) funds are used to: (1) Provide older individuals with current information on long-term care supports, services and opportunities available within their communities, including information relating to assistive technology; (2) Assess older individual’s problems and capacities; (3) Link older individuals to long-term care supports, services and opportunities that are available; (4) To the maximum extent practicable, ensure that older individuals receive needed services, and are aware of available opportunities by establishing follow-up procedures; and (5) Serve the entire community of older individuals, particularly: (i) Older individuals with the greatest social need; (ii) Older individuals with the greatest economic need; and (iii) Older individuals at risk for institutional placement.

Service Eligibility: General public needing long-term care services and supports.

A. I&A Service Delivery Strategy: Expand I&A contacts to increase cost effectiveness.

Performance Measure:

- Efficiencies = Cost per contact, average contact per Full Time Equivalent/I&A staff.
- Effectiveness = Total contacts, total costs.

Baseline:

Lewis	0	3	2	2	2
Nez Perce	16	15	15	11	11

Benchmark: Establish community partners and focal points to increase awareness and referrals to I&A services.

4: Case Management Objective: To provide statewide access to Case Management service for older individuals who need an optimum package of long-term care services.

Service Description: Case Management funds are used for eligible older individuals and disabled adults, at the direction of the older individual or a family member of the older individual, to assess the needs of the person and to arrange, coordinate, and monitor an optimum package of services to meet those needs. Activities of case management include: comprehensive assessment of the older individual; development and implementation of a service plan with the individual to mobilize formal and informal resources and services; coordination and monitoring of formal and informal service delivery; and periodic reassessment.

Service Eligibility: Individuals 60 years of age or older who cannot manage services on their own.

Service Implemented by:

A. Case Management Service Delivery Strategy: Utilize AAA staff for those cased where no other Case Management service is available and an individual is unable to manage multiple services for his or her self. If Case Management is needed, cost and corresponding units of service will be accounted for under Case Management.

Performance Measure:

- Efficiencies = Cost per consumer, average cost per unit.
- Effectiveness = Total consumers, total costs, total unit hours.

Baseline:				
<u>State Fiscal Year (SFY)</u>	<u>Total Unduplicated Clients Served</u>	<u>Average Cost per Client</u>	<u>Total Annual Units (hrs.)</u>	<u>Average cost per Unit (hr.)</u>

People with Disabilities	Disability Action Center	No
Identified PCMH consumers	Catalyst Medical Group/St. Mary's/CHAS	No

Benchmark:
Each year increase case management referral protocols.

5: Homemaker Objective: To provide statewide access to Homemaker services for eligible individuals.

Service Description: Homemaker funds are used to assist an eligible person with housekeeping, meal planning and preparation, essential shopping and personal errands, banking and bill paying, medication management, and, with restrictions, bathing and washing hair.

Service Eligibility: Seniors 60 years of age or older and meets any of the following requirements:

- They have been assessed to have Activities of Daily Living (ADL) deficits, and/or Instruments of Activities of Daily Living (IADL) deficits, which prevent them from maintaining a clean and safe home environment.
- Clients aged 60 years or older, who have been assessed to need homemaker service, may be living in the household of a family member (of any age) who is the primary caregiver.
- They are Adult Protection referrals and homemaker service is being requested as a component of a Supportive Service Plan (SSP) to remediate or resolve an adult protection complaint.
- They are home health service or hospice clients who may be eligible for emergency homemaker service.

Cost Share: Both federal and state funds are eligible; however different requirements apply: If only federal funds are used, the AAA must use individual income when determining cost-share and participants cannot be terminated for refusal to pay. If only using state funds, the AAA must use household income when determining cost-share and person can be terminated for refusal to pay. If a combination of federal and state funds is used, the AAA follows federal requirements.

A. Homemaker Service Delivery Strategy: Standardize Homemaker services by utilizing data that shows the efficiency, effectiveness and quality.

Performance Measure:

- Efficiencies = Cost per consumer, average units per consumer.
- Effectiveness = Total consumers, total unit hours, total costs, and registered consumers by at risk factor.
- Quality= Consumer Satisfaction

10: Home Delivered Meals Objective: To utilize best available resources to identify potential consumers or older individuals who could benefit from the program.

Service Description: Home Delivered Meal funds are used to provide meals five or more days a week (except in a rural area where such frequency is not feasible) and at least one meal per day, which may consist of hot, cold, frozen, dried, canned, fresh, or supplemental foods and any additional meals that the recipient of a grant or contract under this subpart elects to provide.

Service Eligibility: Seniors 60 years of age or older. Additional Requirements: (a) Persons age 60 or over who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, shall be given priority in the delivery of services under this part. (b) The spouse of the older person, regardless of age or condition, may receive a home

delivered meal if, according to criteria determined by the area agency, receipt of the meal is in the best interest of the homebound older person. Also, a client's eligibility to receive home delivered meals shall be based upon the degree to which Activities of Daily Living (ADLs)/Instrumental Activities of Daily Living (IADLs) limit ability to independently prepare meals.

Benchmark: Increase home delivered meal participants by 5% annually.

11: Disease Prevention and Health Promotions Objective: Improve the wellness of seniors by ensuring that Disease Prevention and Health Promotion programs are delivered according to the evidence-based guidelines.

Service Description: Disease Prevention and Health Promotion funds are for evidence-based programs selected by the Area Agencies on Aging based on input from the consumers in the Planning and Service Area (PSA). Evidence-based programs support healthy lifestyles and promote healthy behaviors and reduce the need for more costly medical interventions. The purpose of the Aging and Disability Evidence-Based Programs and Practices (ADEPP) is to help the public learn more about available evidence-based programs and practices in the areas of aging and disability and determine which of these may best meet their needs.

Service Eligibility: Seniors 60 years of age or older.

12: National Family Caregiver Support Program (NFCSP) Objective: To strengthen the Idaho’s Family Caregiver Support Program.

Service Description: NFCSP funds must be used to support and train caregivers to make decisions, resolve problems, and develop skills to carry out their caregiving responsibilities:

1. Caregiver information (large group presentations, printed materials, media);
2. Caregiver access assistance (assisting caregiver to access resources);
3. Caregiver Counseling including caregiver support groups and training;
4. Respite provides a brief period of relief to a full-time caregiver. The care recipient must have physical or cognitive impairments that require 24-hour care or supervision;
5. Supplemental Services.

Service Eligibility: (1) family caregivers who provide care for individuals with Alzheimer’s disease and related disorders with neurological and organic brain dysfunction, the State involved shall give priority to caregivers who provide care for older individuals with such disease or disorder, (2) grandparents or older individuals who are relative caregivers, the State involved shall give priority to caregivers who provide care for children with severe disabilities, (3) caregivers who are older individuals with greatest social need, and older individuals with greatest economic need (with particular attention to low-income older individuals), and (4) older individuals providing care to individuals with severe disabilities, including children with severe disabilities.

Service Implemented by:

- Area Agency on Aging, 124 New 6th St., Lewiston, ID 83501, 208-743-5580, M-F 8:00-5:00

Cost Share: Both federal and state funds are eligible; however different requirements apply: If only federal funds are used, the AAA must use individual income when determining cost-share and participants cannot be terminated for refusal to pay. If only using state funds, the AAA must use household income when determining cost-share and person can be terminated for refusal to pay. If a combination of federal and state funds is used, the AAA follows federal requirements.

A. National Family Caregiver Support Program (NFCSP) Service Delivery Strategy: Through community presentations, increase awareness of and referral to available family caregiver support services. Develop an interagency caregiver workforce marketing plan to address the shortage and retention of in-home caregivers.

Performance Measure:

- Efficiencies = Average cost per consumer.
- Effectiveness = Total consumers, total program cost, average # of hours, and number of caregiver presentations.
- Quality=Consumer satisfaction.

SFY 2021 Updated AREA PLAN INTRASTATE FUNDING FORMULA (IFF)

Intrastate Funding Formula (IFF)

Goal: To Provide funding in accordance with OAA guidelines that distribute priority funding to the target population identified in OAA 305(a)(2)(C).

Objective 1: Intrastate Funding Formula (IFF): The IFF is the methodology used to calculate how much Title III funding, including the Title IIID Disease Prevention and Health Promotion Services, goes to each Planning and Service Area (PSA). As seen in the Table below, it is based on the “At Risk” factors in each of the PSAs. This factor is then weighted and applied to the total available funding to determine the funding allocations. The formula provides that funding reaches individuals with the greatest economic and social needs for such services and reaches areas throughout the state that are medically underserved.

Formula Development: The Intrastate Funding Formula was developed in consultation with area agencies using the best available data, and published for review and comment taking into account —(i) the geographic distribution of older individuals in the State; and (ii) the distribution among planning and service areas of older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority older individuals; OAA 305(a)(2)(C) and 45 CFR 1321.37.

Each Planning and Service Area (PSA) is allotted an equal amount of “base” funding. This funding is 10% of the total available State and Federal funding divided equally between each of the six PSAs. The remaining funding is then multiplied by the “At Risk” percentages and distributed to each of the PSAs accordingly.

At the February 4, 2016 ICOA Board of Commissioners’ meeting, Commissioners and the AAAs agreed to form a subcommittee to analyze the IFF methodology. Multiple scenarios were developed by the subcommittee and presented to the AAAs. On February 25, 2016 all AAA Directors agreed to keep the existing IFF. After all stakeholder and public comments have been received, the ICOA Commissioners approved Idaho’s Senior Services State Plan and the Intrastate Funding Formula at the June 21, 2016 special Commissioners’ meeting. The funding formula for the current fiscal year **(FY2020: July 1, 2019 – June 30, 2020 and reference explanation is provided below):**

The 2020 poverty guidelines will be in effect as of January 15, 2020.

HHS Website for obtaining program fiscal year poverty guidelines is located at

<https://aspe.hhs.gov/poverty-guidelines>

Note: the poverty guideline figures listed on HHS website normally are calculated at 100%. Provided is the HHS chart that has been calculated to meet the 100%, 125% and 150%.

When computing the percentage of poverty guidelines that are required for your program client eligibility, remember HHS charts are always at 100% of poverty. Agencies need to multiply the % of the threshold by your set program eligibility of poverty guidelines.

AREA AGENCY ON AGING II

EMERGENCY PREPAREDNESS PLAN

TO MEET THE NEEDS OF SENIORS IN THE EVENT OF NATURAL OR
MAN-MADE DISASTER OR OTHER WIDESPREAD EMERGENCY

The Idaho Commission on Aging (ICOA) is actively involved in the emergency management planning and operations of the State of Idaho as a supporting agency. The Administrator of ICOA has appointed a staff member as the Emergency Preparedness/Disaster Coordinator, and two other as the alternates. These individuals work with the Idaho Bureau of Homeland Security (BHS), state agencies and the regional Area Agencies on Aging (AAAs) to plan for and respond to the needs of seniors in an emergency event. The State of Idaho's Executive Order No. 2010-09 and the Idaho Emergency Operations Plan assign specific emergency support activities to the ICOA and the AAAs in assisting and in supporting local and state government prior to and during emergencies and disasters.

As the primary agency, BHS notifies the appropriate persons/agencies and activates the Idaho Emergency Operations Plan (IDEOP). The ICOA supports with following functions:

- Assessing the needs of the elderly and homebound elderly including older individuals with access and functional needs.
- Coordinating senior services through the AAAs during natural or man-made disasters.
- Providing information/assistance to their clientele and the public.
- Coordinating senior citizen centers for shelter, mass feeding, and rest centers.
- Identifying homebound/isolated elderly clients.

The Administration for Community Living (ACL) and the Aging Network composed of State and AAAs, Native American Tribal Organizations, service providers and educational institutions have the legislative mandate to advocate on behalf of older persons and to work in cooperation with other federal and state programs to provide needed services. The authority and responsibility of ACL and the Aging Network to provide disaster services is found within the charge from the Older Americans Act to serve older persons in greatest need and from Title III, Sec. 310, and Disaster Relief Reimbursements, which provides for limited resources to fund disaster response services.

Older adults and people with disabilities are frequently overlooked during the disaster planning, response, and recovery process. Emergency management planning integrates older adults and people with disabilities of all ages—and their caregivers—into community emergency planning, response, and recovery. ACL provides the following link http://www.acl.gov/Get_Help/Preparedness/Index.aspx with best practices to support the needs of older adults and people of all ages with disabilities during an emergency.

Statement of Understanding (SOU) between the American National Red Cross and The Administration on Aging further demonstrates the commitment and responsibility of the Aging Network to prepare for and respond in disaster relief situations. This SOU emphasizes the Aging Network’s ability to perform two basic types of disaster assistance service, which are:

- Advocacy and Outreach – assuring that older persons have access to and the assistance necessary to obtain needed services, including locating older persons; getting medical attention if needed, including medications and assistive devices; assisting in the completion and filing of applications for financial and other assistance; and follow-up monitoring to assure needs are met.
- Gap-filling – to assure that needed services and follow-up are provided beyond the timeframes and restrictions of other relief efforts if necessary. OAA funds can be used for chore, homemaker, transportation, nutrition, legal, and other temporary or one-time only expenses which help older persons retain maximum independent living.

Methods of Cooperation agreed upon and encouraged in the *Statement of Understanding* include; disaster planning and preparedness, sharing statistical and other data on elderly populations, establishment of disaster advocacy and outreach programs, and making congregate and home delivered meals programs available to the general public during a disaster.

To help meet these obligations, to ensure business continuity and to meet the needs of older citizens in an emergency, the Area Agency on Aging is required to develop an emergency disaster plan, that supports ICOA’s emergency disaster plan.

Basic Components of an Area-Wide Disaster Plan:

1. Name, title, and contact information of AAA person responsible for implementation of area’s Disaster Plan:

NAME	TITLE/POSITION	TELEPHONE / EMAIL
Kristin Schmidt	AIIAA Director	208.798.4174 k.schmidt@cap4action.org

Rebecca Lee	Ombudsman	208-798-4195	<p>The Ombudsman is the primary contact for LTC facilities in an affected area.</p> <p>Staff will Identify LTC facilities in affected area and work with LTC staff and the LEPC to secure safety and care for residents at another NH, Assisted Living or Hospital, as requested.</p> <p>Staff will perform duties as assigned by AAA Director.</p>

3. Alternate AAA business location if primary office is inaccessible or uninhabitable:

LOCATION NAME AND ADDRESS	TELEPHONE / OTHER CONTACT NUMBERS
Disability Action Center, NW—Lewiston 330 5th St, Lewiston, ID 83501	208-746-9033

4. Describe the AAA's process to have personal and community disaster preparedness information available for clients, services providers and the general public:

Proactive planning and education: Information and Assistance staff provide community presentations at senior housing complexes on a regular, monthly basis. The AAA distributes and has available at the AAA at least emergency preparedness guides for older citizens: *The Calm Before the Storm; It Could Happen To Me, and Fire Sense*. These well-developed resources are provided by *The Hartford Financial Services Group, Inc.*

Distribution of information to homebound individuals receiving AAA Services: The AAA will annually partner with in-home provider agencies and senior meal sites to assure access of homebound individuals to emergency preparedness information. Distribution will be coordinated with provider staff and Home Delivered Meal Volunteers.

Annually, the AAA invites an Emergency Preparedness planner to the AAA Advisory Council meeting or hosts an emergency planner at a meal site to provide information, education and to disseminate resources. In the Spring of 2017, for example, the AAA is partnering with the Lewis County Emergency Planner to specifically address Cascadia Rising.

Emergency Care Needs for individual/s requiring Long Term Care: The AAA has coordinated with long term care, LTC, centers to accommodate high risk adults typically living at home with assistance, and, who have had to evacuate in an emergency. In this kind of a situation, the AAA and the LTC center, upon learning of an at-risk adult, made it possible for short term admission and care of the individual until such time that it was safe for her and her caregiver to return home.

5. Local Emergency coordinators and Red Cross coordinators in EACH county or city with whom the AAA coordinates emergency planning for the needs of older citizens, and will collaborate during an emergency or disaster situation:

AGENCY NAME AND ADDRESS	COUNTY/ OTHER JURISDICTION	CONTACT NAME	PHONE / E-MAIL
Idaho Office of Emergency Management	North-Central Idaho	Robert Feeley	208-272-7470
Nez Perce County Emergency Coordinator	Nez Perce County	Grant DiCianni	208-799-3084

Idaho County Disaster Management	Idaho County	Jerry Zumalt	208-983-3074

6. Included clauses in contracts, grants and agreements with service providers describing and assuring their response during a disaster or emergency.

Disaster/Emergency Response

In the event of an emergency or disaster, the Service Provider will have timely contact and collaborate with CAP/AAA on a coordinated response following the CAP/AAA Disaster Plan. In the next contract period, the AAA will develop more detailed contract language during the first year of the Area Plan that specifically addresses emergency provider contact information and client safety and annual emergency disaster preparedness education and information.

7. List service providers of major programs (transportation, nutrition, homemaker, etc.) with whom the AAA will coordinate emergency services.

8. Describe the AAA's process to identify homebound, frail, disabled, isolated and/or vulnerable clients who may need assistance in the event of a man-made or natural disaster:

The AAA collects certain client data during a client service assessment. The AAA can query the database for clients who receive service in (an affected) disaster zone. In the event of a disaster or perceived disaster, AAA staff can identify clients who live in the area, and, identify homebound, frail, disabled and/or vulnerable adults based on the Idaho Comprehensive Assessment Tool data collected.

In the event of a disaster, the AAA will attempt to contact all consumers receiving AAA services. The AAA does not have the capability to track consumers reliant on durable medical equipment, oxygen and/or drugs.

Staff will provide Information and Assistance relating to the needs of elders, family caregivers & providers to law enforcement and the LEPC as needed, based on the collected data in a client assessment.

9. Provide a process for “call downs” to service providers, nursing homes and residential care facilities, individual case management clients, etc., to check on their preparedness status and welfare in the event of an emergency:

A call down is a series of telephone calls from one person to the next used to relay specific information. An established and exercised call down protocol will be used during emergency situations to deliver urgent information to and for communication among members and staff. Please defer to the AAA staff call down procedure in #2 above, which indicates the name, title and duties of Community Action Partnership/Area Agency on Aging.

10. Describe the AAA’s process for intake and recording of information about the disaster related needs of older people, providing access to needed services, and follow-up during and beyond the recovery period.

The capability and extent of assistance that the AAA can provide, in case of a disaster or emergency, is very limited. The AAA is primarily of greatest assistance in disaster relief, assistance and follow-up services to older adults and family caregivers. The AAA recognizes that the first 24 hours of a disaster or emergency are key to accessing relief and assistance. In case of a disaster or emergency the following information should be recorded on any known victims:

- Name
- Home address
- Telephone number, if working
- Known health conditions
- Next of kin and telephone number
- Nature of need
- Location of individual if not at home

The AAA understands that the above information should be relayed to local emergency personnel as quickly as possible. The AAA Director and the Administrator of the Idaho Commission on Aging should be made aware of all efforts accomplished by the AAA and local emergency personnel as soon as possible.

It is imperative any contracted nutrition providers who provide commodities or meals during a disaster or emergency, maintain accurate records of what was provided to

whom, when, and under what circumstances and at whose direction. The AAA understand that these services are reimbursable by the federal government if properly authorized and that good records to make a claim are required. The AAA involved must be able to indicate how many older persons receiving AAA services are known to be residing in a given area and submit this information onto the Idaho Commission on Aging.

11. Describe the AAA’s process for staff and service providers to record employee’s time and expenses associated with disaster related activities (see example below: necessary to apply for reimbursement in the event of a presidential disaster declaration):

Authorized Peron's Name: _____

Date	Time Worked	Emergency Purchases Made	Purpose of Purchase	Costs of Emergency Purchase	Personnel Miles Driven	Store Purchase made and Location	Receipt Required	Instructions & information	Instructions Came From

12. Describe activities the AAA will undertake during the contract period to expand emergency preparedness of the Aging Network within the PSA (i.e. attend LEPC meetings, work with local emergency management officials to advocate for inclusion of older citizens’ needs in emergency planning, establish CERT Training in senior centers, make 72-hour kits available for homebound clients, establish “call-down’ lists and procedures to be used during emergencies, include emergency preparedness activities in contracts with providers, etc.)

The AAA will attend Local Emergency Management Meetings and offer Emergency Preparedness education in congregate settings, as well as to elders, homebound elders and family caregivers.
 The AAA will update our call down roster annually.
 AAA will require in contract in the next contract renewal, that all senior meal sites in the PSA, identify person who wish to become CERT trained.
 AAA will work with the LEPC to assist senior centers to develop a call down procedure.
