

V-remote Privacy Policy

Effective date: 06 March 2019

Appsolute Software (“us”, “we”, or “our”) operates the www.appsolutesoftware.com.au website and produces the V-remote application for iPad® (hereinafter referred to as “V-remote”).

This page informs you of our policies regarding the collection, use and disclosure of personal data when you use V-remote and the choices you have associated with that data.

What personal data do we collect?

V-remote does not collect or use any personal data in any capacity and does not access the internet. Normal usage of V-remote involves a dedicated local Wi-Fi network without internet access to enable connection to, and remote control of a supported Avid® audio mixing console.

How do we collect personal data?

V-remote does not collect or use any personal data in any capacity.

How do we use personal data?

We do not use personal data as V-remote does not collect any.

How do we share personal data with third parties?

We do not share personal data as V-remote does not collect any.

Definitions

Personal Data

Personal Data means data about a living individual who can be identified from that data (or from that and other information either in our possession or likely to come into our possession).

Changes to This Privacy Policy

We may update our privacy policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the “effective date” at the top of this Privacy Policy.

You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page.
