Myths of Northern Lands

[H. A. Guerber](#) (1859 - 1929)

The aim of this handbook of Northern mythology is to familiarize the English student of letters with the religion of his heathen ancestors, and to set forth, as clearly as possible, the various myths which have exercised an influence over our customs, arts, and literature.

As Norwegians, Danes, Swedes, Icelanders, Germans, English, and French all came originally from the same stock and worshiped the same gods, so these tales formed the basis not only of their religious belief, but also of their first attempts at poetry. They are the classics of the North, and deserve as much attention at our hands as the more graceful and idyllic mythology of the South.
