Berkeley Bioengineering

SEIZE THE MOMENT 3.12.20

BIGGIVE

UNIVERSITY OF CALIFORNIA, BERKELEY

5 days to the big day!

On Thursday, March 12, thousands of members of the Cal community will come together to support our university for one big day of generosity. There will be contests, prizes, drawings, and ways to amplify your impact!

Check out the activities at BigGive.berkeley.edu to share your stories and get ready for Thursday.

Spread the word and Seize the Moment!

Big Give

Moment of...

Moment of...

Moment of...

Meeting a best friend. Presenting your research.
Your first internship offer. The experiment that finally worked.

What Berkeley Moment sticks with you?

Your gift helps us fund resources that can make all the difference in a college experience: special seminars, travel to conferences, community events, career preparation, awards, summer research, and upgrades to teaching lab equipment.

**On March 12, help us make more
Berkeley moments for more bioengineers
with a gift at Give.Berkeley.edu/BioE**

Calling all BioE Bears!

Join us for the BioE Alumni Summer Bear Bash

Saturday, May 30
6:30 - 9:00 PM
[Cornerstone Berkeley](#)

Great appetizers, awesome
people, cash bar, fun & games.

[RSVP now](#)

Department News

Congratulations Assistant Professor Patrick Hsu, winner of the [Rainwater Prize for Innovative Early-Career Scientists](#) in neurodegenerative disease research.

Our MEng students have been busy! Check out Op-eds on [the potential of wearable health technologies and flu shots](#), interviews with world traveler [Dennis Zhang](#) and double bioengineer [Tara Armand](#), and profiles of capstone projects on [cryotechnology for 3D bioprinting](#), and an [eye tracker for neurological diagnoses](#).

Alumni News

Joint Professor Tejal Desai, PhD alumna and chair of the UCSF Department of Bioengineering & Therapeutic Sciences, was [named a fellow of the National Academy of Inventors](#).

Alumni startup [Correlia Biosystems](#) was named the [2020 SLAS Ignite Award](#) winner from the Society for Laboratory Automation and Screening. Correlia was founded by BioE PhDs Akwasi Apori and Samuel Tia, and former postdoc Kursad Araz, all from Professor Herr's lab.

There's always so much going on at Berkeley BioE!
Check out the latest news on [RESEARCH](#), [ALUMNI](#), and [MORE](#) on our website.

Ready to give back?
Give to BioE, and help us keep offering outstanding opportunities for the next generation of bioengineers.
