

REVIEW COMMITTEES AND REVIEW COMMITTEE MEETINGS

1. **Structure:** The chair of each Review Committee will be the appointed Commissioner from the relevant discipline.
 - i. The Commission will appoint all Review Committee members.
 - a. Review Committee positions not designated as discipline-specific will be appointed from the Commission where feasible, e.g. a public representative on the Commission could be appointed to serve as the public member on the Dental Laboratory Technology Review Committee; an ADA appointee to the Commission could be appointed to the Dental Assisting Review Committee as the general dentist practitioner.
 - b. Discipline-specific positions on Review Committees will be filled by appointment by the Commission of an individual from a small group of qualified nominees (at least two) submitted by the relevant national organization, discipline-specific sponsoring organization or certifying board. Nominating organizations may elect to rank their nominees, if they so choose. If fewer than two (2) qualified nominees are submitted, the appointment process will be delayed until such time as the minimum number of required qualified nominations is received.
 - ii. Consensus is the method used for decision making; however if consensus cannot be reached and a vote is required, then the Chair may only vote in the case of a tie (American Institute of Parliamentarians Standard Code of Parliamentary Procedures).
 - iii. Member terms will be staggered, four year appointments; multiple terms may be served on the same or a different committee, with a one-year waiting period between terms. A maximum of two (2) terms may be served in total. The one-year waiting period between terms does not apply to public members.
 - iv. One public member will be appointed to each committee. Following consideration of workload, public members may concurrently serve on more than one (1) review committee.
 - v. The size of each Review Committee will be determined by the committee's workload.
 - vi. As a committee's workload increases, additional members will be appointed while maintaining the balance between the number of content experts and non-content experts. Committees may formally request an additional member through New Business at Review Committee/Commission meetings. If an additional member is approved, this member must be a joint nomination from the professional organization and certifying board, as applicable.
 - vii. Conflict of interest policies and procedures are applicable to all Review Committee members.
 - viii. Review Committee members who have not been on a site visit within the last two (2) years prior to their appointment on a Review Committee should observe at least one site visit within their first year of service on the Review Committee.
 - ix. In the case of less than 50% of discipline-specific experts, including the Chair, available for a review committee meeting, for specified agenda items or for the entire meeting, the Review Committee Chair may temporarily appoint an additional discipline-specific expert(s) with the approval of the CODA Director. The substitute should be a previous Review Committee member or an individual approved by both the Review Committee Chair and the CODA Director. The substitute would have the privileges of speaking, making motions, and voting.
 - x. Recommendations to the Commission from the Review Committee must be taken at meetings in which there is both a quorum and at least one (1) discipline-specific expert, other than the Chair, present.
 - xi. Consent agendas may be used by Review Committees, when appropriate, and may be approved by a quorum of the Review Committee present at the meeting.
