

## Ohio Revised Code

### Section 2305.091 Asbestos actions by school districts.

Effective: October 8, 1992

Legislation: House Bill 334 - 119th General Assembly

---

(A) An action to obtain a judgment for any of the following shall be brought by a board of education of any school district within four years after the cause of action accrues in accordance with division

(B) of this section:

(1) The removal of asbestos or materials that contain asbestos from a building or other structure that is owned by the board of education;

(2) Measures to be taken to locate, correct, or ameliorate any problem associated with asbestos or materials that contain asbestos in a building or other structure that is owned by the board of education;

(3) The reimbursement of the costs and expenses associated with the removal of asbestos or materials that contain asbestos from a building or other structure that is owned by the board of education;

(4) The reimbursement of the costs and expenses associated with the location, correction, or amelioration of any problem associated with asbestos or materials that contain asbestos in a building or other structure that is owned by the board of education.

(B) A cause of action for any removal, measures, or reimbursement described in divisions (A)(1) to (4) of this section accrues upon the date that the board of education is informed by an official of a state, county, or local health department or of the United States environmental protection agency, the Ohio environmental protection agency, or the industrial commission who has conducted an inspection for asbestos or who has received test data concerning asbestos located in a building or other structure that is owned by the board of education, that asbestos or materials that contain asbestos in any building or other structure that is owned by the board of education should be removed from the building or other structure or be encapsulated or otherwise maintained because the asbestos poses a health hazard or risk to persons who use the building or other structure.

(C) This section applies to asbestos, and material that contains asbestos, that is or was installed in a building or other structure prior to, on, or after the effective date of this section.
