Dear Not CA,CT,MA,NY,RI Adult:

We are writing to inform you of an incident involving the Ivy Rehab Network of providers ("Ivy Rehab") that may have resulted in unauthorized access to some of your personal information, including your health information. While we have no indication that your information has been misused, we are nonetheless providing you with notice of this incident out of an abundance of caution. We take the privacy and protection of your personal information very seriously. Your trust is a top priority at Ivy Rehab, and we deeply regret any inconvenience this may cause you. This letter contains information about what happened, steps we have taken to mitigate the risk of harm, and complimentary resources we are making available to protect you.

In May of 2019, we found evidence to suggest that a limited number of Ivy Rehab employee email accounts may have been accessed by unknown unauthorized parties. We then immediately conducted an internal investigation with the assistance of our internal and external IT team and found additional evidence to suggest that certain email accounts may have been accessed by unknown unauthorized parties. Subsequently, we engaged a leading computer forensic firm to investigate the nature and extent of the unauthorized access to our email system. The investigation identified certain employee email accounts that were potentially accessed by unauthorized parties as a result of a presumed phishing campaign targeting our employees.

On September 26, 2019, after a search of the contents of the affected email accounts, we discovered that the accessed email accounts may have contained patient information including one or more of the following: your health information, Social Security number, and/or financial account information. Once again, we have no evidence of misuse of anyone's information as a consequence of this incident. Nonetheless, we are notifying you of this incident out of an abundance of caution.

In light of this incident, we are offering complimentary services to protect you for a period of twelve months. We have secured the services of Equifax to provide you with identity monitoring services. Information about the services being provided by Equifax is included with this letter.

We take data privacy and security very seriously and are actively taking steps to guard against something like this from happening again. Such steps include, but are not limited to, requiring frequent password changes, providing all staff with ongoing security awareness training, and working with government agencies where applicable. We will continue to invest resources to improve our data protection capabilities.

We sincerely regret any inconvenience that this matter may cause you and remain dedicated to protecting your information. Please see the addendum for additional steps you can take to protect your personal information. If you have any questions, please call 833-935-1376, Monday through Friday, 9:00 a.m. to 9:00 p.m., Eastern Time.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jeffrey Wells", is written over a solid horizontal line.

For residents of Massachusetts: It is required by state law that you are informed of your right to obtain a police report if you are a victim of identity theft.

For residents of all states:

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf); TransUnion (<https://www.transunion.com/fraud-alerts>); or Experian (<https://www.experian.com/fraud/center.html>). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:
