Notice of Data Breach

Dear <<First Name>> <<Last Name>>,

At CareSouth Carolina, we take seriously our responsibility to protect the privacy and security of your personal information. We are writing to tell you about an incident that involved personal information maintained by our vendor, Netgain Technology, Inc. ("Netgain"). Netgain provides online data storage and other services for CareSouth Carolina.

What Happened

On December 1, 2020, Netgain informed CareSouth Carolina that it was investigating an IT security incident. At that time, CareSouth Carolina had no reason to believe that patient information was involved. On January 14, 2021, Netgain informed CareSouth Carolina that its investigation found that some of servers that it maintained for CareSouth Carolina were affected as part of a ransomware attack on December 3, 2020. On April 13, 2021, CareSouth Carolina received a copy of the records that Netgain believed were affected by the attack. On April 27, 2021, CareSouth Carolina completed its review of the records and determined that your information was involved.

What Information Was Involved

CareSouth Carolina determined that the following information was not involved in this incident: your financial information (credit card and bank account numbers). CareSouth Carolina determined that the following information was involved in this incident: your name, date of birth, address, diagnosis/conditions, lab results, medications and other clinical information. For a small number of patients, Social Security numbers were involved.

What CareSouth Carolina Is Doing

In response to this incident, we required our employees to change their passwords for the affected systems and we are implementing additional security software for our networks. We also reported this incident to the federal government and to consumer reporting agencies.

We are also offering identity theft protection services through IDX, the data breach and recovery services expert. IDX identity protection services include: 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What Netgain Is Doing

Netgain reported this incident to law enforcement and worked with cybersecurity experts to address, contain and recover from this incident. Netgain also paid a significant amount to the attacker in exchange for promises that the attacker will delete all copies of the data and that it will not publish, sell, or otherwise share the data. In addition, Netgain's

cybersecurity experts conducted dark web scans for the impacted files, but such searches have not found that any data involved in this incident has been or will be published, sold, offered for sale, or otherwise shared. Netgain also took several steps to strengthen the security of its environment following the incident.

What You Can Do

We encourage you to contact IDX with any questions and to enroll in free identity protection services by calling (833) 664-2012 or going to <https://response.idx.us/caresouth-netgain-incident> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is August 17, 2021.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

For More Information

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

Please call (833) 664-2012 or go to <https://response.idx.us/caresouth-netgain-incident> for assistance or for any additional questions you may have.

Sincerely,

A handwritten signature in black ink, appearing to read "Ann Lewis", is written over a solid black horizontal line.

Recommended Steps to help Protect your Information

- 1. Website and Enrollment.** Go to <https://response.idx.us/caresouth-netgain-incident> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Activate the credit monitoring** provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.
- 3. Telephone.** Contact IDX at (833) 664-2012 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive

confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft.
