Notice of Data Breach

Dear [FirstName] [LastName]:

The University System of Georgia (USG) was involved in an incident that may affect the security of your personal information. We want to provide you with information about the incident, steps we are taking in response, and steps you may take to guard against identity theft and fraud, should you feel it is appropriate to do so.

What Happened? USG purchased MOVEit® Secure File Transfer software from Progress® Software to transfer and store sensitive data. As has now been widely reported, the MOVEit® software included a vulnerability that allowed cybercriminals unauthorized access to the files stored on the MOVEit® platform at numerous government, higher education, and corporate customer sites worldwide beginning on or about May 28, 2023. This included USG. The Federal Bureau of Investigation (FBI) and Cybersecurity and Infrastructure Security Agency (CISA) have determined that data was acquired from the MOVEit® platform by a cybercriminal group named CL0P. The files and information obtained by this cybercriminal group will likely be published on its website.

What Information Was Involved? Data related to you may include:

- Full or partial (last 4 digits) Social Security Number
- Date of Birth
- Bank account number(s)
- Federal income tax documents with Tax ID number

What We Are Doing. USG takes protecting your personal information seriously and is taking steps to prevent a similar occurrence in the future. MOVEit® Transfer software operating at USG was immediately blocked upon detection of the breach on May 31, 2023, and has now been fully updated and secured in accordance with guidance from Progress® Software and CISA. After updating and securing the system, USG immediately began a lengthy investigation to determine which individuals may have been impacted by the incident.

What You Can Do. You can review information from the Federal Trade Commission's website, <https://IdentityTheft.gov/databreach>, for steps to help protect yourself from identity theft. In addition, we recommend you take advantage of free credit monitoring and related services offered to you via Experian using the instructions below.

Other Important Information:

To help protect your identity, USG is offering complimentary access to Experian IdentityWorksSM for [TERM] months.

If you believe there was fraudulent use of your information because of this incident and would like to discuss how you may be able to resolve those issues, please reach out to an Experian agent. If, after discussing your situation with an agent, it is determined that identity restoration support is needed, then an Experian Identity Restoration agent is available to work with you. This includes investigating and resolving each incident of fraud that occurred from the date of the incident (including, as appropriate, helping you with contacting credit grantors to dispute charges and close accounts; assisting you in placing a freeze on your credit file with the three major credit bureaus; and assisting you with contacting government agencies to help restore your identity to its proper condition).

Please note that Identity Restoration is available to you for [TERM] months from the date of this letter and does not require any action on your part at this time. The Terms and Conditions for this offer are located at www.ExperianIDWorks.com/restoration.

While identity restoration assistance is immediately available to you, we also encourage you to activate the fraud detection tools available through Experian IdentityWorks as a complimentary [TERM]-month membership. This product provides you with superior identity detection and resolution of identity theft. To start monitoring your personal information, please follow the steps below:
