Re: Notice of Security Breach

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

I am writing to let you know that Entertainment Partners experienced a security incident that resulted in unauthorized access to a subset of our accounting application data that included your personal information.

To our knowledge, we are not aware of any actual or attempted misuse of personal information as a result of this incident. However, as a precautionary measure, we are offering you a complimentary subscription to an identity monitoring solution through Kroll. This service will provide twenty-four (24) months of credit and identity monitoring services. Additional information about the incident, our ongoing response, and the resources that are available to help protect your information can be found below.

What Happened? On the morning (Pacific Time) of Friday, June 30, 2023, we detected suspicious activity within a limited area of our computer network that supports a subset of our accounting applications. We promptly took the applications offline, notified law enforcement, and engaged industry-leading cybersecurity experts to investigate. Over the course of the following few weeks, we determined that a sophisticated threat actor evaded our cybersecurity defenses and acquired database files containing your personal information. We have recovered the database files.

What Are We Doing? We are continuing to work with federal law enforcement and our cybersecurity experts. We have restored the applications. We will continue to prioritize additional investments in our cybersecurity defenses. We will continue to monitor online forums and marketplaces for any information relating to this event; we have found none to date.

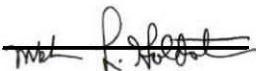

What Information Was Involved? The database files included your name, mailing address, social security number and/or tax identification number in connection with prior productions on which you worked. Please note that your compensation information was not affected.

What You Can Do. We have enclosed an Identity Protection Reference Guide to make you aware of public resources on ways to monitor and help protect your personal information. You will also find information on how to activate the identity monitoring services we are offering you, free of charge, if you are interested in these services.

For More Information. If you have any questions or concerns, please call our dedicated support team at (866) 676-3269, Monday through Friday 8 am – 8 pm ET (excluding major U.S. holidays).

We're sorry for any inconvenience this may cause you.

Sincerely,

Markham L. Goldstein
President & CEO – Entertainment Partners

IDENTITY PROTECTION REFERENCE GUIDE

1. Review your Credit Reports. We recommend that you monitor your credit reports for any activity you do not recognize. Under federal law, you are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To order your free annual credit report, visit www.annualcreditreport.com, call toll-free (877) 322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's ("FTC") website at www.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. The three credit bureaus provide free annual credit reports only through the website, toll-free number or request form.

If you see anything in your credit report that you do not understand, call the credit bureau at the telephone number on the report. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate credit bureau by telephone and in writing.

2. Place Fraud Alerts. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. Please note that placing a fraud alert may delay you when seeking to obtain credit. You can learn more about fraud alerts by contacting the credit bureaus or by visiting their websites:

Equifax https://www.equifax.com/personal/credit-report-services/ 1-888-298-0045 Equifax Fraud Alert, P.O. Box 105069 Atlanta, GA 30348-5069 Equifax Credit Freeze, P.O. Box 105788 Atlanta, GA 30348-5788	Experian https://www.experian.com/help/ 1-888-397-3742 Experian Fraud Alert, P.O. Box 9554, Allen, TX 75013 Experian Credit Freeze, P.O. Box 9554, Allen, TX 75013	TransUnion https://www.transunion.com/credit-help 1-833-395-6938 TransUnion Fraud Alert, P.O. Box 2000, Chester, PA 19016 TransUnion Credit Freeze, P.O. Box 160, Woodlyn, PA 19094
--	---	--

It is only necessary to contact one of these bureaus and use only one of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You should receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review.

3. Place Security Freezes. By placing a security freeze, someone who fraudulently acquires your personally identifying information will not be able to use that information to open new accounts or borrow money in your name. Federal and state laws prohibit charges for placing, temporarily lifting, or removing a security freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze.

To place a security freeze, you must contact each of the three national credit reporting bureaus listed above and provide the following information: (1) your full name; (2) your social security number; (3) date of birth; (4) the addresses where you have lived over the past two years; (5) proof of current address, such as a utility bill or telephone bill; (6) a copy of a government issued identification card; and (7) if you are the victim of identity theft, include the police report, investigative report, or complaint to a law enforcement agency. If the request to place a security freeze is made by toll-free telephone or secure electronic means, the credit bureaus have one business day after receiving your request to place the security freeze on your credit report. If the request is made by mail, the credit bureaus have three business days to place the security freeze on your credit report after receiving your request. The credit bureaus must send confirmation to you within five business days and provide you with information concerning the process by which you may remove or lift the security freeze. There is no cost to place a security freeze.

4. Monitor Your Account Statements. We encourage you to carefully monitor your financial account statements for fraudulent activity and report anything suspicious to the respective institution or provider.

5. You can also further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, your state Attorney General, or the Federal Trade Commission (FTC).
