Why should you join the Alliance?

We want to gather together as many cities, regions, associations and civic society representatives as possible to demonstrate that only a strong Cohesion Policy can ensure a united and fairer future to the European Union.

Becoming a #CohesionAlliance member gives you the opportunity to:

- **be part of the biggest EU-wide network for a strong Cohesion Policy**, with constant updates on the European debate;
- **make your voice heard** by key European decision makers via consultations, surveys, studies and events;
- **join forces** to promote an idea of Europe where all territories matter and **share with others your experience** from the ground;
- get **support** in organising local debates and events on Cohesion Policy and other relevant European issues.

How can you contribute to the Alliance's work?

→ Join the Alliance!
It will take you only few minutes to **fill the online request form**.

Becoming a member of the #CohesionAlliance, you commit to promote and strengthen cohesion as an overall value for the European Union and campaign for all relevant EU policies to contribute to reducing disparities between and within Member States.

→ **Sign the Call** on the European institutions and on national governments for a renewed Cohesion Policy post-2027 that leaves no person and no place behind.

We believe in a stronger Cohesion Policy that is a long-term investment instrument based on territorial needs and available for all regions. We want to reaffirm that all 'territories' matter, whether they are located in richer or poorer countries.

Your input will be key to contribute to our common effort to shape the future of Cohesion Policy and showcase its unique role to support cities' and regions' development. You can already:

→ Sign up to receive our **newsletter** as well as the latest communications and invitations to our events.

→ Don't forget to regularly check the **#CohesionAlliance webpage** to stay up to date on our activity, future events, press releases, studies and much more.

You will also find a **toolkit at your disposal to communicate about the #CohesionAlliance** via press materials and brochures, using your social media channels or organising events in your community.

Why an Alliance?

The #CohesionAlliance is a joint movement of like-minded representatives of cities and regions and their associations, of social partners and civic society representatives. Together, we advocate cohesion as a fundamental value of the EU and plead for a strong Cohesion Policy beyond 2027.

Ahead of crucial negotiations for the next EU budget, the Alliance is now fully mobilised.

We ask that a renewed Cohesion Policy remains the core long-term and decentralised investment policy of the European Union, now and in the future.
