

# New Jury Duty Scam Alert Please beware!

Scam alert: There is a fairly convincing scam email that says you missed jury service in February. It has a calendar and asks you to select a week that you will be available. If threatens: "Failure to respond could result in fines or imprisonment." This is not from the Alaska Court System. It is a scammer or hacker. Do not click any of the links on this email.

The Alaska Court System sends jury summons by email, but we direct you to our Jury Dashboard, <https://public.courts.alaska.gov/app/jury/oq/>. Our email has directions to get to the dashboard on our website if you don't feel safe clicking a link in an unsolicited email. If you don't respond to our email, we will send you a summons in the mail. The Alaska Court System will never send you an email threatening you with fines or imprisonment.
