Workers' Compensation Reporting Requirements to the Department of Labor & Training

The Department of Business Regulation issues this bulletin to remind insurance companies of their obligations pursuant to [R.I.G.L. § 28-36-12](#). This Bulletin supplements Insurance Bulletins [2003-5](#), [2003-19](#) and [2005-3](#).

R.I.G.L. § 28-36-12 requires insurance companies to report workers' compensation policy issuance, cancellation and failure to renew information to the Department of Labor and Training ("DLT"). The Workers' Compensation Division of DLT requires insurance carriers to report this information electronically to DLT. Electronic reporting is through ISO Claim Port as agent for DLT. Notice of the issuance of a policy must be made within 30 days of the effective date. Cancellations or nonrenewals must be reported immediately and are not effective until received by DLT.

The Department has been informed by DLT that insurers have been found in violation of R.I.G.L. § 28-36-12 and have been fined accordingly. **Insurers that fail to comply with the reporting requirements are subject to a penalty of \$250 per offense.** Additionally, any insurance company that willfully fails to notify DLT as required by R.I.G.L. § 28-36-12 shall be subject to prosecution for a misdemeanor.

Questions regarding electronic reporting should be directed to ISO Claim Port at 1-800-888-4476 or pocinfo@iso.com. Questions for DLT may be directed to 401-462-8100 option #4.
