

The Affordable Housing Permanent Funds Ordinance (“Ordinance”) codified at Article V, Chapter 27 of the Denver Revised Municipal Code (“DRMC”) requires the payment of a linkage fee for all new non-residential or residential development up to nine units. The Executive Director (“Director”) of the Department of Housing Stability (“HOST”) may reduce or waive the amount of the linkage fees that would otherwise be imposed. **Any applicant requesting such reduction or waiver must demonstrate that the required fee exceeds the amount needed to mitigate the actual demand for affordable housing created by the development.** The application for such reduction or waiver must include information showing the reduced affordable housing impacts created by the development, based on the actual characteristics of the development including, for example:

- 1) The unique characteristics and space utilization of the workforce that will occupy a non-residential development and the demand of that particular workforce for affordable housing;
- 2) A non-residential development that will involve a structure built for and suitable solely for a specific use involving few or no employees; or
- 3) The unique characteristics of the residents who will occupy a residential development and the likelihood those particular residents, due to their disposable household income or projected spending patterns, will not drive additional employment requiring additional affordable housing.

If you feel any of the above apply to your project, please complete this form and return to HOST along with the supporting documentation for review.
