

How to present your ID or driver's license in Google Wallet at TSA

- Presenting an ID at TSA is simple
- To get started, turn on Bluetooth
- (STEP 1) Hold your phone over the TSA reader
- The reader will automatically pull up your ID
- And take your picture for authentication
- (STEP 2) When the TSA pop-up appears, tap Continue
- (STEP 3) Then securely verify your identity
- The blue check means you're all set
- Your info will only be shared with TSA
- Enjoy your flight!
