Fees:	
Motorcycle Learner Permit – Exam \$11.00	Motorcycle Learner Permit - Renewal \$24.00
Motorcycle Learner Permit – Original \$23.00	Motorcycle Learner Permit - Replacement \$24.00

Explanation of Mental or Physical Condition (other than eyesight)

- ◆ If the address shown on this application differs from that on your current license, this application will be considered a notice of change of address. DMV must be notified in writing within 30 days of any change in your address or name.
- ◆ Applicant must hold a valid Vermont Driver's, Commercial or Junior License to qualify for a Motorcycle Learner Permit.
- ◆ Exams require an appointment.
- ◆ If you are 16 or 17 years old in addition to having a valid Jr. Operator License, you MUST also have a parent or legal guardian sign the Motorcycle Learner Permit Application.
- ◆ A motorcycle permit is valid for 120 days from the date of issue. A Motorcycle Learner Permit may be renewed only twice. If, during the original permit period and two renewals, you have not taken the skills test nor the motorcycle rider training course, you may not obtain another motorcycle learner permit for a period of 12 months from the expiration date of the permit unless you successfully complete the Motorcycle Rider Training Course.

The Motorcycle Learner Permit will allow you to ride a motorcycle on any public highway to become familiar with actual in traffic operation. There are certain restrictions: 1) A motorcycle may be operated during daylight hours only; 2) The Motorcycle Learner Permit-holder is not allowed to carry any passengers; 3) The motorcycle learner permit is valid in VERMONT only. Ignoring the restrictions will void the Motorcycle Learner Permit.

TESTING IS USUALLY CONDUCTED APRIL THROUGH OCTOBER, WEATHER PERMITTING.

Vermont Resident: ...any person living in the State who intends to make the State his or her principal place of domicile either permanently or for an indefinite number of years. Without limiting the class of nonresidents under the provisions of this subdivision, persons who live in the State for a particular purpose involving a defined period of time, including students, migrant workers employed in seasonal occupations, and persons employed under a contract with a fixed term, are not residents for purposes of this title only.

Motorcycles: ...any motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, and shall include autocycles but exclude motor-driven cycles, golf carts, track driven vehicles, tractors, and electric personal assistive mobility devices. The operator of any vehicle that is considered a motorcycle must have a motorcycle endorsement on their driver's license.

Autocycles: ...a three-wheeled motorcycle in which the occupants sit with their legs forward; designed to be controlled with a steering wheel and pedals; and equipped with safety belts for all occupants. Fully Enclosed Autocycles are defined as "an auticycle equipped with a windshield and that has full top and side enclosures capable of supporting the vehicle's weight and protecting the occupants when the vehicle is resting on the enclosures".

Operators of autocycles shall be exempt from the requirements to obtain a motorcycle learner's permit or a motorcycle endorsement.

3-Wheeled Motorcycles: Operators of 3-wheeled motorcycles are required to take the motorcycle learner's permit examination and the motorcycle skills test. After passing the required exams, operators will receive a motorcycle endorsement (M) with a restriction limiting them to operation of 3-wheeled motorcycles only.

Motor-driven cycles (mopeds): "Motor-driven cycle". Previously known as "Mopeds", a Motor-driven cycle is defined as "any vehicle equipped with two or three wheels, a power source providing up to a maximum of two brake horsepower and having a maximum piston or rotor displacement of 50 cubic centimeters if a combustion engine is used, which will propel the vehicle, unassisted, at a speed not to exceed 30 miles per hour on a level road surface, and which is equipped with a power drive system that functions directly or automatically only, not requiring clutching or shifting by the operator after the drive system is engaged". The operator of any vehicle that is considered a Motor-driven cycle is NOT required to have a motorcycle endorsement on their driver's license.
