

STATE OF ALASKA

DEPARTMENT OF NATURAL RESOURCES

Division of Mining, Land and Water

The Department of Natural Resources, Division of Mining, Land and Water (DMLW), is responsible for managing state land and resources in Alaska. Holding events with over 50 people in attendance on state land requires a permit from DMLW. The division has created an over the counter (OTC) permit in order to streamline the permitting process for events with over 50 attendees that meet specific parameters. All OTC permits for events over 50 people will be issued for up to a single calendar year, expiring on December 31 of the year issued.

Please visit our website at: <https://dnr.alaska.gov/mlw/forms/> for forms and other information.

OTC Event Permits:

- Are for noncommercial or commercial events subject to applicable fees under 11 AAC 05.180(d)(2)(M) or 11 AAC 05.180(d)(2)(G)(i).
- Can be for events sponsored by non-profit organizations.
- Can be used for multi-day periods for less than a total of 14 consecutive days, including set up and break down.
- Will not cause or contribute to significant disturbance of vegetation, drainage, or soil stability and all operations at the event will be conducted in a manner that minimizes disturbances or change of character to land, water, and fish and wildlife resources.
- Will not interfere with public access or other public uses or interests on state land and all aspects of the event will be located on DNR managed land.
- Any proposed event activity may require a land use permit if:
 - A particular site designation may require further adjudication (i.e. Material Site designation, Special Use Area, Public Use Area, co-managed area, etc.).
 - There is a substantial impact to state land and resources that would require insurance and bonding.
 - Substantial impact may include, but is not limited to:
 - ◆ Participants using motorized vehicles exceeding Generally Allowed Uses off of existing trails (not including motorized vehicles for event management/assistance).
 - ◆ Activities requiring snow removing using heavy equipment.
 - ◆ Activities ranging outside of the 14-day timeframe which includes any setup and removal timeframes.
 - ◆ Anything that involves modifications to the land (i.e. race track, etc.).

A Complete OTC Event Permit includes the following:

- Completed and signed OTC Event Permit application; available at: <http://dnr.alaska.gov/mlw/forms> or request a hard copy (contact below).
- One-time fee of \$240.00 for a non-commercial event or assembly of more than 50 people per 11 AAC 05.180(d)(2)(M) OR a one-time fee of \$1,200 plus a \$4 visitor day use fee for commercial recreational use not covered under 11 AAC 05.180(d)(2)(D) or (F) per 11 AAC 05.180(d)(2)(G)(i).
- An event map or site diagram that depicts where all structures will be set up for the event.
- A “before” photo of the site to be compared to an “after” photo submitted upon completion of the event.
- The completed application form, attached site diagram, photo, and fees, should be returned to the applicable office listed below either by mail, fax or email. Checks or money orders should be made payable to the State of Alaska. Alternatively, you may call and make payment over the phone with the DNR Public Information Center once your application has been received by this office. Please note that an OTC Event Permit is not valid until signed by an authorized DMLW representative.

STATE OF ALASKA, DEPARTMENT OF NATURAL RESOURCES
Division of Mining, Land and Water

EVENT OVER 50 PEOPLE PERMIT

Under AS 38.05.850

For Department Use Only
Application received date stamp

Receipt Type:

LAS # _____
(Applicant please provide if known)

This permit is issued for the purpose of authorizing an event with over 50 people on state-owned land managed by the Division of Mining, Land and Water.

Section #1: Permittee Information

Name of Applicant: _____
Business Name: _____ Alaska Business License #: _____
Main Contact (if not listed above): _____
Address: _____
City/State/Zip: _____
Telephone Number: _____ Email: _____
Fax Number: _____ Date of Birth: _____

Section #2: Permitted Activity and Permit Term

Event Name: _____
General location of event: _____

Description of event *(please include all structures that will be placed on state land, methods of set up and breakdown, etc.):*

Approximate number of: Participants: _____ Spectators: _____ coming/going OR at one time
Event Start Date: _____ Event End Date: _____ *(include staging and breakdown within listed dates)*
Approximate acreage OR linear feet of event: _____ acres OR feet

Check all that apply for your event:

Fees:

Permit for non-commercial event or assembly of more than 50 persons. **\$240 annual use fee under 11 AAC 05.180(d)(2)(M).**

Permit for commercial recreational events. This fee is for activities that have a financial gain for a business or individual. The visitor day is for the event participants, not the spectators. **\$1200 annually plus \$4 each visitor day for use under 11 AAC 05.180(d)(2)(G)(i).**

Event type:

This event is longer than 14 consecutive days*

*NOTE: If your event meets the criteria above, you may need to apply for a land use permit authorization. For more information, visit the [DMLW Lands Section Website](#) or call the Department of Natural Resources Public Information Center at (907) 269-8400.

This event is for less than 50 people**

**NOTE: If your event meets the criteria above, you may qualify to move forward with your event as a Generally Allowed Use and not be subject to authorization. For more information, see the [Generally Allowed Uses on State Land Factsheet](#) or call the Department of Natural Resources Public Information Center at (907) 269-8400.

This permit authorizes the staging, cleanup, and hosting of events with over 50 people on State land. This permit conveys no interest in state land and is revocable with or without cause. No preference right for use or conveyance of state land is granted or implied by the issuance of this permit. This permit is not transferable and cannot be assigned, subleased, or rented. This permit is subject to fees in accordance to 11 AAC 05.180. **By signing this form, the permittee agrees to conduct the activity in accordance with the stipulations below.**

Title

Date

This form must be filled out completely and submitted with the applicable fees. Failure to do so will result in a delay in processing your permit. AS 38.05.035(a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(8) and confidentiality is requested or AS 45.48). Public information is open to inspection by you or any member of the public. A person who is the subject of the information may challenge its accuracy or completeness under AS 40.25.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.

LAS # _____

In submitting this form, the applicant certifies that he or she has not changed the original text of the form or any attached documents provided by the Division. In submitting this form, the applicant agrees with the Department to use "electronic" means to conduct "transactions" (as those terms are used in the Uniform Electronic Transactions Act, AS 09.80.010 – AS 09.80.195) that relate to this form and that the Department need not retain the original paper form of this record: the department may retain this record as an electronic record and destroy the original.

For Office Use Only

Permit Fees and Issuance

The Department will charge/has received a permit application filing fee of \$_____.

Plus, the first annual permit fee of \$_____, which is due annually on the anniversary of the start date on permit.

See current Director's Fee Order for applicable fees.

Signature of Authorized State Representative

Date of Issuance

Permit Stipulations:

- 1) **Authorized Officer:** The Authorized Officer (AO) for the State of Alaska (State), Department of Natural Resources (DNR), Division of Mining, Land and Water (DMLW), is the Regional Manager or designee. The AO reserves the right to modify these stipulations or use additional stipulations as deemed necessary.
- 2) **Change of Contact Information:** The Permittee shall maintain current contact information with the AO. Any change of contact information must be submitted in writing to the AO.
- 3) **Valid Existing Rights:** This authorization is subject to all valid existing rights and reservations in and to the authorized area. The State makes no representations or warranties, whatsoever, either expressed or implied, as to the existence, number, or nature of such valid existing rights.
- 4) **Preference Right:** No preference right for subsequent authorizations is granted or implied by this authorization.
- 5) **Revocability:** This permit is revocable at will. Any violation of the terms and conditions of this permit is cause for termination.
- 6) **Unauthorized Use:** This authorization is revocable immediately upon violation of any of its terms, conditions, and stipulations or upon failure to comply with any applicable laws, statutes and regulations (local, state and federal). This permit is issued for a specific use identified above. Use of the permitted area for purposes other than those specified constitutes a breach of this permit and may result in revocation.
- 7) **Compliance:** Failure to comply or meet the terms and conditions of this permit could impede the ability to obtain subsequent authorizations from the Division of Mining, Land & Water.
- 8) **Inspections:** The AO shall have reasonable access to the authorized area for inspection, which may be conducted without prior notice. If the Permittee is found to be in noncompliance the authorized area may be subject to reinspection. The Permittee may be charged for actual expenses of any inspection.
- 9) **Public Access:** The construction, operation, use, and maintenance of the authorized area shall not interfere with public use of roads, trails, waters, landing areas, and public access easements. The ability to use or access state land or public waters may not be restricted in any manner.
- 10) **Public Trust Doctrine:** The Public Trust Doctrine guarantees public access to, and the public right to use, navigable and public waters and the land beneath them for navigation, commerce, fishing, and other purposes. This authorization is subject to the principles of the Public Trust Doctrine regarding navigable or public waters. The AO reserves the right to grant other interests consistent with the Public Trust Doctrine.
- 11) **Alaska Historic Preservation Act:** The Alaska Historic Preservation Act, AS 41.35.200, prohibits the appropriation, excavation, removal, injury, or destruction of any state-owned historic, prehistoric, or archaeological site without written approval from the DNR Commissioner. Should any sites be discovered, the Permittee shall cease any activities that may cause damage and immediately contact the AO and the Office of History and Archaeology in the Division of Parks and Recreation.
- 12) **Compliance with Government Requirements:** The Permittee shall, at its expense, comply with all federal, state, and local laws, regulations, and ordinances directly or indirectly related to this authorization. The Permittee shall ensure compliance by its employees, agents, contractors, subcontractors, licensees, or invitees. The Permittee shall also observe all federal, state and local laws and regulations applicable to the permitted area, including regulations for the protection of fish and wildlife. The Permittee is responsible for the accurate installation and use of the authorized water line under the terms of this permit.
- 13) **Incurred Expenses:** The AO shall in no way be held liable for expenses incurred by the Permittee connected with the activities directly or indirectly related to this authorization.
- 14) **Waiver of Forbearance:** Any failure on the part of the AO to enforce the terms of this authorization, or the waiver of any right under this authorization by the Permittee, unless in writing, shall not discharge or invalidate the

authorization of such terms. No forbearance or written waiver affects the right of the AO to enforce any terms in the event of any subsequent violations of terms of this authorization.

- 15) **Severability Clause:** If any clause or provision of this authorization is, in a final judicial proceeding, determined illegal, invalid, or unenforceable under present or future laws, then the AO and the Permittee agree that the remainder of this authorization will not be affected, and in lieu of each clause or provision of this authorization that is illegal, invalid, or unenforceable, there will be added as a part of this authorization a clause or provision as similar in terms to the illegal, invalid, or unenforceable clause or provision as may be possible, legal, valid, and enforceable.
- 16) **Notification of Discharge:** The Permittee shall immediately notify the Department of Environmental Conservation (ADEC) and AO by phone of any unauthorized discharge of oil to water, any discharge of hazardous substances (other than oil), and any discharge of oil greater than 55 gallons on land. All fires and explosions must also be reported immediately.

If a discharge, including a cumulative discharge, of oil is greater than 10 gallons but less than 55 gallons, or a discharge of oil greater than 55 gallons is made to an impermeable secondary containment area, the Permittee shall report the discharge within 48 hours. Any discharge of oil greater than one gallon up to 10 gallons, including a cumulative discharge, solely to land, must be reported in writing on a monthly basis.

Notification of discharge during normal business hours must be made to the nearest ADEC Area Response Team: Anchorage (907) 269-3063, fax (907) 269-7648; Fairbanks (907) 451-2121, fax (907) 451-2362; Juneau (907) 465-5340, fax (907) 465-5245. For discharges in state off shore waters call (907) 269-0667. The ADEC oil spill report number outside normal business hours is (800) 478-9300.

Notification of discharge must be made to the appropriate DNR Office, preferably by email: Anchorage email dnr.scro.spill@alaska.gov, (907) 269-8528; Fairbanks email dnr.nro.spill@alaska.gov, (907) 451-2739; Juneau email sero@alaska.gov, (907) 465-3513. The Permittee shall supply the AO with all incident reports submitted to ADEC.

- 17) **Fuel and Hazardous Substances:** The use of hazardous substances by Grantee must be done in accordance with existing federal, state and local laws, regulations and ordinances. Hazardous substances must be removed from the site and managed in accordance with state and federal law. Debris (such as soil) contaminated with used motor oil, solvents, or other chemicals may be classified as a hazardous substance and must be recovered from the site and managed and disposed of in accordance with state and federal law.
- Vehicle refueling shall not occur within the annual floodplain or tidelands. This restriction does not apply to water-borne vessels provided no more than 30 gallons of fuel are transferred at any given time.
 - During equipment maintenance operations, the site shall be protected from leaking or dripping hazardous substances or fuel. The Grantee shall place drip pans or other surface liners designed to catch and hold fluids under the equipment or develop a maintenance area by using an impermeable liner or other suitable containment mechanism.
 - The storage of petroleum products below Ordinary High Water (OHW) or Mean High Water Mark (MHWM) is prohibited.
 - Vehicle refueling shall not occur within the annual floodplain or below OHW/MHWM. This restriction does not apply to water-borne vessels provided no more than 30 gallons of fuel are transferred at any given time.
 - The barge hull must be inspected and free of hazardous material and petroleum products prior to placement below the MHWM.
 - Fuel storage containers, including flow test holding tanks and hazardous substances, with a total combined capacity larger than 55 gallons shall not be placed within 100 feet (500 feet in the Bering Straits CRSA) from the ordinary high water mark of waterbodies. Fuel containers which exceed a total combined capacity of 110 gallons must be stored within an impermeable diked area or portable impermeable containment structure capable of containing 110 percent (115 Percent in the Aleutians West CRSA) capacity of the largest independent container

(plus 12 inches of freeboard in the Kenai Peninsula Coastal District and Aleutians West CRSA). All containers must be clearly marked with the contents and the Grantee's name. Drip pans and materials, such as sorbent pads, must be on hand to contain and clean up spills from any transfer or handling of fuel.

- g. All fuel storage containers and associated materials must be removed by the permit expiration date. The use and/or storage of hazardous substances by the Grantee must be done in accordance with existing federal, state and local laws, regulations and ordinances. Debris (such as soil) contaminated with used motor oil, solvents, or other chemicals may be classified as a hazardous substance and must be removed and disposed of in accordance with existing federal, state and local laws, regulations and ordinances. Secondary containment shall be provided for fuel or hazardous substances. Storing containers within 100 feet of waterbodies. Containers with a total capacity larger than 55 gallons which contain fuel or hazardous substances shall not be stored within 100 feet of a waterbody.
- h. All independent fuel and hazardous substance containers shall be marked with the contents and the Grantee's name using paint or a permanent label.
- i. Exceptions. The AO may under unique or special circumstances grant exceptions to this stipulation on a case-by-case basis. Requests for exceptions should be made to the AO.
- j. Definitions.

Containers means any item which is used to hold fuel or hazardous substances. This includes tanks, drums, double-walled tanks, portable testing facilities, fuel tanks on small equipment such as light plants and generators, flow test holding tanks, slop oil tanks, bladders, and bags.

Manifolded tanks or any tanks in a series must be considered as single independent containers. Vehicles, including mobile seismic tanks, are not intended to be included under this definition.

Hazardous substances are defined under AS 46.03.826(5) as (a) an element or compound which, when it enters the atmosphere, water, or land, presents an imminent and substantial danger to the public health or welfare, including fish, animals, or vegetation; (b) oil; or (c) a substance defined as a hazardous substance under 42 U.S.C. 9601(14).

Secondary containment means an impermeable diked area or portable impermeable containment structure capable of containing 110 percent of the volume of the largest independent container. Double-walled tanks do not qualify as secondary containment unless an exception is granted for a particular tank. All piping and manifolds shall be within secondary containment.

Surface liner means any safe, non-permeable container (e.g., drips pans, fold-a-tanks, etc.) designed to catch and hold fluids for the purpose of preventing spills. Surface liners should be of adequate size and volume based on worst-case spill risk.

- 18) **Debris and Cleanliness:** Trails, campsites, and work areas must be kept clean. All solid waste including incinerator residue shall be backhauled to a solid waste disposal site approved by DEC. Trash, survey lath, roadway markers, and other debris that has accumulated along roads or cross country routes shall be picked up and properly disposed of prior to freeze-up the following winter.
- 19) **Request for Information:** The AO, at any time, may require the Permittee to provide any information directly or indirectly related to this authorization, in a manner prescribed by the AO.
- 20) **Waste Disposal:** On-site refuse disposal is prohibited, unless specifically authorized. All waste generated during operation, maintenance, and termination activities under this authorization shall be removed and disposed of at an off-site DEC approved disposal facility. Waste, in this paragraph, means all discarded matter, including but not limited to human waste, trash, garbage, refuse, oil drums, petroleum products, ashes and discarded equipment.

- 21) **Destruction of Markers:** The Permittee shall protect all survey monuments, witness corners, reference monuments, mining claim posts, bearing trees, and unsurveyed corner posts against damage, destruction, or obliteration. The Permittee shall notify the AO of any damaged, destroyed, or obliterated markers and shall reestablish the markers at the Permittee's expense in accordance with accepted survey practices of the DMLW.
- 22) **Site Maintenance:** The authorized area shall be maintained in a neat, clean, and safe condition, free of any solid waste, debris, or litter, except as specifically authorized herein.
- 23) **Photos:** Before, during, and after photos of the event site may need to be submitted to the applicable office. The responsibility of these submissions is to be borne on the Permittee. If a before photo is not submitted, the OTC permit may not be issued. If a during and after photo are not submitted within 30 days of the end of the event, the AO may request photos to be submitted at any point in time after the event, and may make a site visit if deemed necessary.
- 24) **Maintenance of Improvements:** The AO is not responsible for maintenance of authorized improvements or liable for injuries or damages related to those improvements. No action or inaction of the AO is to be construed as assumption of responsibility.
- 25) **Amendment or Modification:** The Permittee may request an amendment or modification of this authorization; the Permittee's request must be in writing. Any amendment or modification must be approved by the AO in advance, and may require additional fees and changes to the terms of this authorization.
- 26) **Proper Location:** This authorization is for activities on state lands or interests managed by DMLW. It does not authorize any activities on private, federal, native, and municipal lands, or lands which are owned or solely managed by other offices and agencies of the State. The Permittee is responsible for proper location within the authorized area.
- 27) **Fire Prevention, Protection and Liability:** The Permittee shall take all reasonable precautions to prevent and suppress forest, structure, brush and grass fires, and shall assume full liability for any damage to state land and structures resulting from the negligent use of fire. The State is not liable for damage to the Permittee's personal property and is not responsible for forest fire protection of the Permittee's activity. To report a wildfire, call 911 or 1-800-237-3633.
- 28) **Permit Term:** The term of this authorization is valid for up to a single calendar year, expiring on December 31 of the year issued.
- 29) **Site Disturbance:** Site disturbance shall be kept to a minimum amount of ground necessary to protect local habitats. All activities shall be conducted in a manner that will minimize the disturbance of soil and vegetation and changes in the character of natural drainage systems. Particular attention must be paid to prevent pollution and siltation of streams, lakes, ponds, seeps and marshes, and to prevent disturbances to fish and wildlife populations and habitats.
- 30) **Timber Use:** Only dead and down timber may be moved. Brush clearing is allowed but must be kept to the minimum necessary.
- 31) **Removal of Personal Property:** All personal property (e.g. storage tanks, piping, etc.), must be removed from state-owned land on or before the end of each authorized term of use, or on or before permit termination.
- 32) **Operation of Vehicles:** Vehicles shall be operated without disturbing the vegetative mat and underlying substrate. The permittee must obtain a permit from the Division of Mining, Land and Water for any off-road vehicular travel with the exception of generally authorized vehicles.
- 33) **Indemnification:** Permittee assumes all responsibility, risk and liability for all activities of the permittee, its employees, agents, guests, contractors, subcontractors or licensees directly or indirectly conducted in conjunction with this permit, including environmental and hazardous substance risks and liabilities, whether occurring during or after the term of this permit. Permittee shall defend, indemnify and hold harmless the State of Alaska, its employees and agents from and against any and all suits, claims, actions, losses, costs, penalties and damages of whatever kind

of nature including all attorney fees and litigation costs, arising out of, in connection with or incident to any act or omission by permittee, its employees, agents, guests, contractors, subcontractors or licensees unless the sole proximate cause of the injury or damage is the negligence or willful misconduct of the State or anyone acting on the States behalf. Within 15 days, Permittee shall accept any such cause action or proceeding upon tender by the state. This indemnification shall survive the expiration or termination of this permit.

- 34) **Reservation of Rights:** The division reserves the right to grant additional authorizations to third parties for compatible uses on or adjacent to the land covered under this authorization. Authorized concurrent users of state land; their agents, employees, contractors, subcontractors and licensees shall not interfere with the operation or maintenance activities of each user.
- 35) **Permit Expiration/Termination:** On or before permit expiration or termination of this authorization, all improvements and other chattels shall be removed from the site in accordance with the standards determined by the authorized officer and the site shall be restored to a clean safe condition. Upon termination, the Permittee must vacate the site and the Permittee's use and occupancy of the previously permitted site must cease.
- 36) **Assignment:** This permit is not transferable and cannot be assigned or subleased, in whole or in part, to another party. It is issued to authorize specific activities requested by the permittee that are not included in the category of "generally permitted (allowed) uses." (11AAC 96.010-.020.)
- 37) **Other Authorizations:** This permit does not eliminate the need to obtain other necessary authorizations from federal, state and local agencies and affected private entities.
- 38) **Fees:** See current Director's Fee Order for applicable fees. The non-receipt of a courtesy billing notice does not relieve the permittee from the responsibility of paying fees on or before the due date.
- **Permit Fees:** This permit is subject to either 1) a one-time fee of \$240.00 for a non-commercial event or assembly of more than 50 people per 11 AAC 05.180(d)(2)(M) or, 2) a one-time fee of \$1,200 plus a \$4 visitor day use fee for commercial recreational use not covered under 11 AAC 05.180(d)(2)(D) or (F) per 11 AAC 05.180(d)(2)(G)(i).
- (a) **Penalty Charges:** The permittee shall pay a fee for any late payment or returned check issued by the permittee as follows:
- a. **Late Payment Penalty:** The Permittee shall pay a fee for any late payment. The amount is the greater of either \$50.00 or interest accrued daily at the rate of 10.5% per annum and will be assessed on each past-due payment until paid in full.
 - b. **Returned Check Penalty:** A returned check penalty of \$50.00 will be charged for any check on which the bank refuses payment. Late payment penalties shall continue to accrue.
 - c. **Failure to Pay:** Failure to pay fees when due is a default of the terms and conditions of this permit. Failure to cure such a default within the 60-day period following the receipt of a "Notice of Default" will result in permit termination.
- (b) **If issued under 11 AAC 05.180(d)(2)(G)(i):**
- a. **Visitor Day Use Fees:** This permit will be subject to a visitor day use fee for each client present at any time during a calendar day authorized under this permit. Visitor day fees are due by January 15th of the following calendar year. This fee is subject to adjustment periodically pursuant to changes in any relevant fee schedule.
 - b. **Definition of visitor day (11 AAC 96.250(18)):** all or any part of a calendar day which a commercial recreation client is present, with each client representing a separate visitor day if multiple clients are present at any time during a calendar day.

- c. **Registration of Commercial Recreation “Day Use” Activities:** Registration is not required for commercial recreation activities with this permit.

39) **Violations:** A violation of this authorization is subject to any action available to the State for enforcement and remedies, including revocation of the permit, civil action for forcible entry and detainer, ejectment, trespass, damages, and associated costs, or arrest and prosecution for criminal trespass in the second degree. The State may seek damages available under a civil action, including restoration damages, compensatory damages, and treble damages under AS 09.45.730 or 09.45.735 for violations involving injuring or removing trees or shrubs, gathering geotechnical data, or taking mineral resources.

40) **Accidents and Incidents:** The Grantee will notify the AO immediately (within 24 hours) of any accidents, injuries, or operational problems associated with the operations authorized under this permit.

Advisory Regarding Violations of the Permit Guidelines: Pursuant to 11 AAC 96.145, a person who violates a provision of a permit issued under this chapter (11 AAC 96) is subject to any action available to the department for enforcement and remedies, including revocation of the permit, civil action for forcible entry and detainer, ejectment, trespass, damages, and associated costs, or arrest and prosecution for criminal trespass in the second degree. The department may seek damages available under a civil action, including restoration damages, compensatory damages, and treble damages under AS 09.45.730 or 09.45.735 for violations involving injuring or removing trees or shrubs, gathering geotechnical data, or taking mineral resources.

If a person responsible for an unremedied violation of 11 AAC 96 or a provision of a permit issued under this chapter (11 AAC 96) applies for a new authorization from the department under AS 38.05.035 or 38.05.850, the department may require the applicant to remedy the violation as a condition of the new authorization, or to begin remediation and provide security under 11 AAC 96.060 to complete the remediation before receiving the new authorization. If a person who applies for a new authorization under AS 38.05.035 or 38.05.850 has previously been responsible for a violation of this chapter or a provision of a permit issued under this chapter, whether remedied or unremedied, that resulted in substantial damage to the environment or to the public, the department will consider that violation in determining the amount of the security to be furnished under 11 AAC 96.060 and may require the applicant to furnish three times the security that would otherwise be required.

The Regional Manager reserves the right to modify the stipulations attached and made a part of this permit or attach additional stipulations when deemed necessary. The permittee will be advised before any such modifications or additions are finalized. Any correspondence on this permit may be directed to the appropriate regional land office.

The Authorized Officer reserves the right to modify these stipulations or use additional stipulations as deemed necessary. The Permittee will be advised before any such modifications or additions are finalized. DNR has the authority to implement and enforce these conditions under AS 38.05.850. Any correspondence on this permit may be directed to the applicable Regional Lands Office.
