GATT Office Circular No.292

RESUMPTION OF WORK AFTER THE SUMMER HOLIDAYS

As we all know, the first part of 1988 has been exceptionally busy for the Secretariat, not only with the Uruguay Round negotiations but also with regular GATT activities. The second half of the year will also demand great effort from all of us.

Taking our heavy schedule into account and after consulting with a number of delegations, I have decided that following the summer break the Secretariat should be in position to carry out its responsibilities beginning the week of 29 August. I know that I can count on the cooperation of all Secretariat members in this matter.
