TRADE PROVISIONS IN MULTILATERAL ENVIRONMENTAL AGREEMENTS

Addendum

The secretariat has received information concerning a multilateral environmental agreement relating to fisheries that contains a trade provision. Accordingly, the following sentence should be added to the end of paragraph 20 of TRE/W/1:

"In another case the import prohibition is voluntary and must be consistent with international law. The prohibition is directed specifically at the product concerned if a certain production process, prohibited by the agreement, is used".

Also, the following Convention should be added to the Annex:

"19. Convention for the Prohibition of Fishing with Long Drift Nets in the South Pacific, Wellington, 1989.".
