## Reemployment Information and Verification

Employer Name		Position Title
Date of Reemployment	Contract Percentage	Are they contracted to work a full year/contract (172+ days)? <input type="checkbox"/> Yes <input type="checkbox"/> No - Estimated _____ days only
Signature of Personnel or Payroll Officer		Date

Alaska Statute AS 14.25.043: If a retired member again becomes an active member, no benefit payments will be made during the period of reemployment. The retirement benefit must be suspended for the entire school year (July 1 to June 30) if the teacher is reemployed as an active teacher for a period equivalent to a year of service. During the period of reemployment, deductions from the member's salary will be made in accordance with AS 14.25.050.

- Members are required to pay back benefits they receive while simultaneously earning Teachers' Retirement System (TRS) credit. This amount must be paid in full before you retire again or a lifetime actuarial reduction will be applied to your benefit.
- When you retire again, your first retirement benefit will be reinstated once we receive notification that you have terminated employment. If you have received a full year of TRS service, your benefit will be reinstated effective July 1st.
- If you retired under a Retirement Incentive Program (RIP) and returned to work in a position that is covered by the TRS, you will forfeit the three years of incentive credit you received when you retire again. Please contact the Division of Retirement and Benefits to confirm your status for reemployment.
- If you are participating in the Long-Term Care (LTC) program, you must pay these premiums in order to continue coverage during your period of reemployment. If you do not pay the premiums, you will not be eligible for LTC when you retire again.
- If you have been receiving major medical insurance benefits paid by the Alaska TRS, or if you have been paying for major medical insurance, your coverage under the AlaskaCare Retiree Health Plan will end on the last day of the month in which you become reemployed. However, if you are reemployed on the first day of a month, your coverage will end on the last day of the previous month. **TRS members who return to work for a full school year will lose coverage retroactively to June 30th.**
- If you are participating in the Dental-Vision-Audio (DVA), your DVA coverage will end on the last day of the month in which you become reemployed. However, if you are reemployed on the first day of a month, your coverage will end on the last day of the previous month. TRS members who return to work for a full school year will lose DVA coverage effective June 30th.

**Certification:** I understand that under the Standard Option, my retirement benefit will be suspended until I terminate employment. I understand I will have to repay any overpayment of retirement benefits paid to me while I was in employment status. I understand I will accrue Teachers' Retirement System (TRS) service credit and I must apply to the Division of Retirement and Benefits for any additional retirement benefits based on the reemployment period.
