

Solid Vinyl Tile

DELANE® + GEODESY® SVT

Classic look. Classic performance.

FLEXCO[®]
AMERICAN-MADE FLOORING

Solid Vinyl Tile

DELANE + GEODESY SVT

Superior vinyl tile solutions.

Flexco Solid Vinyl Tile flooring is scientifically formulated to maintain its appearance while lowering maintenance costs and your environmental impact. Bring on the heavy traffic.

Pure vinyl:

- ~ Made from pure virgin vinyl and premium raw materials
- ~ Does NOT contain recycled materials
- ~ Homogeneous construction
- ~ Maintains solid, consistent color throughout

Maximum strength:

- ~ Extremely durable
- ~ Superior indentation, chemical and slip resistance
- ~ Does not require a finish, making maintenance easy
- ~ Available sizes:
12" x 12", 12" x 24", 24" x 24", 36" x 36"
- ~ .080" or 1/8" thickness
- ~ Manufactured in the U.S.A.
- ~ Backed by a 10-Year Limited Commercial Warranty

Superior sustainability:

- ~ Does NOT contain petroleum-based phthalates, a known health and environmental threat
- ~ Made with plant-based plasticizers derived from renewable resources and vegetable raw materials
- ~ Contributes to one or more LEED® credits
- ~ FloorScore® certified

Ideal uses:

- ~ Education: cafeterias, hallways, multipurpose rooms
- ~ Healthcare: exam rooms, corridors, equipment rooms
- ~ Retail: showrooms, shopping malls, stores
- ~ Corporate: offices, hallways, conference rooms

Vinyl welding beads

With Flexco Welding Beads, tiles are easily fused together for a permanent and completely unitized floor. This installation option is ideal for areas with stringent requirements for added hygiene.

Bring your vision to life through color.

Delane SVT offers a long-lasting, expanded color palette that allows you to mix and match with other Flexco products.

Geodesy SVT brings the beautiful design of tone-on-tone speckled patterns with the durability of solid vinyl.
