MEMORANDUM OF UNDERSTANDING
BETWEEN THE
RURAL ECONOMIC AND COMMUNITY DEVELOPMENT IN FLORIDA
AND THE
FLORIDA HOUSING FINANCE AGENCY**

INTRODUCTION

The Rural Economic and Community Development in Florida, an agency of the United State Department of Agriculture, hereinafter referred to as "RECD," and Florida Housing Finance Agency, hereinafter referred to as "State Agency," wish to enter into the following Memorandum of Understanding ("MOU") regarding the monitoring of low-income housing tax credit compliance. For the purposes of this MOU, the term "State Agency" may also collectively apply to any private contractors, "authorized delegates," or other State agencies to whom the State Agency named above has delegated compliance monitoring functions as set forth in Section 42 of the Internal Revenue Code of 1986, as amended (the "Code").

RECD administers a loan program authorized by Section 515 of the Housing Act of 1949, which provides financing for housing for very low- and low-income tenants in rural areas. Developers participating in this program are also eligible to receive low-income housing credits which are administered through state or local housing credit agencies, as provided under the Code.

BACKGROUND

The Internal Revenue Service ("IRS") published regulations on September 2, 1992 (the "Regulations"), to guide State Agencies in monitoring compliance with the low-income housing tax credit requirements by owners of low-income housing projects. These Regulations allow the State Agency to implement review requirements that grant exceptions to owners of projects financed under Section 515 of the Housing Act of 1949 to the requirements to review tenant certifications, supporting documentation, and rent records of such buildings. These requirements are set forth in Section 42 of the Code. However, for the State Agency to grant review exceptions on buildings financed by RECD, the State Agency must enter into an agreement with RECD whereby RECD will agree to provide the State Agency with information concerning the income and rent of the tenants in the building. The Regulations provide that the State Agency may assume accuracy of the information provided by RECD without verification.

SCOPE OF THE AGREEMENT

Under this Agreement, RECD and the State Agency agree to engage in cooperative efforts to enable the State Agency to effectively monitor compliance with tax credit requirements of RECD borrowers, as provided in Section 42 of the Code.

PURPOSE

The purpose of this document is to establish the conditions under which RECD and the State Agency agree to operate.

A. The State Agency will provide to RECD an initial list of Section 515 projects which have received low-income housing credits. At least annually thereafter, the State Agency will provide RECD with an updated list of such projects.

B. RECD agrees to assist in providing the State Agency with data concerning tenant income and rent levels on affected Section 515 projects if the borrower fails to provide such information when requested.

C. Parties to this agreement understand that RECD does not certify tenant tax credit income eligibility, nor does RECD certify to the owner's compliance with requirements of Section 42 of the Code, only that tenant income is based upon a tenant certification/recertification which is updated annually, and that the certification/recertification requires a third-party verification. The State Agency understands that the owner certifies to RECD monthly as to continued occupancy and tenant eligibility. RECD also carries out periodic supervisory actions to verify compliance by the owner with RECD tenant requirements.

D. RECD agrees to provide a copy of the initial post occupancy visit and the triennial supervisory visit conducted on each project. The visit will be recorded on Exhibits F and G of RECD Instruction 1930-C and will have a copy of HUD Form 9822, "Report of Physical Condition Estimate of Repair Costs."

PERIOD OF AGREEMENT

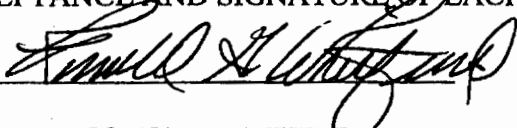

The initial term of the Agreement shall be for a period of one (1) year, commencing on September 1, 1995. This Agreement shall automatically be renewed for successive one-year periods unless terminated by either party upon written notice to the other given at least ninety (90) days prior to the expiration of then current term.

MODIFICATION OR CANCELLATION PROVISION

This Agreement may be modified or amended only by written agreement of RECD and the State Agency. Requests for amendments to the Agreement may be initiated by either of the two parties through written notification.

- Petitioner applied for and received Housing Credits from the Rural Development Set-aside in the 2002 Application Cycle of the Florida Housing Finance Corporation ("FHFC"). The Housing Credits received were for the acquisition and rehabilitation of an existing garden apartment complex with 21 buildings containing 84 set-aside units.
- The Housing Credit compliance monitoring fees for the 2002 Application Cycle were adopted as rules pursuant to 67-21.003(1)(a) and 67-48.007, Florida Administrative Code. (Copy of the applicable fee pages attached hereto as Exhibit 'A'.)
- The rules requiring compliance monitoring fees implement § 420.507, Florida Statutes, which provides for the collection and payment of fees and § 420.5099(7) which authorizes the expenditure of fees received in conjunction with the allocation of Housing Credits.
- Pelican Bay Apartments is financed through the 515 Direct Loan Program of Rural Development, an Agency of the United States Department of Agriculture (USDA/RD) for financing of multi-family housing. USDA/RD and FHFC entered into agreements to, in part, monitor compliance with tax credit requirements of RD borrowers. (Copies are attached hereto as Exhibit 'B'.)
- Because of the compliance monitoring done by USDA/RD and its prior agreements to share this information, there has been a different compliance monitoring fee imposed by FHFC on USDA/RD projects through 2001. The reduced fee, however, was inadvertently omitted from the rules in 2002.
- In 2001, the monitoring fee for USDA/RD projects was an Annual Base of \$300 per development over the compliance monitoring term, which is 50 years for Pelican Bay Apartments, with the payment due up front and discounted at a rate of 2.75%.

8. **Purpose Justification:** The requested waiver is fair and in accord with the prior rule and the attached agreements between FHFC and USDA/RD, which were still in force during the 2002 Application Cycle and which agreements relieve FHFC from some of its monitoring responsibilities. The waiver also does not contradict the purpose of the underlying statute that provides for compliance and the collection of monitoring fees, both of which are still being accomplished by FHFC.

9. **Type of Waiver:** Permanent
