Date Posted: August 30, 2021

Time Posted: 10:10 a.m.

Term: September 15, 2021 – October 31, 2021 (Anticipated)

Performance and/or Design Requirements: Internal Penetration Testing and Firewall Configuration Review

Intended Source: Security Compliance Associates Franchise Systems, LLC

Estimated Dollar Amount: \$16,000 (\$8,000 spent as a discretionary purchase in April 2021, and \$8,000 needed for follow-up testing in September/October 2021.)

Justification for Single Source Acquisition: The data received in the first round of testing is proprietary and Florida Housing may not share those results with another vendor. Additionally, the baseline information gained during the initial testing in April will be used to more effectively target areas of vulnerability during a follow-on internal testing and firewall evaluation scope of work. This baseline information is a critical input to the second test.

Approved By: Florida Housing Finance Corporation's Executive Director, Harold L. Price, III.

This Description of Intended Single Source Purchases is posted in accordance with Rule 67-49.0031, Florida Administrative Code. Prospective vendors are requested to provide information regarding their ability to supply the commodities or contractual services described. If the Executive Director, after reviewing any information received from prospective vendors, determines that the commodities or contractual services are practically available from a single source, the Corporation shall provide notice of its intended decision to enter into a single-source purchase contract in the manner specified in Section 120.57(3), Fla. Stat.
