UN-Water	TBD	An event during HLPF 2019 "Water – connecting across the 2030 Agenda"	To advance the 2030 Agenda we must understand the interdependency of the Sustainable Development Goals. Achieving SDG 6 is essential for making progress on all other SDGs and vice versa. Sustainable management of water and sanitation underpins wider efforts to end poverty and advance sustainable development. The event will make the water and sanitation connections to the SDGs under review. For example, water and sanitation facilities are needed in schools (SDG 4), improved water management yields employment opportunities (SDG 8) and climate change's main impact is through the water cycle (SDG 13).	UN-Water Members and Partners	At their 29th Meeting in August 2018, UN-Water Members and Partners decided to coordinate around a HLPF 2019 event – the decision is as follows: The SPMs decide to organize a joint activity at the High-level Political Forum 2019 and task the Technical Advisory Unit to prepare a proposal and report back at the 30th UN-Water Meeting. The proposal should emphasize linking UN-Water Members and Partners who will organize mandate-related activities for the in-depth reviews of SDG 4, SDG 8, SDG 10, SDG 13, SDG 16 and SDG 17. 			Meeting/ briefing on the global economic context and its implications for sustainable financing: in preparation for the 2019 FSDR, the Task Force will hold a meeting and/or briefing to Member States on the global macroeconomic context and its impacts on sustainable development financing. The global context chapter of the 2019 report will put a focus on key global challenges highlighted at the 2019 HLPF – growth (SDG 8), inequalities (SDG 10), and climate (SDG 13) – and this Task Force meeting, to be held either in December 2018 or January 2019, will address these themes. The meeting will also be relevant for SDG 17. Informal technical briefings on the advance unedited version of the 2019 FSDR: from end-February through the first week of March, the Task Force will brief delegates and other stakeholders on the advance unedited draft 2019 FSDR. As the FSDR covers all SDGs under in-depth review, these briefings will be relevant for SDGs 4, 8, 10, 13, 16 and 17.
