18 COMMISSIONER OLIVA: Any discussion?

19 ACTING COMMISSIONER PALIVOS: We have made
20 substantive edits to the Proposed Order. Our edits
21 reflect the two primary purposes of FEJA:
22 incentivizing the development of renewable energy

1 resources throughout all of Illinois and
2 strengthening our clean energy economy by focusing on
3 job creation in state.

4 To highlight some of these edits, the
5 Order will allow participation from municipalities,
6 electric cooperatives, and Mt. Carmel in the
7 Adjustable Block Program, Community Renewable
8 Generation Program, and the Illinois Solar for All
9 Program.

10 The Order approves the IPA's
11 methodology in evaluating the eligibility of
12 generation in adjacent states. More specifically,
13 the Order holds the threshold for participation,
14 under IPA's point system, to be 60 points.

15 Lastly, the Order cancels all of the
16 planned spot procurements. The record clearly
17 indicates that spot procurements do not lead to new
18 renewable development.

19 To conclude, on behalf of the
20 Commission, I would like to thank the stakeholders
21 and parties involved in this proceeding. We look
22 forward to working closely with the IPA in ensuring

1 its successful execution and a greener Illinois.
