9. Not remove or tamper with a properly functioning carbon monoxide detector installed by the landlord, including removing any working batteries, so as to render the carbon monoxide detector inoperative;

10. Use reasonable efforts to maintain the dwelling unit and any other part of the premises that he occupies in such a condition as to prevent accumulation of moisture and the growth of mold, and to promptly notify the landlord of any moisture accumulation that occurs or of any visible evidence of mold discovered by the tenant;

12. Be responsible for his conduct and the conduct of other persons on the premises with his consent whether known by the tenant or not, to ensure that his neighbors' peaceful enjoyment of the premises will not be disturbed; and

~~12.~~ 13. Abide by all reasonable rules and regulations imposed by the landlord pursuant to § [55-248.17](#).

B. If the duty imposed by subdivision 1 of subsection A is greater than any duty imposed by any other subdivision of that subsection, the tenant's duty shall be determined by reference to subdivision 1.

§ [55-248.18](#). Access; consent; correction of nonemergency conditions; relocation of tenant.

A. The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, decorations, alterations or improvements, supply necessary or agreed services or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen or contractors. The landlord may enter the dwelling unit without consent of the tenant in case of emergency. The landlord shall not abuse the right of access or use it to harass the tenant. Except in case of emergency or if it is impractical to do so, the landlord shall give the tenant notice of his intent to enter and may enter only at reasonable times. Unless impractical to do so, the landlord shall give the tenant at least 24-hours' notice of routine maintenance to be performed that has not been requested by the tenant. If the tenant makes a request for maintenance, the landlord is not required to provide notice to the tenant.

B. Upon the sole determination by the landlord of the existence of a nonemergency property condition in the dwelling unit that requires the tenant to temporarily vacate the dwelling unit in order for the landlord to properly remedy such property condition, the landlord

may, upon at least 30 days' written notice to the tenant, require the tenant to temporarily vacate the dwelling unit for a period not to exceed 30 days to a comparable dwelling unit, as selected by the landlord, and at no expense or cost to the tenant. For purposes of this subsection, "nonemergency property condition" means (i) a condition in the dwelling unit that, in the determination of the landlord, is necessary for the landlord to remedy in order for the landlord to be in compliance with § [55-248.13](#); (ii) the condition does not need to be remedied within a 24-hour period, with any condition that needs to be remedied within 24 hours being defined as an "emergency condition"; and (iii) the condition can only be effectively remedied by the temporary relocation of the tenant pursuant to the provisions of this subsection.

The tenant shall continue to be responsible for payment of rent under the rental agreement during the period of any temporary relocation. The landlord shall pay all costs of repairs or remediation required to address the property condition. Refusal of the tenant to cooperate with a temporary relocation pursuant to this subsection shall be deemed a breach of the rental agreement, unless the tenant agrees to vacate the unit and terminate the rental agreement within the 30-day notice period. *If the landlord properly remedies the nonemergency property condition within the 30-day period, nothing herein shall be construed to entitle the tenant to terminate the rental agreement. Further, nothing herein shall be construed to limit the landlord from taking legal action against the tenant for any noncompliance that occurs during the period of any temporary relocation pursuant to this section.*

C. The landlord has no other right to access except by court order or that permitted by §§ [55-248.32](#) and [55-248.33](#) or if the tenant has abandoned or surrendered the premises.

D. The tenant may install, within the dwelling unit, new burglary prevention, including chain latch devices approved by the landlord, carbon monoxide detection devices, and fire detection devices, that the tenant may believe necessary to ensure his safety, provided:

1. Installation does no permanent damage to any part of the dwelling unit.
2. A duplicate of all keys and instructions of how to operate all devices are given to the landlord.
3. Upon termination of the tenancy the tenant shall be responsible for payment to the landlord for reasonable costs incurred for the removal of all such devices and repairs to all damaged areas.

§ [55-248.24](#). Fire or casualty damage.

If the dwelling unit or premises are damaged or destroyed by fire or casualty to an extent that the tenant's enjoyment of the dwelling unit is substantially impaired or required

repairs can only be accomplished if the tenant vacates the dwelling unit, either the tenant or the landlord may terminate the rental agreement. The tenant may terminate the rental agreement by vacating the premises and within 14 days thereafter, serve on the landlord a written notice of his intention to terminate the rental agreement, in which case the rental agreement terminates as of the date of vacating; or if continued occupancy is lawful, § [55-226](#) shall apply.

The landlord may terminate the rental agreement by giving the tenant~~45~~ 30 days' notice of his intention to terminate the rental agreement based upon the landlord's determination that such damage requires the removal of the tenant and the use of the premises is substantially impaired, in which case the rental agreement terminates as of the expiration of the notice period.

If the rental agreement is terminated, the landlord shall return all security deposits in accordance with § [55-248.15:1](#) and prepaid rent, plus accrued interest, recoverable by law unless the landlord reasonably believes that the tenant, tenant's guests, invitees or authorized occupants were the cause of the damage or casualty, in which case the landlord shall account to the tenant for the security and prepaid rent, plus accrued interest based upon the damage or casualty. Accounting for rent in the event of termination or apportionment shall be made as of the date of the casualty.

§ [55-248.38:3](#). Disposal of property of deceased tenants.

If a tenant, who is the sole occupant of the dwelling unit, dies, and there is no person authorized by order of the circuit court to handle probate matters for the deceased tenant, the landlord may dispose of the personal property left in the premises, or in a storage area provided by the landlord, provided the landlord has given at least 10 days' written notice to (i) the person identified in the rental application, lease agreement, or other landlord document as the authorized person to contact in the event of the death or emergency of the tenant or (ii) the tenant in accordance with § [55-248.6](#) if no such person is identified in the rental application, lease agreement, or other landlord document as the authorized contact person. The notice given under clause (i) or (ii) shall include a statement that any items of personal property left in the premises would be treated as abandoned property and disposed of in accordance with the provisions of § [55-248.38:1](#), if not claimed within~~30~~ 10 days.

§ [58.1-486.2](#). Withholding tax on Virginia source income of nonresident owners.

A. For the privilege of doing business in the Commonwealth, a pass-through entity that has taxable income for the taxable year derived from or connected with Virginia sources, any portion of which is allocable to a nonresident owner, shall pay a withholding tax under this section, except as provided in subsection C.

B. 1. The amount of withholding tax payable by any pass-through entity under this article shall be equal to five percent of the nonresident owner's share of income from Virginia sources of all nonresident owners as determined under this chapter, which may lawfully be taxed by the Commonwealth and which is allocable to a nonresident owner.

2. When determining the amount of withholding tax due under this section, the pass-through entity may apply any tax credits allowable under the Code of Virginia to the pass-through entity that pass through to nonresident owners; provided that in no event may the application of any credit or credits reduce the tax liability of any nonresident owner under this article to less than zero.

C. Withholding shall not be required:

1. For any nonresident owner, other than a nonresident corporation, who is exempt from the tax imposed by this article. An owner shall be exempt from the tax imposed by this article only if the owner is, by reason of the owner's purpose or activities, exempt from paying federal income taxes on the owner's Virginia source income. The pass-through entity may rely on the written statement of the owner claiming to be exempt from the tax imposed by this article provided the pass-through entity discloses the name and federal taxpayer identification number for all such owners in its return for the taxable year filed under § [58.1-392](#);

2. For any nonresident owner that is a corporation that is exempt from the tax imposed by Article 10 (§ [58.1-400](#) et seq.). For purposes of this subdivision, a corporation is exempt from the tax imposed by Article 10 only if the corporation, by reason of its purpose or activities, is exempt from paying federal income taxes on the corporation's Virginia source income. The pass-through entity may rely on the written statement of the person claiming to be exempt from the tax imposed by Article 10 provided the pass-through entity discloses the name and federal taxpayer identification number for all such corporations in its return for the taxable year filed under § [58.1-392](#); or

3. When compliance will cause undue hardship on the pass-through entity. However, no pass-through entity shall be exempt under this subdivision from complying with the withholding requirements of this section unless the Tax Commissioner, in his discretion, approves in writing the pass-through entity's written petition for exemption from the withholding requirements of this section based on undue hardship. The Tax Commissioner may prescribe the form and contents of such a petition and specify standards for when a pass-through entity will not be required to comply with the withholding requirements of this section due to undue hardship. The standards for undue hardship, determined by the Tax Commissioner in his discretion, shall take into account (among other relevant factors) the ability of a pass-through entity to comply at reasonable cost with the

withholding requirements of this section and the cost to the Commonwealth of collecting the tax directly from a nonresident owner who does not voluntarily file a return and pay the amount of tax due under this chapter with respect to his allocable Virginia taxable income; or

*4. For any nonresident person of the Commonwealth when the pass-through entity owns and leases four or fewer dwelling units in the Commonwealth, provided the pass-through entity discloses the name and federal taxpayer identification number for all such owners in its return for the taxable year filed under § [58.1-392](#). For the purposes of this subdivision, the term "person" shall mean the same as that term is defined in § [55-248.4](#).*

D. 1. Each pass-through entity required to withhold tax under this section shall pay the amount required to be withheld to the Tax Commissioner at the same time that the return under Article 9 (§ [58.1-390.1](#) et seq.), if required, is to be filed.

2. An extension of time for filing the return under § [58.1-393.1](#) shall not extend the time for paying the amount of withholding tax due under this section. In cases of an extension of time for filing, the pass-through entity shall pay, by the due date specified in subsection A of § [58.1-392](#), at least 90 percent of the withholding tax due for the taxable year or 100 percent of the tax paid under this section for the prior taxable year, if that taxable year was a taxable year of 12 months and tax was paid under this section for that taxable year. The remaining portion of the tax due under this section, if any, shall be paid at the time the pass-through entity files the return required under § [58.1-392](#). If the balance due is paid by the last day of the extension period for filing such return and the amount of tax due with that return is 10 percent or less of the tax due under this section for the taxable year, no penalty shall be imposed with respect to the balance so remitted. In addition to interest, if the underestimation of the balance of tax due exceeds 10 percent of the actual tax liability, there shall be added to the tax as a penalty an amount equal to two percent per month of the balance of tax due for each month or fraction thereof from the original due date for the filing of the withholding tax return to the date of payment. If the amount of withholding tax due under this section for the taxable year is less than the estimated withholding taxes paid for the taxable year by the pass-through entity, the excess shall be refunded to the pass-through entity or, at its election, established as a credit against withholding tax due under this section for the then current taxable year.

3. The Tax Commissioner may, if he believes it necessary for the protection of trust fund moneys due the Commonwealth, require any pass-through entity to pay over to the Tax Commissioner the tax deducted and withheld under this section at any earlier time or times.

E. 1. Each nonresident owner shall be allowed a credit for that owner's share of the tax withheld by the pass-through entity under this section; provided, that when the distribution is to a corporation taxable under Article 10 (§ [58.1-400](#) et seq.), the credit allowed by this subsection shall be applied against the corporation's liability for tax under this chapter.

2. A nonresident owner's share of any withholding tax paid by the pass-through entity shall be treated as distributed to such nonresident owner on the earlier of (i) the day on which such tax was paid to the Tax Commissioner by the pass-through entity or (ii) the last day of the taxable year for which such tax was paid by the pass-through entity.

F. 1. Every pass-through entity required to deduct and withhold tax under this section shall furnish to each nonresident owner a written statement, as prescribed by the Tax Commissioner, showing (i) the amount of its allocable Virginia taxable income, whether or not distributed for federal income tax purposes by such pass-through entity to such nonresident owner; (ii) the amount deducted and withheld as tax under this section; and (iii) such other information as the Tax Commissioner may require.

2. A copy of the written statements required by this subsection shall be filed with the Virginia return filed under § [58.1-392](#) by the pass-through entity for its taxable year to which the distribution relates. The written statement shall be furnished to each nonresident owner on or before the due date of the pass-through entity's return under § [58.1-392](#) for the taxable year, including extensions of time for filing such return, or a later date as may be allowed by the Tax Commissioner.

G. Every pass-through entity required to deduct and withhold tax under this section is hereby made liable for the payment of the tax due under this section for taxable years beginning on or after January 1, 2008. Any amount of tax withheld under this section shall be held in trust for the Tax Commissioner. No nonresident owner shall have a right of action against the pass-through entity in respect to any moneys withheld from such owner's distributive share and paid over to the Tax Commissioner in compliance with or in intended compliance with this section.

H. If any pass-through entity fails to deduct and withhold tax as required by this section, and thereafter the tax against which such tax may be credited is paid, the tax so required to be deducted and withheld under this section shall not be collected from the pass-through entity, but the pass-through entity shall not be relieved from liability for any penalties or interest or additions to tax otherwise applicable in respect of such failure to withhold.

2. That the second enactment of Chapter 663 of the Acts of Assembly of 2009 is repealed.

3. That the provisions of the first enactment of this act amending §§ [8.01-286.1](#), [8.01-291](#), [8.01-294](#), [8.01-296](#), [8.01-312](#), [8.01-315](#), and [8.01-327](#), which relate to the use of electronic service of process, shall not become effective unless reenacted by the 2012 Session of the General Assembly.

§ [33.1-23.05](#). Revenue-sharing funds for systems in certain counties, cities, and towns.  
A. From revenues made available by the General Assembly ~~after January 1, 2008,~~ and appropriated for the improvement, construction, or reconstruction of the systems of state highways, the Commonwealth Transportation Board ~~shall~~*may* make an equivalent matching allocation to any county, city, or town for designations by the governing body of up to \$1 ~~\$10 million in county, city, or town general funds~~ for use by the county, city, or town to improve, construct, or reconstruct the highway systems within such county, city,

or town. After adopting a resolution supporting the action, the governing body may request revenue-sharing funds to improve, construct, or reconstruct a highway system located in another locality, between two or more localities, or to bring subdivision streets, used as such prior to July 1, 1992 *the date specified in § 33.1-72.1*, up to standards sufficient to qualify them for inclusion in the state primary and secondary system of highways. All requests for funding shall be accompanied by a prioritized listing of specified projects.

~~B. The allocation of funds to localities shall be only for the purposes set forth in subsection A. In allocating funds under this section, the Board shall give priority (i) first when such project is administered by the county, city, or town, either directly or by contract with another entity, (ii) second, when such county, city, or town commits more local funding than the amount of revenue-sharing funding requested, and (iii) third when the allocation will accelerate an existing project in the Six-Year Improvement Program or the locality's capital plans. Any funds remaining may be applied to any other project that requires an equivalent matching allocation from the governing body to allocations that will accelerate projects in the Commonwealth Transportation Six-Year Improvement Program or the locality's capital plan.~~

C. The Department will contract with the county, city, or town for the implementation of the project or projects. Such contract may cover either a single project or may provide for the locality's implementation of several projects during the fiscal year. The county, city, or town will undertake implementation of the particular project or projects by obtaining the necessary permits from the Department of Transportation in order to ensure that the improvement is consistent with the Department's standards for such improvements. At the request of the locality, the Department may provide the locality with engineering, right-of-way acquisition, and/or construction services for a project with its own forces. The locality shall provide payment to the Department for any such services. If administered by the Department, such contract shall also require that the governing body pay to the Department within 30 days the local revenue-sharing funds ~~from its general fund~~ upon written notice by the Department of its intent to proceed. Any project having funds allocated under this program shall be initiated in such a fashion where at least a portion of such funds have been expended within two subsequent fiscal years of allocation. Any revenue-sharing funds for projects not initiated after two subsequent fiscal years of allocation may be reallocated at the discretion of the Commonwealth Transportation Board.

D. Total Commonwealth funds allocated by the Board under this section shall not exceed ~~\$50~~\$200 million in any one fiscal year and no less than \$15 million each fiscal year, subject to appropriation for such purpose.

~~E. In allocating funds under this section, the Board shall give priority (i) first when such project is administered by the county, city, or town, either directly or by contract with another entity, (ii) second, when such county, city, or town commits more local funding than the amount of revenue-sharing funding requested, and (iii) third when the allocation will accelerate an existing project in the Six-Year Improvement Program or the locality's capital plans. At the request of the locality, the Department may provide the locality with engineering, right-of-way acquisition, and/or construction services for a project with its own forces. The locality shall provide payment to the Department for any such services. If administered by the Department, such contract shall also require that the governing body pay to the Department within 30 days the local revenue-sharing funds ~~from its general fund~~ upon written notice by the Department of its intent to proceed. Any project having funds allocated under this program shall be initiated in such a fashion where at least a portion of such funds have been expended within two subsequent fiscal years of allocation. If the land deeded to Muffin Trodding, LLC, Yancey Hardtimes, LLC, and Ms. Elizabeth Breeden by virtue of this act is taken from the Biscuit Run property, such land shall be subject to all the restrictions contained in the Deed of Bargain and Sale that conveyed Biscuit Run to the Commonwealth until such time as the restrictions are extinguished by a judicial proceeding as provided for in the Deed of Bargain and Sale.*

Amend Section 11 of Article I of the Constitution of Virginia as follows:

ARTICLE I

BILL OF RIGHTS

Section 11. Due process of law; obligation of contracts; taking *or damaging* of private property; prohibited discrimination; jury trial in civil cases.

That no person shall be deprived of his life, liberty, or property without due process of law; that the General Assembly shall not pass any law impairing the obligation of contracts, nor any law whereby private property shall be taken or damaged for public uses, without just compensation, the term "public uses" to be defined by the General Assembly; and that the right to be free from any governmental discrimination upon the basis of religious conviction, race, color, sex, or national origin shall not be abridged, except that the mere separation of the sexes shall not be considered discrimination. The General Assembly may limit the number of jurors for civil cases in courts of record to not less than five.

*That the General Assembly shall pass no law whereby private property, the right to which is fundamental, shall be damaged or taken except for public use. No private property shall be damaged or taken for public use without just compensation to the owner thereof. No more private property may be taken than necessary to achieve the stated public use. Just compensation shall be no less than the value of the property taken, lost profits and lost access, and damages to the residue caused by the taking. The terms "lost profits" and "lost access" are to be defined by the General Assembly. A public service company, public service corporation, or railroad exercises the power of eminent domain for public use when such exercise is for the authorized provision of utility, common carrier, or railroad services. In all other cases, a taking or damaging of private property is not for public use if the primary use is for private gain, private benefit, private enterprise, increasing jobs, increasing tax revenue, or economic development, except for the elimination of a public nuisance existing on the property. The condemnor bears the burden of proving that the use is public, without a presumption that it is.*

## **Chapter 551 Hampton, City of; Department of General Services to transfer certain property located within City.**

An Act to transfer certain property in the City of Hampton.

[\[H 1270\]](#)

Approved April 4, 2012

Whereas, by Deed from the Old Dominion Land Company, a corporation created by and existing under the laws of the State of Virginia, to The Board of Visitors of Virginia State School for Colored Deaf and Blind Children, a body corporate created by an act of the General Assembly of Virginia, approved March 12, 1906, which Deed was dated July 31, 1908, and recorded on September 16, 1908, in the Clerk's Office of the Circuit Court of Elizabeth City County (now the City of Hampton), Virginia, in Deed Book 49, page 390, the Old Dominion Land Company conveyed a tract of land containing 25.11 acres in Elizabeth City County to the school's Board of Visitors, as more particularly described in said Deed; and

Whereas, provisions in the 1908 Deed evidence that the 25.11 acres was given to the said school's Board of Visitors for the specific purpose of establishing and operating the school created by the General Assembly's act of March 12, 1906, on the donated 25.11 acres of land, which land is now located within the boundaries of the City of Hampton; and

Whereas, other provisions in the 1908 Deed provide that the said 25.11 acres of land was conveyed to the school's Board of Visitors "until such time as the said school shall cease to be conducted and maintained for the purposes set out in the said act of March 12th 1906," as amended, "with remainder [reverter] in and to such real estate to the party of the first part [i.e., Old Dominion Land Company], its successor and assigns," and that "in the event of the termination of the estate of the party of the second part [i.e., the estate held by the school's Board of Visitors - today, the Commonwealth of Virginia]" that "the said party of the second part or its successors, shall have the right [but not the obligation] to remove all structures, buildings and improvements" from the land; and

Whereas, over the years, the school's campus was expanded through the Commonwealth's purchase of a number of adjacent parcels of land, which resulted in the expansion of the campus to approximately 75 acres, bounded, in part, by Shell Road, Pine Lane, and Gloucester Street; and

Whereas, during the period of 2007-2010, legislation was adopted that provided for the closure of what had become known as the Hampton School for the Deaf, Blind and Multi-Disabled, also known as the Virginia School at Hampton, and which legislation also provided for the transfer of all the school's operations and students to the existing School for the Deaf and the Blind at Staunton; and

Whereas, the Hampton School for the Deaf, Blind and Multi-Disabled, also known as the Virginia School at Hampton, has been closed and its main front gates locked, thereby leaving a campus of many empty buildings that are not being put to a productive use; and

Whereas, by Deed from the Commonwealth of Virginia, Department of Education, as Grantor, to the City of Hampton, Virginia, as Grantee, dated December 22, 2010, and recorded December 29, 2010, in the Clerk's Office of the Circuit Court of the City of Hampton, Virginia, as Instrument No. 100016560, the Commonwealth conveyed all of the properties comprising the campus of said school to the City of Hampton, with the exception, however, of the original 25.11-acre tract; and

Whereas, the Old Dominion Land Company was dissolved by Order of the Virginia State Corporation Commission, said Order being entered in its Judicial Order Book No. 37 (1948-1949), at page 371, which Order Book is on file at the Virginia State Library and Archives; and

Whereas, as a part of the process of winding up its affairs, and pursuant to a resolution adopted at a special meeting of stockholders of the Old Dominion Land Company held on October 29, 1947, the said Old Dominion Land Company granted, conveyed, quitclaimed and released, with Special Warranty of Title, unto J.M. Dozier, Jr., and D.C. Curtis, Trustees, "all unsold real estate or any rights or interests in any real estate or any real estate title to which might hereafter revert to the said corporation....," which was accomplished by Deed dated December 8, 1948, and recorded April 16, 1952, in the Circuit Court (formerly Corporation Court) of the City of Newport News, Virginia, in Deed Book 273, page 218; and

Whereas, the Attorney General's Office has opined that the title originally acquired by the school's Board of Visitors (i.e., by the Commonwealth) was a fee simple determinable under which the Commonwealth's title terminated upon closure of the said school in Hampton, with title reverting to the Old Dominion Land Company, its successors and assigns, and that, even if the title did not automatically revert, it was subject to being divested through the exercise of a right of entry by the dissolved corporation's trustees, or by their successor substitute trustee or trustees, for a material breach of an express condition subsequent as set forth in the 1908 Deed, the conveyance in said 1908 Deed having been made on the condition that the school's Board of Visitors (i.e., the Commonwealth) conduct and forever maintain on the 25.11-acre tract of land the school as comprehended by the said 1906 Act of the General Assembly "for the sole and specific uses of said school only"; and

Whereas, the Trustees named in said December 8, 1948, Deed are both deceased, which will necessitate the appointment of a substitute trustee or substitute trustees; and  
Whereas, the original 25.11-acre portion of the school's campus, the title to which has reverted, needs to be returned to a productive use that will require the administration and disposition of the said 25.11 acres, more or less, by a substitute trustee or substitute

trustees in a manner that complies with the December 8, 1948, Deed from the Old Dominion Land Company; and

Whereas, (i) for purposes of establishing of record in the City of Hampton Circuit Court that the Hampton School for the Deaf, Blind and Multi-Disabled has been permanently closed; (ii) for purposes of evidencing by recorded instrument that the Commonwealth considers that title to said 25.11-acre, more or less, tract of land has reverted and that any interest or claims of the Commonwealth have been granted, conveyed, released, and quitclaimed to a duly appointed substitute trustee or substitute trustees as successor or successors in interest to the trustees named in the said Deed from the Old Dominion Land Company (which is now a dissolved Virginia corporation), dated December 8, 1948, and recorded April 16, 1952; (iii) to minimize or eliminate any need for a suit to quiet title; and (iv) to otherwise facilitate the subsequent transfer of title to the 25.11 acres, more or less, by the substitute trustee or substitute trustees, the Department of General Services, on behalf of the Commonwealth and its Department of Education, should have the authority to grant, convey, remise, and quitclaim, without warranty, unto any successor trustee or successor trustees appointed under the said December 8, 1948, Deed from the Old Dominion Land Company, all of the Commonwealth's right, title, and interest, if any, in and to, and to release any claims upon, the said 25.11-acre, more or less, tract of land conveyed to the Commonwealth (i.e., to The Board of Visitors of Virginia State School for Colored Deaf and Blind Children) by the said July 31, 1908, Deed; now, therefore,

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. That the Department of General Services, on behalf of the Department of Education and the Commonwealth of Virginia, with the approval of the Governor, is hereby authorized to grant, convey, remise, and quitclaim, without warranty, unto the substitute trustee or to those substitute trustees duly appointed in accordance with applicable law to act in the place and stead of the two now deceased trustees (J.M. Dozier, Jr., and D.C. Curtis) named in that certain Deed from the Old Dominion Land Company, dated December 8, 1948, and recorded April 16, 1952, in the Circuit Court (formerly Corporation Court) of the City of Newport News, Virginia, in Deed Book 273, page 218, all of the Commonwealth's right, title, and interest, if any, in and to, and to release any claims upon, that certain 25.11-acre, more or less, tract of land, as described in that certain Deed from the Old Dominion Land Company to The Board of Visitors of Virginia State School for Colored Deaf and Blind Children, dated July 31, 1908, and recorded September 16,*

*1908, in the Clerk's Office of the Circuit Court of Elizabeth City County (now the City of Hampton), Virginia, in Deed Book 49, page 390, or as may be more particularly described by a current survey thereof. The form of the instrument (i.e., quitclaim deed) shall be approved by the Office of the Attorney General. It is recognized that this is not a conveyance of surplus property. There shall be no requirement for the payment of any monetary consideration in connection with any quitclaim deed made pursuant to this Act, and neither the Commonwealth nor its Department of General Services shall have any obligation to see to the disposition of said tract of land or to the application of any proceeds that may be obtained from any sale thereof.*

## **Chapter 556 Higher Educational Institutions Bond Act of 2012; created.**

An Act to authorize the issuance of bonds, in an amount not to exceed \$125,594,000 plus financing costs, pursuant to Article X, Section 9 (c) of the Constitution of Virginia, for paying costs of acquiring, constructing, and equipping revenue-producing capital projects at institutions of higher learning of the Commonwealth.

[\[S 31\]](#)

Approved April 4, 2012

Whereas, Article X, Section 9 (c) of the Constitution of Virginia provides that the General Assembly may authorize the creation of debt secured by a pledge of net revenues derived from rates, fees or other charges and the full faith and credit of the Commonwealth of Virginia, provided that such debt is created for specific revenue-producing capital projects, including their enlargement or improvement, at, among others, institutions of higher learning of the Commonwealth.

Whereas, in accordance with Article X, Section 9 (c) of the Constitution of Virginia the Governor has certified in writing, filed with the Auditor of Public Accounts, his opinion that the anticipated net revenues of each of the capital projects identified below to be pledged to the payment of the principal of and the interest on that portion of such debt issued for each such project will be sufficient to meet such payments as the same become due and to provide such reserves as may be required by law and that each of

the capital projects complies with the requirements of Article X, Section 9 (c) of the Constitution of Virginia; now, therefore,

The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding thirty years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.*

*The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.*

*In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time, and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series .....".*

*§ 6. Sources for payment of expenses.*

*All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.*

*§ 7. Revenues.*

*The institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.*

*§ 8. Investments and contracts.*

*A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.*

*B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include without limitation, contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this paragraph may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.*

*C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with paragraph A of this section and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to paragraph B of this section.*

*§ 9. Security for bonds and BANs.*

*The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.*

*§ 10. Exemption of interest from tax.*

*The bonds and BANs issued under the provisions of this Act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.*

**§ 11. Refunding bonds and BANs.**

*The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.*

**§ 12. Defeasance.**

*Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.*

**§ 13. Severability.**

*The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.*

The Board shall provide for an inactive license for those dental hygienists who hold a current, unrestricted license to practice in the Commonwealth at the time of application for an inactive license and who do not wish to practice in Virginia. ARTICLE I

BILL OF RIGHTS

Section 11. Due process of law; obligation of contracts; taking *or damaging* of private property; prohibited discrimination; jury trial in civil cases.

That no person shall be deprived of his life, liberty, or property without due process of law; that the General Assembly shall not pass any law impairing the obligation of contracts, nor any law whereby private property shall be taken or damaged for public uses, without just compensation, the term "public uses" to be defined by the General Assembly; and that the right to be free from any governmental discrimination upon the basis of religious conviction, race, color, sex, or national origin shall not be abridged, except that the mere separation of the sexes shall not be considered discrimination. The ballots shall be prepared, distributed and voted, and the results of the election shall be ascertained and certified, in the manner prescribed by § [24.2-684](#) of the Code of Virginia. The State Board of Elections shall comply with § [30-19.9](#) of the Code and shall

§ 13. The principal of and the interest on revenue bonds issued under the provisions of this act shall be payable solely from the funds therein provided for such payment. The bonds of each issue shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Commission, *shall bear interest at such time or times and at such rate or rates as may be determined by the Commission,* and may be made redeemable before maturity, at the option of the Commission, at such price or prices and under such terms and conditions as may be fixed by the Commission prior to the issuance of the bonds. The Commission shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bond may bear the facsimile signature of, or may be signed by, such person or persons as at the actual time of the execution of such bond shall be the proper officer or officers to sign such bond although at the date of such bond such person or persons may not have been such officer or officers. The bonds may be issued in coupon or in registered form, or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the District, ~~but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six percent per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of~~

~~bond values excluding, however, from such computation, the amount of any premium to be paid on the redemption of any bonds prior to maturity.~~

§ 21. In the discretion of the Commission the revenue bonds of any issue may be secured by a trust agreement by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Any such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received, but shall not convey or mortgage any sewage disposal system or sewer improvements or any part thereof. Any such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the acquisition of property and the construction, improvement, extension, enlargement, reconstruction, maintenance, equipment, repair, operation and insurance of the properties of the District, and the custody, safeguarding and application of all moneys. Any such trust agreement may provide for or permit the issuance of additional bonds from time to time for the further extension of the sewerage system. *If the Commission issues bonds that may be tendered for purchase by the holders thereof, any such trust agreement may provide that, for all purposes of the laws of the Commonwealth, the indebtedness of the District evidenced by such bonds shall not be deemed extinguished upon the purchase thereof by the District unless such bonds are delivered by the District to the trustee under such trust agreement with written instructions to cancel such bonds.* It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement or resolution may be treated as a part of the cost of operation.

No such trust agreement or resolution need be filed or recorded except in the records of the Commission.

§ 40. No county, city, town or other political subdivision or person or corporation, public or private, shall discharge, or suffer to be discharged, directly or indirectly into any waters within the District any sewage, industrial wastes or other refuse which may or will

cause or contribute to pollution of any such waters. No county, city, town or other political subdivision or person or corporation, public or private, shall discharge, or suffer to be discharged, directly or indirectly, into any sewage disposal system or any other facilities of or provided by the Commission, any matter or thing which is or may be injurious or deleterious to such sewage disposal system or other facilities. No county, city, town or other political subdivision or person or corporation, public or private, shall plan, construct or place in service any new sewer improvement in the District which will or may thereafter be served by the Commission's sewerage system and which will or may thereafter, in the opinion of the Commission, cause overloading of the sewerage system or the entrance into the sewerage system of excessive ground or surface water or other matter or thing which is injurious or deleterious to the sewerage system. In order to carry out the provisions of this paragraph every county, city, town or other political subdivision or person or corporation, public or private, if requested by the Commission to do so, shall furnish to the Commission plans and specifications for such sewer improvements and shall provide access for Commission inspection of all new sewer construction work as it proceeds and of all construction records and materials used. In addition to other powers granted the Commission, it shall have the right to refuse service to any new sewer extension or improvement constructed or operated in violation of this paragraph.

## **Chapter 609 Claims; Melissa Scianna.**

An Act for the relief of Melissa Scianna.

[\[S 2\]](#)

Approved April 4, 2012

Whereas, Melissa Scianna (Ms. Scianna) resides at 14441 Rosebud Road, Chesterfield, Virginia also known as Lot 13, block I, Section E of the Physic Hill Subdivision; and  
Whereas, on or about November 26, 2001, the previous owner of the property requested a certification letter from the local health department (LHD) to install a conventional system to serve a three-bedroom house; and

Whereas, after the completion of a soil evaluation summary, the LHD issued a certification letter for a four-bedroom house on or about March 22, 2002; and

Whereas, a construction permit was subsequently issued to install a sewage system to serve a four-bedroom house; and

Whereas, on August 26, 2003, the LHD approved the installation of a substitute sewage system and issued an operation permit to use the sewage system; and

Whereas, on January 15, 2004, the LHD received a complaint that the sewage system had failed; and

Whereas, after inspection the LHD issued a Notice of Violation to the owner; and

Whereas, on March 15, 2004, the LHD approved repairs that were made and the system returned to normal function; and

Whereas, at some time subsequent to the approval, Ms. Scianna purchased the property; and

Whereas, on April 4, 2008, Ms. Scianna applied for a repair permit for the system, and on May 22, 2008, after an inspection, the LHD issued a Notice of Violation; and

Whereas, on April 30, 2008, the LHD confirmed that the sewage system for the property was failing; and

Whereas, on May 22, 2008, the LHD denied a conventional system repair based on "insufficient area of suitable soil for conventional drainfield and insufficient depth of suitable soil for conventional drainfield"; and

Whereas, on April 30, 2008, Ms. Scianna applied for a second repair permit, which was approved by the LHD on April 26, 2008; and

Whereas, on or about May 14, 2009, Ms. Scianna filed a claim with the State Health Department seeking under the Onsite Sewage Indemnification Fund (the Fund) the amount of \$19,299.06 to cover the costs of repairing the system; and

Whereas, as a part of her claim, Ms. Scianna included documentation asserting that financial hardship prevented her from repairing the sewage system; and

Whereas, § [32.1-164.1:01](#), in pertinent part, authorizes payment of a claim from the Fund if the system or components of the system fail within three years of the construction and the claim for recovery is filed within one year of the date that the system failed; and

Whereas, by letter dated February 24, 2010, Ms. Scianna was informed by the Department that the claim was denied because (i) the system failed over four years from the time that the system was returned to normal function under the previous owner and was therefore beyond the three-year time limit and (ii) her claim for recovery was filed approximately 13 months after she had submitted the application for the repair of the failed system; and

Whereas, Melissa Scianna has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. That there shall be paid for the relief of Melissa Scianna from the Onsite Sewage Indemnification Fund, upon execution of a release of all claims she may have against the Commonwealth or any agency, instrumentality, officer, employee, or political subdivision in connection with the aforesaid occurrence, an amount equivalent to the actual cost to design and install an onsite sewage system in accordance with Board of Health regulations, with such amount not to exceed the amount specified by subsection E of § [32.1-164.1:01](#) and to be paid by check issued by the State Treasurer on warrant of the Comptroller, as follows:*

Whereas, the deed of conveyance perpetually limited the use of the Park Property to outdoor recreation or education of the general public or for open-space protection, which restrictions may only be extinguished with judicial approval; and

Whereas, the Park Property borders a 100-acre parcel of the Habitat Property owned by Southwood Charlottesville, LLC, a wholly owned subsidiary of Habitat for Humanity of Greater Charlottesville (Habitat); and

Whereas, a portion of the Habitat Property may have significant conservation value pending the outcome of site analysis by the Department, and may enhance the Park Property by providing a natural buffer area for the Park Property, watershed protection, or additional recreational opportunities; and

Whereas, a portion of the Park Property, if transferred to Habitat, can enhance the efficient utilization of the Habitat Property and provide some community amenities that would not be permitted in the Park; and

Whereas, both the Department and Habitat are interested in facilitating the orderly redevelopment of the Habitat Property in a manner consistent with the Albemarle County Comprehensive Plan and the findings of the County of Albemarle Community Recreational Facilities, Needs Assessment Study; and

Whereas, Albemarle County has, by resolution, expressed its interest in facilitating said redevelopment and the improvement of the natural buffers between the Habitat Property and the Park Property; now, therefore,

*§ 2. The boundaries of such parcel shall be approved by the Director of the Department of General Services. The Virginia Department of Transportation shall review and concur that the property received under this § 2 complies with all applicable federal requirements for conversion of property acquired with federal funds.*

This exemption shall be applicable only so long as such policies and procedures, or other policies or procedures meeting the requirements of § [2.2-4300](#), remain in effect in such school division. This provision shall not exempt any school division from any centralized purchasing ordinance duly adopted by a local governing body.

12. Notwithstanding the exemptions set forth in subdivisions 9 through 11, the provisions of subsections C and D of § [2.2-4303](#), and §§ [2.2-4305](#), [2.2-4308](#), [2.2-4311](#), [2.2-4315](#), [2.2-4317](#), [2.2-4330](#), [2.2-4333](#) through [2.2-4338](#), [2.2-4343.1](#), and [2.2-4367](#) through [2.2-4377](#) shall apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500 in the Commonwealth.

cost of the professional service is expected to exceed ~~\$50,000~~ \$60,000 in the aggregate or for the sum of all phases of a contract or project. For procurements where the cost of the professional service is not expected to exceed \$50,000 in the aggregate or for the sum of all phases of a contract or project, subsection H of § [2.2-4303](#) shall apply. A school board that makes purchases through its public school foundation or purchases educational technology through its educational technology foundation, either as may be established pursuant to § [22.1-212.2:2](#) shall be exempt from the provisions of this chapter, except, relative to such purchases, the school board shall comply with the provisions of §§ [2.2-4311](#) and [2.2-4367](#) through [2.2-4377](#).

13. A public body that is also a utility operator may purchase services through or participate in contracts awarded by one or more utility operators that are not public bodies for utility marking services as required by the Underground Utility Damage Prevention Act (§ [56-265.14](#) et seq.). A purchase of services under this subdivision may deviate from the procurement procedures set forth in this chapter upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, and the contract is awarded based on competitive principles.

14. Procurement of any construction or planning and design services for construction by a Virginia nonprofit corporation or organization not otherwise specifically exempted when (i) the planning, design or construction is funded by state appropriations of \$10,000 or less or (ii) the Virginia nonprofit corporation or organization is obligated to conform to procurement procedures that are established by federal statutes or regulations, whether those federal procedures are in conformance with the provisions of this chapter.

15. Purchases, exchanges, gifts or sales by the Citizens' Advisory Council on Furnishing and Interpreting the Executive Mansion.

16. The Eastern Virginia Medical School in the selection of services related to the management and investment of its endowment and other institutional funds. 18. The Board of the Chippokes Plantation Farm Foundation in entering into agreements with persons for the construction, operation, and maintenance of projects consistent with the Chippokes Plantation State Park Master Plan approved by the Director of the Department of Conservation and Recreation pursuant to the requirements of § [10.1-200.1](#) and

designed to further an appreciation for rural living and the contributions of the agricultural, forestry, and natural resource based industries of the Commonwealth, provided such projects are supported solely by private or nonstate funding.

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of this chapter in conflict with the conditions of the grant or contract.

part thereof, by the government of the United States for the use by the government of such land for aviation, mail delivery or other aviation purposes upon nominal or other rental or without consideration; provided that such lease to an individual or corporation or to the government of the United States shall not be of any force, effect or validity until the same shall be approved by the Department *the political subdivision or privately owned, licensed public use airport certifies that the lease meets the terms and provisions of any and all state and federal grants.*

§ [15.2-968.1](#). Use of photo-monitoring systems to enforce traffic light signals.

A. The governing body of any county, city, or town may provide by ordinance for the establishment of a traffic signal enforcement program imposing monetary liability on the operator of a motor vehicle for failure to comply with traffic light signals in such locality in accordance with the provisions of this section. Each such locality may install and operate traffic light signal photo-monitoring systems at no more than one intersection for every 10,000 residents within each county, city, or town at any one time, provided, however, that within planning District 8, each such locality may install and operate traffic light signal photo-monitoring systems at no more than 10 intersections, or at no more than one intersection for every 10,000 residents within each county, city, or town, whichever is greater, at any one time.

B. The operator of a vehicle shall be liable for a monetary penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a traffic light signal violation monitoring system, to have failed to comply with a traffic light signal within such locality.

C. Proof of a violation of this section shall be evidenced by information obtained from a traffic light signal violation monitoring system authorized pursuant to this section. A certificate, sworn to or affirmed by a law-enforcement officer employed by a locality authorized to impose penalties pursuant to this section, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a traffic light signal violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to an ordinance adopted pursuant to this section.

D. In the prosecution for a violation of any local ordinance adopted as provided in this section, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of such ordinance, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle,

shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

E. For purposes of this section, "owner" means the registered owner of such vehicle on record with the Department of Motor Vehicles. For purposes of this section, "traffic light signal violation monitoring system" means a vehicle sensor installed to work in conjunction with a traffic light that automatically produces two or more photographs, two or more microphotographs, video, or other recorded images of each vehicle at the time it is used or operated in violation of § [46.2-833](#), [46.2-835](#), or [46.2-836](#). For each such vehicle, at least one recorded image shall be of the vehicle before it has illegally entered the intersection, and at least one recorded image shall be of the same vehicle after it has illegally entered that intersection.

F. Imposition of a penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. No monetary penalty imposed under this section shall exceed \$50, nor shall it include court costs.

G. A summons for a violation of this section may be executed pursuant to § [19.2-76.2](#). Notwithstanding the provisions of § [19.2-76](#), a summons for a violation of this section may be executed by mailing by first class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of the Department of Motor Vehicles; in the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection D and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall

be executed in the manner set out in § [19.2-76.3](#). No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for a violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a traffic light signal violation monitoring system in connection with the violation.

H. Information collected by a traffic light signal violation monitoring system installed and operated pursuant to subsection A shall be limited exclusively to that information that is necessary for the enforcement of traffic light violations. On behalf of a locality, a private entity that operates a traffic light signal violation monitoring system may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § [46.2-208](#), to obtain vehicle owner information regarding the registered owners of vehicles that fail to comply with a traffic light signal. Information provided to the operator of a traffic light signal violation monitoring system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system, and used only for enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other personal information collected by a traffic light signal violation monitoring system shall be used exclusively for enforcing traffic light violations and shall not (i) be open to the public; (ii) be sold or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the enforcement of a traffic light violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of § [46.2-833](#), [46.2-835](#), or [46.2-836](#) or requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. If a locality does not execute a summons for a violation of this section within 10 business days, all information collected pertaining to that suspected violation shall be purged within two business days. Any locality operating a traffic light signal violation monitoring system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000 per disclosure. Any unauthorized use or disclosure of such personal

information shall be grounds for termination of the agreement between the Department of Motor Vehicles and the private entity.

I. A private entity may enter into an agreement with a locality to be compensated for providing the traffic light signal violation monitoring system or equipment, and all related support services, to include consulting, operations and administration. However, only a law-enforcement officer employed by a locality may swear to or affirm the certificate required by subsection C. No locality shall enter into an agreement for compensation based on the number of violations or monetary penalties imposed.

J. When selecting potential intersections for a traffic light signal violation monitoring system, a locality shall consider factors such as (i) the accident rate for the intersection, (ii) the rate of red light violations occurring at the intersection (number of violations per number of vehicles), (iii) the difficulty experienced by law-enforcement officers in patrol cars or on foot in apprehending violators, and (iv) the ability of law-enforcement officers to apprehend violators safely within a reasonable distance from the violation. Localities may consider the risk to pedestrians as a factor, if applicable. ~~A locality shall submit a list of intersections to the Virginia Department of Transportation for final approval.~~

K. Before the implementation of a traffic light signal violation monitoring system at an intersection, the locality shall complete an engineering safety analysis that addresses signal timing and other location-specific safety features. The length of the yellow phase shall be established based on the recommended methodology of the Institute of Transportation Engineers. All traffic light signal violation monitoring systems shall provide a minimum 0.5-second grace period between the time the signal turns red and the time the first violation is recorded. If recommended by the engineering safety analysis, the locality shall make reasonable location-specific safety improvements, including signs and pavement markings.

L. Any locality that uses a traffic light signal violation monitoring system shall evaluate the system on a monthly basis to ensure all cameras and traffic signals are functioning properly. Evaluation results shall be made available to the public.

M. Any locality that uses a traffic light signal violation monitoring system to enforce traffic light signals shall place conspicuous signs within 500 feet of the intersection approach at which a traffic light signal violation monitoring system is used. There shall be a rebuttable presumption that such signs were in place at the time of the commission of the traffic light signal violation.

N. Prior to or coincident with the implementation or expansion of a traffic light signal violation monitoring system, a locality shall conduct a public awareness program, advising

the public that the locality is implementing or expanding a traffic light signal violation monitoring system.

O. Notwithstanding any other provision of this section, if a vehicle depicted in images recorded by a traffic light signal photo-monitoring system is owned, leased, or rented by a county, city, or town, then the county, city, or town may access and use the recorded images and associated information for employee disciplinary purposes.

§ [15.2-1643](#). Circuit courts to order court facilities to be repaired.

A. When it appears to the circuit court for any county or city, from the report of persons appointed to examine the court facilities, or otherwise, that the court facilities of such county or city are insecure, out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, the court shall enter an order, in the name and on behalf of the Commonwealth against the supervisors of the county, or the members of the council of the city, as the case may be, to show cause why a mandamus should not issue, commanding them to cause the court facilities of such county or city to be made secure, or put in good repair, or rendered otherwise safe as the case may be, and to proceed as in other cases of mandamus, to cause the necessary work to be done. The court shall cause a copy of such order to be served upon each supervisor or member of the council, as the case may be.

B. Upon the entry of such order, as provided in subsection A hereof, the chief judge of the circuit shall forthwith notify the Chief Justice of the Supreme Court of the entry thereof. Upon receipt of the notice, the Chief Justice shall assign a judge of a circuit remote from the circuit wherein the repairs are alleged to be necessary to hear and determine whether, after consideration of such matters as set forth in subdivisions 1 through 4 ~~of this subsection~~, the court facilities are in fact insecure or out of repair or otherwise pose a danger to the health, welfare and safety of court employees or the public and the extent to which repairs, if any, are necessary.

Before a mandamus is issued, if the concerned governing body elects, or if the pleadings allege that the court facilities are in fact insecure or out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, ~~orthat areplacement oradditionalcourthousemaybeneeded~~, the local governing body shall appoint a five-member panel, three of whom shall be qualified by training and experience as either an architect or a professional engineer, not representing the same firms, to review the court facilities in question and make recommendations to the local governing body and circuit court judge assigned by the Chief Justice concerning the construction or repairs deemed necessary.

In making their recommendations, the panel shall consider matters such as, but not limited to, the following:

1. Security provisions to safeguard court personnel, participants and the public;
2. Efficient layout and circulation patterns to maximize public access, promote efficient operations, and accommodate the diverse users;
3. Provision of administrative and service areas, judges' chambers, hearing rooms, conference rooms, prison holding areas, and public information areas; and
4. Comfort, safety and obsolescence of the existing facility or any part thereof.

The existing facilities shall be considered in relationship to their location and the extent of their use, and their failure to meet any of these general considerations shall not necessarily be deemed a cause for determining them inadequate.

In making their recommendations, the panel may consult recognized national standard works in the field.

All costs, fees and expenses of the five-member panel, after approval by the local governing body, shall be paid by the county or city that appointed the panel.

C. If, after hearing, the court finds that the court facilities are not insecure or out of repair or otherwise unsafe, or having been in such condition, that the necessary repairs have been made, the court shall vacate the order. If the court finds that the court facilities are insecure or out of repair or otherwise unsafe, it shall issue its mandamus as provided in subsection A. ~~No mandamus shall require a county or city to erect a replacement or additional courthouse unless such replacement or additional courthouse has been recommended by the panel appointed pursuant to the provisions of subsection B.~~

D. Appeals shall be allowed to the Supreme Court of Virginia as appeals from courts of equity are allowed.

*E. Nothing in this section shall be construed to authorize a circuit court to require that an additional or replacement courthouse be constructed.*

§ [15.2-2223.1](#). Comprehensive plan to include urban development areas.

A. For purposes of this section:

"Commercial" means property devoted to usual and customary business purposes for the sale of goods and services and includes, but is not limited to, retail operations, hotels, motels and offices. "Commercial" does not include residential dwelling units, including apartments and condominiums, or agricultural or forestal production, or manufacturing, processing, assembling, storing, warehousing, or distributing.

"Commission" means the Commission on Local Government.

"Developable acreage," solely for the purposes of calculating density within the urban development area, means land that is not included in (i) existing parks, rights-of-way of

arterial and collector streets, railways, and public utilities and (ii) other existing public lands and facilities.

"Population growth" means the difference in population from the next-to-latest to the latest decennial census year, based on population reported by the United States Bureau of the Census. In computing its population growth, a locality may exclude the inmate population of any new or expanded correctional facility that opened within the time period between the two censuses.

"Urban development area" means an area designated by a locality that is (i) appropriate for higher density development due to its proximity to transportation facilities, the availability of a public or community water and sewer system, or a developed area and (ii) to the extent feasible, to be used for redevelopment or infill development.

B. Every locality that has adopted zoning pursuant to Article 7 (§ [15.2-2280](#) et seq.) ~~of this chapter~~ and that (i) has a population of at least 20,000 and population growth of at least five percent or (ii) has population growth of 15 percent or more, shall, and any locality may, amend its comprehensive plan to incorporate one or more urban development areas.

1. The comprehensive plan of a locality having a population of less than 130,000 persons shall provide for urban development areas that are appropriate for development at a density on the developable acreage of at least four single-family residences, six townhouses, or 12 apartments, condominium units, or cooperative units per acre, and an authorized floor area ratio of at least 0.4 per acre for commercial development, or any proportional combination thereof.

2. The comprehensive plan of a locality having a population of 130,000 or more persons shall provide for urban development areas that are appropriate for development at a density on the developable acreage of at least eight single-family residences, 12 townhouses, or 24 apartments, condominium units, or cooperative units per acre, and an authorized floor area ratio of at least 0.8 per acre for commercial development, or any proportional combination thereof.

3. The urban development areas designated by a locality shall be sufficient to meet projected residential and commercial growth in the locality for an ensuing period of at least 10 but not more than 20 years, which may include phasing of development within the urban development areas. Where an urban development area in a county with the urban county executive form of government includes planned or existing rail transit, the planning horizon may be for an ensuing period of at least 10 but not more than 40 years.

Future residential and commercial growth shall be based on official estimates of either the Weldon Cooper Center for Public Service of the University of Virginia, the Virginia

Employment Commission, the United States Bureau of the Census, or other official government projections required for federal transportation planning purposes.

4. The boundaries and size of each urban development area shall be reexamined and, if necessary, revised every five years in conjunction with the review of the comprehensive plan and in accordance with the most recent available population growth estimates and projections.

5. The boundaries of each urban development area shall be identified in the locality's comprehensive plan and shall be shown on future land use maps contained in such comprehensive plan.

6. The comprehensive plan shall incorporate principles of traditional neighborhood design in the urban development area, which may include but need not be limited to (i) pedestrian-friendly road design, (ii) interconnection of new local streets with existing local streets and roads, (iii) connectivity of road and pedestrian networks, (iv) preservation of natural areas, (v) mixed-use neighborhoods, including mixed housing types, with affordable housing to meet the projected family income distributions of future residential growth, (vi) reduction of front and side yard building setbacks, and (vii) reduction of subdivision street widths and turning radii at subdivision street intersections.

7. The comprehensive plan shall describe any financial and other incentives for development in the urban development areas.

8. A portion of one or more urban development areas shall be designated as a receiving area for any transfer of development rights program established by the locality.

C. No locality that has amended its comprehensive plan in accordance with this section shall limit or prohibit development pursuant to existing zoning or shall refuse to consider any application for rezoning based solely on the fact that the property is located outside the urban development area.

D. Any locality that would be required to amend its plan pursuant to subsection B that determines that its plan accommodates growth in a manner consistent with subsection B, upon adoption of a resolution describing such accommodation and describing any financial and other incentives for development in the areas that accommodate such growth, shall not be required to further amend its plan pursuant to subsection B. Any locality that has adopted a resolution certifying compliance with subsection B prior to February 1, 2010, shall not be required to comply with this subsection until review of the locality's comprehensive plan as provided for in provision 4 of subsection B.

E. Localities shall consult with adjacent localities, as well as the relevant planning district commission and metropolitan planning organization, in establishing the appropriate

size and location of urban development areas to promote orderly and efficient development of their region.

F. Any county that amends its comprehensive plan pursuant to subsection B may designate one or more urban development areas in any incorporated town within such county, if the council of the town has also amended its comprehensive plan to designate the same areas as urban development areas with at least the same density designated by the county. However, if a town has established an urban development area within its corporate boundaries, the county within which the town is located shall not include the town's projected population and commercial growth when initially determining or reexamining the size and boundary of any other urban development area within the county.

G. To the extent possible, federal, state and local transportation, housing, water and sewer facility, economic development, and other public infrastructure funding for new and expanded facilities shall be directed to the urban development area, or in the case of a locality that adopts a resolution pursuant to subsection D, to the area that accommodates growth in a manner consistent with this section.

~~H. Documents describing all urban development area designations, as well as any resolution adopted pursuant to subsection D, together with associated written policies, zoning provisions and other ordinances, and the capital improvement program shall be forwarded, electronically or by other means, to the Commission within 90 days of the adoption or amendment of comprehensive plans and other written policies, zoning provisions and other ordinances. The Commission shall annually report to the Governor and General Assembly the overall compliance with this section including densities achieved within each urban development area. Before preparing the initial report, the Commission shall develop an appropriate format in concert with the relevant planning district commission. Other than the documents, policies, zoning provisions and other ordinances, resolutions, and the capital improvement program forwarded by the locality, the Commission shall not impose an additional administrative burden on localities in preparing the annual report required by this subsection.~~

I. Any locality that becomes subject to provision 2 of subsection B shall have until July 1, 2012, to amend its comprehensive plan in accordance with this section.

J. Any locality that becomes subject to this section due to population growth shall have two years following the report of the United States Bureau of the Census made pursuant to P.L. 94-171 to amend its comprehensive plan in accordance with this section.

§ [22.1-18.1](#). Annual report on gifted education required; local advisory committee on gifted education.

A school board shall comply with Board regulations governing gifted education relative to the use of multiple criteria for the identification of gifted students.

With such funds as may be appropriated for this purpose, the Department of Education shall conduct an annual review of all local gifted education programs, on such date as it may determine, to ensure full implementation and compliance with federal and state laws and regulations governing gifted education. The Department may conduct the review as an on-site observation or require certification of compliance from the division superintendent.

§ [22.1-92](#). Estimate of moneys needed for public schools; notice of costs to be distributed.

A. It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division, by the date specified in § [15.2-2503](#), the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division. The estimate shall set up the amount of money deemed to be needed for each major classification prescribed by the Board of Education and such other headings or items as may be necessary.

Upon preparing the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division, each division superintendent shall also prepare and distribute, within a reasonable time as prescribed by the Board of Education, notification of the estimated average per pupil cost for public education in the school division for the coming school year ~~to each parent,~~ guardian, or other person having control or charge of a child enrolled in the relevant school division; in accordance with the budget estimates provided to the local governing body or bodies. Such notification shall also include actual per pupil state and local education expenditures for the previous school year. The notice may also include federal funds expended for public education in the school division.

The notice shall be made available in a form provided by the Department of Education and shall be published on the school division's website or in hard copy upon request. To promote uniformity and allow for comparisons, the Department of Education shall develop a form for this notice and distribute such form to the school divisions for publication.

B. Before any school board gives final approval to its budget for submission to the governing body, the school board shall hold at least one public hearing to receive the views of citizens within the school division. A school board shall cause public notice to be given at least ~~ten~~ 10 days prior to any hearing by publication in a newspaper having a general circulation within the school division. The passage of the budget by the local government shall be conclusive evidence of compliance with the requirements of this section.

§ [22.1-129](#). Surplus property; sale, exchange or lease of real and personal property.

A. Whenever a school board determines that it has no use for some of its real property, the school board may sell such property and may retain all or a portion of the proceeds of such sale upon approval of the local governing body and after the school board has held a public hearing on such sale and retention of proceeds, or may convey the title to such real property to the county or city or town comprising the school division or, if the school division is composed of more than one county or city, to the county or city in which the property is located. To convey the title, the school board shall adopt a resolution that such real property is surplus and shall record such resolution along with the deed to the property with the clerk of the circuit court for the county or city where such property is located. Upon the recording of the resolution and the deed, the title shall vest in the appropriate county, city or town.

~~If a school board sells surplus real property, a capital improvement fund shall be established by such school board and the proceeds of such sale retained by the school board shall accrue to such capital improvement fund. The capital improvement fund shall only be used for new school construction, school renovation, and major school maintenance projects.~~

B. A school board shall have the power to exchange real and personal property, to lease real and personal property either as lessor or lessee, to grant easements on real property, to convey real property in trust to secure loans, to convey real property to adjust the boundaries of the property and to sell personal property in such manner and upon such terms as it deems proper. As lessee of real property, a school board shall have the power to expend funds for capital repairs and improvements on such property, if the lease is for a term equal to or longer than the useful life of such repairs or improvements.

C. Notwithstanding the provisions of subsections A and B, a school board shall have the power to sell career and technical education projects and associated land pursuant to [§ 22.1-234](#).

Notwithstanding the provisions of subsections A and B, a school board of the City of Virginia Beach shall have the power to sell property to the Virginia Department of Transportation or the Commissioner of Highways when the Commissioner has determined that (i) such conveyance is necessary and (ii) when eminent domain has been authorized for the construction, reconstruction, alteration, maintenance, and repair of the public highways of the Commonwealth, and for all other purposes incidental thereto, including, but not limited to, the relocation of public utilities as may be required.

D. School boards may donate obsolete educational technology hardware and software that is being replaced pursuant to subdivision B 4 of [§ 22.1-199.1](#). In the case of operating boards, the Department may, notwithstanding any provision of law to the contrary, disburse state and federal funds appropriated to it for mental health, mental retardation, or substance abuse services directly to the operating board, when that operating board is authorized by the governing body of each city or county that established it to receive such funds. B. Any community services board may apply for the assistance provided in this chapter by submitting annually to the Department its proposed performance contract ~~for the next fiscal year~~ together with (i) the approval of its board of directors for operating and administrative policy boards or the comments of the local government department's policy-advisory board and (ii) the approval of the contract by formal vote of the governing body of each city or county that established it. The community services board shall make its proposed performance contract available for public review and solicit public comments for a period of 30 days prior to submitting its proposed contract for the approval of its board of directors for operating and administrative policy boards or the comments of

the local government department's policy-advisory board. To avoid disruptions in service continuity and allow sufficient time to complete public review and comment about the contract and negotiation and approval of the contract, the Department may provide ~~upto~~<sup>six</sup> semi-monthly payments of state-controlled funds to the community services board. If the governing body of each city or county does not approve the proposed performance contract by September 30 of each year, the performance contract shall be deemed approved *or renewed*.

The Department may provide for performance monitoring in order to determine whether the community services boards are in substantial compliance with their performance contracts.

D. No community services board shall be eligible to receive state-controlled funds for mental health, mental retardation, or substance abuse services after September 30 of each year unless (i) its performance contract has been approved *or renewed* by the governing body of each city or county that established it and by the Department; (ii) it provides service, cost, revenue, and aggregate and individual consumer data and information, notwithstanding the provisions of § [37.2-400](#) or any regulations adopted thereunder, to the Department in the format prescribed by the Department; and (iii) it uses standardized cost accounting and financial management practices approved by the Department.

E. If, after unsuccessful use of a remediation process described in the performance contract, a community services board remains in substantial noncompliance with its

performance contract with the Department, the Department may, after affording the community services board an adequate opportunity to use the appeal process described in the performance contract, terminate all or a portion of the contract. Using the state-controlled resources associated with that contract, the Department, after consulting with the governing body of each city or county that established the board, may negotiate a performance contract with another board, a behavioral health authority, or a private nonprofit or for-profit organization or organizations to obtain services that were the subject of the terminated performance contract.

A. The provisions of this chapter shall not apply to:

1. The Virginia Port Authority in the exercise of any of its powers in accordance with Chapter 10 (§ [62.1-128](#) et seq.) of Title 62.1, provided the Authority implements, by policy or regulation adopted by the Board of Commissioners and approved by the Department of General Services, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.
2. The Virginia Retirement System for selection of services related to the management, purchase or sale of authorized investments, actuarial services, and disability determination services. Selection of these services shall be governed by the standard set forth in § [51.1-124.30](#).
3. The State Treasurer in the selection of investment management services related to the external management of funds shall be governed by the standard set forth in § [2.2-4514](#), and shall be subject to competitive guidelines and policies that are set by the Commonwealth Treasury Board and approved by the Department of General Services.
4. The Department of Social Services or local departments of social services for the acquisition of motor vehicles for sale or transfer to Temporary Assistance to Needy Families (TANF) recipients.
5. The College of William and Mary in Virginia, Virginia Commonwealth University, the University of Virginia, and Virginia Polytechnic Institute and State University in the selection of services related to the management and investment of their endowment funds, endowment income, gifts, all other nongeneral fund reserves and balances, or local funds of or held by the College or Universities pursuant to § [23-44.1](#), [23-50.10:01](#), [23-76.1](#), or [23-122.1](#). However, selection of these services shall be governed by the Uniform Prudent Management of Institutional Funds Act (§ [55-268.11](#) et seq.) as required by §§ [23-44.1](#), [23-50.10:01](#), [23-76.1](#), and [23-122.1](#).
6. The Board of the Virginia College Savings Plan for the selection of services related to the operation and administration of the Plan, including, but not limited to, contracts or

agreements for the management, purchase, or sale of authorized investments or actuarial, record keeping, or consulting services. However, such selection shall be governed by the standard set forth in § [23-38.80](#).

7. Public institutions of higher education for the purchase of items for resale at retail bookstores and similar retail outlets operated by such institutions. However, such purchase procedures shall provide for competition where practicable.

8. The purchase of goods and services by agencies of the legislative branch that may be specifically exempted therefrom by the Chairman of the Committee on Rules of either the House of Delegates or the Senate. Nor shall the contract review provisions of § [2.2-2011](#) apply to such procurements. The exemption shall be in writing and kept on file with the agency's disbursement records.

9. Any town with a population of less than 3,500, except as stipulated in the provisions of §§ [2.2-4305](#), [2.2-4308](#), [2.2-4311](#), [2.2-4315](#), [2.2-4330](#), [2.2-4333](#) through [2.2-4338](#), [2.2-4343.1](#), and [2.2-4367](#) through [2.2-4377](#).

10. Any county, city or town whose governing body has adopted, by ordinance or resolution, alternative policies and procedures which are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by such governing body and its agencies, except as stipulated in subdivision 12.

This exemption shall be applicable only so long as such policies and procedures, or other policies and procedures meeting the requirements of § [2.2-4300](#), remain in effect in such county, city or town. Such policies and standards may provide for incentive contracting that offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the locality when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

11. Any school division whose school board has adopted, by policy or regulation, alternative policies and procedures that are (i) based on competitive principles and (ii) generally applicable to procurement of goods and services by the school board, except as stipulated in subdivision 12.

This exemption shall be applicable only so long as such policies and procedures, or other policies or procedures meeting the requirements of § [2.2-4300](#), remain in effect in such school division. This provision shall not exempt any school division from any centralized purchasing ordinance duly adopted by a local governing body.

12. Notwithstanding the exemptions set forth in subdivisions 9 through 11, the provisions of subsections C and D of § [2.2-4303](#), and §§ [2.2-4305](#), [2.2-4308](#), [2.2-4311](#), [2.2-4315](#),

[2.2-4317](#), [2.2-4330](#), [2.2-4333](#) through [2.2-4338](#), [2.2-4343.1](#), and [2.2-4367](#) through [2.2-4377](#) shall apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500 in the Commonwealth.

The method for procurement of professional services set forth in subdivision 3 a of § [2.2-4301](#) in the definition of competitive negotiation shall also apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500, where the cost of the professional service is expected to exceed ~~\$50,000~~ [\\$60,000](#) in the aggregate or for the sum of all phases of a contract or project. ~~For procurements where the cost of the professional service is not expected to exceed \$50,000 in the aggregate or for the sum of all phases of a contract or project, subsection H of §~~ [2.2-4303](#) shall apply. A school board that makes purchases through its public school foundation or purchases educational technology through its educational technology foundation, either as may be established pursuant to § [22.1-212.2:2](#) shall be exempt from the provisions of this chapter, except, relative to such purchases, the school board shall comply with the provisions of §§ [2.2-4311](#) and [2.2-4367](#) through [2.2-4377](#).

13. A public body that is also a utility operator may purchase services through or participate in contracts awarded by one or more utility operators that are not public bodies for utility marking services as required by the Underground Utility Damage Prevention Act (§ [56-265.14](#) et seq.). A purchase of services under this subdivision may deviate from the procurement procedures set forth in this chapter upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, and the contract is awarded based on competitive principles.

14. Procurement of any construction or planning and design services for construction by a Virginia nonprofit corporation or organization not otherwise specifically exempted when (i) the planning, design or construction is funded by state appropriations of \$10,000 or less or (ii) the Virginia nonprofit corporation or organization is obligated to conform to procurement procedures that are established by federal statutes or regulations, whether those federal procedures are in conformance with the provisions of this chapter.

15. Purchases, exchanges, gifts or sales by the Citizens' Advisory Council on Furnishing and Interpreting the Executive Mansion.

16. The Eastern Virginia Medical School in the selection of services related to the management and investment of its endowment and other institutional funds. The selection of these services shall, however, be governed by the Uniform Prudent Management of Institutional Funds Act (§ [55-268.11](#) et seq.).

17. The Department of Corrections in the selection of pre-release and post-incarceration services.

18. The Board of the Chippokes Plantation Farm Foundation in entering into agreements with persons for the construction, operation, and maintenance of projects consistent with the Chippokes Plantation State Park Master Plan approved by the Director of the Department of Conservation and Recreation pursuant to the requirements of § [10.1-200.1](#) and designed to further an appreciation for rural living and the contributions of the agricultural, forestry, and natural resource based industries of the Commonwealth, provided such projects are supported solely by private or nonstate funding.

19. The University of Virginia Medical Center to the extent provided by subdivision B 3 of § [23-77.4](#).

20. The purchase of goods and services by a local governing body or any authority, board, department, instrumentality, institution, agency or other unit of state government when such purchases are made under a remedial plan established by the Governor pursuant to subsection C of § [2.2-4310](#) or by a chief administrative officer of a county, city or town pursuant to § [15.2-965.1](#).

21. The contract by community services boards or behavioral health authorities with an administrator or management body pursuant to a joint agreement authorized by § [37.2-512](#) or [37.2-615](#).

22. (Contingent expiration date, see note.) Procurement of any construction or planning and design services and contracts with or assigned to George Mason University by the corporation or other legal entity created by the board of visitors of George Mason University for the establishment and operation of the branch campus of George Mason University in the Republic of Korea, pursuant to § [23-91.29:1](#).

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of this chapter in conflict with the conditions of the grant or contract.

§ [5.1-40](#). Lease of land acquired; approval by Department.

Any ~~city, town or county~~ *political subdivision or privately owned, licensed public use airport* acquiring land under the provisions of this article may individually, or jointly where so

operated, lease the same, or any part thereof, to any individual or corporation desiring to use the same for the purpose of operating an airport or landing field, or for the purpose of landing or starting airplanes therefrom or for other aviation purposes, and on such terms and subject to such conditions and regulations as may be provided; and any ~~city, town or county~~ *political subdivision or privately owned, licensed public use airport* may enter into a contract in the form of a lease providing for the use of such land, or any part thereof, by the government of the United States for the use by the government of such land for aviation, mail delivery or other aviation purposes upon nominal or other rental or without consideration; provided that ~~such lease to an individual or corporation or to the government of the United States shall not be of any force, effect or validity until the same shall be approved by the Department~~ *the political subdivision or privately owned, licensed public use airport certifies that the lease meets the terms and provisions of any and all state and federal grants.*

§ [15.2-968.1](#). Use of photo-monitoring systems to enforce traffic light signals.

A. The governing body of any county, city, or town may provide by ordinance for the establishment of a traffic signal enforcement program imposing monetary liability on the operator of a motor vehicle for failure to comply with traffic light signals in such locality in accordance with the provisions of this section. Each such locality may install and operate traffic light signal photo-monitoring systems at no more than one intersection for every 10,000 residents within each county, city, or town at any one time, provided, however, that within planning District 8, each such locality may install and operate traffic light signal photo-monitoring systems at no more than 10 intersections, or at no more than one intersection for every 10,000 residents within each county, city, or town, whichever is greater, at any one time.

B. The operator of a vehicle shall be liable for a monetary penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a traffic light signal violation monitoring system, to have failed to comply with a traffic light signal within such locality.

C. Proof of a violation of this section shall be evidenced by information obtained from a traffic light signal violation monitoring system authorized pursuant to this section. A certificate, sworn to or affirmed by a law-enforcement officer employed by a locality authorized to impose penalties pursuant to this section, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a traffic light signal violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any

proceeding to adjudicate the liability for such violation pursuant to an ordinance adopted pursuant to this section.

D. In the prosecution for a violation of any local ordinance adopted as provided in this section, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of such ordinance, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of this section, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

E. For purposes of this section, "owner" means the registered owner of such vehicle on record with the Department of Motor Vehicles. For purposes of this section, "traffic light signal violation monitoring system" means a vehicle sensor installed to work in conjunction with a traffic light that automatically produces two or more photographs, two or more microphotographs, video, or other recorded images of each vehicle at the time it is used or operated in violation of § [46.2-833](#), [46.2-835](#), or [46.2-836](#). For each such vehicle, at least one recorded image shall be of the vehicle before it has illegally entered the intersection, and at least one recorded image shall be of the same vehicle after it has illegally entered that intersection.

F. Imposition of a penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. No monetary penalty imposed under this section shall exceed \$50, nor shall it include court costs.

G. A summons for a violation of this section may be executed pursuant to § [19.2-76.2](#). Notwithstanding the provisions of § [19.2-76](#), a summons for a violation of this section may be executed by mailing by first class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of the Department of Motor Vehicles; in the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records

of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection D and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § [19.2-76.3](#). No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. Any summons executed for a violation of this section shall provide to the person summoned at least 30 business days from the mailing of the summons to inspect information collected by a traffic light signal violation monitoring system in connection with the violation.

H. Information collected by a traffic light signal violation monitoring system installed and operated pursuant to subsection A shall be limited exclusively to that information that is necessary for the enforcement of traffic light violations. On behalf of a locality, a private entity that operates a traffic light signal violation monitoring system may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § [46.2-208](#), to obtain vehicle owner information regarding the registered owners of vehicles that fail to comply with a traffic light signal. Information provided to the operator of a traffic light signal violation monitoring system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system, and used only for enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other personal information collected by a traffic light signal violation monitoring system shall be used exclusively for enforcing traffic light violations and shall not (i) be open to the public; (ii) be sold or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the enforcement of a traffic light violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of § [46.2-833](#), [46.2-835](#), or [46.2-836](#) or requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. If a locality does not execute a summons for a violation of this section within 10 business days, all information collected pertaining to that suspected violation shall be purged within two business days. Any locality operating a traffic light signal violation monitoring system shall annually certify

compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000 per disclosure. Any unauthorized use or disclosure of such personal information shall be grounds for termination of the agreement between the Department of Motor Vehicles and the private entity.

I. A private entity may enter into an agreement with a locality to be compensated for providing the traffic light signal violation monitoring system or equipment, and all related support services, to include consulting, operations and administration. However, only a law-enforcement officer employed by a locality may swear to or affirm the certificate required by subsection C. No locality shall enter into an agreement for compensation based on the number of violations or monetary penalties imposed.

J. When selecting potential intersections for a traffic light signal violation monitoring system, a locality shall consider factors such as (i) the accident rate for the intersection, (ii) the rate of red light violations occurring at the intersection (number of violations per number of vehicles), (iii) the difficulty experienced by law-enforcement officers in patrol cars or on foot in apprehending violators, and (iv) the ability of law-enforcement officers to apprehend violators safely within a reasonable distance from the violation. Localities may consider the risk to pedestrians as a factor, if applicable. ~~A locality shall submit a list of intersections to the Virginia Department of Transportation for final approval.~~

K. Before the implementation of a traffic light signal violation monitoring system at an intersection, the locality shall complete an engineering safety analysis that addresses signal timing and other location-specific safety features. The length of the yellow phase shall be established based on the recommended methodology of the Institute of Transportation Engineers. All traffic light signal violation monitoring systems shall provide a minimum 0.5-second grace period between the time the signal turns red and the time the first violation is recorded. If recommended by the engineering safety analysis, the locality shall make reasonable location-specific safety improvements, including signs and pavement markings.

L. Any locality that uses a traffic light signal violation monitoring system shall evaluate the system on a monthly basis to ensure all cameras and traffic signals are functioning properly. Evaluation results shall be made available to the public.

M. Any locality that uses a traffic light signal violation monitoring system to enforce traffic light signals shall place conspicuous signs within 500 feet of the intersection approach at which a traffic light signal violation monitoring system is used. There shall be a

rebuttable presumption that such signs were in place at the time of the commission of the traffic light signal violation.

N. Prior to or coincident with the implementation or expansion of a traffic light signal violation monitoring system, a locality shall conduct a public awareness program, advising the public that the locality is implementing or expanding a traffic light signal violation monitoring system.

O. Notwithstanding any other provision of this section, if a vehicle depicted in images recorded by a traffic light signal photo-monitoring system is owned, leased, or rented by a county, city, or town, then the county, city, or town may access and use the recorded images and associated information for employee disciplinary purposes.

§ [15.2-1643](#). Circuit courts to order court facilities to be repaired.

A. When it appears to the circuit court for any county or city, from the report of persons appointed to examine the court facilities, or otherwise, that the court facilities of such county or city are insecure, out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, the court shall enter an order, in the name and on behalf of the Commonwealth against the supervisors of the county, or the members of the council of the city, as the case may be, to show cause why a mandamus should not issue, commanding them to cause the court facilities of such county or city to be made secure, or put in good repair, or rendered otherwise safe as the case may be, and to proceed as in other cases of mandamus, to cause the necessary work to be done. The court shall cause a copy of such order to be served upon each supervisor or member of the council, as the case may be.

B. Upon the entry of such order, as provided in subsection A hereof, the chief judge of the circuit shall forthwith notify the Chief Justice of the Supreme Court of the entry thereof. Upon receipt of the notice, the Chief Justice shall assign a judge of a circuit remote from the circuit wherein the repairs are alleged to be necessary to hear and determine whether, after consideration of such matters as set forth in subdivisions 1 through 4 of this subsection, the court facilities are in fact insecure or out of repair or otherwise pose a danger to the health, welfare and safety of court employees or the public and the extent to which repairs, if any, are necessary.

Before a mandamus is issued, if the concerned governing body elects, or if the pleadings allege that the court facilities are in fact insecure or out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, ~~or that a replacement or additional courthouse may be needed~~, the local governing body shall appoint a five-member panel, three of whom shall be qualified by training and experience as either an architect or a professional engineer, not representing the same

firms, to review the court facilities in question and make recommendations to the local governing body and circuit court judge assigned by the Chief Justice concerning the construction or repairs deemed necessary.

In making their recommendations, the panel shall consider matters such as, but not limited to, the following:

1. Security provisions to safeguard court personnel, participants and the public;
2. Efficient layout and circulation patterns to maximize public access, promote efficient operations, and accommodate the diverse users;
3. Provision of administrative and service areas, judges' chambers, hearing rooms, conference rooms, prison holding areas, and public information areas; and
4. Comfort, safety and obsolescence of the existing facility or any part thereof.

The existing facilities shall be considered in relationship to their location and the extent of their use, and their failure to meet any of these general considerations shall not necessarily be deemed a cause for determining them inadequate.

In making their recommendations, the panel may consult recognized national standard works in the field.

All costs, fees and expenses of the five-member panel, after approval by the local governing body, shall be paid by the county or city that appointed the panel.

C. If, after hearing, the court finds that the court facilities are not insecure or out of repair or otherwise unsafe, or having been in such condition, that the necessary repairs have been made, the court shall vacate the order. If the court finds that the court facilities are insecure or out of repair or otherwise unsafe, it shall issue its mandamus as provided in subsection A. ~~No mandamus shall require a county or city to erect a replacement or additional courthouse unless such replacement or additional courthouse has been recommended by the panel appointed pursuant to the provisions of subsection B.~~

D. Appeals shall be allowed to the Supreme Court of Virginia as appeals from courts of equity are allowed.

*E. Nothing in this section shall be construed to authorize a circuit court to require that an additional or replacement courthouse be constructed.*

§ [15.2-2223.1](#). Comprehensive plan to include urban development areas.

A. For purposes of this section:

"Commercial" means property devoted to usual and customary business purposes for the sale of goods and services and includes, but is not limited to, retail operations, hotels, motels and offices. "Commercial" does not include residential dwelling units, including apartments and condominiums, or agricultural or forestal production, or manufacturing, processing, assembling, storing, warehousing, or distributing.

"Commission" means the Commission on Local Government.

"Developable acreage," solely for the purposes of calculating density within the urban development area, means land that is not included in (i) existing parks, rights-of-way of arterial and collector streets, railways, and public utilities and (ii) other existing public lands and facilities.

"Population growth" means the difference in population from the next-to-latest to the latest decennial census year, based on population reported by the United States Bureau of the Census. In computing its population growth, a locality may exclude the inmate population of any new or expanded correctional facility that opened within the time period between the two censuses.

"Urban development area" means an area designated by a locality that is (i) appropriate for higher density development due to its proximity to transportation facilities, the availability of a public or community water and sewer system, or a developed area and (ii) to the extent feasible, to be used for redevelopment or infill development.

B. Every locality that has adopted zoning pursuant to Article 7 (§ [15.2-2280](#) et seq.) ~~of this chapter~~ and that (i) has a population of at least 20,000 and population growth of at least five percent or (ii) has population growth of 15 percent or more, shall, and any locality may, amend its comprehensive plan to incorporate one or more urban development areas.

1. The comprehensive plan of a locality having a population of less than 130,000 persons shall provide for urban development areas that are appropriate for development at a density on the developable acreage of at least four single-family residences, six townhouses, or 12 apartments, condominium units, or cooperative units per acre, and an authorized floor area ratio of at least 0.4 per acre for commercial development, or any proportional combination thereof.

2. The comprehensive plan of a locality having a population of 130,000 or more persons shall provide for urban development areas that are appropriate for development at a density on the developable acreage of at least eight single-family residences, 12 townhouses, or 24 apartments, condominium units, or cooperative units per acre, and an authorized floor area ratio of at least 0.8 per acre for commercial development, or any proportional combination thereof.

3. The urban development areas designated by a locality shall be sufficient to meet projected residential and commercial growth in the locality for an ensuing period of at least 10 but not more than 20 years, which may include phasing of development within the urban development areas. Where an urban development area in a county with the urban county executive form of government includes planned or existing rail transit, the

planning horizon may be for an ensuing period of at least 10 but not more than 40 years. Future residential and commercial growth shall be based on official estimates of either the Weldon Cooper Center for Public Service of the University of Virginia, the Virginia Employment Commission, the United States Bureau of the Census, or other official government projections required for federal transportation planning purposes.

4. The boundaries and size of each urban development area shall be reexamined and, if necessary, revised every five years in conjunction with the review of the comprehensive plan and in accordance with the most recent available population growth estimates and projections.

5. The boundaries of each urban development area shall be identified in the locality's comprehensive plan and shall be shown on future land use maps contained in such comprehensive plan.

6. The comprehensive plan shall incorporate principles of traditional neighborhood design in the urban development area, which may include but need not be limited to (i) pedestrian-friendly road design, (ii) interconnection of new local streets with existing local streets and roads, (iii) connectivity of road and pedestrian networks, (iv) preservation of natural areas, (v) mixed-use neighborhoods, including mixed housing types, with affordable housing to meet the projected family income distributions of future residential growth, (vi) reduction of front and side yard building setbacks, and (vii) reduction of subdivision street widths and turning radii at subdivision street intersections.

7. The comprehensive plan shall describe any financial and other incentives for development in the urban development areas.

8. A portion of one or more urban development areas shall be designated as a receiving area for any transfer of development rights program established by the locality.

C. No locality that has amended its comprehensive plan in accordance with this section shall limit or prohibit development pursuant to existing zoning or shall refuse to consider any application for rezoning based solely on the fact that the property is located outside the urban development area.

D. Any locality that would be required to amend its plan pursuant to subsection B that determines that its plan accommodates growth in a manner consistent with subsection B, upon adoption of a resolution describing such accommodation and describing any financial and other incentives for development in the areas that accommodate such growth, shall not be required to further amend its plan pursuant to subsection B. Any locality that has adopted a resolution certifying compliance with subsection B prior to February 1, 2010, shall not be required to comply with this subsection until review of the locality's comprehensive plan as provided for in provision 4 of subsection B.

E. Localities shall consult with adjacent localities, as well as the relevant planning district commission and metropolitan planning organization, in establishing the appropriate size and location of urban development areas to promote orderly and efficient development of their region.

F. Any county that amends its comprehensive plan pursuant to subsection B may designate one or more urban development areas in any incorporated town within such county, if the council of the town has also amended its comprehensive plan to designate the same areas as urban development areas with at least the same density designated by the county. However, if a town has established an urban development area within its corporate boundaries, the county within which the town is located shall not include the town's projected population and commercial growth when initially determining or reexamining the size and boundary of any other urban development area within the county.

G. To the extent possible, federal, state and local transportation, housing, water and sewer facility, economic development, and other public infrastructure funding for new and expanded facilities shall be directed to the urban development area, or in the case of a locality that adopts a resolution pursuant to subsection D, to the area that accommodates growth in a manner consistent with this section.

~~H. Documents describing all urban development area designations, as well as any resolution adopted pursuant to subsection D, together with associated written policies, zoning provisions and other ordinances, and the capital improvement program shall be forwarded, electronically or by other means, to the Commission within 90 days of the adoption or amendment of comprehensive plans and other written policies, zoning provisions and other ordinances. The Commission shall annually report to the Governor and General Assembly the overall compliance with this section including densities achieved within each urban development area. Before preparing the initial report, the Commission shall develop an appropriate format in concert with the relevant planning district commission. Other than the documents, policies, zoning provisions and other ordinances, resolutions, and the capital improvement program forwarded by the locality, the Commission shall not impose an additional administrative burden on localities in preparing the annual report required by this subsection.~~

I. Any locality that becomes subject to provision 2 of subsection B shall have until July 1, 2012, to amend its comprehensive plan in accordance with this section.

J. Any locality that becomes subject to this section due to population growth shall have two years following the report of the United States Bureau of the Census made pursuant to P.L. 94-171 to amend its comprehensive plan in accordance with this section.

§ [22.1-18.1](#). Annual report on gifted education required; local advisory committee on gifted education.

Each local school board shall submit the annual report, "Programs for Gifted Education," as required by Board regulations, to the Department of Education.

Each school board ~~shall~~ *may* appoint, in accordance with the regulations of the Board of Education, a local advisory committee on gifted education. ~~The~~ A local advisory committee on gifted education shall annually review the local plan for the education of gifted students, including revisions, and determine the extent to which the plan for the previous year was implemented. The comments and recommendations of the local advisory committee on gifted education shall be submitted in writing directly to the school board and the superintendent.

A school board shall comply with Board regulations governing gifted education relative to the use of multiple criteria for the identification of gifted students.

With such funds as may be appropriated for this purpose, the Department of Education shall conduct an annual review of all local gifted education programs, on such date as it may determine, to ensure full implementation and compliance with federal and state laws and regulations governing gifted education. The Department may conduct the review as an on-site observation or require certification of compliance from the division superintendent.

§ [22.1-92](#). Estimate of moneys needed for public schools; notice of costs to be distributed.

A. Using the state-controlled resources associated with that contract, the Department, after consulting with the governing body of each city or county that established the board, may negotiate a performance contract with another board, a behavioral health authority, or a private nonprofit or for-profit organization or organizations to obtain services that were the subject of the terminated performance contract.

I. PREAMBLE.

The Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 4.10 of Title 23 of the Code of Virginia, provides that, upon becoming a Covered Institution, ~~the~~ *The* College of William and Mary in Virginia may be delegated the authority to establish its own system for undertaking the implementation of its capital projects. In general, status as a Covered Institution is designed to replace the post-

authorization system of reviews, approvals, policies and procedures carried out by a variety of central State agencies, and also the traditional pre-authorization approval process for projects funded entirely with non-general funds and without any proceeds from State Tax Supported Debt. The College's system for carrying out its capital outlay process as a Covered Institution is to be governed by policies adopted by the Board of Visitors. The following provisions of this Policy, together with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the Board, and the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to that Policy, constitute the adopted Board of Visitors policies regarding the College's capital projects, whether funded by a state general fund appropriation, State Tax Supported Debt, or funding from other sources.

This Policy is intended to encompass and implement the authority that may be granted to the College pursuant to Subchapter 3 of the Act. Any other powers and authorities granted to the College pursuant to the Appropriation Act, or any other sections of the Code of Virginia, including other provisions of the Act and the College's Enabling Legislation, are not affected by this Policy.

### III. SCOPE OF POLICY.

This Policy applies to the planning and budget development for capital projects, capital project authorization, and the implementation of capital projects, whether funded by a general fund appropriation of the General Assembly, proceeds from State Tax Supported Debt, or funding from other sources.

This Policy provides guidance for 1) the process for developing one or more capital project programs for the College, 2) authorization of new capital projects, 3) procurement of Capital Professional Services and construction services, 4) design reviews and code approvals for capital projects, 5) environmental impact requirements, 6) building demolitions, 7) building and land acquisitions, 8) building and land dispositions, 9) project management systems, and 10) reporting requirements.

### IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The Board of Visitors of the College shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the College, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the College’s usual delegation policies and procedures.

#### V. CAPITAL PROGRAM.

The President shall adopt a system for developing one or more capital project programs that defines or define the capital needs of the College for a given period of time consistent with the College's published Master Plan. This process may or may not mirror the Commonwealth's requirements for capital plans. The Board of Visitors shall approve the program for Major Capital Projects. Major Capital Projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt shall follow the Commonwealth's requirements for capital plans. The Board may approve amendments to the program for Major Capital Projects annually or more often if circumstances warrant.

It shall be College policy that each capital project program shall meet the College's mission and institutional objectives, and be appropriately authorized by the College.

Moreover, it shall be College policy that each capital project shall be of a size and scope to provide for the defined program needs, designed in accordance with all applicable building codes and handicapped accessibility standards as well as the College's design guidelines and standards, and costed to reflect current costs and escalated to the mid-point of anticipated construction.

#### VI. AUTHORIZATION OF CAPITAL PROJECTS.

The Board of Visitors shall authorize the initiation of each Major Capital Project by approving its size, scope, budget, and funding. The President, acting through his designee, shall adopt procedures for approving the size, scope, budget and funding of all other capital projects. Major Capital Projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt, shall require both Board of Visitors approval and those pre-appropriation approvals of the State's governmental agencies then applicable, and shall follow the State's process for capital budget requests.

It shall be the policy of the College that the implementation of capital projects shall be carried out so that the capital project as completed is the capital project approved by the Board for Major Capital Projects and according to the procedures adopted by the President, acting through his designee, for all other capital projects. The President shall ensure strict adherence to this requirement.

Accordingly, the budget, size and scope of a capital project shall not be materially changed beyond the plans and justifications that were the basis for the capital project's approval, either before or during construction, unless approved in advance as described above. Minor changes shall be permissible if they are determined by the President, acting through his designee, to be justified.

Major Capital Projects may be submitted for Board of Visitors authorization at any time but must include a statement of urgency if not part of the approved Major Capital Project program.

#### VII. PROCUREMENT OF CAPITAL PROFESSIONAL SERVICES AND CONSTRUCTION SERVICES.

It shall be the policy of the College that procurements shall result in the purchase of high quality services and construction at reasonable prices and shall be consistent with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the Board, and with the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to that Policy. Specifically, the College is committed to:

Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract and the likely extent of competition;

Conducting all procurements in a fair and impartial manner and avoiding any impropriety or the appearance of any impropriety prohibited by State law or College policy;

Making procurement rules clear in advance of any competition;

Providing access to the College's business to all qualified vendors, firms and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the College;

Including in contracts of more than \$10,000 the contractor's agreement not to discriminate against employees or applicants because of race, religion, color, sex, national origin, age, disability or other basis prohibited by State law except where there is a bona fide occupational qualification reasonably necessary to the contractor's normal operations;

Providing for a non-discriminatory procurement process, and including appropriate and lawful provisions to effectuate fair and reasonable consideration of women-owned, minority-owned and small businesses and to promote and encourage a diversity of suppliers.

The President, acting through his designee, is authorized to develop implementing procedures for the procurement of Capital Professional Services and construction services at the College. The procedures shall implement this Policy and provide for:

A system of competitive negotiation for Capital Professional Services, including a procedure for expedited procurement of Capital Professional Services under \$50,000, pursuant to (i) subdivisions 1, 2, and 3 a of the defined term "competitive negotiation" in

Rule 4 of the Rules Governing Procurement of Goods, Services, Insurance, and Construction, and (ii) § 4-5.06 of the 2004-2006 Appropriation Act;

A prequalification procedure for contractors or products;

A procedure for special construction contracting methods, including but not limited to design-build and construction management contracts; and

A prompt payment procedure.

The College also may enter into cooperative arrangements with other private or public health or educational institutions, healthcare provider alliances, purchasing organizations or state agencies where, in the judgment of the College, the purposes of this Policy will be furthered.

#### VIII. DESIGN REVIEWS AND CODE APPROVALS.

The Board of Visitors shall review the design of all Major Capital Projects and shall provide final Major Capital Project authorization based on the size, scope and cost estimate provided with the design. Unless stipulated by the Board of Visitors at the design review, no further design reviews shall be required. For all capital projects other than Major Capital Projects, the President, acting through his designee, shall adopt procedures for design review and project authorization based on the size, scope and cost estimate provided with the design. It shall be the College's policy that all capital projects shall be designed and constructed in accordance with applicable Virginia Uniform Statewide Building Code (VUSBC) standards and the applicable accessibility code. The President shall designate a Building Official responsible for building code compliance at the College, including the Virginia Institute of Marine Science and ~~Richard Bland College~~, by either (i) hiring an individual to be the College Building Official, or (ii) continuing to use the services of the Department of General Services, Division of Engineering and Buildings, to perform the Building Official function. If option (i) is selected, the individual hired as the College Building Official shall be an employee of the College who has no other assigned duties or responsibilities at the institution and who is not employed by any firm or business providing facility services to the College, a registered professional architect or engineer, and certified by the Department of Housing and Community Development to perform this Building Official function. The College Building Official shall issue building permits for each capital project required by the VUSBC to have a building permit, and shall determine the suitability for occupancy of, and shall issue certifications for building occupancy for, all capital projects requiring such certification. Prior to issuing any such certification, this individual shall ensure that the VUSBC and accessibility requirements are met for that capital project and that such capital project has been inspected by the State Fire Marshal or his designee as required. When serving as the

College Building Official, such individual shall organizationally report directly and exclusively to the Board of Visitors. If the College hires its own College Building Official, it shall fulfill the code review requirement by maintaining a review unit of licensed professional architects or engineers who are certified by the Department of Housing and Community Development in accordance with § [36-137](#) of the Code of Virginia for such purpose and who shall review plans, specifications and documents for compliance with building codes and standards and perform required inspections of work in progress and the completed capital project. No individual licensed professional architect or engineer hired under the College's personnel system as a member of the review unit shall also perform other building code-related design, construction, facilities-related project management or facilities management functions for the College.

#### IX. ENVIRONMENTAL IMPACT REPORTS.

It shall be the policy of the College to assess the environmental, historic preservation, and conservation impacts of all capital projects and to minimize and otherwise mitigate all adverse impacts to the extent practicable. The College shall develop a procedure for the preparation and approval of environmental impact reports for capital projects, in accordance with State environmental, historic preservation, and conservation requirements generally applicable to capital projects otherwise meeting the definition of Major Capital Projects but, pursuant to § [23-38.109](#) C 1 of the Act, with a cost of \$300,000 or more.

#### X. BUILDING DEMOLITIONS.

It shall be the policy of the College to consider the environmental and historical aspects of any proposed demolitions. The Board of Visitors shall be responsible for approving demolition requests. The College shall develop a procedure for the preparation and review of demolition requests, including any necessary reviews by the Department of Historic Resources and the Art and Architectural Review Board in accordance with State historic preservation requirements generally applicable to capital projects in the Commonwealth. Further, for any property that was acquired or constructed with funding from a general fund appropriation of the General Assembly or from proceeds from State Tax Supported Debt, general laws applicable to State owned property shall apply.

#### XI. BUILDING OR LAND ACQUISITIONS.

It is the policy of the College that capital projects involving building or land acquisition shall be subjected to thorough inquiry and due diligence prior to closing on the acquisition of such real property. The President, acting through his designee, shall ensure that the project management system implemented pursuant to Section XIII below provides for a review and analysis of all pertinent matters relating to the acquisition of buildings and

land as any prudent purchaser would perform to the end that any building or land acquired by the College shall be suitable for its intended purpose, that the acquisition can be made without substantial risk of liability to the College and that the cost of the real property to be acquired, together with any contemplated development thereof, shall be such that compliance with the provisions of Section VI of this Policy is achieved. In addition, the President, acting through his designee, shall ensure that, where feasible and appropriate to do so, the following specific policies pertaining to the acquisition of buildings or land for capital projects are carried out.

A. Environmental and Land Use Considerations.

It is the policy of the College to reasonably cooperate with each locality affected by the acquisition. Such cooperation shall include but not be limited to furnishing any information that the locality may reasonably request and reviewing any requests by the locality with regard to any such acquisition. The College shall consider the zoning and comprehensive plan designation by the locality of the building or land and surrounding parcels, as well as any designation by State or federal agencies of historically or archeologically significant areas on the land. Nothing herein shall be construed as requiring the College to comply with local zoning laws and ordinances.

B. Infrastructure and Site Condition.

The President, acting through his designee, shall ensure that, in the case of capital projects involving the acquisition of buildings or land, the project management systems implemented under Section XIII below provide for a review of the following matters prior to acquisition of the building or land: that any land can be developed for its intended purpose without extraordinary cost; that an environmental engineer has been engaged by the College to provide an assessment of any environmental conditions on the land; that there is adequate vehicular ingress and egress to serve the contemplated use of the building or land; that utilities and other services to the land are adequate or can reasonably be provided or have been provided in the case of building acquisitions; and that the condition and grade of the soils have been examined to determine if any conditions exist that would require extraordinary site work or foundation systems.

C. Title and Survey.

A survey shall be prepared for any real property acquired, and an examination of title to the real property shall be conducted by a licensed attorney or, in the alternative, a commitment for title insurance shall be procured from a title insurance company authorized to do business in the Commonwealth. Based upon the survey and title examination or report, the President, acting through his designee, shall conclude, prior to acquisition of the real property, that title thereto will be conveyed to the College in fee simple, free and

clear of all liens, encumbrances, covenants, restrictions, easements or other matters that may have a significant adverse effect upon the College's ability to own, occupy, convey or develop the real property.

D. Appraisal.

An appraisal shall be conducted of the real property to be acquired to determine its fair market value and the consistency of the fair market value with the price agreed upon by the College.

XII. BUILDING OR LAND DISPOSITIONS.

The Board of Visitors shall approve the disposition of any building or land. Disposition of land or buildings, the acquisition or construction of which was funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt, shall require both Board of Visitors approval and other approvals in accordance with general law applicable to State-owned property and with the College's Enabling Legislation.

XIII. PROJECT MANAGEMENT SYSTEMS.

The President, acting through his designee, shall implement one or more systems for the management of capital projects for the College. The systems may include the delegation of project management authority to appropriate College officials, including a grant of authority to such officials to engage in further delegation of authority as the President deems appropriate.

The project management systems for capital projects shall be designed to ensure that such projects comply with the provisions of this Policy and other Board of Visitors policies applicable to closely related subjects such as selection of architects or policies applicable to College buildings and grounds.

The project management systems may include one or more reporting systems applicable to capital projects whereby College officials responsible for the management of such projects provide appropriate and timely reports to the President on the status of such projects during construction.

XIV. REPORTING REQUIREMENTS.

In addition to complying with any internal reporting systems contained in the College's project management systems, as described in Section XIII above, the College shall comply with State reporting requirements for those Major Capital Projects funded entirely or in part by a general fund appropriation by the General Assembly or State Tax Supported Debt. Additionally, if any capital project constructs improvements on land, or renovates property, that originally was acquired or constructed in whole or in part with a general fund appropriation for that purpose or proceeds from State Tax Supported Debt, and

such improvements or renovations are undertaken entirely with funds not appropriated by the General Assembly and, if the cost of such improvements or renovations is reasonably expected to exceed \$2 million dollars, the decision to undertake such improvements or renovations shall be communicated as required by § [23-38.109](#) C 3 of the Act. As a matter of routine, the President, acting through his designee, shall report to the Department of General Services on the status of such capital projects at the initiation of the project, prior to the commencement of construction, and at the time of acceptance of any such capital project.

Such overage shall be deducted from the sector of the menhaden fishery that exceeded the allocation specified in § [28.2-400.3](#).*

*C. The Commissioner may request a transfer of menhaden landings from any other state that is a member of the Atlantic States Marine Fisheries Commission. If the Commonwealth receives a transfer of menhaden in any year from another state, the total allowable landings for only that year shall increase by the amount of transferred landings. The Commissioner may transfer menhaden to another state only if there are unused landings after December 15.*

*D. Any portion of the one percent of the coast-wide total allowable catch set aside by the Atlantic States Marine Fisheries Commission for episodic events that is unused as of September 1 of any year shall be returned to Virginia and other states according to allocation guidelines established by the Atlantic States Marine Fisheries Commission. Once this closure is announced, any person licensed in the non-purse seine menhaden bait sector may possess and land up to 6,000 pounds of menhaden per day, provided that such person is fishing in accordance with all laws and regulations.*

*B. The Commissioner may reopen a fishery sector closed pursuant to this section if, after all reports have been received, the portion of the total allowable landings has not been harvested by that sector. The Commission may establish any regulations it deems necessary and advisable, including trip limits or a time-limited reopening, to ensure that the*

*allowable landings for a reopened sector is not exceeded. Any such reopening and subsequent closure shall be done by direct notice to the relevant sector of the fishery.*

*C. The Commission shall maintain on its website a periodically updated tally of the menhaden harvest for each sector receiving an allocation under this section.*

The license shall state the name of the licensee and the name of the vessel or other watercraft licensed.

If any vessel or other watercraft so licensed becomes disabled during the period of such license, the licensee may, with the consent of the Commissioner, hire or charter a vessel or other craft belonging to a nonresident to replace the disabled one for the unexpired period of such license. In such a case, the officer shall transfer the license issued for the disabled vessel or other craft to the one so hired or chartered without requiring any additional license.

B. The Commissioner may delegate to the officers his authority under this section. However, any person aggrieved by any action of an officer exercising such delegated authority shall have the right to appeal to the Commissioner for a review and correction of the actions of the officer. D. If the harvest of the purse seine fishery for Atlantic menhaden does not exceed ~~109,020~~ 87,216 metric tons in any year to which the harvest cap applies, then the difference between the actual harvest and the harvest cap shall be applied as a credit applicable to the allowable harvest for the purse seine fishery for Atlantic menhaden for the following year. The credit may be used only for the subsequent annual harvest and shall not be spread over multiple years. Any annual harvest in excess of the harvest cap shall be deducted from the harvest cap, as modified pursuant to this subsection and subsection C for the subsequent annual harvest.

## Chapter 358 Solar-powered or wind-powered electricity generation facility; SCC to conduct pilot program, etc.

An Act to direct the establishment of a pilot program for third party power purchase agreements.

[\[H 2334\]](#)

Approved March 14, 2013

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. That the State Corporation Commission (Commission) shall conduct a pilot program under which a person that owns or operates a solar-powered or wind-powered electricity generation facility located on premises owned or leased by an eligible customer-generator, as defined in § [56-594](#) of the Code of Virginia, shall be permitted to sell the electricity generated from such facility exclusively to such eligible customer-generator under a power purchase agreement used to provide third party financing of the costs of such a renewable generation facility (third party power purchase agreement), subject to the following terms, conditions, and restrictions:*

*a. The pilot program shall be conducted within the certificated service territory of an investor-owned electric utility that was bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, which utility is hereafter referred to as the "Pilot Utility";*

*b. The aggregated capacity of all generation facilities that are subject to such third party power purchase agreements at any time during the pilot program shall not exceed 50 megawatts. Such limitation on the aggregated capacity of such facilities shall constitute a portion of the existing limit of one percent of the Pilot Utility's adjusted Virginia peak-load forecast for the previous year that is available to eligible customer-generators pursuant to subsection E of § [56-594](#) of the Code of Virginia. Notwithstanding any provision of this act that incorporates provisions of § [56-594](#), the seller and the customer shall elect either to (i) enter into their third party power purchase agreement subject to the conditions and provisions of the Pilot Utility's net energy metering program under § [56-594](#) or (ii) provide that electricity generated from the generation facilities subject to the third party power purchase agreement will not be net metered under § [56-594](#), provided that an election not to net meter under § [56-594](#) shall not exempt the third party power*

*purchase agreement and the parties thereto from the requirements of this act that incorporate provisions of § [56-594](#);*

*c. A solar-powered or wind-powered generation facility with a capacity of no less than 50 kilowatts and no more than one megawatt shall be eligible for a third party power purchase agreement under the pilot program; however, if the customer under such agreement is an entity with tax-exempt status in accordance with § 501(c) of the Internal Revenue Code of 1954, as amended, then such facility is eligible for the pilot program even if it does not meet the 50 kilowatts minimum size requirement. The maximum generation capacity of one megawatt shall not affect the limits on the capacity of electrical generating capacities of 20 kilowatts for residential customers and 500 kilowatts for non-residential customers set forth in subsection B of § [56-594](#) of the Code of Virginia, which limitations shall continue to apply to net energy metering generation facilities regardless of whether they are the subject of a third party power purchase agreement under the pilot program;*

*d. A generation facility that is the subject of a third party power purchase agreement under the pilot program shall serve only one customer, and a third party power purchase agreement shall not serve multiple customers;*

*e. The customer under a third party power purchase agreement under the pilot program shall be subject to the interconnection and other requirements imposed on eligible customer-generators pursuant to subsection C of § [56-594](#) of the Code of Virginia, including the requirement that the customer bear the reasonable costs, as determined by the Commission, of the items described in clauses (i), (ii), and (iii) of such subsection;*

*f. A third party power purchase agreement under the pilot program shall not be valid unless it conforms in all respects to the requirements of the pilot program conducted under the provisions of this act and unless the Commission and the Pilot Utility are provided written notice of the parties' intent to enter into a third party power purchase agreement not less than 30 days prior to the agreement's proposed effective date; and*

*g. An affiliate of the Pilot Utility shall be permitted to offer and enter into third party power purchase arrangements on the same basis as may any other person that satisfies the requirements of being a seller under a third party power purchase agreement under the pilot program.*

*§ 2. The Commission shall review the pilot program established pursuant to § 1 of this act in 2015 and every two years thereafter during the pilot program. In its review, the Commission shall determine whether the limitations in subdivisions b and c of § 1 should be expanded, reduced, or continued.*

*§ 3. Any third party power purchase agreement that is not entered into pursuant to the pilot program established pursuant to § 1 of this act is prohibited in the Pilot Utility's service territory, unless such third party power purchase agreement is entered into between a licensed supplier and a retail customer pursuant to § [56-577](#) of the Code of Virginia where such supplier is responsible for serving 100 percent of the load requirements for each retail customer account it serves.*

*§ 4. If the Commission approves a tariff proposed for electric power provided 100 percent from renewable energy that serves 100 percent of the load requirements for each retail customer account it serves under such tariff, hereafter referred to as a "green tariff," such a green tariff shall not be available to any party to a third party power purchase agreement for the account being served by such power purchase agreement, and such an agreement shall remain in effect notwithstanding the approval of the green tariff.*

*§ 5. Nothing in this act shall be construed as (i) rendering any person, by virtue of its selling electric power to an eligible customer-generator under a third party power purchase agreement entered into pursuant to the pilot program established under this act, a public utility or a competitive service provider, (ii) imposing a requirement that such a person meet 100 percent of the load requirements for each retail customer account it serves, or (iii) affecting third party power purchase agreements in effect prior to the effective date of this act.*

2. That nothing in this act shall abridge any rights of either party to an agreement between a Pilot Utility, as defined in the first enactment of this act, and a group purchasing organization acting on behalf of Virginia local governments regarding the purchase of electric service.

3. That the State Corporation Commission shall, by December 1, 2013, establish guidelines concerning (i) information to be provided in notices required under subdivision f of § 1 of the first enactment of this act and (ii) procedures for aggregating and posting to the Commission's web site information derived from the aforesaid notices, including total capacity utilized by pilot projects for which notice has been received and capacity remaining available for future pilot projects. In addition, the Commission may adopt such rules or establish such guidelines as may be necessary for its general administration of the pilot program established under this act.

PURSUANT TO

THE RESTRUCTURED HIGHER EDUCATION

ACT OF 2005

POLICY GOVERNING CAPITAL PROJECTS

THE RECTOR AND VISITORS OF

THE COLLEGE OF WILLIAM AND MARY IN VIRGINIA

POLICY GOVERNING CAPITAL PROJECTS

I. PREAMBLE.

The Restructured Higher Education Financial and Administrative Operations Act (the Act), Chapter 4.10 of Title 23 of the Code of Virginia, provides that, upon becoming a Covered Institution, ~~the~~ *The* College of William and Mary in Virginia may be delegated the authority to establish its own system for undertaking the implementation of its capital projects. In general, status as a Covered Institution is designed to replace the post-authorization system of reviews, approvals, policies and procedures carried out by a variety of central State agencies, and also the traditional pre-authorization approval process for projects funded entirely with non-general funds and without any proceeds from State Tax Supported Debt. The College's system for carrying out its capital outlay process as a Covered Institution is to be governed by policies adopted by the Board of Visitors. The following provisions of this Policy, together with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the Board, and the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to that Policy, constitute the adopted Board of Visitors policies regarding the College's capital projects, whether funded by a state general fund appropriation, State Tax Supported Debt, or funding from other sources.

This Policy is intended to encompass and implement the authority that may be granted to the College pursuant to Subchapter 3 of the Act. Any other powers and authorities granted to the College pursuant to the Appropriation Act, or any other sections of the Code of Virginia, including other provisions of the Act and the College's Enabling Legislation, are not affected by this Policy.

## II. DEFINITIONS.

As used in this policy, the following terms shall have the following meanings, unless the context requires otherwise:

“Act” means the Restructured Higher Education Financial and Administrative Operations Act, Chapter 4.10 of Title 23 of the Code of Virginia.

“Board of Visitors” or “Board” means the Rector and Visitors of ~~the~~ *The* College of William and Mary in Virginia.

“Capital Lease” means a lease that is defined as such within Generally Accepted Accounting Principles pursuant to the pronouncement of the Financial Accounting Standards Board.

“Capital Professional Services” means professional engineering, architecture, land surveying and landscape architecture services related to capital projects.

“Capital project(s)” means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction, improvements or renovations, and Capital Leases.

“College” means ~~the~~ *The* College of William and Mary in Virginia, (State Agency 204), and the Virginia Institute of Marine Science, (State Agency 268).

“Covered Institution” means, on and after the Effective Date of its initial Management Agreement, a public institution of higher education of the Commonwealth of Virginia that has entered into a management agreement with the Commonwealth to be governed by the provisions of Subchapter 3 of the Act.

“Enabling Legislation” means those chapters, other than Chapter 4.10, of Title 23 of the Code of Virginia, as amended, creating, continuing, or otherwise setting forth the powers, purposes, and missions of the individual public institutions of higher education of the Commonwealth, and as provided in §§ [2.2-2817.2](#), [2.2-2905](#), and [51.1-126.3](#).

“Major Capital Project(s)” means the acquisition of any interest in land, including improvements on the acquired land at the time of acquisition, new construction of 5,000 square feet or greater or costing \$1 million or more, improvements or renovations of \$1 million or more, and Capital Leases.

“State Tax Supported Debt” means bonds, notes or other obligations issued under Article X, Section 9(a), 9(b), or 9(c), or 9(d), if the debit service payments are made or ultimately are to be made from general government funds, as defined in the December 20, 2004 Report to the Governor and General Assembly of the Debt Capacity Advisory Committee or as that definition is amended from time to time.

### III. SCOPE OF POLICY.

This Policy applies to the planning and budget development for capital projects, capital project authorization, and the implementation of capital projects, whether funded by a general fund appropriation of the General Assembly, proceeds from State Tax Supported Debt, or funding from other sources.

This Policy provides guidance for 1) the process for developing one or more capital project programs for the College, 2) authorization of new capital projects, 3) procurement of Capital Professional Services and construction services, 4) design reviews and code approvals for capital projects, 5) environmental impact requirements, 6) building demolitions, 7) building and land acquisitions, 8) building and land dispositions, 9) project management systems, and 10) reporting requirements.

### IV. BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The Board of Visitors of the College shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the

appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the College, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the College's usual delegation policies and procedures.

#### V. CAPITAL PROGRAM.

The President shall adopt a system for developing one or more capital project programs that defines or define the capital needs of the College for a given period of time consistent with the College's published Master Plan. This process may or may not mirror the Commonwealth's requirements for capital plans. The Board of Visitors shall approve the program for Major Capital Projects. Major Capital Projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt shall follow the Commonwealth's requirements for capital plans. The Board may approve amendments to the program for Major Capital Projects annually or more often if circumstances warrant.

It shall be College policy that each capital project program shall meet the College's mission and institutional objectives, and be appropriately authorized by the College. Moreover, it shall be College policy that each capital project shall be of a size and scope to provide for the defined program needs, designed in accordance with all applicable building codes and handicapped accessibility standards as well as the College's design guidelines and standards, and costed to reflect current costs and escalated to the mid-point of anticipated construction.

#### VI. AUTHORIZATION OF CAPITAL PROJECTS.

The Board of Visitors shall authorize the initiation of each Major Capital Project by approving its size, scope, budget, and funding. The President, acting through his designee, shall adopt procedures for approving the size, scope, budget and funding of all other capital projects. Major Capital Projects that are to be funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt, shall require both Board of Visitors approval and those pre-appropriation approvals of the State's governmental agencies then applicable, and shall follow the State's process for capital budget requests.

It shall be the policy of the College that the implementation of capital projects shall be carried out so that the capital project as completed is the capital project approved by the Board for Major Capital Projects and according to the procedures adopted by the

President, acting through his designee, for all other capital projects. The President shall ensure strict adherence to this requirement.

Accordingly, the budget, size and scope of a capital project shall not be materially changed beyond the plans and justifications that were the basis for the capital project's approval, either before or during construction, unless approved in advance as described above. Minor changes shall be permissible if they are determined by the President, acting through his designee, to be justified.

Major Capital Projects may be submitted for Board of Visitors authorization at any time but must include a statement of urgency if not part of the approved Major Capital Project program.

#### VII. PROCUREMENT OF CAPITAL PROFESSIONAL SERVICES AND CONSTRUCTION SERVICES.

It shall be the policy of the College that procurements shall result in the purchase of high quality services and construction at reasonable prices and shall be consistent with the Policy Governing the Procurement of Goods, Services, Insurance, and Construction, and the Disposition of Surplus Materials adopted by the Board, and with the Rules Governing Procurement of Goods, Services, Insurance, and Construction, which is attached as Attachment 1 to that Policy. Specifically, the College is committed to:

Seeking competition to the maximum practical degree, taking into account the size of the anticipated procurement, the term of the resulting contract and the likely extent of competition;

Conducting all procurements in a fair and impartial manner and avoiding any impropriety or the appearance of any impropriety prohibited by State law or College policy;

Making procurement rules clear in advance of any competition;

Providing access to the College's business to all qualified vendors, firms and contractors, with no potential bidder or offeror excluded arbitrarily or capriciously, while allowing the flexibility to engage in cooperative procurements and to meet special needs of the College;

Including in contracts of more than \$10,000 the contractor's agreement not to discriminate against employees or applicants because of race, religion, color, sex, national origin, age, disability or other basis prohibited by State law except where there is a bona fide occupational qualification reasonably necessary to the contractor's normal operations;

Providing for a non-discriminatory procurement process, and including appropriate and lawful provisions to effectuate fair and reasonable consideration of women-owned, minority-owned and small businesses and to promote and encourage a diversity of suppliers.

The President, acting through his designee, is authorized to develop implementing procedures for the procurement of Capital Professional Services and construction services at the College. The procedures shall implement this Policy and provide for:

A system of competitive negotiation for Capital Professional Services, including a procedure for expedited procurement of Capital Professional Services under \$50,000, pursuant to (i) subdivisions 1, 2, and 3 a of the defined term "competitive negotiation" in Rule 4 of the Rules Governing Procurement of Goods, Services, Insurance, and Construction, and (ii) § 4-5.06 of the 2004-2006 Appropriation Act;

A prequalification procedure for contractors or products;

A procedure for special construction contracting methods, including but not limited to design-build and construction management contracts; and

A prompt payment procedure.

The College also may enter into cooperative arrangements with other private or public health or educational institutions, healthcare provider alliances, purchasing organizations or state agencies where, in the judgment of the College, the purposes of this Policy will be furthered.

#### VIII. DESIGN REVIEWS AND CODE APPROVALS.

The Board of Visitors shall review the design of all Major Capital Projects and shall provide final Major Capital Project authorization based on the size, scope and cost estimate provided with the design. Unless stipulated by the Board of Visitors at the design review, no further design reviews shall be required. For all capital projects other than Major Capital Projects, the President, acting through his designee, shall adopt procedures for design review and project authorization based on the size, scope and cost estimate provided with the design. It shall be the College's policy that all capital projects shall be designed and constructed in accordance with applicable Virginia Uniform Statewide Building Code (VUSBC) standards and the applicable accessibility code. The President shall designate a Building Official responsible for building code compliance at the College, including the Virginia Institute of Marine Science and ~~Richard Bland College~~, by either (i) hiring an individual to be the College Building Official, or (ii) continuing to use the services of the Department of General Services, Division of Engineering and Buildings, to perform the Building Official function. If option (i) is selected, the individual hired as the College Building Official shall be an employee of the College who has no other assigned duties or responsibilities at the institution and who is not employed by any firm or business providing facility services to the College, a registered professional architect or engineer, and certified by the Department of Housing and Community Development to perform this Building Official function. The College Building

Official shall issue building permits for each capital project required by the VUSBC to have a building permit, and shall determine the suitability for occupancy of, and shall issue certifications for building occupancy for, all capital projects requiring such certification. Prior to issuing any such certification, this individual shall ensure that the VUSBC and accessibility requirements are met for that capital project and that such capital project has been inspected by the State Fire Marshal or his designee as required. When serving as the College Building Official, such individual shall organizationally report directly and exclusively to the Board of Visitors. No individual licensed professional architect or engineer hired under the College's personnel system as a member of the review unit shall also perform other building code-related design, construction, facilities-related project management or facilities management functions for the College.

#### IX. ENVIRONMENTAL IMPACT REPORTS.

It shall be the policy of the College to assess the environmental, historic preservation, and conservation impacts of all capital projects and to minimize and otherwise mitigate all adverse impacts to the extent practicable. The College shall develop a procedure for the preparation and approval of environmental impact reports for capital projects, in accordance with State environmental, historic preservation, and conservation requirements generally applicable to capital projects otherwise meeting the definition of Major Capital Projects but, pursuant to § [23-38.109](#) C 1 of the Act, with a cost of \$300,000 or more.

It shall be the policy of the College to consider the environmental and historical aspects of any proposed demolitions. The Board of Visitors shall be responsible for approving demolition requests. The College shall develop a procedure for the preparation and review of demolition requests, including any necessary reviews by the Department of Historic Resources and the Art and Architectural Review Board in accordance with State historic preservation requirements generally applicable to capital projects in the Commonwealth. Further, for any property that was acquired or constructed with funding from a general fund appropriation of the General Assembly or from proceeds from State Tax Supported Debt, general laws applicable to State owned property shall apply.

## XI. BUILDING OR LAND ACQUISITIONS.

It is the policy of the College that capital projects involving building or land acquisition shall be subjected to thorough inquiry and due diligence prior to closing on the acquisition of such real property. The President, acting through his designee, shall ensure that the project management system implemented pursuant to Section XIII below provides for a review and analysis of all pertinent matters relating to the acquisition of buildings and land as any prudent purchaser would perform to the end that any building or land acquired by the College shall be suitable for its intended purpose, that the acquisition can be made without substantial risk of liability to the College and that the cost of the real property to be acquired, together with any contemplated development thereof, shall be such that compliance with the provisions of Section VI of this Policy is achieved. In addition, the President, acting through his designee, shall ensure that, where feasible and appropriate to do so, the following specific policies pertaining to the acquisition of buildings or land for capital projects are carried out.

### A. Environmental and Land Use Considerations.

It is the policy of the College to reasonably cooperate with each locality affected by the acquisition. Such cooperation shall include but not be limited to furnishing any information that the locality may reasonably request and reviewing any requests by the locality with regard to any such acquisition. The College shall consider the zoning and comprehensive plan designation by the locality of the building or land and surrounding parcels, as well as any designation by State or federal agencies of historically or archeologically significant areas on the land. Nothing herein shall be construed as requiring the College to comply with local zoning laws and ordinances.

### B. Infrastructure and Site Condition.

The President, acting through his designee, shall ensure that, in the case of capital projects involving the acquisition of buildings or land, the project management systems implemented under Section XIII below provide for a review of the following matters prior to acquisition of the building or land: that any land can be developed for its intended purpose without extraordinary cost; that an environmental engineer has been engaged by the College to provide an assessment of any environmental conditions on the land; that there is adequate vehicular ingress and egress to serve the contemplated use of the building or land; that utilities and other services to the land are adequate or can reasonably be provided or have been provided in the case of building acquisitions; and that the condition and grade of the soils have been examined to determine if any conditions exist that would require extraordinary site work or foundation systems.

### C. Title and Survey.

A survey shall be prepared for any real property acquired, and an examination of title to the real property shall be conducted by a licensed attorney or, in the alternative, a commitment for title insurance shall be procured from a title insurance company authorized to do business in the Commonwealth. Based upon the survey and title examination or report, the President, acting through his designee, shall conclude, prior to acquisition of the real property, that title thereto will be conveyed to the College in fee simple, free and clear of all liens, encumbrances, covenants, restrictions, easements or other matters that may have a significant adverse effect upon the College's ability to own, occupy, convey or develop the real property.

D. Appraisal.

An appraisal shall be conducted of the real property to be acquired to determine its fair market value and the consistency of the fair market value with the price agreed upon by the College.

XII. BUILDING OR LAND DISPOSITIONS.

The Board of Visitors shall approve the disposition of any building or land. Disposition of land or buildings, the acquisition or construction of which was funded entirely or in part by a general fund appropriation of the General Assembly or proceeds from State Tax Supported Debt, shall require both Board of Visitors approval and other approvals in accordance with general law applicable to State-owned property and with the College's Enabling Legislation.

XIII. PROJECT MANAGEMENT SYSTEMS.

The President, acting through his designee, shall implement one or more systems for the management of capital projects for the College. The systems may include the delegation of project management authority to appropriate College officials, including a grant of authority to such officials to engage in further delegation of authority as the President deems appropriate.

The project management systems for capital projects shall be designed to ensure that such projects comply with the provisions of this Policy and other Board of Visitors policies applicable to closely related subjects such as selection of architects or policies applicable to College buildings and grounds.

The project management systems may include one or more reporting systems applicable to capital projects whereby College officials responsible for the management of such projects provide appropriate and timely reports to the President on the status of such projects during construction.

XIV. REPORTING REQUIREMENTS.

In addition to complying with any internal reporting systems contained in the College's project management systems, as described in Section XIII above, the College shall comply with State reporting requirements for those Major Capital Projects funded entirely or in part by a general fund appropriation by the General Assembly or State Tax Supported Debt. Additionally, if any capital project constructs improvements on land, or renovates property, that originally was acquired or constructed in whole or in part with a general fund appropriation for that purpose or proceeds from State Tax Supported Debt, and such improvements or renovations are undertaken entirely with funds not appropriated by the General Assembly and, if the cost of such improvements or renovations is reasonably expected to exceed \$2 million dollars, the decision to undertake such improvements or renovations shall be communicated as required by § [23-38.109](#) C 3 of the Act. As a matter of routine, the President, acting through his designee, shall report to the Department of General Services on the status of such capital projects at the initiation of the project, prior to the commencement of construction, and at the time of acceptance of any such capital project.

## **Chapter 382 Solar-powered or wind-powered electricity generation facility; SCC to conduct pilot program, etc.**

An Act to direct the establishment of a pilot program for third party power purchase agreements.

[\[S 1023\]](#)

Approved March 14, 2013

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. That the State Corporation Commission (Commission) shall conduct a pilot program under which a person that owns or operates a solar-powered or wind-powered electricity generation facility located on premises owned or leased by an eligible customer-generator, as defined in § [56-594](#) of the Code of Virginia, shall be permitted to sell the electricity generated from such facility exclusively to such eligible customer-generator under a power purchase agreement used to provide third party financing of the costs of such a renewable generation facility (third party power purchase agreement), subject to the following terms, conditions, and restrictions:*

- a. The pilot program shall be conducted within the certificated service territory of an investor-owned electric utility that was bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, which utility is hereafter referred to as the "Pilot Utility";*
- b. The aggregated capacity of all generation facilities that are subject to such third party power purchase agreements at any time during the pilot program shall not exceed 50 megawatts. Such limitation on the aggregated capacity of such facilities shall constitute a portion of the existing limit of one percent of the Pilot Utility's adjusted Virginia peak-load forecast for the previous year that is available to eligible customer-generators pursuant to subsection E of § [56-594](#) of the Code of Virginia. Notwithstanding any provision of this act that incorporates provisions of § [56-594](#), the seller and the customer shall elect either to (i) enter into their third party power purchase agreement subject to the conditions and provisions of the Pilot Utility's net energy metering program under § [56-594](#) or (ii) provide that electricity generated from the generation facilities subject to the third party power purchase agreement will not be net metered under § [56-594](#), provided that an election not to net meter under § [56-594](#) shall not exempt the third party power purchase agreement and the parties thereto from the requirements of this act that incorporate provisions of § [56-594](#);*
- c. A solar-powered or wind-powered generation facility with a capacity of no less than 50 kilowatts and no more than one megawatt shall be eligible for a third party power purchase agreement under the pilot program; however, if the customer under such agreement is an entity with tax-exempt status in accordance with § 501(c) of the Internal Revenue Code of 1954, as amended, then such facility is eligible for the pilot program even if it does not meet the 50 kilowatts minimum size requirement. The maximum generation capacity of one megawatt shall not affect the limits on the capacity of electrical generating capacities of 20 kilowatts for residential customers and 500 kilowatts for non-residential customers set forth in subsection B of § [56-594](#) of the Code of Virginia, which limitations shall continue to apply to net energy metering generation facilities regardless of whether they are the subject of a third party power purchase agreement under the pilot program;*
- d. A generation facility that is the subject of a third party power purchase agreement under the pilot program shall serve only one customer, and a third party power purchase agreement shall not serve multiple customers;*
- e. The customer under a third party power purchase agreement under the pilot program shall be subject to the interconnection and other requirements imposed on eligible customer-generators pursuant to subsection C of § [56-594](#) of the Code of Virginia, including*

*the requirement that the customer bear the reasonable costs, as determined by the Commission, of the items described in clauses (i), (ii), and (iii) of such subsection;*

*f. A third party power purchase agreement under the pilot program shall not be valid unless it conforms in all respects to the requirements of the pilot program conducted under the provisions of this act and unless the Commission and the Pilot Utility are provided written notice of the parties' intent to enter into a third party power purchase agreement not less than 30 days prior to the agreement's proposed effective date; and*

*g. An affiliate of the Pilot Utility shall be permitted to offer and enter into third party power purchase arrangements on the same basis as may any other person that satisfies the requirements of being a seller under a third party power purchase agreement under the pilot program.*

*§ 2. The Commission shall review the pilot program established pursuant to § 1 of this act in 2015 and every two years thereafter during the pilot program. In its review, the Commission shall determine whether the limitations in subdivisions b and c of § 1 should be expanded, reduced, or continued.*

*§ 3. Any third party power purchase agreement that is not entered into pursuant to the pilot program established pursuant to § 1 of this act is prohibited in the Pilot Utility's service territory, unless such third party power purchase agreement is entered into between a licensed supplier and a retail customer pursuant to § [56-577](#) of the Code of Virginia where such supplier is responsible for serving 100 percent of the load requirements for each retail customer account it serves.*

*§ 4. If the Commission approves a tariff proposed for electric power provided 100 percent from renewable energy that serves 100 percent of the load requirements for each retail customer account it serves under such tariff, hereafter referred to as a "green tariff," such a green tariff shall not be available to any party to a third party power purchase agreement for the account being served by such power purchase agreement, and such an agreement shall remain in effect notwithstanding the approval of the green tariff.*

*§ 5. Nothing in this act shall be construed as (i) rendering any person, by virtue of its selling electric power to an eligible customer-generator under a third party power purchase agreement entered into pursuant to the pilot program established under this act, a public utility or a competitive service provider, (ii) imposing a requirement that such a person meet 100 percent of the load requirements for each retail customer account it serves, or (iii) affecting third party power purchase agreements in effect prior to the effective date of this act.*

2. That nothing in this act shall abridge any rights of either party to an agreement between a Pilot Utility, as defined in the first enactment of this act, and a group purchasing organization acting on behalf of Virginia local governments regarding the purchase of electric service.

3. That the State Corporation Commission shall, by December 1, 2013, establish guidelines concerning (i) information to be provided in notices required under subdivision f of § 1 of the first enactment of this act and (ii) procedures for aggregating and posting to the Commission's web site information derived from the aforesaid notices, including total capacity utilized by pilot projects for which notice has been received and capacity remaining available for future pilot projects. In addition, the Commission may adopt such rules or establish such guidelines as may be necessary for its general administration of the pilot program established under this act.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ [2.2-4000](#) et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, course and credit

requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall review the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board. When the Board of Education has obtained evidence through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division level failure to implement the Standards of Quality, the Board may require a division level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit for approval by the Board a corrective action plan, consistent with criteria established by the Board and setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § [22.1-253.13:6](#).

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually identify to

the Board those school divisions and schools that exceed or do not meet the approved criteria. Such identification shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools. The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall (i) in consultation with the chairpersons of the eight regional superintendents' study groups, establish a timetable for administering the Standards of Learning assessments to ensure genuine end-of-course and end-of-grade testing and (ii) with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments.

In prescribing such Standards of Learning assessments, the Board shall provide local school boards the option of administering tests for United States History to 1877, United States History: 1877 to the Present, and Civics and Economics. The last administration of the cumulative grade eight history test will be during the 2007-2008 academic school year. Beginning with the 2008-2009 academic year, all school divisions shall administer the United States History to 1877, United States History: 1877 to the Present, and Civics and Economics tests. The Board shall also provide the option of industry certification and state licensure examinations as a student-selected verified credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test

students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade tests for various grade levels and classes, as determined by the Board, in accordance with the Standards of Learning. These Standards of Learning assessments shall include, but need not be limited to, end-of-course or end-of-grade tests for English, mathematics, science, and history and social science.

In addition, to assess the educational progress of students, the Board of Education shall (i) develop appropriate assessments, which may include criterion-referenced tests and alternative assessment instruments that may be used by classroom teachers; (ii) select appropriate industry certification and state licensure examinations and (iii) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § [22.1-18](#) any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § [30-231.2](#), who is enrolled in a preparation program for the General Education Development (GED) certificate or in an adult basic education program to obtain the high school diploma.

The Board of Education may adopt special provisions related to the administration and use of any SOL test or tests in a content area as applied to accreditation ratings for any period during which the SOL content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

D. The Board of Education may pursue all available civil remedies pursuant to § [22.1-19.1](#) or administrative action pursuant to § [22.1-292.1](#) for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision ~~1211~~ of § [2.2-3705.3](#). However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to all students for grade levels and courses identified by the Board of Education, which may include criterion-

referenced tests, teacher-made tests and alternative assessment instruments and shall include the Standards of Learning Assessments and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § [22.1-254.1](#). The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § [22.1-18](#).

H. Any school board, on behalf of one or more of its schools, may request the Board of Education for releases from state regulations and for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8 VAC [20-131-280 C](#) of the Virginia Administrative Code.

A. An approved final subdivision plat which has been recorded or an approved final site plan, hereinafter referred to as "recorded plat or final site plan," shall be valid for a period of not less than five years from the date of approval thereof or for such longer period as the local planning commission or other agent may, at the time of approval, determine to be reasonable, taking into consideration the size and phasing of the proposed development. Upon application of the subdivider or developer filed prior to expiration of a recorded plat or final site plan, the local planning commission or other agent may grant one or more extensions of such approval for additional periods as the commission or other agent may, at the time the extension is granted, determine to be reasonable, taking into consideration the size and phasing of the proposed development, the laws, ordinances and regulations in effect at the time of the request for an extension.

2. C. For so long as the final site plan remains valid in accordance with the provisions of this section, or in the case of a recorded plat for five years after approval, no change or amendment to any local ordinance, map, resolution, rule, regulation, policy or plan adopted subsequent to the date of approval of the recorded plat or final site plan shall adversely affect the right of the subdivider or developer or his successor in interest to commence and complete an approved development in accordance with the lawful terms of the recorded plat or site plan unless the change or amendment is required to comply with state law or there has been a mistake, fraud or a change in circumstances substantially affecting the public health, safety or welfare.

D. Application for minor modifications to recorded plats or final site plans made during the periods of validity of such plats or plans established in accordance with this section shall not constitute a waiver of the provisions hereof nor shall the approval of minor modifications extend the period of validity of such plats or plans.

E. The provisions of this section shall be applicable to all recorded plats and final site plans valid on or after January 1, 1992. Nothing contained in this section shall be construed to affect (i) any litigation concerning the validity of a site plan pending prior to January 1, 1992, or any such litigation nonsuited and thereafter refiled; (ii) the authority of a governing body to impose valid conditions upon approval of any special use permit, conditional use permit or special exception; (iii) the application to individual lots on recorded plats or parcels of land subject to final site plans, to the greatest extent possible, of the provisions of any local ordinance adopted pursuant to the Chesapeake Bay Preservation Act (§ [10.1-2100](#) et seq.); or (iv) the application to individual lots on recorded plats or parcels of land subject to final site plans of the provisions of any local ordinance adopted to comply with the requirements of the federal Clean Water Act, Section 402 (p.) of the Stormwater Program and regulations promulgated thereunder by the Environmental Protection Agency.

Residential or the residential portion of mixed-use projects with a density less than 1.0 FAR, or an equivalent density based on units per acre, shall be exempt from the requirements of this section and the city's zoning ordinance adopted pursuant to this section. The city's zoning ordinance requirements shall provide as follows:

1. Upon approval of a rezoning or special use application approving a residential, or the residential portion of a mixed-use project with a density equal to or greater than 1.0 FAR, or an equivalent density based on units per acre, the applicant shall provide on-site Affordable Dwelling Units as part of the project, the total gross square footage of such units shall be five percent of the amount of the gross floor area of the project that exceeds 1.0 FAR or an equivalent density based on units per acre. a. Affordable Dwelling Units at an off-site location in the city, the total gross square footage of such units shall be five percent of the amount of the gross floor area of the project that is over 1.0 FAR, or an equivalent density based on units per acre; or

b. A cash contribution to the city's affordable housing fund, which contribution shall be calculated as follows for each of the density tiers described below:

(1) Two dollars per square foot of gross floor area for residential projects greater than 1.0 FAR or an equivalent density based on units per acre.

(2) For mixed-use projects, cash contributions shall be calculated by applying the proportionate amount of residential gross floor area at two dollars per square foot.

The cash contribution shall be indexed to the Consumer Price Index for Housing in the ~~CharlottevilleMSA~~ *south urban region* as published by the Bureau of Labor Statistics and shall be adjusted annually based upon the changes made in January to such index.

3. For purposes of this section, "Affordable Dwelling Units" mean units committed for a 30-year term as affordable to households with incomes at 60 percent or less of the area median income.

B. Nothing in this section shall be construed to repeal the city's authority under any other provision of law.

1.

§ 1. *That this act shall be known and may be cited as the "Public School Security Equipment Grant Act of 2013."*

§ 2. *For purposes of this act:*

*"Authority" means the Virginia Public School Authority.*

*"Department" means the Department of Education.*

The term shall also include the Virginia School for the Deaf and the Blind.*

*"Local school division" means a school division with schools subject to state accreditation and whose students are required to be reported in fall membership for grades K through 12.*

*§ 3. The Authority shall issue bonds for the purpose of grant payments to eligible school divisions of the Commonwealth to be used exclusively for purchasing security equipment for schools, including any related installation, which is designed to improve and help ensure the safety of students attending public schools in Virginia. Such grants shall not be used to pay for security equipment that is not included or described in a grant application approved by the Department pursuant to § 4. The amount of grants provided to each eligible school division pursuant to this act shall not exceed \$100,000 for each fiscal year of the Commonwealth. Funds for the payment of such grants shall be provided from the issuance of bonds by the Authority, provided that the Authority shall not issue more than an aggregate of \$6 million in bonds, after all costs, for such grants during each fiscal year of the Commonwealth. In addition, the Authority shall ensure that no more than an aggregate principal amount of \$30 million in bonds issued under this act shall be outstanding at any time. Eligible school divisions seeking a grant shall apply to the Department, which shall be responsible for administering the grant program. The Authority shall work with the Department to determine the schedule for the issuance of the bonds, which shall be based in part upon eligible school divisions having sufficient funds to purchase such security equipment. The payment of debt service on such bonds shall be as provided in the general appropriation act.*

*Such grants shall be in addition to all other grants made to local governments, school boards, or school divisions according to law. In addition, such grants shall not replace or be in lieu of loans to local school boards or interest rate subsidy payments to local school boards pursuant to Chapter 11.1 (§ [22.1-175.1](#) et seq.) of Title 22.1 of the Code of Virginia, and the issuance of such bonds and the payment of such grants shall not, except as herein provided, affect or otherwise amend the provisions of such chapter as they relate to the powers and duties of the Authority, local school boards, local governments, or any other entity.*

*§ 4. Based on the criteria developed by the Department in collaboration with the Department of Criminal Justice Services, eligible school divisions shall apply for a grant by August 1 of each year. As a condition of receiving a grant, a local match of 25 percent of*

*the grant amount shall be required. The Superintendent of Public Instruction is authorized to reduce the local match for local school divisions with a composite index of local ability-to-pay less than 0.2000, including any such school division participating in a regional vocational center, special education center, alternative education center, or academic year Governor's School. The Virginia School for the Deaf and the Blind shall be exempt from the match requirement.*

*Grants shall be awarded by the Department on a competitive basis. As part of the application for a grant, each eligible school division shall (i) identify with specificity the security equipment for which grants are being sought, as well as the estimated costs to purchase and install the security equipment, and (ii) certify that it is the intent of the eligible school division to purchase the security equipment within six months of approval of any grant by the Department.*

*If the Department determines that a grant shall be paid to an eligible school division under this act, it shall provide a written certification to the chairman of the Authority directing him to make a grant payment in a specific amount to the eligible school division. The Department, however, shall not make such written certification until it has established that the Authority has sufficient funds to make such grant payment. The Authority shall only make grant payments to an eligible school division for the grants provided under this act upon receipt of such written certification. The Authority shall make such grant payments, and in the amounts as directed by the Department, within 30 days of receipt of the certification.*

*§ 5. The Department shall develop guidelines concerning the requirements for applying for a grant and the administration of such grants. Such guidelines shall not be subject to the Administrative Process Act (§ [2.2-4000](#) et seq. of the Code of Virginia).*

*§ 6. In the event that two or more local school divisions became one local school division, whether by consolidation of only the local school divisions or by consolidation of the local governments, such resulting local school division shall be eligible for grants on the basis of the same number of local school divisions as existed prior to September 30, 2012.*

*§ 7. The Authority shall take all necessary and proper steps as it is authorized to take under law to carry out the provisions of this act.*

*§ 8. Beginning in 2014, the Department shall make an annual report to the General Assembly by September 1 of each year reporting (i) the total grants paid during the immediately prior fiscal year to each eligible school division and (ii) a general description of the security equipment purchased by eligible school divisions.*

2. That the provisions of this act shall not become effective unless an appropriation effectuating the purposes of this act is included in a general appropriation act passed by the 2013 Session of the General Assembly, which becomes law.

Without limiting the foregoing, the benefits offered or arranged by a carrier's indemnity group accident and sickness policy under Chapter 34 (§ [38.2-3400](#) et seq.) of this title, health services plan under Chapter 42 (§ [38.2-4200](#) et seq.) of this title or preferred provider organization plan under Chapter 34 (§ [38.2-3400](#) et seq.) or 42 (§ [38.2-4200](#) et seq.) of this title which permit an enrollee (and eligible dependents) to receive the full range of covered items and services outside of a provider panel, including optometrists and clinical psychologists, and which are otherwise in compliance with applicable law and this section shall constitute a point-of-service benefit.

"Preferred provider organization plan" means a health benefit program offered pursuant to a preferred provider policy or contract under § [38.2-3407](#) or covered services offered under a preferred provider subscription contract under § [38.2-4209](#).

"Provider panel" means the participating providers or referral providers who have a contract, agreement or arrangement with a health maintenance organization or other carrier, either directly or through an intermediary, and who have agreed to provide items or services to enrollees of the health maintenance organization or other carrier.

B. To the maximum extent permitted by applicable law, every health care plan offered or proposed to be offered in this Commonwealth by a health maintenance organization licensed under this title to a group contract holder shall provide or include, or the health maintenance organization shall arrange for or contract with another carrier to provide or include, a point-of-service benefit to be provided or offered in conjunction with the health maintenance organization's health care plan as an additional benefit for the enrollee, at the enrollee's option, individually to accept or reject. In connection with its group enrollment application, every health maintenance organization shall, at no additional cost to the group contract holder, make available or arrange with a carrier to make available to the prospective group contract holder and to all prospective enrollees, in advance of initial enrollment and in advance of each reenrollment, a notice in form and substance acceptable to the Commission which accurately and completely explains to the group contract holder and prospective enrollee the point-of-service benefit and permits each

enrollee to make his or her election. The form of notice provided in connection with any reenrollment may be the same as the approved form of notice used in connection with initial enrollment and may be made available to the group contract holder and prospective enrollee by the carrier in any reasonable manner.

C. To the extent permitted under applicable law, a health maintenance organization providing or arranging, or contracting with another carrier to provide, the point-of-service benefit under this section and a carrier providing the point-of-service benefit required under this section under arrangement or contract with a health maintenance organization:

1. May not impose, or permit to be imposed, a minimum enrollee participation level on the point-of-service benefit alone;
2. May not refuse to reimburse a provider of the type listed or referred to in § [38.2-3408](#) or §[38.2-4221](#) for items or services provided under the point-of-service benefit required under this section solely on the basis of the license or certification of the provider to provide such items or services if the carrier otherwise covers the items or services provided and the provision of the items or services is within the provider's lawful scope of practice or authority; and
3. Shall rate and underwrite all prospective enrollees of the group contract holder as a single group prior to any enrollee electing to accept or reject the point-of-service benefit.

D. The premium imposed by a carrier with respect to enrollees who select the point-of-service benefit may be different from that imposed by the health maintenance organization with respect to enrollees who do not select the point-of-service benefit. Unless a group contract holder determines otherwise, any enrollee who accepts the point-of-service benefit shall be responsible for the payment of any premium over the amount of the premium applicable to an enrollee who selects the coverage offered by the health maintenance organization without the point-of-service benefit and for any identifiable group specific administrative cost incurred directly by the carrier or any administrative cost incurred by the group contract holder in offering the point-of-service benefit to the enrollee. If a carrier offers the point-of-service benefit to a group contract holder where no enrollees of the group contract holder elect to accept the point-of-service benefit and incurs an identifiable group specific administrative cost directly as a consequence of the offering to that group contract holder, the carrier may reflect that group specific administrative cost in the premium charged to other enrollees selecting the point-of-service benefit under this section. Unless the group contract holder otherwise directs or authorizes the carrier in writing, the carrier shall make reasonable efforts to ensure that no portion of the cost of offering or arranging the point-of-service benefit shall be reflected in

the premium charged by the carrier to the group contract holder for a group health benefit plan without the point-of-service benefit. Any premium differential and any group specific administrative cost imposed by a carrier relating to the cost of offering or arranging the point-of-service benefit must be actuarially sound and supported by a sworn certification of an officer of each carrier offering or arranging the point-of-service benefit filed with the Commission certifying that the premiums are based on sound actuarial principles and otherwise comply with this section. The certifications shall be in a form, and shall be accompanied by such supporting information in a form acceptable to the Commission.

E. Any carrier may impose different co-insurance, co-payments, deductibles and other cost-sharing arrangements for the point-of-service benefit required under this section based on whether or not the item or service is provided through the provider panel of the health maintenance organization; provided that, except to the extent otherwise prohibited by applicable law, any such cost-sharing arrangement:

1. Shall not impose on the enrollee (or his or her eligible dependents, as appropriate) any co-insurance percentage obligation which is payable by the enrollee which exceeds the greater of: (i) thirty percent of the carrier's allowable charge for the items or services provided by the provider under the point-of-service benefit or (ii) the co-insurance amount which would have been required had the covered items or services been received through the provider panel;
2. Shall not impose on an enrollee (or his or her eligible dependents, as appropriate) a co-payment or deductible which exceeds the greatest co-payment or deductible, respectively, imposed by the carrier or its affiliate under one or more other group health benefit plans providing a point-of-service benefit which are currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and are subject to regulation under this title; and
3. Shall not result in annual aggregate cost-sharing payments to the enrollee (or his or her eligible dependents, as appropriate) which exceed the greatest annual aggregate cost-sharing payments which would apply had the covered items or services been received under another group health benefit plan providing a point-of-service benefit which is currently offered and actively marketed by the carrier or its affiliate in the Commonwealth and which is subject to regulation under this title.

F. Except to the extent otherwise required under applicable law, any carrier providing the point-of-service benefit required under this section may not utilize an allowable charge or basis for determining the amount to be reimbursed or paid to any provider from which covered items or services are received under the point-of-service benefit which is not at least as favorable to the provider as that used:

1. By the carrier or its affiliate in calculating the reimbursement or payment to be made to similarly situated providers under another group health benefit plan providing a point-of-service benefit which is subject to regulation under this title and which is currently offered or arranged by the carrier or its affiliate and actively marketed in the Commonwealth, if the carrier or its affiliate offers or arranges another such group health benefit plan providing a point-of-service benefit in the Commonwealth; or

2. By the health maintenance organization in calculating the reimbursement or payment to be made to similarly situated providers on its provider panel.

G. Except as expressly permitted in this section or required under applicable law, no carrier shall impose on any person receiving or providing health care items or services under the point-of-service benefit any condition or penalty designed to discourage the enrollee's selection or use of the point-of-service benefit, which is not otherwise similarly imposed either: (i) on enrollees in another group health benefit plan, if any, currently offered or arranged and actively marketed by the carrier or its affiliate in the Commonwealth or (ii) on enrollees who receive the covered items or services from the health maintenance organization's provider panel. Nothing in this section shall preclude a carrier offering or arranging a point-of-service benefit from imposing on enrollees selecting the point-of-service benefit reasonable utilization review, preadmission certification or precertification requirements or other utilization or cost control measures which are similarly imposed on enrollees participating in one or more other group health benefit plans which are subject to regulation under this title and are currently offered and actively marketed by the carrier or its affiliates in the Commonwealth or which are otherwise required under applicable law.

H. Except as expressly otherwise permitted in this section or as otherwise required under applicable law, the scope of the health care items and services which are covered under the point-of-service benefit required under this section shall at least include the same health care items and services which would be covered if provided under the health maintenance organization's health care plan, including without limitation any items or services covered under a rider or endorsement to the applicable health care plan. Carriers shall be required to disclose prominently in all group health benefit plans and in all marketing materials utilized with respect to such group health benefit plans that the scope of the benefits provided under the point-of-service option are at least as great as those provided through the HMO's health care plan for that group. Filings of point-of-service benefits submitted to the Commission shall be accompanied by a certification signed by an officer of the filing carrier certifying that the scope of the point-of-

service benefits includes at a minimum the same health care items and services as are provided under the HMO's group health care plan for that group.

I. Nothing in this section shall prohibit a health maintenance organization from offering or arranging the point-of-service benefit (i) as a separate group health benefit plan or under a different name than the health maintenance organization's group health benefit plan which does not contain the point-of-service benefit or (ii) from managing a group health benefit plan under which the point-of-service benefit is offered in a manner which separates or otherwise differentiates it from the group health benefit plan which does not contain the point-of-service benefit.

J. Notwithstanding anything in this section to the contrary, to the extent permitted under applicable law, no health maintenance organization shall be required to offer or arrange a point-of-service benefit under this section with respect to any group health benefit plan offered to a group contract holder if the health maintenance organization determines in good faith that the group contract holder will be concurrently offering another group health benefit plan or a self-insured or self-funded health benefit plan which allows the enrollees to access care from their provider of choice whether or not the provider is a member of the health maintenance organization's panel.

K. This section shall apply only to group health benefit plans issued in the Commonwealth in the commercial group market by carriers regulated by this title and shall not apply to (i) health care plans, contracts or policies issued in the individual market; (ii) coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. or Title XX of the Social Security Act, 42 U.S.C. § 1397 et seq. (Medicaid), 5 U.S.C. § 8901 et seq. 2. A cancellation or discontinuance of coverage when the health benefit plan covers active employees and, if applicable, dependents and those covered under continuation coverage provisions, if the employee pays no premiums for coverage after termination of employment and the cancellation or discontinuance of coverage is effective retroactively back to the date of termination of employment due to a delay in administrative record-keeping.

"Stabilize" means with respect to an emergency medical condition, to provide such medical treatment as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility, or, with respect to a pregnant woman, that the woman has delivered, including the placenta.

*"Wellness program" means a program offered by an employer that is designed to promote health or prevent disease.*

§ [38.2-3439](#). Dependent coverage for individuals to age 26.

A. Notwithstanding any provision of § [38.2-3500](#) or [38.2-3525](#), or any other section of this title to the contrary, a health carrier that makes available dependent coverage for a child shall make that coverage available for a child until such child attains the age of 26.

1. A health carrier shall not define "dependent" for purposes of eligibility for dependent coverage for a child other than in terms of a relationship between a child and the covered person.

2. A health carrier shall not deny or restrict coverage for a child who has not attained the age of 26 based on the presence or absence of the child's financial dependency on the covered person, residency with the covered person, marital status, student status, employment, or any combination of those factors.

3. Nothing in this section shall be construed to require a health carrier to make coverage available for the child of a child receiving dependent coverage, unless the grandparent becomes the legal guardian or adoptive parent of that grandchild.

4. The terms of coverage in a health benefit plan offered by a health carrier providing dependent coverage may not vary based on age except for children who are 26 years of age or older.

*5. A health carrier shall not deny or restrict coverage of a child based on eligibility for other coverage.*

B. Any child whose coverage ended, who was denied coverage, or who was not eligible for group or individual health insurance coverage under a health benefit plan because, under the terms of such plan, the availability of dependent coverage of a child ended before the attainment of the age of 26, shall be given written notice of the opportunity to enroll. The child shall be offered all the benefit packages available to, and shall not be required to pay more for coverage than, similarly situated individuals who did not lose coverage by reason of cessation of dependent status.

1. The health carrier shall give such child written notice of the opportunity to enroll not later than the first day of the next plan year or policy year, and shall provide for an enrollment period that continues for at least 30 days.

2. The written notice of opportunity to enroll shall include a statement that a child is eligible to enroll in dependent coverage if coverage ended, coverage was denied, or the child was ineligible for coverage because the availability of dependent coverage for a child ended before the attainment of the age of 26.

a. The notice may be provided to the covered person on behalf of the covered person's child.

b. For group health insurance coverage, the notice may be included with other enrollment materials that the health carrier distributes to employees, provided the statement is prominent.

3. For any child of a covered person who enrolls, the coverage shall take effect not later than the first day of such plan year or policy year.

C. This section shall apply to any health carrier providing individual or group health insurance coverage, except that for plan years beginning before January 1, 2014, a grandfathered group health plan that makes available dependent coverage for a child may exclude a child who has not attained the age of 26 from coverage only if the child is eligible to enroll in an eligible employer-sponsored health benefit plan, as defined in § 5000A(f)(2) of the Internal Revenue Code, other than the group health plan of a parent. For plan years beginning on or after January 1, 2014, any grandfathered plan shall comply with the requirements of subsections A and B.

§ [38.2-3440](#). Lifetime and annual limits.

A. Notwithstanding any provision of § [38.2-3406.1](#), [38.2-3406.2](#), or [38.2-3418.5](#), or any other section of this title to the contrary, a health carrier offering group or individual health insurance coverage shall not establish a lifetime limit on the dollar amount of essential health benefits for any covered person.

~~B. Beginning on January 1, 2014, a~~ A health carrier shall not establish any annual limit on the dollar amount of essential health benefits for any covered person.

~~C. For a plan or policy year beginning prior to January 1, 2014, a health benefit plan may establish an annual limit on the dollar amount of essential health benefits for any covered person, provided the limit is no less than the following:~~

~~1. For a plan or policy year beginning after September 22, 2010, but before September 23, 2011, \$750,000;~~

~~2. For a plan or policy year beginning after September 22, 2011, but before September 23, 2012, \$1.25 million; and~~

~~3. For a plan or policy year beginning after September 22, 2012, but before January 1, 2014, \$2 million.~~

~~D-C. The provisions of this section shall not prevent a health carrier from placing annual or lifetime dollar limits for any covered person on specific covered benefits that are not essential health benefits to the extent that such limits are otherwise permitted under applicable federal or state law.~~

~~E. For a plan or policy year beginning prior to January 1, 2014, a health benefit plan is exempt from the annual limit requirements if the plan is approved for a waiver from such requirements by the U.S. Department of Health and Human Services, but such exemption only applies for the specified period of time that the waiver is applicable.~~

~~1. If a health benefit plan receives a waiver from the U.S. Department of Health and Human Services, the health carrier shall notify prospective applicants and affected policyholders and the Commission within 30 days of receipt of the waiver.~~

~~2. Within 30 days of when the waiver expires or is otherwise no longer in effect, the health carrier shall notify affected policyholders.~~

~~F. If an individual's benefits under a health benefit plan ended by reason of reaching a lifetime limit on the dollar amount of benefits, the health carrier shall provide such individual written notice that the lifetime limit on the dollar value of benefits no longer applies; and the individual, if still eligible to be covered under the plan, may be reinstated to receive benefits under the plan.~~

~~1. If the individual is not enrolled in the plan, or if an enrolled individual is eligible for any other benefit package offered under the plan, the health benefit plan shall provide an opportunity for the individual to enroll in any benefit packages offered under the plan for a period of at least 30 days.~~

~~2. For individual health insurance coverage, an individual is not entitled to reinstatement under the health benefit plan if the individual reached his lifetime limit and the contract is not renewed or is otherwise no longer in effect. Reinstatement shall apply to a family member who reached his lifetime limit in a family plan and other family members remain covered under the plan.~~

~~3. The notice and enrollment opportunity under this subsection shall be provided beginning not later than the first day of the next plan year or policy year.~~

~~4. The required notice shall be provided to a covered person, or the covered person on behalf of his dependent. For group health insurance coverage, the notice may be included with other enrollment materials that a health carrier distributes to employees, provided the notice is prominently presented with such materials.~~

~~5. Reinstatement shall occur not later than the first day of such plan year or policy year.~~

~~G.D.~~ This section shall apply to any health carrier providing individual or group health insurance coverage, except that the prohibition and limits on annual limits shall not apply to a grandfathered plan providing individual health insurance coverage.

§ [38.2-3442](#). Preventive services.

3. With respect to infants, children, and adolescents, evidence-informed preventive care and screenings ~~in the Recommendations for Preventive Pediatric Health by the American Academy of Pediatrics and the Recommended Uniform Screening Panels by the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children~~ *provided for in comprehensive guidelines supported by the Health Resources and Services Administration*; and

4. With respect to women, evidence-informed preventive care and screenings recommended in comprehensive guidelines supported by the Health Resources and Services Administration.

B. A health carrier is not required to provide coverage for any items or services specified in any recommendation or guideline described in subsection A after the recommendation or guideline is no longer in effect.

C. A health carrier shall at least annually at the beginning of each new plan year or policy year revise the preventive services covered under its health benefit plans pursuant to this section consistent with the most current recommendations of the U.S. Preventive Services Task Force, the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, and the guidelines with respect to infants,

children, adolescents, and women evidence-based preventive care and screenings by the Health Resources and Services Administration in effect at the time.

D. 1. A health carrier may impose cost-sharing requirements with respect to an office visit if an item or service is billed separately or is tracked as individual encounter data separately from the office visit.

2. A health carrier shall not impose cost-sharing requirements with respect to an office visit if an item or service is not billed separately or is not tracked as individual encounter data separately from the office visit and the primary purpose of the office visit is the delivery of the item or service.

E. Nothing in this section shall preclude a health carrier that has a network of providers from imposing cost-sharing requirements for items or services that are delivered by an out-of-network provider.

F. This section shall apply to any health carrier providing individual or group health insurance coverage, except for any grandfathered plan.

§ [38.2-3444](#). Preexisting condition exclusions.

B. ~~Where a~~ A health carrier *that* offers individual health insurance coverage ~~that only covers individuals under the age of 19, such health carrier~~ may offer coverage continuously throughout the year or during an open enrollment period in January and July of each calendar year.

C. ~~During an open enrollment period, a health carrier shall not deny or unreasonably delay the issuance of a policy or refuse to issue a policy to an individual who is under the age of 19 on the basis of a preexisting condition.~~

D. ~~Coverage shall be effective for an individual applying during an open enrollment period on the same basis as any applicant qualifying for coverage on an underwritten basis.~~

E. ~~Each health carrier shall provide a prominent public notice on its website and written notice to each covered person at least 90 days prior to the open enrollment period of the~~

~~open enrollment rights for individuals under the age of 19 and provide information as to how an individual eligible for this open enrollment right may apply for coverage with the health carrier during an open enrollment period.~~

F.C. This section shall apply to any health carrier providing individual or group health insurance coverage, including a grandfathered plan for group health insurance coverage, but not including a grandfathered plan for individual health insurance coverage.

*B. A health carrier shall not require any covered person as a condition of enrollment or continued enrollment under a health benefit plan to pay a premium or contribution that is greater than such premium or contribution for a similarly situated covered person enrolled in the plan on the basis of any health status-related factor in relation to the covered person.*

*§ [38.2-3450](#). Genetic information and testing.*

*A. A health carrier offering a health benefit plan providing individual and group health insurance coverage shall not adjust premium or contribution amounts for a covered person under such plan on the basis of genetic information.*

*(2) Noncompliance will have no effect on enrollment status or premium or contribution amounts;*

*c. No genetic information collected or acquired under this subsection shall be used for underwriting purposes;*

*d. The health carrier notifies the federal Secretary of Health and Human Services in writing that the health carrier is conducting activities pursuant to the exception provided in this subsection, including a description of all the activities conducted; and*

*e. The health carrier complies with such other conditions as the Secretary may by regulation require for activities conducted under this subsection.*

No qualified health insurance plan that is sold or offered for sale through an exchange established or operating in the Commonwealth shall provide coverage for abortions, regardless of whether such coverage is provided through the plan or is offered as a separate optional rider thereto, provided that such limitation shall not apply to an abortion performed (i) when the life of the mother is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself, or (ii) when the pregnancy is the result of an alleged act of rape or incest.*

*§ [38.2-3452](#). Waiting periods.*

*Notwithstanding any provision of § [38.2-3436](#), [38.2-4216.1](#), or any other section of this title to the contrary, a health carrier offering a health benefit plan providing group health insurance coverage shall not apply any waiting period that exceeds 90 days.*

*§ [38.2-3453](#). Clinical trials.*

*B. For purposes of this section:*

*1. "Approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and the study or investigation is (i) a federally funded or approved trial, (ii) conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration, or (iii) a drug trial that is exempt from having an investigational new drug application.*

*2. "Life threatening condition" means any disease or condition from which the likelihood of death is probable unless the course of disease or condition is interrupted.*

*3. "Qualified individual" means a covered person who is eligible to participate in an approved clinical trial according to the trial protocol, with respect to treatment of cancer or other life-threatening disease or condition, and the referring health care professional has concluded that the individual's participation in such trial is appropriate to treat the disease or condition, or the individual's participation is based on medical and scientific information.*

*4. "Routine patient costs" means all items and services consistent with the coverage provided under the health benefit plan that is typically covered for a qualified individual who is not enrolled in a clinical trial. Routine patient costs do not include the investigational item, device, or service itself; items or services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.*

*C. Nothing in this section shall preclude a health benefit plan from requiring that a qualified individual participate in an approved clinical trial through a participating provider if such provider will accept the individual as a participant in the trial. However, a health benefit plan may not preclude a qualified individual from participating in an approved clinical trial conducted outside the state in which the individual resides.*

*This section shall not be construed to require that a health benefit plan provide benefits outside of the plan's health care provider network unless out-of-network benefits are otherwise provided under the plan.*

*D. This section shall not apply to any grandfathered plan providing individual or group health insurance coverage.*

§ [38.2-3454](#). *Wellness programs.*

A. A health carrier offering a health benefit plan providing group health insurance coverage may provide for a wellness program if such program is made available to all similarly situated individuals. A wellness program may include:

1. A program that reimburses all or part of the cost for membership to a fitness center;
2. A diagnostic testing program that provides a reward for participation and does not base any part of the reward on outcomes;
3. A program that encourages preventive care related to a health condition through the waiver of the copayment or deductible requirement under a group health plan for the cost of certain items or services related to a health condition, such as prenatal care or well-baby visits;
4. A program that reimburses individuals for the cost of smoking cessation programs without regard to whether the individual quits smoking; or
5. A program that provides a reward to individuals for attending a periodic health education seminar.

B. Notwithstanding any provision of § [38.2-3449](#), [38.2-3540.2](#), or any other section of this title to the contrary, a health carrier offering a health benefit plan providing group health insurance coverage shall not create conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program that is based on an individual satisfying a standard related to a health status factor, except in instances where the following requirements are satisfied:

1. The reward for the wellness program, together with the reward for other wellness programs with respect to the plan that requires satisfaction of a standard related to a health status factor, does not exceed 30 percent of the cost of employee-only coverage. If, in addition to employees or individuals, any class of dependents may participate fully in the wellness program, such reward shall not exceed 30 percent of the cost of the coverage in which any employee or individual and any dependents are enrolled;
2. The wellness program is reasonably designed to promote health or prevent disease;
3. The health carrier gives individuals eligible for the program the opportunity to qualify for the reward under the program at least once each year;
4. The full reward under the wellness program is made available to all similarly situated individuals. The reward is not available to all similarly situated individuals for a period unless the wellness program allows for a reasonable alternative standard or waiver of the otherwise applicable standard for obtaining the reward for any individual for whom, for that period, (i) it is unreasonably difficult due to a medical condition to satisfy the otherwise applicable standard or (ii) it is medically inadvisable to attempt to satisfy the

*otherwise applicable standard. The health carrier may seek verification, such as a statement from an individual's physician, that a health status factor makes it unreasonably difficult or medically inadvisable for the individual to satisfy or attempt to satisfy the otherwise applicable standard; and*

*5. The health carrier discloses, in all health benefit plan materials describing the terms of the wellness program, the availability of a reasonable alternative standard or the possibility of waiver of the otherwise applicable standard required under subdivision 4. If plan materials disclose that such a program is available without describing its terms, the disclosure under this subdivision shall not be required.*

§ [38.2-3501](#). Policy forms; powers of Commission.

A. Individual accident and sickness insurance policy forms and the rate manuals showing rules and classification of risks applicable to individual accident and sickness insurance policy forms shall be subject to the provisions of § [38.2-316](#). The Commission, subject to § [38.2-316](#), may disapprove or withdraw approval of any such policy form if it finds that the benefits provided in the policy form are or are likely to be unreasonable in relation to the premium charged. If the Commission disapproves a policy form or withdraws approval of a form, an insurer may proceed as indicated in § [38.2-1926](#).

*B. The provisions of this section shall not apply in any instance in which the provisions of this section are inconsistent or in conflict with a provision of Article 6 (§ [38.2-3438](#) et seq.) of Chapter 34.*

§ [38.2-3503](#). Required accident and sickness policy provisions.

A. Except as provided in § [38.2-3505](#), each individual accident and sickness insurance policy delivered or issued for delivery in this Commonwealth shall contain the provisions specified in this section using the same words which appear in this section. Provisions 1 through 12 shall apply to all such policies. In addition, provision 13 shall apply to all such policies that are delivered, issued for delivery, renewed, or extended in this Commonwealth on or after January 1, 2001. An insurer may substitute corresponding provisions of different wording approved by the Commission that are in each instance not less favorable in any respect to the insured or the beneficiary. These provisions shall be preceded individually by the caption "REQUIRED PROVISIONS" or by such appropriate individual or group captions or subcaptions as the Commission may approve.

1. Provision 1:

ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the Company and unless

such approval is endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

2. Provision 2:

TIME LIMIT ON CERTAIN DEFENSES: (a) Misstatements in the application: After two years from the date of this policy, only fraudulent misstatements in the application may be used to void the policy or deny any claim for loss incurred or disability (as defined in the policy) that starts after the two-year period.

Provision 2 shall not be construed to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of subdivisions 1, 2, 3, 4, and 5 of § [38.2-3504](#) in the event of misstatement with respect to age, occupation or other insurance.

Instead of Provision 2, a policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (i) until at least age 50 or, (ii) for a policy issued after age 44, for at least five years from its date of issue, may contain the following provision, from which the clause in parentheses may be omitted at the insurer's option:

INCONTESTABLE:

(a) Misstatements in the application: After this policy has been in force for two years during the Insured's lifetime (excluding any period during which the Insured is disabled), the Company cannot contest the statements in the application.

PREEXISTING CONDITIONS:

(b) No claim for loss incurred or disability (as defined in the policy) that starts after one year from the date of issue of this policy will be reduced or denied because a sickness or physical condition, not excluded by name or specific description before the date of loss, had existed before the effective date of coverage.

3. Provision 3:

GRACE PERIOD: This policy has a ..... day grace period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following ..... days. During the grace period the policy shall continue in force.

In Provision 3 a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies shall be inserted between the words "a" and "day," and between "following" and "days." *However, if provisions of federal law require a policy to have a grace period in excess of one month, the period of time that the policy shall continue in force during the grace period shall not be required to exceed one month from the beginning of the grace period.*

A policy that contains a cancellation provision may add, at the end of Provision 3: "subject to the right of the Company to cancel in accordance with the cancellation provision." A policy in which the insurer reserves the right to refuse any renewal shall have, in Provision 3, the following sentence:

The grace period will not apply if, at least . . . . . days before the premium due date, the Company has delivered or has mailed to the Insured's last address shown in the Company's records written notice of the Company's intent not to renew this policy.

In the above sentence a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies shall be inserted between the words "least" and "days."

4. Provision 4:

REINSTATEMENT: If the renewal premium is not paid before the grace period ends, the policy will lapse. Later acceptance of the premium by the Company or by an agent authorized to accept payment, without requiring an application for reinstatement, will reinstate the policy. If the Company or its agent requires an application for reinstatement, the Insured will be given a conditional receipt for the premium. If the application is approved the policy will be reinstated as of the approval date. Lacking such approval, the policy will be reinstated on the forty-fifth day after the date of the conditional receipt unless the Company has previously written the Insured of its disapproval. The reinstated policy will cover only loss that results from an injury sustained after the date of reinstatement and sickness that starts more than 10 days after such date. In all other respects the rights of the Insured and the Company will remain the same, subject to any provisions noted or attached to the reinstated policy. Any premiums the Company accepts for a reinstatement will be applied to a period for which premiums have not been paid. No premiums will be applied to any period more than 60 days prior to the date of reinstatement. The last sentence of Provision 4 may be omitted from any policy that the Insured has the right to continue in force subject to its terms by the timely payment of premiums (i) until at least age 50, or (ii) for a policy issued after age 44, for at least five years from its effective date.

5. Provision 5:

NOTICE OF CLAIM: Written notice of claim must be given within 20 days after a covered loss starts or as soon as reasonably possible. The notice can be given to the Company at ..... (insert the location of such office as the insurer may designate for the purpose), or to the Company's agent. Notice should include the name of the Insured, and Claimant if other than the Insured, and the policy number.

Optional paragraph: If the Insured has a disability for which benefits may be payable for at least two years, at least once in every six months after the Insured has given notice of claim, the Insured must give the Company notice that the disability has continued. The Insured need not do this if legally incapacitated. The first six months after any filing of proof by the Insured or any payment or denial of a claim by the Company will not be counted in applying this provision. If the Insured delays in giving this notice, the Insured's right to any benefits for the six months before the date the Insured gives notice will not be impaired.

6. Provision 6:

CLAIM FORMS: When the Company receives the notice of claim, it will send the Claimant forms for filing proof of loss. If these forms are not given to the Claimant within 15 days after the giving of such notice, the Claimant shall meet the proof of loss requirements by giving the Company a written statement of the nature and extent of the loss within the time limit stated in the Proofs of Loss Section.

7. Provision 7:

PROOFS OF LOSS: If the policy provides for periodic payment for a continuing loss, written proof of loss must be given the Company within 90 days after the end of each period for which the Company is liable. For any other loss, written proof must be given within 90 days after such loss. If it was not reasonably possible to give written proof in the time required, the Company shall not reduce or deny the claim for this reason if the proof is filed as soon as reasonably possible. In any event, except in the absence of legal capacity, the proof required must be given no later than one year from the time specified.

8. Provision 8:

TIME OF PAYMENT OF CLAIMS: After receiving written proof of loss, the Company will pay ..... (Insert period for payment which must not be less frequently than monthly) all benefits then due for . . . . (Insert type of loss). Benefits for any other loss covered by this policy will be paid as soon as the Company receives proper written proof.

9. Provision 9:

PAYMENT OF CLAIMS: Benefits will be paid to the Insured. Loss of life benefits are payable in accordance with the beneficiary designation in effect at the time of payment. If none is then in effect, the benefits will be paid to the Insured's estate. Any other benefits unpaid at death may be paid, at the Company's option, either to the Insured's beneficiary or the Insured's estate.

Optional paragraph: If benefits are payable to the Insured's estate or a beneficiary who cannot execute a valid release, the Company can pay benefits up to \$..... (insert an amount which shall not exceed \$2,000), to someone related to the Insured or beneficiary

by blood or by marriage whom the Company considers to be entitled to the benefits. The Company will be discharged to the extent of any payment made in good faith.

Optional paragraph: The Company may pay all or a portion of any indemnities provided for health care services to the health care services provider, unless the Insured directs otherwise in writing by the time proofs of loss are filed. The Company cannot require that the services be rendered by a particular health care services provider.

10. Provision 10:

PHYSICAL EXAMINATIONS AND AUTOPSY: The Company at its own expense has the right to have the Insured examined as often as reasonably necessary while a claim is pending. It may also have an autopsy made unless prohibited by law.

11. Provision 11:

LEGAL ACTIONS: No legal action may be brought to recover on this policy within 60 days after written proof of loss has been given as required by this policy. No legal action may be brought after three years from the time written proof of loss is required to be given.

12. Provision 12:

CHANGE OF BENEFICIARY: The Insured can change the beneficiary at any time by giving the Company written notice. The beneficiary's consent is not required for this or any other change in the policy, unless the designation of the beneficiary is irrevocable.

13. Provision 13:

CANCELLATION BY INSURED: The Insured may cancel this policy at any time by written notice delivered or mailed to the Company effective upon receipt or on such later date as may be specified in the notice. In the event of cancellation, the Company shall return promptly the unearned portion of any premium paid. The earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation.

Notwithstanding the provisions of § [38.2-3503](#), if an insurer elects to use a simplified application form, with or without a specific question as to the applicant's health, but without any detailed questions concerning the insured's health history or medical treatment history, the policy shall cover any loss occurring after twelve months from the effective date of coverage from any preexisting condition not specifically excluded from

coverage by terms of the policy. Except as so provided, the policy shall not include wording that would permit a defense based upon preexisting conditions.

*B. The Commissioner may reopen a fishery sector closed pursuant to this section if, after all reports have been received, the portion of the total allowable landings has not been harvested by that sector. The Commission may establish any regulations it deems necessary and advisable, including trip limits or a time-limited reopening, to ensure that the allowable landings for a reopened sector is not exceeded. Any such reopening and subsequent closure shall be done by direct notice to the relevant sector of the fishery.*

~~B. Upon notification by the National Marine Fisheries Service of the date on which a determination that the purse seine fishery for Atlantic menhaden meets the annual menhaden harvest cap in the Chesapeake Bay, the Secretary of Natural Resources Commissioner shall promptly publish a notice in the Virginia Register announcing the date of closure. The Secretary of Natural Resources Commissioner shall also notify the operators of the purse seine fishery for Atlantic menhaden by the most convenient and expeditious means available. The credit may be used only for the subsequent annual harvest and shall not be spread over multiple years. Any annual harvest in excess of the harvest cap shall be deducted from the harvest cap, as modified pursuant to this subsection and subsection C for the subsequent annual harvest.

~~E. The 2007 harvest cap for the purse seine fishery for Atlantic menhaden shall be adjusted for any underage or overage, as specified in subsection D, from the actual 2006 harvest of the purse seine fishery for Atlantic menhaden.~~

~~F. No person shall take Atlantic menhaden by purse seine for reduction purposes from the Chesapeake Bay after the later of the date of closure implemented pursuant to subsection B or the date that actual notice is provided of such closure pursuant to subsection B. § [15.2-4838.01](#). *Northern Virginia Transportation Authority Fund established.*

*There is hereby created in the state treasury a special nonreverting fund for Planning District 8 to be known as the Northern Virginia Transportation Authority Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to §§ [58.1-638](#), [58.1-802.2](#), and [58.1-1742](#), any other funds that may be appropriated by the General Assembly, and any funds that may be received for the credit of the Fund from any other source shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.*

*The amounts dedicated to the Fund pursuant to §§ [58.1-638](#), [58.1-802.2](#), and [58.1-1742](#) shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Northern Virginia Transportation Authority as soon as practicable for use in accordance with § [15.2-4838.1](#). If the Authority determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to § [15.2-4838.1](#), the Authority may invest such excess moneys to the same extent as provided in § [33.1-23.03:5](#) for excess funds in the Transportation Trust Fund.*

*The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of local, federal, or state revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to*

*pay for public education, upon which appropriations of state revenues to local governments for public education are determined.*

§ [15.2-4838.1](#). Use of certain revenues by the Authority.

A. All moneys received by the Authority and the proceeds of bonds issued pursuant to § [15.2-4839](#) shall be used by the Authority solely for transportation purposes benefiting those counties and cities that are embraced by the Authority.

B. ~~Forty~~ 1. *Except as provided in subdivision 2, 30 percent of the revenues received by the Authority under subsection A shall be distributed on a pro rata basis, with each locality's share being the total of such fees~~fee~~ and taxes assessed or imposed by the Authority and received by the Authority that are generated or attributable to the locality divided by the total of such fees~~fee~~ and taxes assessed or imposed by the Authority and received by the Authority. Of the revenues distributed pursuant to this subsection (i) in the Cities of Alexandria, Fairfax, and Falls Church and the County of Arlington the first 50% shall be used solely for urban or secondary road construction and improvements and for public transportation purposes, and (ii) in the remaining localities, the first 50% shall be used solely for urban or secondary road construction and improvements. The remainder, as determined solely by the applicable locality, such revenues shall be used either for additional urban or secondary road construction; for other capital improvements that reduce congestion; for other transportation capital improvements which have been approved by the most recent long range transportation plan adopted by the Authority; or for public transportation purposes. Solely for purposes of calculating the 40% of revenues to be distributed pursuant to this subsection, the revenue generated pursuant to §[58.1-3221.3](#) and Article 8 (§[15.2-2317](#) et seq.) of Chapter 22 of this title by the counties and cities embraced by the Authority shall be considered revenue of the Authority. None of the revenue distributed by this subsection may be used to repay debt issued before July 1, ~~2007~~ 2013. Each locality shall create a separate, special fund in which all revenues received pursuant to this subsection and from the tax imposed pursuant to § [58.1-3221.3](#) shall be deposited. Each locality shall provide annually to the Northern Virginia Transportation Authority sufficient documentation as required by the Authority showing that the funds distributed under this subsection were used as required by this subsection.*

2. *If a locality has not deposited into its special fund (i) revenues from the tax collected under § [58.1-3221.3](#) pursuant to the maximum tax rate allowed under that section or (ii) an amount, from sources other than moneys received from the Authority, that is equivalent to the revenue that the locality would receive if it was imposing the maximum tax*

authorized by § [58.1-3221.3](#), then the amount of revenue distributed to the locality pursuant to subdivision 1 shall be reduced by the difference between the amount of revenue that the locality would receive if it was imposing the maximum tax authorized by such section and the amount of revenue deposited into its special fund pursuant to clause (i) or (ii), as applicable. The amount of any such reduction in revenue shall be redistributed according to subsection C. The provisions of this subdivision shall be ongoing and apply over annual periods as determined by the Authority.

C. 1. The remaining ~~60%~~ 70 percent of the revenues from such sources received by the Authority under subsection A, plus the amount of any revenue to be redistributed pursuant to subsection B, shall be used by the Authority solely for transportation projects and purposes that benefit the counties and cities embraced by the Authority to fund (i) transportation projects selected by the Authority that are contained in the regional transportation plan in accordance with § [15.2-4830](#) and that have been rated in accordance with § [33.1-13.03:1](#) or (ii) mass transit capital projects that increase capacity. For only those regional funds received in fiscal year 2014, the requirement for rating in accordance with § [33.1-13.03:1](#) shall not apply. The Authority shall give priority to selecting projects that are expected to provide the greatest congestion reduction relative to the cost of the project and shall document this information for each project selected. Such projects selected by the Authority for funding shall be located (a) only in localities embraced by the Authority or (b) in adjacent localities but only to the extent that such extension is an insubstantial part of the project and is essential to the viability of the project within the localities embraced by the Authority.

~~1. The revenues under this subsection shall be used first to pay any debt service owing on any bonds issued pursuant to § [15.2-4839](#), and then as follows:-~~

~~a. The next \$50 million each fiscal year shall be distributed to the Washington Metropolitan Area Transit Authority (WMATA) and shall be used for capital improvements benefiting the area embraced by the Authority for WMATA's transit service (Metro). The Authority shall first make use of that portion of such annual distribution as may be necessary under the requirements of federal law for the payment of federal funds to WMATA, but only if the matching federal funds are exclusive of and in addition to the amount of other federal funds appropriated for such purposes and are in an amount not less than the amount of such funds appropriated in the federal fiscal year ending September 30, 2007;-~~

~~For each year after 2018 any portion of the amount distributed pursuant to this subsection may be used for mass transit improvements in Prince William County;-~~

~~b. The next \$25 million each fiscal year shall be distributed to the Virginia Railway Express for operating and capital improvements, including but not limited to track lease payments, construction of parking, dedicated rail on the Fredericksburg line, rolling stock, expanded service in Prince William County, and service as may be needed as a result of the Base Realignment and Closure Commission's action regarding Fort Belvoir.~~

2. All transportation projects undertaken by the Northern Virginia Transportation Authority shall be completed by private contractors accompanied by performance measurement standards, and all contracts shall contain a provision granting the Authority the option to terminate the contract if contractors do not meet such standards. Notwithstanding the foregoing, any locality may provide engineering services or right-of-way acquisition for any project with its own forces. The Authority shall avail itself of the strategies permitted under the Public-Private Transportation Act (§ [56-556](#) et seq.) whenever feasible and advantageous. The Authority is independent of any state or local entity, including the Virginia Department of Transportation (VDOT) and the Commonwealth Transportation Board (CTB), but the Authority, VDOT and CTB shall consult with one another to avoid duplication of efforts and, at the option of the Authority, may combine efforts to complete specific projects. Notwithstanding the foregoing, at the request of the Authority, VDOT may provide the Authority with engineering services or right-of-way acquisition for the project with its own forces. ~~When determining what projects to construct under this subsection, the Authority shall base its decisions on the combination that (i) equitably distributes the funds throughout the localities, and (ii) constructs projects that move the most people or commercial traffic in the most cost-effective manner, and on such other factors as approved by the Authority.~~

3. ~~All revenues deposited to the credit of the Authority shall be used for projects benefiting the localities embraced by the Authority, with each locality's total long-term benefits being approximately equal to~~ *With regard to the revenues distributed under subdivision 1, each locality's total long-term benefit shall be approximately equal to the proportion of the total of the fees and taxes received by the Authority that are generated by or attributable to the locality divided by the total of such fees and taxes received by the Authority.*

D. For road construction and improvements pursuant to subsection B, the Department of Transportation may, on a reimbursement basis, provide the locality with planning, engineering, right-of-way, and construction services for projects funded in whole by the revenues provided to the locality by the Authority.

§ [33.1-23.03:8](#). Priority Transportation Fund established.

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Priority Transportation Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. All funds as may be designated in the appropriation act for deposit to the Fund shall be paid into the state treasury and credited to the Fund. Such funds shall include:

1. ~~A portion of the moneys actually collected, including penalty and interest, attributable to any increase in revenues from the taxes imposed under Chapter 22 (§[58.1-2200](#) et seq.) of Title 58.1, with such increase being calculated as the difference between such tax revenues collected in the manner prescribed under Chapter 22 less such tax revenues that would have been collected using the prescribed manner in effect immediately before the effective date of Chapter 22, computed without regard to increases in the rates of taxes under Chapter 22 pursuant to enactments of the 2007 Session of the General Assembly. The portion to be deposited to the Fund shall be the moneys actually collected from such increase in revenues and allocated for highway and mass transit improvement projects as set forth in §[33.1-23.03:2](#), but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such section. There shall also be deposited into the Fund all additional federal revenues attributable to Chapter 22 (§[58.1-2200](#) et seq.) of Title 58.1;~~
2. Beginning with the fiscal year ending June 30, 2000, and for fiscal years thereafter, all revenues that exceed the official forecast, pursuant to § [2.2-1503](#), for (i) the Highway Maintenance and Operating Fund and (ii) the allocation to highway and mass transit improvement projects as set forth in § [33.1-23.03:2](#), but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such section;
- ~~3.2.~~ All revenues deposited into the Fund pursuant to § [58.1-2531](#);
3. *All revenues deposited into the Fund pursuant to subsection E of § [58.1-2289](#)*; and
4. Any other such funds as may be transferred, allocated, or appropriated.

All moneys in the Fund shall first be used for debt service payments on bonds or obligations for which the Fund is expressly required for making debt service payments, to the extent needed. The Fund shall be considered a part of the Transportation Trust Fund.

Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes enumerated in subsection B ~~of this section~~.

Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller.

B. The Commonwealth Transportation Board shall use the Fund to facilitate the financing of priority transportation projects throughout the Commonwealth. The Board may use the Fund either (i) by expending amounts therein on such projects directly, (ii) by payment to any authority, locality, commission or other entity for the purpose of paying the costs thereof, or (iii) by using such amounts to support, secure, or leverage financing for such projects. No expenditures from or other use of amounts in the Fund shall be considered in allocating highway maintenance and construction funds under § [33.1-23.1](#) or apportioning Transportation Trust Fund funds under § [58.1-638](#), but shall be in addition thereto. The Board shall use the Fund to facilitate the financing of priority transportation projects as designated by the General Assembly; provided, however, that, at the discretion of the Commonwealth Transportation Board, funds allocated to projects within a transportation district may be allocated among projects within the same transportation district as needed to meet construction cash-flow needs.

C. Notwithstanding any other provision of this section, beginning July 1, 2007, no bonds, obligations, or other evidences of debt (the bonds) that expressly require as a source for debt service payments or for the repayment of such bonds the revenues of the Fund, shall be issued or entered into unless at the time of the issuance the revenues then in the Fund or reasonably anticipated to be deposited into the Fund pursuant to the law then in effect are by themselves sufficient to make ~~100%~~ *100 percent* of the contractually required debt service payments on all such bonds, including any interest related thereto and the retirement of such bonds.

§ [33.1-23.5:1](#). Funds for counties which have withdrawn or elect to withdraw from the secondary system of state highways.

Notwithstanding the provisions of § [33.1-23.5](#), pursuant to subsection A of § [33.1-23.1](#), the Commonwealth Transportation Board shall make the following payments to counties which have withdrawn or elect to withdraw from the secondary system of state highways under the provisions of § 11 of Chapter 415 of the Acts of Assembly of 1932, and which have not elected to return: to any county having withdrawn prior to June 30, 1985, and having an area greater than 100 square miles, an amount equal to ~~\$3,616 per lane-mile for fiscal year 1986~~, *\$12,529 per moving lane-mile for fiscal year 2014*, and to any county having an area less than 100 square miles, an amount equal to ~~\$7,201 per lane-mile for fiscal year 1986~~ *\$17,218 per moving lane-mile for fiscal year 2014*; to any county that elects to withdraw after June 30, 1985, the Commonwealth Transportation Board shall establish a rate per lane-mile for the first year using (i) an amount for maintenance based on maintenance standards and unit costs used by the Department of Transportation to

prepare its secondary system maintenance budget for the year in which the county withdraws; and (ii) an amount for administration equal to five percent of the maintenance figure determined in *clause* (i) above. The payment rates shall be adjusted annually by the Board in accordance with procedures established for adjusting payments to cities and towns under § [33.1-41.1](#), and lane mileage shall be adjusted annually to include (i) streets and highways accepted for maintenance in the county system by the local governing body; or (ii) streets and highways constructed according to standards set forth in the county subdivision ordinance or county thoroughfare plan, and being not less than the standards set by the Department of Transportation. Such counties shall, in addition, each receive for construction from funds allocated pursuant to subdivision B 3 of § [33.1-23.1](#) an annual amount calculated in the same manner as payments for construction in the state secondary highway system are calculated.

Payment of the funds shall be made in four equal sums, one in each quarter of the fiscal year, and shall be reduced, in the case of each such county, by the amount of federal-aid construction funds credited to each such county.

The chief administrative officer of such counties receiving such funds shall make annual reports of expenditures to the Board, in such form as the Board shall prescribe, accounting for all expenditures, including delineation between construction and maintenance expenditures and reporting on their performance as specified in subdivision B 3 of § [33.1-23.02](#). Such reports shall be included in the scope of the annual audit of each county conducted by independent certified public accountants.

§ [33.1-23.5:3](#). *Hampton Roads Transportation Fund established.*

*There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Transportation Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § [58.1-638](#) and Chapter 22.1 (§ [58.1-2291](#) et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the fund shall be used solely for new construction projects on new or existing roads, bridges, and tunnels in the localities comprising Planning District 23 as approved by the Hampton Roads Transportation Planning Organization. The Hampton Roads Transportation Planning Organization shall give priority to those projects that are expected to provide*

*the greatest impact on reducing congestion and shall ensure that the moneys shall be used for such construction projects in all localities comprising Planning District 23. The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of local, federal, or state revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.*

§ [58.1-604.1](#). Use tax on motor vehicles, machinery, tools and equipment brought into Virginia for use in performing contracts.

In addition to the use tax levied pursuant to § [58.1-604](#) and notwithstanding the provisions of § [58.1-611](#), a use tax is levied upon the storage or use of all motor vehicles, machines, machinery, tools or other equipment brought, imported or caused to be brought into this Commonwealth for use in constructing, building or repairing any building, highway, street, sidewalk, bridge, culvert, sewer or water system, drainage or dredging system, railway system, reservoir or dam, hydraulic or power plant, transmission line, tower, dock, wharf, excavation, grading, or other improvement or structure, or any part thereof. The rate of tax is ~~three and one-half percent through midnight on July 31, 2004, and four percent beginning on and after August 1, 2004,~~ 4.3 percent on all tangible personal property except motor vehicles, which shall be taxed at the rate of ~~three percent~~ set forth in § [58.1-2402](#); aircraft, which shall be taxed at the rate of two percent;

and watercraft, which shall be taxed at the rate of two percent with a maximum tax of \$1,000. *However, the total rate of the state use tax in any county or city for which the tax under § [58.1-604.01](#) is imposed shall be 5.0 percent on all tangible personal property except motor vehicles, which shall be taxed at the rate set forth in § [58.1-2402](#); aircraft, which shall be taxed at the rate of two percent; and watercraft, which shall be taxed at the rate of two percent with a maximum tax of \$1,000.*

For purposes of this section ~~the words~~, "motor vehicle" means any vehicle which is self-propelled and designed primarily for use upon the highways, any vehicle which is propelled by electric power obtained from trolley wires but not operated upon rails, and any vehicle designed to run upon the highways which is pulled by a self-propelled vehicle, but shall not include any implement of husbandry, farm tractor, road construction or maintenance machinery or equipment, special mobile equipment or any vehicle designed primarily for use in work off the highway.

The tax shall be computed on the basis of such proportion of the original purchase price of such property as the duration of time of use in this Commonwealth bears to the total useful life thereof. For purposes of this section, ~~the word~~ "use" means use, storage, consumption and "stand-by" time occasioned by weather conditions, controversies or other causes. The tax shall be computed upon the basis of the relative time each item of equipment is in this Commonwealth rather than upon the basis of actual use. In the absence of satisfactory evidence as to the period of use intended in this Commonwealth, it will be presumed that such property will remain in this Commonwealth for the remainder of its useful life, which shall be determined in accordance with the experiences and practices of the building and construction trades.

A transaction taxed under § [58.1-604](#), [58.1-605](#), [58.1-1402](#), [58.1-1502](#), [58.1-1736](#), or [58.1-2402](#) shall not also be taxed under this section, nor shall the same transaction be taxed more than once under any section.

§ [58.1-605](#). To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ [58.1-603](#) and [58.1-604](#) and shall be subject to all the provisions of this chapter and the rules and

regulations published with respect thereto. No discount under § [58.1-622](#) shall be allowed on a local sales tax.

C. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

*D. Prior to any change in the rate of the local sales and use tax, the Tax Commissioner shall provide remote sellers and single and consolidated providers with at least 30 days' notice. Any change in the rate of local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to hold the remote seller or single or consolidated provider harmless for collecting the tax at the immediately preceding effective rate for any period of time prior to 30 days after notification is provided.*

E. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

~~E-F.~~ All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

~~F-G.~~ As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be

charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

~~G.~~*H.* Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

~~H.~~*I.* One-half of such payments to counties are subject to the further qualification, other than as set out in subsection ~~G.~~ *above H*, that in any county wherein is situated any incorporated town not constituting a separate special school district which has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service,

such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

~~I-J.~~ Notwithstanding the provisions of subsection ~~H~~ I, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county which has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held.

~~J-K.~~ It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection ~~G~~ or H of this section or I be located in a county which does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

§ [58.1-606](#). To what extent and under what conditions cities and counties may levy local use tax; collection thereof by Commonwealth and return of revenues to the cities and counties.

A. The council of any city and the governing body of any county which has levied or may hereafter levy a city or county sales tax under § [58.1-605](#) may levy a city or county use tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § [58.1-622](#) shall be allowed on a local use tax.

B. The council of any city and the governing body of any county desiring to impose a local use tax under this section may do so in the manner following:

1. If the city or county has previously imposed the local sales tax authorized by § [58.1-605](#), the local use tax may be imposed by the council or governing body by the adoption of a resolution by a majority of all the members thereof, by a recorded yea and nay vote, stating its purpose and referring to this section, and providing that the local use tax shall

become effective on the first day of a month at least 60 days after the adoption of the resolution. A certified copy of such resolution shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption. The resolution authorized by this paragraph may be adopted in the manner stated notwithstanding any other provision of law, including any charter provision.

2. If the city or county has not imposed the local sales tax authorized by § [58.1-605](#), the local use tax may be imposed by ordinance together with the local sales tax in the manner set out in subsections B and C of § [58.1-605](#).

C. Any local use tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state use tax.

*D. Prior to any change in the rate of the local sales and use tax, the Tax Commissioner shall provide remote sellers and single and consolidated providers with at least 30 days' notice. Any change in the rate of local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to hold the remote seller or single or consolidated provider harmless for collecting the tax at the immediately preceding effective rate for any period of time prior to 30 days after notification is provided.*

E. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased without this Commonwealth for use or consumption within the city or county imposing the local use tax, or stored within the city or county for use or consumption, where the property would have been subject to the sales tax if it had been purchased within this Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is without this Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

~~E-F.~~ Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to this Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into this Commonwealth by cities and counties so as to show the city or county of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular city or county, the local use tax on the tangible personal

property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any city or county.

~~F.~~~~G.~~ Local use tax revenue shall be distributed among the cities and counties for which it is collected, respectively, as shown by the records of the Department, and the procedure shall be the same as that prescribed for distribution of local sales tax revenue under § [58.1-605](#). The local use tax revenue that is not accurately assignable to a particular city or county shall be distributed monthly by the appropriate state authorities among the cities and counties in this Commonwealth imposing the local use tax upon the basis of taxable retail sales in the respective cities and counties in which the local sales and use tax was in effect in the taxable month involved, as shown by the records of the Department, and computed with respect to taxable retail sales as reflected by the amounts of the local sales tax revenue distributed among such cities and counties, respectively, in the month of distribution. Notwithstanding any other provision of this section, the Tax Commissioner shall develop a uniform method to distribute local use tax. Any significant changes to the method of local use tax distribution shall be phased in over a five-year period. Distribution information shall be shared with the affected localities prior to implementation of the changes.

~~G.~~~~H.~~ All local use tax revenue shall be used, applied or disbursed by the cities and counties as provided in § [58.1-605](#) with respect to local sales tax revenue.

§ [58.1-608.3](#). Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a

municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, sports facility that is designed for use primarily as a baseball stadium for a minor league professional baseball affiliated team or structures attached thereto, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a state-supported university and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; or (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space. However, such public facility must be located in the City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, or City of Winchester. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, baseball stadium or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and administration offices, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C of this section. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing

in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ [58.1-600](#) et seq.) of this title, as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the ~~one-half~~ 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Transportation Trust Fund as defined in § [33.1-23.03:1](#), nor shall it include (ii) the ~~one~~ 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § [58.1-638](#) on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly. For a public facility that is a sports facility, "sales tax revenues" shall include such revenues generated by transactions taking place upon the premises of a baseball stadium or structures attached thereto.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings

of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, or (viii) on or after January 1, 2011, but prior to July 1, 2015, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. Such entitlement shall continue for the lifetime of such bonds, which entitlement shall not exceed 35 years, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ [58.1-600](#) et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

7. As a representative, agent, or solicitor, of an out-of-state principal, solicits, receives and accepts orders from persons in this Commonwealth for future delivery and whose principal refuses to register as a dealer under § [58.1-613](#); or
8. Becomes liable to and owes this Commonwealth any amount of tax imposed by this chapter, whether he holds, or is required to hold, a certificate of registration under § [58.1-613](#).

C. A dealer shall be deemed to have sufficient activity within the Commonwealth to require registration under § [58.1-613](#) if he:

2. Solicits business in this Commonwealth by employees, independent contractors, agents or other representatives;

7. Is owned or controlled by the same interests which own or control a business located within this Commonwealth;
8. Has a franchisee or licensee operating under the same trade name in this Commonwealth if the franchisee or licensee is required to obtain a certificate of registration under § [58.1-613](#); or
9. Owns tangible personal property that is rented or leased to a consumer in this Commonwealth, or offers tangible personal property, on approval, to consumers in this Commonwealth.

D. Notwithstanding any other provision of this section, the following shall not be considered to determine whether a person who has contracted with a commercial printer for printing in the Commonwealth is a "dealer" and whether such person has sufficient contact with the Commonwealth to be required to register under § [58.1-613](#):

1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer which is used solely in connection with the printing contract with the person;
2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;
3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and
4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

E. Furthermore, nothing contained in subsection C shall require any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes, or displays or distributes paid commercial advertising in this Commonwealth which is

intended to be disseminated primarily to consumers located in this Commonwealth to report or impose any liability to pay any tax imposed under this chapter solely because such broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher accepted such advertising contracts from out-of-state advertisers or sellers.

*F. Pursuant to any federal legislation that grants states the authority to require remote sellers to collect sales and use tax, the Commonwealth is authorized, as permitted by such federal legislation, to require collection of sales and use tax by any remote seller, or a single or consolidated provider acting on behalf of a remote seller. If the federal legislation has an exemption for sellers whose sales are less than a minimum amount, then in determining such amount, the sales made by all persons related within the meanings of subsections (b) and (c) of § 267 or § 707(b)(1) of the Internal Revenue Code of 1986 shall be aggregated.*

Solicits business in this Commonwealth by mail, if the solicitations are continuous, regular, seasonal, or systematic and if the dealer benefits from any banking, financing, debt collection, or marketing activities occurring in this Commonwealth or benefits from the location in this Commonwealth of authorized installation, servicing, or repair facilities;

7. Is owned or controlled by the same interests which own or control a business located within this Commonwealth;

8. Has a franchisee or licensee operating under the same trade name in this Commonwealth if the franchisee or licensee is required to obtain a certificate of registration under § [58.1-613](#); or

9. Owns tangible personal property that is rented or leased to a consumer in this Commonwealth, or offers tangible personal property, on approval, to consumers in this Commonwealth.

D. A dealer is presumed to have sufficient activity within the Commonwealth to require registration under § [58.1-613](#) (unless the presumption is rebutted as provided herein) if

any commonly controlled person maintains a distribution center, warehouse, fulfillment center, office, or similar location within the Commonwealth that facilitates the delivery of tangible personal property sold by the dealer to its customers. The presumption in this subsection may be rebutted by demonstrating that the activities conducted by the commonly controlled person in the Commonwealth are not significantly associated with the dealer's ability to establish or maintain a market in the Commonwealth for the dealer's sales. For purposes of this subsection, a "commonly controlled person" means any person that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered, as the dealer or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the dealer as a corporation that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered.

E. Notwithstanding any other provision of this section, the following shall not be considered to determine whether a person who has contracted with a commercial printer for printing in the Commonwealth is a "dealer" and whether such person has sufficient contact with the Commonwealth to be required to register under § [58.1-613](#):

1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer which is used solely in connection with the printing contract with the person;
2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;
3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and
4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained herein (other than subsection E) shall limit any authority which this Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of sales and use taxes by any dealer who regularly or systematically solicits sales within this Commonwealth. Furthermore, nothing contained in subsection C shall require any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes, or displays or distributes paid commercial advertising in this Commonwealth which is intended to be disseminated primarily to consumers located in this Commonwealth to report or impose any liability to pay any tax imposed under this chapter solely because such broadcaster,

printer, outdoor advertising firm, advertising distributor, or publisher accepted such advertising contracts from out-of-state advertisers or sellers.

*G. Pursuant to any federal legislation that grants states the authority to require remote sellers to collect sales and use tax, the Commonwealth is authorized, as permitted by such federal legislation, to require collection of sales and use tax by any remote seller, or a single or consolidated provider acting on behalf of a remote seller. If the federal legislation has an exemption for sellers whose sales are less than a minimum amount, then in determining such amount, the sales made by all persons related within the meanings of subsections (b) and (c) of § 267 or § 707(b)(1) of the Internal Revenue Code of 1986 shall be aggregated.*

§ [58.1-614](#). Vending machine sales.

A. Notwithstanding the provisions of §§ [58.1-603](#) and [58.1-604](#), whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, as determined by the Tax Commissioner, such dealer shall be required to report his wholesale purchases for sale at retail from vending machines and shall be required to remit an amount based on ~~four and one-half percent through midnight on July 31, 2004, and five percent beginning on and after August 1, 2004,~~ 5.3 percent of such wholesale purchases. *However, any dealer located in any county or city for which the taxes under §§ [58.1-603.1](#) and [58.1-604.01](#) are imposed shall be required to remit an amount based on 6.0 percent of such wholesale purchases.*

B. Notwithstanding the provisions of §§ [58.1-605](#) and [58.1-606](#), dealers making sales of tangible personal property through vending machines shall report and remit the one percent local sales and use tax computed as provided in subsection A ~~of this section~~.

C. The provisions of subsections A and B ~~of this section~~ shall not be applicable to vending machine operators all of whose machines are under contract to nonprofit organizations. Such operators shall report only the gross receipts from machines selling items for more than 10 cents and shall be required to remit an amount based on a percentage of their remaining gross sales established by the Tax Commissioner to take into account the inclusion of sales tax.

D. Notwithstanding any other provisions in this section, when the Tax Commissioner determines that it is impractical to collect the tax in the manner provided by those sections, such dealer shall be required to remit an amount based on a percentage of gross receipts which takes into account the inclusion of the sales tax.

E. The provisions of this section shall not be applicable to any dealer who fails to maintain records satisfactory to the Tax Commissioner. A dealer making sales of tangible personal property through vending machines shall obtain a certificate of registration under § [58.1-613](#) in relevant form for each county or city in which he has machines.

§ [58.1-615](#). Returns by dealers.

A. Every dealer required to collect or pay the sales or use tax shall, on or before the twentieth day of the month following the month in which the tax shall become effective, transmit to the Tax Commissioner a return showing the gross sales, gross proceeds, or cost price, as the case may be, arising from all transactions taxable under this chapter during the preceding calendar month, and thereafter a like return shall be prepared and transmitted to the Tax Commissioner by every dealer on or before the twentieth day of each month, for the preceding calendar month. In the case of dealers regularly keeping books and accounts on the basis of an annual period which varies 52 to 53 weeks, the Tax Commissioner may make rules and regulations for reporting consistent with such accounting period. *The Tax Commissioner shall not require that more than one return per month be used or filed by any remote seller, single provider, or consolidated provider subject to the sales or use tax.*

Notwithstanding any other provision of this chapter, a dealer may be required by the Tax Commissioner to file sales or use tax returns on an accounting period less frequent than monthly when, in the opinion of the Tax Commissioner, the administration of the taxes imposed by this chapter would be enhanced. If a dealer is required to file other than monthly, each such return shall be due on or before the twentieth day of the month following the close of the period. Each such return shall contain all information required for monthly returns.

A sales or use tax return shall be filed by each registered dealer even though the dealer is not liable to remit to the Tax Commissioner any tax for the period covered by the return.

B. [Expired.]

C. Any return required to be filed with the Tax Commissioner under this section shall be deemed to have been filed with the Tax Commissioner on the date that such return is delivered by the dealer to the commissioner of the revenue or the treasurer for the locality in which the dealer is located and receipt is acknowledged by the commissioner of the revenue or treasurer. The commissioner of the revenue or the treasurer shall stamp such date on the return, and shall mail the return to the Tax Commissioner no later than

the following business day. The commissioner of the revenue or the treasurer may collect from the dealer the cost of postage for such mailing.

D. Every dealer who elects to file a consolidated sales tax return for any taxable period and who is required to remit payment by electronic funds transfer pursuant to subsection B of § [58.1-202.1](#) beginning on and after July 1, 2010, shall file his monthly return using an electronic medium prescribed by the Tax Commissioner. A waiver of this requirement may be granted if the Tax Commissioner determines that it creates an unreasonable burden on the dealer.

§ [58.1-625](#). (Effective until July 1, 2017) Collection of tax.

A. The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer who is not registered under § [58.1-613](#) or is delinquent in the payment of the taxes imposed under this chapter.

B. Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

C. Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until he can affirmatively show that the tax has since been refunded to the purchaser or credited to his account.

D. Any dealer who neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by him, his agents, or employees shall be liable for and pay the tax himself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer who neglects, fails, or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, shall be guilty of a Class 1 misdemeanor.

*E. Notwithstanding subsection D, any remote seller, single provider, or consolidated provider who has collected an incorrect amount of sales or use tax shall be relieved from liability for such additional amount, including any penalty or interest, if collection of the improper amount is a result of the remote seller, single provider, or consolidated*

*provider's reasonable reliance upon information provided by the Commonwealth, including, but not limited to, any information obtained from software provided by the Department of Taxation pursuant to subsection B of § [58.1-601](#).*

F. All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in §§ [58.1-611.2](#) and [58.1-611.3](#) or subdivision ~~18~~ 16 of § [58.1-609.1](#) not to collect the tax levied by this chapter or levied under the authority granted in §§ [58.1-605](#) and [58.1-606](#) from the purchaser, and to absorb such tax himself. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner in the same manner as he is for tax collected from a purchaser pursuant to this section.

§ [58.1-625](#). (Effective July 1, 2017) Collection of tax.

A. The tax levied by this chapter shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter may be maintained in this Commonwealth by any dealer who is not registered under § [58.1-613](#) or is delinquent in the payment of the taxes imposed under this chapter.

B. Notwithstanding any exemption from taxes which any dealer now or hereafter may enjoy under the Constitution or laws of this or any other state, or of the United States, such dealer shall collect such tax from the purchaser, consumer, or lessee and shall pay the same over to the Tax Commissioner as herein provided.

C. Any dealer collecting the sales or use tax on transactions exempt or not taxable under this chapter shall transmit to the Tax Commissioner such erroneously or illegally collected tax unless or until he can affirmatively show that the tax has since been refunded to the purchaser or credited to his account.

D. Any dealer who neglects, fails, or refuses to collect such tax upon every taxable sale, distribution, lease, or storage of tangible personal property made by him, his agents, or employees shall be liable for and pay the tax himself, and such dealer shall not thereafter be entitled to sue for or recover in this Commonwealth any part of the purchase price or rental from the purchaser until such tax is paid. Moreover, any dealer who neglects, fails, or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, shall be guilty of a Class 1 misdemeanor.

*E. Notwithstanding subsection D, any remote seller, single provider, or consolidated provider who has collected an incorrect amount of sales or use tax shall be relieved from liability for such additional amount, including any penalty or interest, if collection of the improper amount is a result of the remote seller, single provider, or consolidated provider's reasonable reliance upon information provided by the Commonwealth, including, but not limited to, any information obtained from software provided by the Department of Taxation pursuant to subsection B of § [58.1-601](#).*

F. All sums collected by a dealer as required by this chapter shall be deemed to be held in trust for the Commonwealth.

Notwithstanding the foregoing provisions of this section, any dealer is authorized during the period of time set forth in § [58.1-611.2](#) not to collect the tax levied by this chapter or levied under the authority granted in §§ [58.1-605](#) and [58.1-606](#) from the purchaser, and to absorb such tax himself. A dealer electing to absorb such taxes shall be liable for payment of such taxes to the Tax Commissioner in the same manner as he is for tax collected from a purchaser pursuant to this section.

§ [58.1-635](#). Failure to file return; fraudulent return; civil penalties.

A. When any dealer fails to make any return and pay the full amount of the tax required by this chapter, there shall be imposed, in addition to other penalties provided herein, a specific penalty to be added to the tax in the amount of six percent if the failure is for not more than one month, with an additional six percent for each additional month, or fraction thereof, during which the failure continues, not to exceed ~~thirty~~ 30 percent in the aggregate. In no case, however, shall the penalty be less than ~~ten dollars~~ \$10 and such minimum penalty shall apply whether or not any tax is due for the period for which such return was required. If such failure is due to providential or other good cause shown to the satisfaction of the Tax Commissioner, such return with or without remittance may be accepted exclusive of penalties. In the case of a false or fraudulent return where willful intent exists to defraud the Commonwealth of any tax due under this chapter, or in the case of a willful failure to file a return with the intent to defraud the Commonwealth of any such tax, a specific penalty of ~~thirty~~ 50 percent of the amount of the proper tax shall be assessed. All penalties and interest imposed by this chapter shall be payable by the dealer and collectible by the Tax Commissioner in the same manner as if they were a part of the tax imposed.

B. It shall be prima facie evidence of intent to defraud the Commonwealth of any tax due under this chapter when any dealer reports his gross sales, gross proceeds or cost price, as the case may be, at ~~thirty~~ 50 percent or less of the actual amount.

C. Interest at a rate determined in accordance with § [58.1-15](#), shall accrue on the tax until the same is paid, or until an assessment is made, pursuant to § [58.1-15](#), after which interest shall accrue as provided therein.

*D. Notwithstanding any other provision of this section, any remote seller, single provider, or consolidated provider who collects an incorrect amount of sales or use tax shall be relieved of any liability, including penalties and interest, if collection of the improper amount is the result of the remote seller, single provider, or consolidated provider's reasonable reliance on information that has been provided by the Commonwealth.*

§ [58.1-638](#). Disposition of state sales and use tax revenue; localities' share; Game Protection Fund.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § [33.1-23.03:1](#). Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port

Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § [5.1-2.16](#), or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA.

c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the

Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund.

Interest earned on such funds shall remain in the Fund and be credited to it.

a. The amounts allocated to the Commonwealth Space Flight Fund pursuant to § [33.1-23.03:2](#) shall be allocated by the Commonwealth Transportation Board to the Board of Directors of the Virginia Commercial Space Flight Authority to be used to support the capital needs, maintenance, and operating costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be used to support the public transportation administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95 percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the local or nonfederal share of capital project costs for public transportation and ridesharing equipment, facilities, and associated costs. Capital costs may include debt service payments on local or agency transit bonds. The term "borne by the locality" means the local share eligible for state assistance consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance received by the locality.

c. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth Transportation Board as follows:

(1) Funds for special programs, which shall include ridesharing, experimental transit, and technical assistance, shall not exceed 1.5 percent of the Fund.

(2) The Board may allocate these funds to any locality or planning district commission to finance up to 80 percent of the local share of all costs associated with the development, implementation, and continuation of ridesharing programs.

(3) Funds allocated for experimental transit projects may be paid to any local governing body, transportation district commission, or public corporation or may be used directly by the Department of Rail and Public Transportation for the following purposes:

(a) To finance up to 95 percent of the capital costs related to the development, implementation and promotion of experimental public transportation and ridesharing projects approved by the Board.

(b) To finance up to 95 percent of the operating costs of experimental mass transportation and ridesharing projects approved by the Board for a period of time not to exceed 12 months.

(c) To finance up to 95 percent of the cost of the development and implementation of any other project designated by the Board where the purpose of such project is to enhance the provision and use of public transportation services.

d. Funds allocated for public transportation promotion and operation studies may be paid to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(1) At the approval of the Board to finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(2) To finance up to 50 percent of the local share of public transportation operations planning and technical study projects approved by the Board.

e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for the purposes specified in subdivision 4 b.

f. The remaining 25 percent shall be distributed for capital purposes on the basis of 95 percent of the nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the event that total capital funds available under this subdivision are insufficient to fund the complete list of eligible projects, the funds shall be distributed to each transit property in the same proportion that such capital expenditure bears to the statewide total of capital projects. Prior to the annual adoption of the Six-Year Improvement Program, the Commonwealth Transportation Board may allocate up to 20 percent of the funds in the Commonwealth Mass Transit Fund designated for capital purposes to

transit operating assistance if operating funds for the next fiscal year are estimated to be less than the current fiscal year's allocation, to attempt to maintain transit operations at approximately the same level as the previous fiscal year.

g. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in [§ 56-557](#) and for purposes as enumerated in subdivision 4c of [§ 33.1-269](#) or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. Projects financed by the Commonwealth Transit Capital Fund shall receive local, regional or private funding for at least 20 percent of the nonfederal share of the total project cost.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the

several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § [29.1-101](#) and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § [29.1-101.01](#), is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § [29.1-101](#), in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § [58.1-638.1](#) an amount equivalent

to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. *Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § [58.1-638.1](#), and be used for the state's share of Standards of Quality basic aid payments.*

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

E. *Any person purchasing diesel fuel used in operating or propelling a passenger car, a pickup or panel truck, or a truck having a gross vehicle weight rating of 10,000 pounds or less is entitled to a refund of a portion of the taxes paid in an amount equal to the difference between the rate of tax on diesel fuel and the rate of tax on gasoline and gasohol pursuant to § [58.1-2217](#). For purposes of this subsection, "passenger car," "pickup or panel truck," and "truck" shall have the meaning given in § [46.2-100](#). Notwithstanding any other provision of law, diesel fuel used in a vehicle upon which the fuels tax has been refunded pursuant to this subsection shall be exempt from the tax imposed under Chapter 6 (§ [58.1-600](#) et seq.).*

F. Refunds resulting from any fuel shipments diverted from Virginia shall be based on the amount of tax paid for the fuel less discounts allowed by § [58.1-2233](#).

F.G. Any person who is required to be licensed under this chapter and is applying for a refund shall not be eligible for such refund if the applicant was not licensed at the time the refundable transaction was conducted.

§ [58.1-2289](#). Disposition of tax revenue generally.

A. Unless otherwise provided in this section, all taxes and fees, including civil penalties, collected by the Commissioner pursuant to this chapter, less a reasonable amount to be allocated for refunds, shall be promptly paid into the state treasury and shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. ~~Except as provided in § [33.1-23.03:1](#), no portion of the revenue derived from taxes collected pursuant to §§ [58.1-2217](#), [58.1-2249](#) or [58.1-2701](#), and remaining after authorized refunds for nonhighway use of fuel, shall be used for any purpose other than the construction, reconstruction or maintenance of the roads and projects comprising the State Highway System, the Interstate System and the secondary system of state highways and expenditures directly and necessarily required for such purposes, including the retirement of revenue bonds.~~

The Governor is hereby authorized to transfer out of such fund an amount necessary for the inspection of gasoline and motor grease measuring and distributing equipment, and for the inspection and analysis of gasoline for purity.

~~B. Proceeds of this special fund within the Commonwealth Transportation Fund shall be disbursed upon order of the Department of Aviation, on warrants of the Comptroller, to defray the cost of the administration of the laws of this Commonwealth relating to aviation, for the construction, maintenance and improvement of airports and landing fields to which the public now has or which it is~~

proposed shall have access, and for the promotion of aviation in the interest of operators and the public generally.

C. One-half cent of the tax collected on each gallon of fuel on which a refund has been paid for gasoline, gasohol, diesel fuel, blended fuel, or alternative fuel, for fuel consumed in tractors and unlicensed equipment used for agricultural purposes shall be paid into a special fund of the state treasury, known as the Virginia Agricultural Foundation Fund, to be disbursed to make certain refunds and defray the costs of the research and educational phases of the agricultural program, including supplemental salary payments to certain employees at Virginia Polytechnic Institute and State University, the Department of Agriculture and Consumer Services and the Virginia Truck and Ornamentals Research Station, including reasonable expenses of the Virginia Agricultural Council.

D. One and one-half cents of the tax collected on each gallon of fuel used to propel a commercial watercraft upon which a refund has been paid shall be paid to the credit of the Game Protection Fund of the state treasury to be made available to the Board of Game and Inland Fisheries until expended for the purposes provided generally in subsection C of § [29.1-701](#), including acquisition, construction, improvement and maintenance of public boating access areas on the public waters of this Commonwealth and for other activities and purposes of direct benefit and interest to the boating public and for no other purpose. However, one and one-half cents per gallon on fuel used by commercial fishing, oystering, clamming, and crabbing boats shall be paid to the Department of Transportation to be used for the construction, repair, improvement and maintenance of the public docks of this Commonwealth used by said commercial watercraft. Any expenditures for the acquisition, construction, improvement and maintenance of the public docks shall be made according to a plan developed by the Virginia Marine Resources Commission.

From the tax collected pursuant to the provisions of this chapter from the sales of gasoline used for the propelling of watercraft, after deduction for lawful refunds, there shall be paid into the state treasury for use by the Marine Resources Commission, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Commonwealth Transportation Board to (i) improve the public docks as specified in this section, (ii) improve commercial and sports fisheries in Virginia's tidal waters, (iii) make environmental improvements including, without limitation, fisheries management and habitat enhancement in the Chesapeake and its tributaries, and (iv) further the purposes set forth in § [33.1-223](#), a sum as established by the General Assembly.

~~E. Notwithstanding other provisions of this section, there shall be transferred from moneys collected pursuant to this section to a special fund within the Commonwealth~~

~~Transportation Fund in the state treasury, to be used to meet the necessary expenses of the Department of Motor Vehicles, an amount equal to one percent of a sum to be calculated as follows: the tax revenues collected pursuant to this chapter, at the tax rates in effect on December 31, 1986, less refunds authorized by this chapter and less taxes collected for aviation fuels.~~

~~F. The additional revenues, less any additional refunds authorized, generated by increases in the rates of taxes under this chapter pursuant to enactments of the 2007 Session of the General Assembly shall be collected pursuant to Article 4 of this chapter and deposited into the Highway Maintenance and Operating Fund.~~

*E. Of the remaining revenues deposited into the Commonwealth Transportation Fund pursuant to this chapter less refunds authorized by this chapter: (i) 80 percent shall be deposited into the Highway Maintenance and Operating Fund, (ii) 15 percent shall be deposited into the Transportation Trust Fund, (iii) four percent shall be deposited into the Priority Transportation Fund, and (iv) one percent shall be transferred to a special fund within the Commonwealth Transportation Fund in the state treasury, to be used to meet the necessary expenses of the Department of Motor Vehicles.*

§ [58.1-2290.1](#). Tax on fuel in inventory.

*A. In addition to any other tax levied under this chapter, there is hereby levied a tax on taxable gasoline, gasohol, and diesel fuel held in storage by a licensed distributor as of the close of the business day preceding July 1, 2013. For the purposes of this section, "close of the business day" means the time at which the last transaction has occurred for that day. The tax shall be payable by the licensed distributor. The amount of the tax liability shall be determined separately for gasoline and gasohol and for diesel fuel and shall be calculated as the difference between (i) the tax rate specified for the type of fuel under § [58.1-2217](#) and (ii) the tax rate as specified for that type of fuel under § [58.1-2217](#) as it was in effect on June 30, 2013, multiplied by the number of gallons of that type of fuel in storage as of the close of the business day preceding July 1, 2013.*

*B. A licensed distributor in possession of taxable gasoline, gasohol, or diesel fuel in storage as of the close of the business day preceding July 1, 2013, shall take an inventory at the close of that day to determine the number of gallons in storage for each type of fuel and shall report this inventory, on forms provided by the Commissioner, no later than January 1, 2014. In addition:*

*1. If the net amount of the tax liability for all fuel types is a positive number, the distributor shall remit that amount to the Department no later than January 1, 2014.*

*2. If the net amount of the tax liability for all fuel types is a negative number, the distributor may apply to the Department for a refund of that amount no later than January 1, 2014. However, the Department shall not issue any such refund prior to September 1, 2013.*

*C. In determining the amount of the tax liability under this section, the licensed distributor shall exclude the amount of taxable fuel in dead storage. For the purposes of this section, "dead storage" means the amount of taxable fuel that will not be pumped out of a storage tank because that fuel is below the mouth of the draw pipe. The distributor may assume that the amount of fuel in dead storage is 200 gallons for a draw tank with a capacity of less than 10,000 gallons and 400 gallons for a tank with a capacity of 10,000 gallons or more. Alternatively, the amount of fuel in dead storage in a tank may be computed using the manufacturer's conversion table for the tank and the number of inches between the bottom of the tank and the mouth of the draw pipe. If the conversion table method is used to compute the amount of fuel in dead storage, the distance between the bottom of the tank and the mouth of the draw pipe will be assumed to be six inches, unless otherwise established.*

In the case of Planning District 23, the revenue generated and collected therein shall be deposited into the fund established in § [33.1-23.5:3](#). For additional Planning Districts that may become subject to this section, funds shall be established by appropriate legislation. The direct cost of administration shall be credited to the funds appropriated to the Department.*

§ [58.1-2401](#). Definitions.

As used in this chapter, unless the context clearly shows otherwise, the term or phrase: "Commissioner" shall mean the Commissioner of the Department of Motor Vehicles of the Commonwealth.

"Department" shall mean the Department of Motor Vehicles of this Commonwealth, acting through its duly authorized officers and agents.

"Mobile office" shall mean an industrialized building unit not subject to the federal regulation, which may be constructed on a chassis for the purpose of towing to the point of use and designed to be used with or without a permanent foundation, for commercial use and not for residential use; or two or more such units separately towable, but designed to be joined together at the point of use to form a single commercial structure, and which may be designed for removal to, and installation or erection on other sites.

"Motor vehicle" shall mean every vehicle, except for mobile office as herein defined, which is self-propelled or designed for self-propulsion and every vehicle drawn by or designed to be drawn by a motor vehicle, including manufactured homes as defined in § [46.2-100](#) and every device in, upon and by which any person or property is, or can be, transported or drawn upon a highway, but excepting devices moved by human or animal power, devices used exclusively upon stationary rails or tracks and vehicles, other than manufactured homes, used in this Commonwealth but not required to be licensed by the Commonwealth.

"Sale" shall mean any transfer of ownership or possession, by exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of a motor vehicle. The term shall also include a transaction whereby possession is transferred but title is retained by the seller as security. The term shall not include a transfer of ownership or possession made to secure payment of an obligation, nor shall it include a refund for, or replacement of, a motor vehicle of equivalent or lesser value pursuant to the Virginia Motor Vehicle Warranty Enforcement Act (§ [59.1-207.9](#) et seq.). Where the replacement

motor vehicle is of greater value than the motor vehicle replaced, only the difference in value shall constitute a sale.

"Sale price" shall mean the total price paid for a motor vehicle and all attachments thereon and accessories thereto, as determined by the Commissioner, exclusive of any federal manufacturers' excise tax, without any allowance or deduction for trade-ins or unpaid liens or encumbrances. However, "sale price" shall not include (i) *any manufacturer rebate or manufacturer incentive payment applied to the transaction by the customer or dealer whether as a reduction in the sales price or as payment for the vehicle* and (ii) the cost of controls, lifts, automatic transmission, power steering, power brakes or any other equipment installed in or added to a motor vehicle which is required by law or regulation as a condition for operation of a motor vehicle by a handicapped person.

§ [58.1-2402](#). Levy.

A. There is hereby levied, in addition to all other taxes and fees of every kind now imposed by law, a tax upon the sale or use of motor vehicles in Virginia, other than a sale to or use by a person for rental as an established business or part of an established business or incidental or germane to such business.

The amount of the tax to be collected shall be determined by the Commissioner by the application of the following rates against the gross sales price:

1. Three percent *through midnight on June 30, 2013, four percent (4.0%) beginning July 1, 2013, through midnight on June 30, 2014, four and five-hundredths of a percent (4.05%) beginning July 1, 2014, through midnight on June 30, 2015, four and one tenth of a percent (4.1%) beginning July 1, 2015, through midnight on June 30, 2016, and four and fifteen-hundredths (4.15%) of a percent beginning on and after July 1, 2016*, of the sale price of each motor vehicle sold in Virginia. If such motor vehicle is a manufactured home as defined in § [36-85.3](#), the tax shall be three percent of the sale price of each such manufactured home sold in the Commonwealth; if such vehicle is a mobile office as defined in § [58.1-2401](#), the tax shall be two percent of the sale price of each mobile office sold in the Commonwealth; if such vehicle has a gross vehicle weight rating or gross combination weight rating of 26,001 pounds or more and is neither (i) a manufactured home as defined in § [36-85.3](#), (ii) a mobile office as defined in § [58.1-2401](#), (iii) a trailer or semitrailer as severally defined in § [46.2-100](#) that is not designed or used to carry property, nor (iv) a vehicle registered under § [46.2-700](#), the tax shall be zero percent of the sale price of each such vehicle sold in the Commonwealth.

When any motor vehicle or manufactured home not sold in the Commonwealth is first used or stored for use in Virginia six months or more after its acquisition, the tax shall be based on its current market value.*

3. The minimum tax levied on the sale of any motor vehicle in the Commonwealth that is subject to taxation at a rate exceeding zero percent shall be ~~\$35~~\$75, except as provided by those exemptions defined in § [58.1-2403](#).

4 through 7. [Repealed.]

B. A transaction taxed under subdivision A 1 shall not also be taxed under subdivision A 2, nor shall the same transaction be taxed more than once under either subdivision.

C. Any motor vehicle, trailer or semitrailer exempt from this tax under subdivision 1 or 2 of § [58.1-2403](#) shall be subject to the tax, based on the current market value when such vehicle is no longer owned or used by the United States government or any governmental agency, or the Commonwealth of Virginia or any political subdivision thereof, unless such vehicle is then rented, in which case the tax imposed by § [58.1-1736](#) shall apply, subject to the exemptions provided in § [58.1-1737](#). Further, any motor vehicle, trailer or semitrailer exempt from the tax imposed by this chapter under subdivision 11 of § [58.1-2403](#) or §§ [46.2-663](#) through [46.2-674](#) shall be subject to the tax, based on the current market value, when such vehicle is subsequently licensed to operate on the highways of the Commonwealth.

E. Effective January 1, 1997, any amount designated as a "processing fee" and any amount charged by a dealer for processing a transaction, which is required to be included on a buyer's order pursuant to subdivision A 10 of § [46.2-1530](#), shall be subject to the tax.

§ [58.1-2425](#). Disposition of revenues.

A. Funds collected hereunder by the Commissioner shall be forthwith paid into the state treasury. Except as otherwise provided in this section, these funds shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. The revenue so derived, after refunds have been deducted, is hereby allocated for the construction, reconstruction and maintenance of highways and the regulation of traffic thereon and for no other purpose. However, (i) all funds collected pursuant to the provisions of this chapter from manufactured homes, as defined in § [46.2-100](#), shall be distributed to the city, town, or county wherein such manufactured home is to be situated as a dwelling; ~~and~~ (ii) effective January 1, 1987, an amount equivalent to the net additional revenues from the sales and use tax on motor vehicles generated by enactments of the 1986 Special Session of the Virginia General Assembly which amended §§ [46.2-694](#), [46.2-697](#), [58.1-2401](#), [58.1-2402](#), and this section shall be distributed to and paid into the Transportation Trust Fund, a special fund within the Commonwealth Transportation Fund, and are hereby appropriated to the Commonwealth Transportation Board for transportation needs; *and (iii) the net additional revenues generated by increases in the rates of taxes under subdivisions A 1 and A 2 of § [58.1-2402](#) and generated by the increase in the minimum tax under subdivision A 3 of § [58.1-2402](#) pursuant to enactments of a Session of the General Assembly held in 2013 shall be deposited by the Comptroller into the Highway Maintenance and Operating Fund.*

§ [58.1-2701](#). Amount of tax.

A. Except as provided in subsection B, every motor carrier shall pay a road tax equivalent to ~~\$0.21~~ per gallon *equivalent to the cents per gallon credit for diesel fuel as determined under subsection A of § [58.1-2706](#) for the relevant period plus an additional \$0.035 per gallon* calculated on the amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature of ~~sixty~~60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations within the Commonwealth.

The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed on a motor carrier by any other provision of law.

B. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles that are not registered under the International Registration Plan shall pay a fee of \$150 per year for each qualified highway vehicle regardless of whether such vehicle will be included on the motor carrier's IFTA return. The fee is due and payable when the vehicle registration fees are paid pursuant to the provisions of Article 7 (§ [46.2-685](#) et seq.) of Chapter 6 of Title 46.2.

If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the registration fee paid is authorized by law.

C. All taxes and fees paid under the provisions of this chapter shall be credited to the Highway Maintenance and Operating Fund, a special fund within the Commonwealth Transportation Fund.

§ [58.1-2706](#). Credit for payment of motor fuel, diesel fuel or liquefied gases tax.

A. Every motor carrier subject to the road tax shall be entitled to a credit on such tax equivalent to ~~seventeen and one-half cents per gallon on all~~ *every gallon of* motor fuel, diesel fuel and liquefied gases purchased by such carrier within the Commonwealth for use in its operations either within or without the Commonwealth and upon which the motor fuel, diesel fuel or liquefied gases tax imposed by the laws of the Commonwealth has been paid by such carrier. Evidence of the payment of such tax in such form as may be required by, or is satisfactory to, the Department shall be furnished by each carrier claiming the credit herein allowed. *The credit for diesel fuel shall be at a cents per gallon rate equivalent to the tax imposed under subsection B of § [58.1-2217](#) for the relevant period as converted by the Commissioner to a cents per gallon tax for purposes of this credit. The credit for all other motor fuels and liquefied gases shall be at a cents per*

*gallon rate equivalent to the tax imposed under subsection A of § [58.1-2217](#) for the relevant period as converted by the Commissioner to a cents per gallon tax for purposes of this credit.*

B. When the amount of the credit to which any motor carrier is entitled for any quarter exceeds the amount of the tax for which such carrier is liable for the same quarter, the excess may: (i) be allowed as a credit on the tax for which such carrier would be otherwise liable for any of the eight succeeding quarters or (ii) be refunded, upon application, duly verified and presented and supported by such evidence as may be satisfactory to the Department.

C. The Department may allow a refund upon receipt of proper application and review. It shall be at the discretion of the Department to determine whether an audit is required.

D. The refund may be allowed without a formal hearing if the amount of refund is agreed to by the applicant. Otherwise, a formal hearing on the application shall be held by the Department after notice of not less than ~~ten~~ 10 days to the applicant and the Attorney General.

E. Whenever any refund is ordered it shall be paid out of the Highway Maintenance and Construction Fund.

F. Whenever a person operating under lease to a motor carrier to perform transport services on behalf of the carrier purchases motor fuel, diesel fuel or liquefied gases relating to such services, such payments or purchases may, at the discretion of the Department, be considered payment or purchases by the carrier.

2. That § [58.1-2217](#) of the Code of Virginia is amended and reenacted effective January 1, 2015, if the United States Congress has not enacted legislation granting the Commonwealth the authority to compel the remote sellers to collect state and local retail sales and use tax for sales made in the Commonwealth by such date, as follows:

*In computing the average wholesale price of a gallon of gasoline, the Commissioner shall use the period from December 1 through May 31 as the base period for such determination for the immediately following period beginning July 1 and ending December 31, inclusive. The period from June 1 through November 30 shall be the next base*

F. In accordance with § [62.1-44.34:13](#), a storage tank fee is imposed on each gallon of gasoline, aviation gasoline, diesel fuel (including dyed diesel fuel), blended fuel, and heating oil sold and delivered or used in the Commonwealth.

3. That if the United States Congress has not enacted legislation granting the Commonwealth the authority to compel remote sellers to collect state and local retail sales and use tax for sales made in the Commonwealth by January 1, 2015, the amount of general funds transferred to the Highway Maintenance and Operating Fund pursuant to subsection G of § [58.1-638](#) as added by this act shall not be increased after fiscal year 2015.

4. That Article 22 (§§ [58.1-540](#) through [58.1-549](#)) of Chapter 3 of Title 58.1 of the Code of Virginia, §§ [58.1-609.13](#), [58.1-2289](#), as it may become effective, [58.1-2290](#), and [58.1-2701](#), as it may become effective, of the Code of Virginia and the second enactment of Chapter 822 of the Acts of Assembly of 2009, as amended by Chapter 535 of the Acts of Assembly of 2012, are repealed.

5. That in computing the amount of sales and use tax revenue paid under subdivision F 2 and subsections G and H of § [58.1-638](#) as added by this act and § [58.1-638.3](#) as added by this act, the amount of such revenue attributable to sales and use tax on food for human consumption, as defined in § [58.1-611.1](#) of the Code of Virginia, shall be excluded.

6. That \$100 million of the increased revenues provided to the Highway Maintenance and Operating Fund pursuant to this act in fiscal years 2014, 2015, and 2016 shall be dedicated to Phase 2 of the Dulles Corridor Metrorail Extension Project, provided,

however, that the Metropolitan Washington Airports Authority (MWAA) Board of Directors first address all recommendations cited in the Office of the Inspector General of the U.S. Department of Transportation's Report on MWAA Governance and the accountability officer appointed by the U.S. Secretary of Transportation determines that such recommendations have been addressed. Notwithstanding the foregoing provisions of this enactment, in the event that all conditions for dedication of funds are satisfied, the Commonwealth Transportation Board may provide funding from other available revenue sources to satisfy the requirements of this provision in order to maximize the use of increased revenues provided under this act.

7. That the provisions of this act amending §§ [58.1-601](#), [58.1-602](#), [58.1-605](#), [58.1-606](#), [58.1-612](#), as it is currently effective and as it may become effective, [58.1-615](#), [58.1-625](#), as it is currently effective and as it may become effective, [58.1-635](#), [58.1-638.2](#), and subdivision 5 of § [58.1-604](#), and repealing § [58.1-609.13](#), shall not become effective unless the federal government enacts legislation that grants states that meet minimum simplification requirements specified in such legislation the authority to compel remote retailers to collect sales and use tax on sales made into the respective state. If the federal government enacts such legislation, then such amendments and the repeal of § [58.1-609.13](#) shall become effective 30 days after the effective date of the federal legislation.

8. That the Northern Virginia Transportation Authority and the counties and cities embraced by the Authority shall work cooperatively with towns with a population greater than 3,500 located within such counties for purposes of implementing the provisions of this act and to ensure that such towns receive their respective share of the revenues pursuant to subdivision B 1 of § [15.2-4838.1](#).

9. That the Texas Transportation Institute's annual report on highway congestion ranks the Northern Virginia/Washington, D.C. area as the worst area for traffic congestion in the nation, and the Hampton Roads region as the twentieth most congested area of the 101 areas studies. Such congestion has an average commuter cost of nearly \$1,400 in Northern Virginia and \$877 per commuter in Hampton Roads. Such congestion negatively impacts Virginia's economic prosperity, strategic military connectivity, emergency preparedness, and environmental quality. Regions with populations in excess of 1.5 million citizens and 1.2 million registered vehicles are prone to greater levels of congestion and growing transit needs. Therefore, the General Assembly finds that transportation construction and maintenance in the Northern Virginia and Hampton Roads regions are

high priorities, and that as other regions of the Commonwealth continue to grow, the same priority shall be given.

10. That each county or city located in Planning District 8 or Planning District 23 as of January 1, 2013, shall expend or disburse for transportation purposes each year an amount that is at least equal to the average annual amount expended or disbursed for transportation purposes by the county or city, excluding bond proceeds or debt service payments and federal or state grants, between July 1, 2010, and June 30, 2013. Each county or city located in any other Planning District that becomes subject to the state taxes or fees imposed solely in Planning Districts pursuant to this act shall expend or disburse for transportation purposes each year an amount that is at least equal to the average annual amount expended or disbursed for transportation purposes by the county or city, excluding bond proceeds or debt service payments and federal or state grants, during the 36-month period immediately prior to the effective date of the imposition of such state taxes or fees in the Planning District. In the event that any such county or city does not expend or disburse such an amount, that county or city shall not be the direct beneficiary of any of the revenues generated by the state taxes or fees imposed solely in Planning Districts pursuant to this act in the immediately succeeding year.

11. That no tolls shall be imposed or collected on Interstate 95 south of Fredericksburg pursuant to the Interstate System Reconstruction and Rehabilitation Pilot Program without the prior approval of the General Assembly.

12. That Chapter 896 of the Acts of Assembly of 2007 is amended by adding a twenty-fourth enactment as follows:

**24. That the provisions of the twenty-second enactment of this act shall not apply to any revenues generated pursuant to subsections B and E of § [58.1-2217](#), subsection A of § [58.1-2249](#), or § [58.1-2289](#) or [58.1-2701](#) of the Code of Virginia.**

13. That beginning in fiscal year 2020, \$20 million from the highway construction share of the Transportation Trust Fund shall be deposited into the Route 58 Corridor Development Fund.

14. That the provisions of this act that generate additional revenue through state taxes or fees for transportation (i) throughout the Commonwealth and in Planning District 8 and Planning District 23 or (ii) in any other Planning District that becomes subject to the state taxes or fees imposed solely in Planning Districts pursuant to this act shall expire on December 31 of any year in which the General Assembly appropriates any of such additional revenues for any non-transportation-related purpose or transfers any of such

additional revenues that are to be deposited into the Commonwealth Transportation Fund or any subfund thereof pursuant to general law for a non-transportation-related purpose. In the event a local government of any county or city wherein the additional taxes and fees are levied appropriates or allocates any of such additional revenues to a non-transportation purpose, such locality shall not be the direct beneficiary of any of the revenues generated by the taxes or fees in the year immediately succeeding the year in which revenues were appropriated or allocated to a non-transportation purpose.

15. That if the federal government enacts legislation on or after January 1, 2015, that grants states that meet minimum simplification requirements specified in such legislation the authority to compel remote retailers to collect sales and use tax on sales made into the respective state, then the provisions of § [58.1-2217](#) shall revert to the provisions of those statutes as set forth in the first enactment on the January 1 immediately following the calendar year in which such federal legislation was enacted.

16. That the Department of Taxation shall develop and publish guidelines implementing the provisions of this act relating to the state Retail Sales and Use tax increase, the regional state sales and use taxes, and the regional state Transient Occupancy Tax and shall update such guidelines thereafter as deemed necessary by the Tax Commissioner. The development and publication of such guidelines and rules shall be exempt from the Administrative Process Act (§ [2.2-4000](#) et seq.).

17. That the Virginia Department of Transportation, the Department of the Treasury, the Department of Taxation, and any other department or group necessary shall conduct a review of the implementation of the regional taxing authorities as provided by this act. The purpose of such review shall be to determine what additional powers and authorities regional transportation authorities, commissions, etc., may need to ensure the proper utilization of the regional revenues. Such review shall include whether bonding authority should be authorized if a local transportation entity does not already have such authority. The departments shall issue and report and make recommendations, if any are necessary, to the General Assembly no later than December 1, 2013.

18. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this act shall remain in effect.

## Chapter 29 King William County and Town of West Point; localities to govern allocation of revenues for schools.

### CHAPTER 29

An Act to create a special school tax district in King William County and to govern allocation of tax revenue for schools in King William County and the Town of West Point.

[\[H 534\]](#)

Approved February 27, 2014

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. There is hereby established a special tax district to pay all or any portion of the County of King William (the County) expenditures for operating the County school division beginning July 1, 2014. The boundary of the tax district shall be the same as the geographical area of the county school division and shall exclude the area of the Town of West Point (the Town). The appropriation of funds for the County's share of expenditures for the County school division shall be governed by this act, and the provisions of §§ [22.1-113](#) and [22.1-114](#) of the Code of Virginia shall not be applicable. The special tax district shall remain in effect unless the Town shall cease to operate a separate school division.*

*§ 2. The King William Board of Supervisors (the Board) may levy and collect taxes upon any taxable property in such special tax district, including, but not limited to, real estate, mineral lands, tangible personal property, merchants' capital, and machinery and tools, and may appropriate to the County school division such property taxes, including any penalties and interest thereon and any fund balance from the preceding fiscal year consisting of such taxes, penalties, and interest. The Town shall pay for its share of expenditures to operate the Town school division from Town property taxes and other local, state, and federal revenues received by the Town. All taxes levied and collected by the County, other than those levied and collected for the support of the County school division in the special tax district, shall be uniform in all districts in the County, except as otherwise provided for by law.*

§ 3. The Board may also appropriate to the County school division all or any portion of the revenue derived from (i) those local or state taxes that are collected in part within the Town but are allocated between the County and the Town by state law or (ii) those non-property taxes that the County collects exclusively from sources outside the Town. Such taxes include, but shall not be limited to, (i) the local sales and use tax authorized by §§ [58.1-605](#) and [58.1-606](#) of the Code of Virginia, (ii) the motor vehicle license tax authorized by § [46.2-752](#) of the Code of Virginia, (iii) wine taxes authorized by § [4.1-235](#) of the Code of Virginia, (iv) the net profits from the Alcoholic Beverage Control system authorized by § [4.1-117](#) of the Code of Virginia, (v) communication services sales taxes authorized by § [58.1-648](#) of the Code of Virginia, (vi) manufactured home titling taxes authorized by § [58.1-2402](#) of the Code of Virginia, (vii) automobile rental taxes authorized by § [58.1-2402](#) of the Code of Virginia, (viii) rolling stock taxes authorized by § [58.1-2652](#) of the Code of Virginia, (ix) bank net capital taxes authorized by § [58.1-1210](#) of the Code of Virginia, (x) business license taxes authorized by § [58.1-3703](#) of the Code of Virginia, (xi) food and beverage taxes authorized by § [58.1-3833](#) of the Code of Virginia, and (xii) interest or other investment earnings derived from the revenues specified in § 2 and this section, which investment earnings shall be separately accounted for by the County.

§ 4. The Board may also appropriate to the County school division all or any portion of the state or local recordation taxes received by the County, as authorized by §§ [58.1-801](#) and [58.1-3800](#) of the Code of Virginia, provided that the County pays to the Town a pro rata share of such recordation taxes derived from real estate transactions that occur within the Town.

The pro rata share shall be determined by multiplying the recordation taxes collected within the Town by a fraction that equals the total recordation taxes appropriated to the County school division divided by the total recordation taxes derived by the County from real estate transactions that occur outside the Town. The Clerk of the Circuit Court for the County shall compile and furnish the necessary information to the governing body of the County to enable it to comply with this provision, and the County shall promptly provide a copy to the Town. The Board shall pay such sum to the Town no later than 45 days after receipt of such taxes by the County Treasurer from the clerk of the circuit court.

§ 5. The Board may also appropriate to the County school division all or any portion of the state payments to reimburse the County for personal property taxes pursuant to the Personal Property Tax Relief Act (§ [58.1-3523](#) et seq. of the Code of Virginia) if the County pays to the Town a pro rata share of these state payments received by the County that are attributable to qualifying vehicles assessed for taxation within the Town.

*The pro rata share shall be determined by multiplying the state reimbursement payments received by the County based on qualifying vehicles within the Town by a fraction that equals the total state reimbursement payments appropriated to the County school division divided by the total state reimbursement payments received by the County from qualifying vehicles assessed for taxation outside the Town. The Board shall pay such sum to the Town Treasurer no later than 45 days after receipt of such payments by the County Treasurer from the Commonwealth. If the Town issues tangible personal property tax bills for qualifying vehicles within the Town, in addition to any tangible personal property tax bills issued by the County for such vehicles, the amounts to be paid to the Town Treasurer shall be shown as a deduction on the face of the Town's tangible personal property tax bills for qualifying vehicles in the Town, which amounts are to be paid by the Commonwealth in accordance with state law. Nothing in this section shall be construed to alter the method or amount of the Commonwealth's obligations to King William County or the Town of West Point pursuant to the Personal Property Tax Relief Act.*

*§ 6. If the Board appropriates to the County school division any other taxes, fees, or other sources of revenues that are collected within both the County and the Town or are attributable to persons, property, transactions, or activities within both the County and the Town, the County shall pay to the Town a sum calculated as follows: the total amount of such other revenues appropriated to the County school division shall be multiplied by a fraction equal to the total taxable property assessments in the Town divided by the total taxable property assessments in the County as a whole, including the Town. The revenues subject to this requirement would include, for example, a tax or fee collected by the County in both the County and the Town, but would exclude, for example, a gift to the County or a state grant for school construction distributed to the County on the basis of school-age population in the County excluding the Town. The Board shall pay such sum to the Town no later than 45 days after such revenues have been transferred to the County school division.*

*§ 7. In the event of a dispute regarding the interpretation or application of this act, the County and the Town shall attempt to amicably resolve the dispute. The County and the Town may jointly submit to voluntary mediation. If the dispute is not resolved by agreement or mediation, the County and the Town shall submit to binding arbitration conducted in accordance with state law. The arbitration panel shall consist of three members; the Board and the Council shall each, within five business days, select an arbiter, who shall not be a member of the Board or the Council, but who shall be knowledgeable in local government matters and qualified or trained as an arbiter in accordance with state law and commonly accepted ethical standards for arbiters. The two*

*arbiters so selected shall jointly select a third arbiter within five business days of being selected; if they are unable to agree on a third arbiter, one shall be appointed by the King William Circuit Court. The County and the Town shall share equally in the costs of any mediation or arbitration. Each party shall be responsible for its own legal fees. The decision of a majority of the arbitration panel shall be binding on the County and the Town.*

*Legal action may be initiated by either party only to enforce a decision of the arbiters or to challenge a decision of the arbiters as unlawful or contrary to the law and plainly wrong. The timelines for action stated in this section may be extended by agreement of the Board and the Council.*

*§ 8. Investments and contracts.*

*A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.*

*B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this paragraph may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.*

*C. *§ 9. Security for bonds and BANs.*

*The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.*

*§ 10. Exemption of interest from tax.*

*The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.*

*§ 11. Refunding bonds and BANs.*

*The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.*

*§ 12. Defeasance.*

*Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company,*

*within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act and Article X, Section 9 (b) or (c), as the case may be, of the Constitution of Virginia.*

§ 13. Severability.

*The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.*

*The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.*

*In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time, and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series .....".*

If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN although, at the date of such bond or BAN, such persons may not have been such officers.*

*§ 6. Sources for payment of expenses.*

*All expenses incurred under this act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2 hereof or from any other available funds as the Treasury Board shall determine.*

*§ 7. Revenues.*

*The institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project mentioned above or the system of which such*

*capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. The institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.*

*§ 8. Investments and contracts.*

*A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.*

*B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this paragraph may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.*

*C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with para-*

*graph A of this section and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to paragraph B of this section.*

*§ 9. Security for bonds and BANs.*

*The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.*

*§ 10. Exemption of interest from tax.*

*The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.*

*§ 11. Refunding bonds and BANs.*

*The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.*

§ 12. *Defeasance.*

*Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act and Article X, Section 9 (b) or (c), as the case may be, of the Constitution of Virginia.*

§ 13. *Severability.*

*The provisions of this act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.*

## **Chapter 709 King William County and Town of West Point; localities to govern allocation of revenues for schools.**

### CHAPTER 709

An Act to create a special school tax district in King William County and to govern allocation of tax revenue for schools in King William County and the Town of West Point.

[\[S 488\]](#)

Approved April 6, 2014

Be it enacted by the General Assembly of Virginia:

1.

*§ 1. There is hereby established a special tax district to pay all or any portion of the County of King William (the County) expenditures for operating the County school division beginning July 1, 2014. The boundary of the tax district shall be the same as the geographical area of the county school division and shall exclude the area of the Town of West Point (the Town). The appropriation of funds for the County's share of expenditures for the County school division shall be governed by this act, and the provisions of §§ [22.1-113](#) and [22.1-114](#) of the Code of Virginia shall not be applicable. The special tax district shall remain in effect unless the Town shall cease to operate a separate school division.*

*§ 2. The King William Board of Supervisors (the Board) may levy and collect taxes upon any taxable property in such special tax district, including, but not limited to, real estate,*

*mineral lands, tangible personal property, merchants' capital, and machinery and tools, and may appropriate to the County school division such property taxes, including any penalties and interest thereon and any fund balance from the preceding fiscal year consisting of such taxes, penalties, and interest. The Town shall pay for its share of expenditures to operate the Town school division from Town property taxes and other local, state, and federal revenues received by the Town. All taxes levied and collected by the County, other than those levied and collected for the support of the County school division in the special tax district, shall be uniform in all districts in the County, except as otherwise provided for by law.*

*§ 3. The Board may also appropriate to the County school division all or any portion of the revenue derived from (i) those local or state taxes that are collected in part within the Town but are allocated between the County and the Town by state law or (ii) those non-property taxes that the County collects exclusively from sources outside the Town. Such taxes include, but shall not be limited to, (i) the local sales and use tax authorized by §§ [58.1-605](#) and [58.1-606](#) of the Code of Virginia, (ii) the motor vehicle license tax authorized by § [46.2-752](#) of the Code of Virginia, (iii) wine taxes authorized by § [4.1-235](#) of the Code of Virginia, (iv) the net profits from the Alcoholic Beverage Control system authorized by § [4.1-117](#) of the Code of Virginia, (v) communication services sales taxes authorized by § [58.1-648](#) of the Code of Virginia, (vi) manufactured home titling taxes authorized by § [58.1-2402](#) of the Code of Virginia, (vii) automobile rental taxes authorized by § [58.1-1736](#) of the Code of Virginia, (viii) rolling stock taxes authorized by § [58.1-2652](#) of the Code of Virginia, (ix) bank net capital taxes authorized by § [58.1-1210](#) of the Code of Virginia, (x) business license taxes authorized by § [58.1-3703](#) of the Code of Virginia, (xi) food and beverage taxes authorized by § [58.1-3833](#) of the Code of Virginia, and (xii) interest or other investment earnings derived from the revenues specified in § 2 and this section, which investment earnings shall be separately accounted for by the County.*

*§ 4. The Board may also appropriate to the County school division all or any portion of the state or local recordation taxes received by the County, as authorized by §§ [58.1-801](#) and [58.1-3800](#) of the Code of Virginia, provided that the County pays to the Town a pro rata share of such recordation taxes derived from real estate transactions that occur within the Town.*

*The pro rata share shall be determined by multiplying the recordation taxes collected within the Town by a fraction that equals the total recordation taxes appropriated to the County school division divided by the total recordation taxes derived by the County from real estate transactions that occur outside the Town. The Clerk of the Circuit Court for*

*the County shall compile and furnish the necessary information to the governing body of the County to enable it to comply with this provision, and the County shall promptly provide a copy to the Town. The Board shall pay such sum to the Town no later than 45 days after receipt of such taxes by the County Treasurer from the clerk of the circuit court.*

*§ 5. The Board may also appropriate to the County school division all or any portion of the state payments to reimburse the County for personal property taxes pursuant to the Personal Property Tax Relief Act (§ [58.1-3523](#) et seq. of the Code of Virginia) if the County pays to the Town a pro rata share of these state payments received by the County that are attributable to qualifying vehicles assessed for taxation within the Town. The pro rata share shall be determined by multiplying the state reimbursement payments received by the County based on qualifying vehicles within the Town by a fraction that equals the total state reimbursement payments appropriated to the County school division divided by the total state reimbursement payments received by the County from qualifying vehicles assessed for taxation outside the Town. The Board shall pay such sum to the Town Treasurer no later than 45 days after receipt of such payments by the County Treasurer from the Commonwealth. If the Town issues tangible personal property tax bills for qualifying vehicles within the Town, in addition to any tangible personal property tax bills issued by the County for such vehicles, the amounts to be paid to the Town Treasurer shall be shown as a deduction on the face of the Town's tangible personal property tax bills for qualifying vehicles in the Town, which amounts are to be paid by the Commonwealth in accordance with state law. Nothing in this section shall be construed to alter the method or amount of the Commonwealth's obligations to King William County or the Town of West Point pursuant to the Personal Property Tax Relief Act.*

*§ 6. If the Board appropriates to the County school division any other taxes, fees, or other sources of revenues that are collected within both the County and the Town or are attributable to persons, property, transactions, or activities within both the County and the Town, the County shall pay to the Town a sum calculated as follows: the total amount of such other revenues appropriated to the County school division shall be multiplied by a fraction equal to the total taxable property assessments in the Town divided by the total taxable property assessments in the County as a whole, including the Town. The revenues subject to this requirement would include, for example, a tax or fee collected by the County in both the County and the Town, but would exclude, for example, a gift to the County or a state grant for school construction distributed to the County on the basis of school-age population in the County excluding the Town. The Board shall pay such sum to the Town no later than 45 days after such revenues have been transferred to the County school division.*

*§ 7. In the event of a dispute regarding the interpretation or application of this act, the County and the Town shall attempt to amicably resolve the dispute. The County and the Town may jointly submit to voluntary mediation. If the dispute is not resolved by agreement or mediation, the County and the Town shall submit to binding arbitration conducted in accordance with state law. The arbitration panel shall consist of three members; the Board and the Council shall each, within five business days, select an arbiter, who shall not be a member of the Board or the Council but who shall be knowledgeable in local government matters and qualified or trained as an arbiter in accordance with state law and commonly accepted ethical standards for arbiters. The two arbiters so selected shall jointly select a third arbiter within five business days of being selected; if they are unable to agree on a third arbiter, one shall be appointed by the King William Circuit Court. The County and the Town shall share equally in the costs of any mediation or arbitration. Each party shall be responsible for its own legal fees. The decision of a majority of the arbitration panel shall be binding on the County and the Town.*

*Legal action may be initiated by either party only to enforce a decision of the arbiters or to challenge a decision of the arbiters as unlawful or contrary to the law and plainly wrong. The timelines for action stated in this section may be extended by agreement of the Board and the Council.*

2. That an emergency exists and this act is in force from its passage.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. 13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at

least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

(3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

The plan shall act on such requests within one business day of receipt of the request.

The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be permitted within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the town, county, or supervisor's election district on January 1 preceding its filing or at least 100 qualified voters, whichever is greater.

Petition requirements for any county shall be based on the number of registered voters in the county, including the number of registered voters in any town having a population in excess of 1,000 located within such county. Upon the filing of a petition, and under no

other circumstances, the court shall order the election officials of the county to conduct a referendum on the question.

The clerk of the circuit court of the county shall publish notice of the referendum in a newspaper of general circulation in the town, county, or supervisor's election district once a week for three consecutive weeks prior to the referendum.

The question on the ballot shall be:

The referendum shall be ordered and held and the results certified as provided in Article 5 (§ [24.2-681](#) et seq.) of Chapter 6 of Title 24.2. Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the town or county. Mixed beverages permitted to be sold by such referendum may in accordance with this title be sold by restaurants licensed by the Board within the town, county, or supervisor's election district of a county on or after 30 days following the entry of the order if a majority of the voters voting in the referendum have voted "Yes."

The provisions of this section shall be applicable to towns having a population in excess of 1,000 to the same extent and subject to the same conditions and limitations as are otherwise applicable to counties under this section. Such towns shall be treated as separate local option units, and only residents of any such town shall be eligible to vote in any referendum held pursuant to this section for any such town. Residents of towns having a population in excess of 1,000, however, shall also be eligible to vote in any referendum held pursuant to this section for any county in which the town is located.

The provisions of this section shall not require any town created as a result of a city-to-town reversion pursuant to Chapter 41 (§ [15.2-4100](#) et seq.) of Title 15.2 to hold a referendum on the same question if a majority of the voters voting in the former city had previously approved the sale of mixed beverages by restaurants licensed by the Board in such city.

B. Once a referendum has been held, no other referendum on the same question shall be held in the town, county, or supervisor's election district of a county for a period of 23 months.

C. Notwithstanding the provisions of subsection A, the sale of mixed beverages shall be allowed on property dedicated for industrial or commercial development and controlled through the provision of public utilities and covenanting of the land by any multi-jurisdictional industrial development authority, as set forth under Chapter 49 (§ [15.2-](#)

[4900](#) et seq.) of Title 15.2, provided that (i) such authority operates under a partnership agreement between three or more counties, cities, or towns and such jurisdictions participate administratively and financially in the authority and (ii) the sale of mixed beverages is permitted in one of the member counties, cities, towns, or a supervisor's election district of one of the counties and that the governing board of the authority authorizes an establishment located within the confines of such property to apply to the Board for such license. The appropriate license fees shall be paid for this privilege.

D. Notwithstanding the provisions of subsection A of this section and subsection C of § [4.1-122](#), the sale of mixed beverages by licensees, and the sale of alcoholic beverages other than beer and wine not produced by farm wineries by the Board, shall be allowed in any city in the Commonwealth.

However, no license authorized by this subsection shall be granted if the private club restricts its membership on the basis of race, color, creed, national origin or sex.

§ [4.1-128](#). Local ordinances or resolutions regulating or taxing alcoholic beverages.

A. No county, city, or town shall, except as provided in § [4.1-205](#) or ~~§~~ [4.1-129](#), adopt any ordinance or resolution which regulates or prohibits the manufacture, bottling, possession, sale, wholesale distribution, handling, transportation, drinking, use, advertising or dispensing of alcoholic beverages in the Commonwealth. The foregoing limitation shall not affect the authority of any county, city or town to impose a license or privilege tax or fee on a business engaged in whole or in part in the sale of alcoholic beverages if the license or privilege tax or fee (i) is based on an annual or per event flat fee specifically authorized by general law or (ii) is an annual license or privilege tax specifically authorized by general law, which includes alcoholic beverages in its taxable measure and treats alcoholic beverages the same as if they were non-alcoholic beverages.

B. However, the governing body of any county, city, or town may adopt an ordinance which (i) prohibits the acts described in subsection A of § [4.1-308](#) subject to the provisions of subsection B of § [4.1-308](#), or the acts described in § [4.1-309](#) and may provide a penalty for violation thereof and (ii) subject to subsection C of § [4.1-308](#), regulates or prohibits the possession of opened alcoholic beverage containers in its local public parks, playgrounds, public streets, and any sidewalk adjoining any public street.

All such sales and shipments shall be for personal consumption only and not for resale. A case of wine shall mean any combination of packages containing not more than nine liters of wine. A case of beer shall mean any combination of packages containing not more than 288 ounces of beer. Any winery or farm winery located within or outside the Commonwealth may apply to the Board for issuance of a wine shipper's license that shall authorize the shipment of brands of wine and farm wine identified in such application. Any brewery located within or outside the Commonwealth may apply to the Board for issuance of a beer shipper's license that shall authorize the shipment of brands of beer identified in such application. Any person located within or outside the Commonwealth who is authorized to sell wine or beer at retail in their state of domicile and who is not a winery, farm winery, or brewery may nevertheless apply for a wine or beer shipper's license, or both, if such person satisfies the requirements of this section. Any brewery, winery, or farm winery that applies for a shipper's license or authorizes any other person, other than a retail off-premises licensee, to apply for a license to ship such brewery's, winery's or farm winery's brands of wine or beer shall notify any wholesale licensees that have been authorized to distribute such brands that an application has been filed for a shipper's license. The notice shall be in writing and in a form prescribed by the Board. The Board may adopt such regulations as it reasonably deems necessary to implement the provisions of this section, including regulations that permit the holder of a shipper's license to amend the same by, among other things, adding or deleting any brands of wine, farm wine, or beer identified in such shipper's license.

B. Any applicant for a wine or beer shipper's license that does not own or have the right to control the distribution of the brands of wine, farm wine, or beer identified in such person's application may be issued a shipper's license for wine or beer or both, if the applicant has obtained and filed with its application for a shipper's license, and with any subsequent application for renewal thereof, the written consent of either (i) the winery, farm winery, or brewery whose brands of wine, farm wine, or beer are identified therein or (ii) any wholesale distributor authorized to distribute the wine or beer produced by the winery, farm winery or brewery. Any winery, farm winery, or brewery, or its wholesale distributor, that has provided written authorization to a shipper licensed pursuant to this section to sell and ship its brand or brands of wine, farm wine, or beer shall not be restricted by any provision of this section from withdrawing such authorization at any time. If such authorization is withdrawn, the winery, farm winery, or brewery shall promptly notify such shipper licensee and the Board in writing of its decision to withdraw from such shipper licensee the authority to sell and ship any of its brands, whereupon such shipper licensee shall promptly file with the Board an amendment to its license eliminating any such withdrawn brand or brands from the shipper's license.

Any delivery of alcoholic beverages to a minor by a common carrier shall constitute a violation by the common carrier. The common carrier and the shipper licensee shall be liable only for their independent acts.

D. For purposes of §§ [4.1-234](#) and [4.1-236](#) and Chapter 6 (§ [58.1-600](#) et seq.) of Title 58.1, each shipment of wine or beer by a wine shipper licensee or a beer shipper licensee shall constitute a sale in Virginia. The licensee shall collect the taxes due to the

Commonwealth and remit any excise taxes monthly to the ~~Department of Alcoholic Beverage Control~~ *Authority* and any sales taxes to the Department of Taxation.

E. Notwithstanding the provisions of § [4.1-203](#), the holder of a wine shipper license or beer shipper license may solicit and receive applications for subscription to a wine-of-the-month or beer-of-the-month club at in-state or out-of-state locations for which a license for on-premises consumption has been issued, other than the place where the licensee carries on the business for which the license is granted. For the purposes of this section, a "marketing portal" means a business organized as an agricultural cooperative association under the laws of a state, soliciting and receiving orders for wine or beer and accepting and processing payment of such orders as the agent of a licensed wine or beer shipper. The Board shall develop regulations pursuant to which marketing portals may apply for approval to provide marketing services to holders of licenses issued pursuant to this section. Such regulations shall include provisions that require (i) the marketing portal to demonstrate that it is

appropriately organized as an agricultural cooperative association and licensed for the services to be provided by the state in which its place of business is located, (ii) the Board-approved marketing portal to maintain such records and to submit to the Board such information as the Board may prescribe, and (iii) the marketing portal and each wine or beer shipper licensed under this section to whom services are provided to enter into a contract designating the marketing portal as the agent of the shipper for purposes of complying with the provisions of this section.

Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.*

*B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. *the Governor, shall provide otherwise) issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.*

*§ 10. Exemption of interest from tax.*

*The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.*

*§ 11. Refunding bonds and BANs.*

*The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, and to refund any or all of the bonds and BANs, respectively, issued under this act or otherwise authorized pursuant to Article X, Section 9 (c) of the Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.*

*§ 12. Defeasance.*

*Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (b) or (c) of the Constitution of Virginia, as the case may be.*

*§ 13. Severability.*

*The provisions of this act or the application thereof to any person or circumstance that are held invalid shall not affect the validity of other provisions or applications of this act that can be given effect without the invalid provisions or applications.*

§ [2.2-2818](#). Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may

purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

- a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;
  - b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and
  - c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.
2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § [32.1-137.7](#), the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary

early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide

written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NCI" means the National Cancer Institute.

"NIH" means the National Institutes of Health.

"Patient" means a person covered under the plan established pursuant to this section.

"Patient cost" means the cost of a medically necessary health care service that is incurred as a result of the treatment being provided to a patient for purposes of a clinical trial. "Patient cost" does not include (i) the cost of nonhealth care services that a patient may be required to receive as a result of the treatment being provided for purposes of a clinical trial, (ii) costs associated with managing the research associated with the clinical trial, or (iii) the cost of the investigational drug or device.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

- a. The National Cancer Institute;
- b. An NCI cooperative group or an NCI center;
- c. The FDA in the form of an investigational new drug application;
- d. The federal Department of Veterans Affairs; or
- e. An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI.

The facility and personnel providing the treatment shall be capable of doing so by virtue of their experience, training, and expertise.

Coverage under this subdivision shall apply only if:

- (1) There is no clearly superior, noninvestigational treatment alternative;
- (2) The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as effective as the noninvestigational alternative; and
- (3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

18. Offer and make available coverage for the treatment of morbid obesity through gastric bypass surgery or such other methods as may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance

factors that are no less favorable than for physical illness generally. Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. For purposes of this subdivision, "morbid obesity" means (i) a weight that is at least 100 pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables, (ii) a body mass index (BMI) equal to or greater than 35 kilograms per meter squared with comorbidity or coexisting medical conditions such as hypertension, cardiopulmonary conditions, sleep apnea, or diabetes, or (iii) a BMI of 40 kilograms per meter squared without such comorbidity. As used herein, "BMI" equals weight in kilograms divided by height in meters squared.

19. Include coverage for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations. The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

20. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § [38.2-3407.4:2](#) be issued to each employee provided coverage pursuant to this section, and shall upon any changes in the required data elements set forth in subsection A of § [38.2-3407.4:2](#), either reissue the card or provide employees covered under the plan such corrective information as may be required to electronically process a prescription claim.

21. Include coverage for infant hearing screenings and all necessary audiological examinations provided pursuant to § [32.1-64.1](#) using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such coverage shall include follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss.

22. Notwithstanding any provision of this section to the contrary, every plan established in accordance with this section shall comply with the provisions of § [2.2-2818.2](#).

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be withdrawn from time to time. The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

D. For the purposes of this section:
