<b>10. Description and Purpose of Organization</b> (Limit length to visible area)		
<p>The PTA's mission is to make every child's potential a reality by engaging and empowering families and communities to advocate for all children. In our case we have two children this would immediately impact greatly. Their mobility issues are so severe that they cannot access our playground at all. It would also enable our able bodied students to engage and play with those who are differently abled.</p>		

**11. Description and Purpose of Project** (Limit length to visible area)

To install handicapped accessible flooring around our existing playground. We also would like to add a friendship spinner that would enable all students to play together. The Friendship spinner enables students who cannot stand a spot to sit, a wheelchair can ride directly onto the friendship spinner or students can stand and play. We also would like to complete work over the summer so that it does not impact our students for recess. The flooring can be poured around existing equipment, so nothing has to be removed.

*Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.*

<b>28. Comments</b>
---------------------

We would only be replacing the flooring to our playground, we would not be altering the building in any way.
