10. Description and Purpose of Organization (Limit length to visible area)		
<p>The Montgomery County Department of Parks is a key agency of The Maryland-National Capital Park and Planning Commission (M-NCPPC), the proud steward of over 37,000 acres of parkland. Our mission is to protect and interpret the county's valuable natural and cultural resources; balance the demand for recreation with the need for conservation; offer a variety of enjoyable recreational activities that encourage healthy lifestyles; and provide clean, safe, and accessible places for leisure-time activities.</p>		

11. Description and Purpose of Project (Limit length to visible area)

The purpose of this project is to create a new park on property currently owned by Montgomery County. In order to create the park, the land rights to build and manage the park would be transferred to the Maryland-National Capital Park & Planning Commission. The proposed project would include renovating an existing community playground, improving ADA accessibility, and may include additional amenities based on community input, such as eating and picnic areas. The project would also provide drainage and storm water management enhancements and proposes a park maintenance access route from Connecticut Avenue.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments	
<p>The existing Dalewood Drive playground is located within County rights-of-way in Silver Spring, MD, and is currently managed by the Montgomery County Department of Recreation. The property is located within a defined Equity Focus Area of Montgomery County. Equity Focus Areas are places where residents may be experiencing disproportionate barriers due to a combination of demographic characteristics, including low income, racial minorities, and a population that speaks English less than well. Montgomery Parks is working to elevate the priority of projects located within these areas.</p> <p>The Dalewood Drive playground is a small, but well-used neighborhood amenity that is beyond its service life. Montgomery Parks was asked to renovate the playground, improve amenities, and take control of the property management to ensure that recreation facilities remain available to this community over the long-term. The proposed project would include a renovated playground, accessible walkways, maintenance access from Connecticut Avenue and additional amenities such as seating or picnic areas. It will also require drainage and stormwater management improvements.</p> <p>Our current budget does not allow us to make comprehensive renovations such as these as quickly as they are needed, and this renovation project would greatly enhance the value of this park to the community it serves. With financial assistance from the State, this vital community park will receive the upgraded renovations it deserves.</p>
