26. Personal Care Services (continued)

Rate Enhancements:

Payment for personal care assistant services is 107.5 percent for services provided to a recipient whose assessment identifies at least 10 hours of personal care services per day.

In order for providers to receive the increased payment rate, the personal care assistant providing services must have completed training approved by the Commissioner. This increase does not apply to supervision of a personal care assistant.

A rate enhancement is also paid based on the experience of support workers according to the following formula (and applies to the 1:1, 1:2, and 1:3 shared care rates). Workers must provide more than 1000 cumulative hours of PCA or CFSS services under sections 1905(a) for PCA, 1915(c) for extended PCA and extended CFSS, and under sections 1915(i) and 1915(k) for CFSS. The calculation is based on the cumulative hours worked beginning on July 1, 2017. When the 107.5 percent rate enhancement and the enhancement for worker experience applies, the 107.5 percent amount is the base for calculating this additional enhancement.

The enhancement is as follows:

(1) for workers who have provided between 1,001 and 2,000 cumulative hours, the amount is 2.17 percent;

(2) for workers who have provided between 2,001 and 6,000 cumulative hours, the amount is 4.36 percent;

(3) for workers who have provided between 6,001 and 10,000 cumulative hours, the amount is 7.35 percent; and

(4) for workers who have provided more than 10,000 cumulative hours, the amount is 10.81 percent.
