SUMMARY

Every year Californians provide generous support to a wide array of charities, either directly or through commercial fundraisers that charities hire to solicit donations on their behalf. The term “commercial fundraiser” refers generally to a person or corporation that contracts with a charity, for compensation, to solicit funds. The commercial fundraiser charges either a flat fee or a percentage of the donations collected. By law, commercial fundraisers are required to register with the Attorney General’s Registry of Charitable Trusts and file a Notice of Intent before soliciting donations in California. For each solicitation campaign conducted, commercial fundraisers are then required to file annual financial disclosure reports that set forth total revenue and expenses incurred.

This Summary Report is prepared from self-reported information contained in the annual financial disclosure reports filed by commercial fundraisers for 2015 and includes statistics for donations of both cash and used personal property (such as clothing and vehicles) for the benefit of charity. Only information from complete financial reports received before October 14, 2016 is included. Information from late, incomplete, or defective financial reports is not included in the Attorney General’s Summary.

Tables 1 and 2 provide information from reports submitted by commercial fundraisers that solicit donations via direct mail, telemarketing, auctions, and entertainment events. Tables 3, 4, and 5 provide information from reports submitted for thrift store operations and vehicle donation programs. Table 6 provides information from reports submitted by commercial coventurers.

It is important to note that most of the charities registered with the Attorney General’s Registry of Charitable Trusts do not use commercial fundraisers to raise funds. Historical figures show that a solicitation campaign conducted by a commercial fundraiser returns to the charity, on average, about 50 percent or less of the contributions received. The remainder is retained by the commercial fundraiser as fees and expense reimbursements.

Overview of Thrift Store Operations and Vehicle Donation Programs

Thrift stores handle what is known under state law as “salvageable personal property”. They may be operated directly by a charity or by a for-profit vendor. For-profit vendors are defined as commercial fundraisers if they (1) receive a management fee or commission from a charity for which they operate a thrift store or (2) purchase a majority of the goods sold from charities or social welfare organizations at negotiated prices. (Government Code, § 12599.)

Charities that operate their own thrift stores incur overhead and other expenses associated with the operation of a retail store. After those expenses are paid, the earnings are used for such things as management expenses and charitable program services.

¹ Enforcement efforts have resulted in greater conformance to timely report submissions. This, in turn, resulted in greater accuracy for the reporting of revenue, which would otherwise not have been reported.

Vehicle donation programs have become more popular over the past several years. These programs are administered either directly by charities, or by commercial fundraisers that solicit donations and manage the program on a charity's behalf, in exchange for compensation.

The process of donating a vehicle usually begins when a donor contacts a charity or commercial fundraiser in response to a solicitation campaign. In the initial phone conversation, the donor will be asked questions about the vehicle. Generally, the vehicle will be accepted unless the cost of towing the vehicle exceeds its value. Donors are responsible for notifying the Department of Motor Vehicles of the transfer of registration. Failure to transfer registration has subjected many donors to subsequent penalties and expenses incurred after donation, most often as a result of parking violations. The donated vehicle is then sold and the proceeds are divided between the commercial fundraiser and the charity. Because all costs associated with advertising, towing, storing, and selling the vehicle are deducted from the proceeds before any distribution to charity, charities usually only receive a marginal amount from the car's sales proceeds.

Description and Summary of Information in Tables 3, 4 and 5

Table 3: Thrift Store Operations – Goods Purchased from Charity: This table lists, in alphabetical order, each charitable organization that solicited donations of used clothing and merchandise (“salvageable personal property”) and sold the property to a for-profit thrift store operator. The name of the for-profit store operator is also listed. **(27 completed reports)**

Table 4: Thrift Store Operations – Management/Fee Commission: This table lists, in alphabetical order, each charitable organization that solicited donations of used clothing and merchandise and paid a management fee or commission to a for-profit thrift store operator. The name of the for-profit thrift store operator is also listed. **(3 completed reports)**

Table 5: Vehicle Donation Program: This table lists, in alphabetical order, each charitable organization that solicited vehicles and paid a management fee or commission to a for-profit reseller. **(601 completed reports)**

The data contained in these tables can be summarized as follows:

- For-profit thrift store operators that purchased goods from charities reported total revenue of approximately \$50.86 million for the 2015 reporting period. Of this amount, approximately \$14.1 million, or 27.5%, was paid to charitable organizations. Total revenue decreased from 2014 by approximately \$74.4 million, while the percent to charity increased by 18.25%.

- For-profit thrift store operators that were paid a fee or commission by charities reported total revenue of approximately \$1.95 million for the 2015 reporting period, with approximately \$96,000, or 4.92% paid to the charities. The percentage to charity increased slightly from the 2014 figure of 3.67%.
- Total revenue for vehicle donations was approximately \$64.2 million, with the charities receiving approximately \$25.5 million, or 39.75% of this amount. The total revenue increased by approximately \$40.6 million from 2014, while the percent to charity increased by approximately 4.75%.

Overview of Commercial Coventurer Program

A **commercial coventurer** is defined as any person, who for profit, is regularly and primarily engaged in trade or commerce other than in connection with the raising of funds, assets, or property for charitable organizations or charitable purposes, and who represents to the public that the purchase or use of any goods, services, entertainment, or any other thing of value will benefit a charitable organization or will be used for a charitable purpose. (Government Code § 12599.2.) A commercial coventurer is not required to register and file financial reports provided they meet certain provisions contained in Government Code section 12599.2 subdivision (b).

Description and Summary of Information in Table 6

- Information was obtained from 48 completed financial reports.
- Commercial coventurer campaigns reported total revenue of approximately \$50.7 million for the 2015 reporting period.
- Charities received \$21.6 million, or 42.59% of the money raised during the coventurer campaigns.

The information contained in the Attorney General’s summary of charitable solicitation campaigns conducted by commercial fundraisers and commercial coventurers is derived from unedited reports filed by fundraisers. The filed reports should be consulted for more complete information regarding each solicitation campaign.

This Summary Report and the annual financial reports filed by commercial fundraisers for each campaign are available on our website at <http://oag.ca.gov/charities>.

The Attorney General also publishes a Guide to Charitable Giving for Donors, which provides advice, guidelines and information to help donors in making decisions to give. The Guide is available on our website at <http://oag.ca.gov/charities>.

TABLE 1

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser used, total revenue raised by the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

TABLE 5

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to solicit donated vehicles on the charity's behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser, total revenue raised from the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the "To Charity" column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.
