

Climate Stories Project
Classroom questions for interview study

In this activity, you will listen to a recorded interview from the “Climate Stories” page on the Climate Stories Project and take notes as you listen. Answer the following questions as best you can; some questions may not apply to certain interviews. In class, share your notes from the interview and the answers to the questions with a partner or a small group.

Name of interviewee _____

1) What is the interviewee’s name? Where do they live? What do they do (work, school, etc)?

2) What do they value in their local environment? What changes have they seen in their environment due to climate change?

3) How are they responding to the changes around them? How is their community responding?

4) How do they feel about the climate change happening now or in the future?

5) What are their hopes and vision for the future? How are they working toward creating a better world?
