Oklahoma Attorney General

Annual Report of Private Attorney Contracts

Fiscal Year 2018

The Oklahoma Office of the Attorney General is required by Title 74, Section 20i(G) of the Oklahoma Statutes to produce a report on the private legal representation obtained by an agency or official of the executive branch. This report must include a brief description of each contract, the circumstances necessitating each contract, and the amount paid under each contract.

In Fiscal Year 2018, the total amount spent on private attorneys by agencies and executive branch officials was \$7.15 million. This represents an increase over Fiscal Year 2017 where the amount spent was \$5.87 million.

Attorney General Hunter presents for your review the attached report containing all private attorney contracts paid by individual agencies and boards. A summary of this information is provided in Table 1. The report also includes a table showing the total amounts collected by our office for representation of various agencies and officials of the executive branch during FY2018 (see Table 2). For reference, an additional chart is included to show the difference between monies spent in FY2017 and FY2018 with the red numbers showing the decreased amount paid (see Table 3).
