2C Campaign Submission

About 80% of Postage Statement submission errors occur because:

- Informed Delivery campaigns are not in Submitted or Active status when the postage statement is submitted via eDoc
- Postage Statement mailing dates fall outside the Informed Delivery campaign timeline

To successfully obtain your promotion discount, avoid these common errors.

In addition to getting campaign elements approved via the Mailing Promotions Portal and creating your campaign with the approved elements in the Mailer Campaign Portal, you must ensure that the validations that occur when you submit your postage statement via eDoc succeed. To ensure your promotion discount is applied at the time of mailing, review the postage statement **checklist document** **before you submit your postage statement on [PostalPro Checklist](#)**.

MAILING SUBMISSION AND ACCEPTANCE

The discount must be claimed at the time of mailing during the promotion period and cannot be rebated at a later date.

*Only one promotion discount can be applied to a mailpiece or mailing. The use of multiple qualifying technologies and/or print treatments on or within a mailpiece will not increase the discount amount.

A Documentation/Postage Statement

Mailing Statements Must Be Submitted Electronically via Mail.dat®, Mail.XML®, or Postal Wizard.

The Electronic Documentation (eDoc) must include the MIDs for MID Level campaigns or the MIDs and IMb® Serial Numbers for Serial-Range Level campaigns for the Informed Delivery mailpieces claiming the Promotion. The eDoc must identify the mail owner and mail preparer in the “By/For” fields by CRID, MID, or Permit number.

Mail.dat/Mail.XML submissions can only include a mix of pieces claiming on both MID Level and Serial-Range Level Informed Delivery campaigns on the same Postage Statement if they are claiming on two different MIDs. MID and Serial-Range Level campaigns cannot be claimed on the same Postage Statement for the same MID.

Mail.dat and Mail.XML users may use either the Informed Delivery Mailer Campaign Portal (MCP) to create campaigns or submit Informed Delivery campaign data elements embedded within the Mail.dat or Mail.XML files to create the campaign at the time the mailing is submitted to [PostalOne!](#)

To claim the discount for mailings submitted via Mail.dat or Mail.XML, the Component Characteristics Record (CCR) file must be populated with the **two-letter characteristic code or from the Postal Wizard dropdown:**

PI Informed Delivery (4% discount)

NOTE: MID and Serial-Range campaigns are not supported via Postal Wizard. Separate Postage Statements are required for all MID Level and Serial-Range Level Informed Delivery campaigns submitted via Postal Wizard. Mailers who use Postal Wizard must create their Informed Delivery campaigns through the MCP or through a Mail.dat Referenceable Mail Barcode (RMB) submission. Participants are required to affirmatively claim this Promotion in the “Incentive Claimed” section on electronic Postage Statement submissions certifying each mailpiece and Informed Delivery campaign meets all eligibility requirements.

B MID Level Campaign Restrictions

MID Level campaign creation via eDoc cannot claim full-service discount. Participants intending to submit MID Level Informed Delivery campaign data embedded within their Mail.dat eDoc Postage Statement will not be able to also claim a Full Service discount at the same time. The only way to claim both a Full Service and Informed Delivery Promotion discount is to submit your MID Level campaign via the MCP no later than 2 PM EST the day before the mailing is submitted to PostalOne. At this time, Mail.XML does not support the submission of MID level campaign data through eDoc. This does not affect the claiming of the Full Service discount when submitting Serial-Range Level Informed Deliver campaign data embedded within the Mail.Dat eDoc.

C Combined and Commingled Mailings

The promotion discount can be applied to qualifying pieces within a combined or commingled mailing, but the qualifying mail must be submitted on separate postage statements or by mailpiece version.

Only one promotional discount will be applied per mailpiece version (identified by Mail Piece Unit (MPU) and MPU Segment ID). In a commingled mailing, which may contain multiple mail owners, a mailpiece version must be created for each mail owner. The incentive can be claimed independently for each using the CCR file. If needed, mailers may continue to use either the CSM Postage Group ID or the .mpa Customer Reference ID in order to create separate child statements for the pieces which are eligible for incentives. If a mailer is using the customer reference ID to create separate statements a unique MPA record must be created for pieces which are claiming incentive rates.

Further technical information can be found in the USPS® Mail.dat Technical Specifications:

https://postalpro.usps.com/resources-list/technical_specifications

MAILING SUBMISSION AND ACCEPTANCE

D Verification

For the Informed Delivery Promotion discount to be successfully verified*, every “MID on piece” claiming the Promotion must have a corresponding Active or Submitted Informed Delivery campaign (and corresponding IMb® Serial Number range, if applicable) associated with it when the ‘Ready to Pay’ (RTP) file is submitted and when the mailing file is finalized. Campaigns created in the MCP or via RMB submission, must be submitted and in Active or Submitted status no later than 2 PM EST the day before the mailing is submitted to [PostalOne!](#)

To accommodate processing issues that may occur during commingling, there is a 20% leniency threshold for the Mail.dat or Mail.XML mail piece versions in the Postage Statement:

- A maximum of 20% of the Mail.dat or Mail.XML mailpiece volume claiming the Promotion may not be associated with an Informed Delivery campaign and still succeed during the verification process.
- If more than 20% of the mailpiece volume fails verification, the promotion discount will be removed from the entire mailpiece volume and the promotion discount will not be applied.

PostalOne! Validation

[PostalOne!](#) validates each eDoc submission when it is submitted as Ready-to-Pay (RTP) and at finalization, and checks the following items:

- Do the mailpieces (MIDs and IMb Serial Ranges) claiming the discount have a related (submitted or active) and valid Informed Delivery campaign associated with them?
- Does the date range between the campaign Start and End date(s) include the postage statement mail date defined in your eDoc? The Postage Statement Mailing Date and finalization must be included within the date range of the Start and End dates of each campaign claiming the discount. This happens whether a campaign is submitted via the MCP or eDoc.

For campaigns submitted via the MCP or Mail.dat RMB submission, the related Informed Delivery campaign(s) must be in Submitted or Active status no later than 2 PM EST the day before the RTP submission and finalization, and RTP submission and finalization must not be any earlier than 6 AM EST the following day*. For campaigns embedded with Mail.dat/Mail.XML submissions, this validation will occur at the same time of the submission.

For campaigns submitted prior to 2 PM EST via the MCP or Mail.dat RMB, the eDoc can be submitted the next day but must be submitted after 6 AM EST. For campaigns submitted after 2 PM EST via the MCP or Mail.dat RMB, the eDoc cannot be submitted until 2 days later and must be after 6 AM EST. For example, if the campaign is submitted in the MCP at 6 PM EST on September 1st, then the job must not be submitted until after 6 AM EST on September 3rd.

NOTE: USPS® recommends that Mail.dat RMB campaigns be submitted well in advance of eDoc submissions to avoid processing delays due to the potential high volume of RMB submissions by mailers. For verification, the minimum submission lead time for a Mail.dat RMB campaign submission is the same as a MCP campaign submission.

E Mailing Date

Mail must be tendered for acceptance during the promotion period. Promotion eligible mailings must be finalized in [PostalOne!](#) no earlier than 12:00:00 AM Central Time the day the promotion starts and no later than 11:59:59 PM Central Time on the last day of the promotion.

Plant-Verified Drop Shipment (PVDS) mailings that are verified and paid for during the promotion period and qualify for the promotion will be accepted at destination entry postal facilities 15 calendar days after the promotion end date. (PS Form 8125). A PVDS mailing that qualifies for the promotion cannot have verification or the actual drop ship occur prior to the first day of the promotion. Any qualifying mailing that is accepted and paid for prior to start of a promotion is not eligible for the promotion discount.
