

GIRLS in ENGINEERING

Make • Connect • Discover

Join us at UC Berkeley this summer for a week of hands-on engineering activities. With Berkeley staff and students as your teachers, you will learn firsthand about the exciting world of engineering!

Join us to see how fun engineering can be!

Learn more at
<http://gie.berkeley.edu/>

MAKE.

Construct an origami robot
Solve an engineering problem with your team

CONNECT.

Cultivate communication skills
Explore the Berkeley campus

DISCOVER.

Make new friends and meet amazing mentors
Learn from Berkeley engineers who are changing the world

FULL SCHOLARSHIPS AVAILABLE!

To Apply

Applications will open in January 2018. If you'd like the application e-mailed to you when it's ready, visit <http://gie.berkeley.edu> to join our mailing list.

Admissions are expected to be competitive (typically 1 out of 2 girls are admitted). Parent/guardian will be contacted if applicant has been accepted.
