## MESSAGE FROM THE DIRECTOR

It's the most wonderful time of the year. As families gather for the holidays, they often look back at holidays past while enjoying the holidays present. As friends gather for New Year's, they often look forward to the year to come while they reminisce about the year that was. This holiday season, I hope everyone enjoys the time they spend with family and friends, and that everyone experiences a joyous and prosperous new year.

—Ron Kammerzell

## MESSAGE FROM THE DIRECTOR

At the October 2010 Commission meeting, the Commissioners held a rule making hearing on proposed amendments to Colorado Limited Gaming Regulations, 47.1-2405, regarding the method of distributing Limited Gaming Funds. One of the proposed amendments, submitted by Gilpin County, suggested that the distribution should be based "in proportion to the percentage of total gaming tax revenues" generated in the respective cities and counties. The Division submitted an alternate proposal that would codify our longstanding constitutional and statutory interpretation and practice of a distribution model based upon the AGP (adjusted gross proceeds, or gaming revenues) generated by the casinos in the respective cities and counties. The rule-making hearing was reopened at the November Commission meeting to allow other stakeholders to testify who were unable to attend the October meeting. At both meetings, a number of interested parties provided testimony for both arguments. Upon conclusion of the hearing, the Commission voted to place consideration of the amendments on the agenda at the February 2011 Commission meeting. At the February meeting, after much deliberation and thoughtful consideration of all testimony received, the Commission eventually ruled in favor of the Division's proposal. This action serves to validate our historical interpretation and practice of defining "gaming revenues" as the aggregate AGP generated by licensees operating in each city and county, and basing the Limited Gaming Fund distribution model upon this definition.

## **MESSAGE FROM THE DIRECTOR**

### **Electronic Promotional Credits**

The Division is in the early phases of researching the regulatory impacts of electronic promotional credits. Many other gaming jurisdictions permit this technology, which allows a casino to offer its patrons downloadable/uploadable promotional credits from the patrons' respective player's club account. Our industry has shown some keen interest in this functionality and as a result, we will be examining best practices from other jurisdictions to formulate a regulatory framework that would facilitate it. We are also seeking clarification from the Attorney General's office regarding the permissibility of both restricted and nonrestricted credits; the Division's preference is to allow both. We expect to seek industry involvement during the process. Our plan is to draft rules and internal controls that are broad based and work for all slot monitoring/player tracking systems currently in the field. We will also need to draft testing protocols for the test lab as well as field testing procedures for our licensees. Although we do not have a definite timeline for the implementation of this technology at this time, we do recognize this as a priority and are hopeful we may be in a position to present draft regulations to our Commission during the second half of the calendar year.

## MESSAGE FROM THE DIRECTOR

With the deadline of filing personal income taxes by April 15, 2011, it's only fitting that this month is also the start of the annual tax setting process for the gaming tax rates. Colorado differs from other gaming jurisdictions in that the Limited Gaming Control Commission sets the tax rates on casino revenues, and does so on an annual basis. In other jurisdictions, the tax rates are set in statute and are not subject to an annual review. Here the rule-making hearing comprises testimony from various entities impacted by limited gaming. Colorado Revised Statutes, §12-47.1-601 mandates the fiduciary responsibilities of the Commission in considering this varied testimony, which it carries out each year in a very structured and thoughtful manner. This year will be no different as it deliberates over the myriad testimony to determine what the tax rates should be for the fiscal year starting July 1, 2011.

—Ron Kammerzell

## AGP Dips in April

Revenues at Colorado casinos dropped off in April as casinos statewide reported \$63.9 million in AGP, up 1.9% percent from \$62.7 million in April 2010, but down 2.6 percent from \$65.6 million in AGP in March.

Black Hawk's 17 casinos produced \$47.6 million in AGP in April; Cripple Creek's 13 casinos generated \$10.5 million; and Central City's seven casinos totaled \$5.9 million.

Casinos statewide paid \$11 million in gaming tax proceeds in April, which is on par with the \$11 million paid in March.

## MESSAGE FROM THE DIRECTOR

The 2011 legislative session ended unceremoniously on Wednesday, May 11, 2011. During this session, we were impacted by very few bills. One positive impact was brought about by the passage of SB11-159, which greatly simplified the distribution formula for the General Fund portion of the Limited Gaming Fund. In place of specific, individual dollar amounts adjusted annually for inflation, the formula now defines set percentages to be distributed to the various recipients. Unfortunately for the State Highway Fund, however, the new law makes it ineligible for any future appropriations from the Limited Gaming Fund.

A bill which would have had a significant impact on Colorado's commercial casino industry, SB11-233, was postponed indefinitely on May 9, 2011. This bill, if passed, would have allowed up to 5,000 VLT devices in a total of two locations anywhere in Colorado. Many opponents of the bill argued that it was an end run around the voters and a constitutional dodge, as the Constitution requires that any expansion of gaming be approved through a statewide vote of the people. Prior to the passage of Amendment 50, seven initiatives to expand gaming to other locales and venues had appeared on the ballot since 1992. Each of those was defeated by at least a 2-to-1 margin.

On the heels of the latest expansion of the Gambling Payment Intercept program to include outstanding criminal restitution, SB11-051 is on its way to the governor's office. If signed into law, the program will be expanded once again to now include all outstanding state debt and would take effect January 1, 2012.

## MESSAGE FROM THE DIRECTOR

As I'm sure most of you are aware, the Gambling Payment Intercept (GPI) program will be expanded July 1, 2011 to include intercepts for unpaid criminal restitution. The Division is finishing up testing for the expansion and ensuring that all casino licensees receive the appropriate training. As I mentioned in my June message, SB11-051 was on its way to the governor's office for signature and would expand the intercept program even further. Governor Hickenlooper signed this bill into law on June 2, 2011. The new law expands the intercept program to include intercepts for all state debt certified to the GPI registry operator by the Department of Personnel and Administration and becomes effective on January 1, 2012. In the event a gaming patron owes outstanding child support debt, unpaid criminal restitution, and any certified state debt, the priority of payment is in that order. As with prior changes to the intercept program, testing and training will be coordinated with the industry after the necessary programming changes have been made and we near the effective date.

On behalf of the Division of Gaming, I would like to extend our best wishes and a fond farewell to Commission Chairman Meyer Saltzman, who's second term expires July 1, 2011. Commissioner Saltzman's initial appointment to the Colorado Limited Gaming Control Commission in January 2006 began a 5 1/2-year period of unwavering dedication and commitment to his fiduciary duties related to the administration and regulation of limited gaming in Colorado. We have been fortunate to have the support and leadership provided by Commissioner Saltzman over the past 5 years and we will miss him.

—Ron Kammerzell

## **AGP Increases from June to July this year**

Gaming revenues jumped more than 18% from June to July, with casinos posting almost \$71.3 million in adjusted gross proceeds (AGP) in July 2011. In June 2011, the statewide AGP was just over \$60 million. However, the numbers compare to a year ago, showing a nearly 1.8% increase over July 2010, when gaming revenues were reported at just over \$70 million. The seven casinos in Central City produced \$6.4 million in AGP for July 2011, Cripple Creek's 14 casinos posted an AGP of almost \$13.6 million, and the 18 casinos in Black Hawk produced \$51.3 million total AGP July 2011. Casinos statewide paid nearly \$2.1 million in gaming tax proceeds in July 2011.

## **Commission Action**

Should a casino pay a jackpot to a person who promised **not** to gamble?

The Problem Gambling Coalition of Colorado provides a voluntary self-exclusion program, in which individuals can request exclusion from casino premises and be removed from casino marketing lists and slot club memberships. In the voluntary program, the individual agrees not to enter and/or use the services of any casino for a period of time.

Recently, the Division of Gaming was asked: *what happens if an individual who has signed this form and been "self-excluded" shows up in a casino and wins a jackpot? Should the winnings be paid to an individual who has promised not to gamble and has broken that promise?*

The answer is found in Colorado Revised Statutes 12-47.1-817, "Failure to Pay Winners." It is unlawful for any licensee to willfully refuse to pay the winner of any limited gaming game. (There are specific exceptions, including the Gambling Payment Intercept Act, should the winner owe money for child support or criminal restitution.)

Because the self-exclusion agreement is voluntary, the individual is entitled to the winnings, even if casinos were asked to cooperate with "self-exclusion."

If "exclusion" is part of a court order or sentencing agreement, a person under that court order would not be lawfully playing. If someone who is excluded by court-order wins a jackpot, the jackpot is voided as if it was never won.

The Problem Gambling Coalition of Colorado's mission is to increase awareness, advocate treatment and promote research and education on problem gambling. To learn more or view the "self-exclusion form," you may visit [www.problemgamblingcolorado.org](http://www.problemgamblingcolorado.org) for information.

### AGP Rises in September

Revenues at Colorado casinos rose slightly in the last month with Adjusted Gross Proceeds (AGP) just shy of \$65 million statewide, up .6% from August's AGP of \$64.6 million.

A year ago in September, casinos statewide reported \$65.6 million AGP, so 2011 proceeds are down roughly .9% compared to the same month in 2010.

Black Hawk's 19 casinos led the state with nearly \$47.5 million AGP in September, up about 2.6% from August 2011 when AGP posted at almost \$46.3 million, and down just .2% from approximately \$47.6 million AGP in September 2010.

Cripple Creek's 14 casinos generated almost \$11.8 million; and Central City's eight casinos produced about \$5.7 million this September.

Statewide, casino taxes in September totaled about \$7.3 million, up 30.4% from August's total of nearly \$5.6 million, but showed a 5.2% decrease compared to September 2010 when casino taxes totaled about \$7.7 million.

### MESSAGE FROM THE DIRECTOR

Colorado's **Gambling Payment Intercept Act** was created so that obligations for child support would be paid from winnings through limited gaming or pari-mutuel wagering. Child support payments were authorized on July 1, 2008, and outstanding criminal court obligations were added on July 1, 2011. Three years after implementation of the Act, more than \$1.2 million has been diverted to make payments on these types of outstanding debts.

Effective in January, 2012, another type of outstanding debt will be added to the Registry: unpaid debt due to the state, including such items as overpayment of unemployment insurance benefits, delinquent taxes or unpaid debt owed to the state. In short, the individual's cash prize is suspended for an amount equal to the amount of outstanding debt. (Winners for the Colorado lottery, our sister agency, are checked against the same database.)

The same Registry database will house the information for outstanding debts to the state, so the time and effort to ascertain if winners have any outstanding obligations should remain nearly the same. However, the benefit to the state's citizens makes the additional step a valuable one.

—Ron Kammerzell

## MESSAGE FROM THE DIRECTOR

When Colorado voters approved limited gaming in 1990, it prompted a flurry of activity as businesses sprang up, historic buildings were retrofitted, slot machines ordered, and casino staff were licensed and trained.

State regulators began to define the new industry, and the 1991 Colorado Gaming Commission -- who met more than 20 times between July and December that year -- developed rules and regulations to protect patrons and businesses by insuring honesty and integrity in the Colorado Gaming industry.

The voters' original intent to preserve the history and character of the towns where limited gaming is permitted has not been forgotten. During the first 20 years of gaming, nearly **\$1.5 billion** has been distributed back to Colorado to fund state historical restoration projects, as well as the impacts to state and local governments caused by gaming and expenses for the on-going regulation of the gaming industry. This figure includes additional funds directed by Amendment 50 (which was implemented in July, 2009) to be distributed to the State's public community colleges, junior colleges, and local district colleges to supplement existing State funding for student financial aid and programs and classroom instruction programs, expanding the impact of gaming revenues to new institutions.

In two decades, the industry has seen many changes. The ornate "one-armed bandit" with a jingle of coins has been superseded by sleek video slot machines operating on computer chips and circuitry. New games and regulations have been added. The Division of Gaming has stayed diligent and alert, keeping up with the rapidly changing technology, responding to both consumers and the industry we regulate. May the next 20 years of Gaming in Colorado be as exciting and successful as the first 20 years have been!

—Ron
