

## **Civil Engineering (Land Development) Co-op**

Do you possess a positive attitude and a commitment to continuous personal improvement in a dynamic environment?

Are you a strong team player, and possess exceptional attention to detail?

**Britt, Peters & Associates is a fast-growing engineering design firm with multiple opportunities in the Southeast**

### **Summary of Role:**

This position is a Co-op civil engineering opportunity. The chosen candidate will work with the guidance of other engineers on teams to complete projects. Typical projects include the design, analysis and evaluation of both new and existing building infrastructures and range from small commercial repairs to the construction of multi-million dollar facilities. Co-ops will obtain professional experience in a variety of civil engineering situations in coordination with licensed civil and professional engineers.

### **What you will learn:**

- Civil design methods for commercial, residential, and institutional projects – site layouts, grading, utilities, and erosion control
- Civil analysis & modeling
- Production software skills including Autodesk Civil 3D
- Communication skills both internally and with clients
- Navigation of applicable codes & standards

### **Minimum requirements:**

- Majoring in Civil Engineering or Landscape Architecture
- 3.0 GPA or higher
- Professional attitude

### **Recommended:**

- Outstanding written and verbal communication skills
- Ability to manage time effectively while working on multiple projects concurrently
- Strong desire to learn and grow within a fast-paced environment
- Attention to detail and common sense
- Ability to multi-task and contribute to a diverse team of professionals

*Britt, Peters & Associates provides equal employment opportunities without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state or local laws.*
