Good afternoon Sir,

It was a pleasure to meet you on Monday and appreciate your time. I have attached the scanned copies of the documents and a memo detailing our involvement with the Nate Paul investigation. Please let me know if there is anything else you need from me.

Thank you,

Erin

Erin,

Thank you for meeting with me and providing information and context to your involvement with the Nate Paul investigation. I need to get scans of the documents you brought with you today to show

me. I also need you to write an explanation of where you were at in the investigation when you had your meeting with Nate Paul. You mentioned that you did not have enough information at that time to do a full forensic analysis. Also, could you provide an explanation regarding what transpired in the meeting and the issue with adobe rolling out a new version. You can send this all in an email back to me.

Thank you,

Brent
