PAXTON_WARREN_SKTCH.pdf;

Steven,

here's the Paxton's info for the house. i'll let you quote whatever you need to on the flooring upgrades/changes. as we discussed out there, i'll simply remove the master bedroom carpet from my invoice and let them work directly with you. i've forwarded your contact info to Mr Paxton as well; fyi when he calls, it will come up as a "private/blocked" number. so you may want to text him. let me know if you need anything else. thanks!

on the attachment, i added a cleaning per sf item so it shows all rooms with the SF of the floors (had to put a line item in each room or it wont print) and the sketch itself is at the end. let me know if you need more info.

Good morning please send me contact info so I can work up the quote. I would assume he wants a similar wood plank ceiling put back in correct
