|   | Ken Payton Called me today. He wants to<br>meet to talk. |
| *************************************** | We discussed schedules. He will call back                |
|   | ut a time + place.                                       |
|   | I dell him I assumed it was about what                   |
|   | We discussed yesterday a the Note Paul case.             |
|   | the said uper.  I fold him, "to justate" I need those    |
| *************************************** | Locs. After the measing you otherdal, I re-revie         |
| *************************************** | does their given me, end realized int was                |
|   | cridical for me to see the docs they had                 |
|   | obtained from Maj. J. Lane.                              |
|   | He said he had to go do an interview.                    |
