Love that

Webster had a court an appearance in Hays County last week representing a criminal in a case. A DA friend sent the info. It would be a public record.

Lacey Mase

Looks like it was reset

**The policy is you can't have outside employment without approval from your supervisor and HR**

LM

Blake Brickman

**Where is that written?**

BB

Lacey Mase

**In the policy manual**

LM

Blake Brickman

**Is that online**

BB

David Maxwell

**Even if it was reset he probably appeared in person. It's a conflict of interest. An elected DA**

interest. An elected DA cannot do it if he is classified as a Professional DA where he has one county.

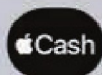

DM

Lacey Mase

There is a relatively lengthy policy on outside employment. I can't think of a time where we approved an attorney handling a private case other than a probate matter for a family member. I'm sure there have been other instances, but certainly never a former criminal defense attorney reprinting a former

The policy manual would be available via a pic request

I just emailed it to Blake.

Anyone else need it?

He's gotta be with NP.  
Who else would be seen  
out in public with him?

David Maxwell

DM

My informant thought  
he was wearing a badge  
on his belt. Didn't see a  
gun.

I have a great idea! I  
have another interview  
with the FBI this week  
and I am going to give  
them Leslie French o a  
silver platter. She will  
have to tell them what  
her real mission was and

silver platter. She will have to tell them what her real mission was and who sent her. In addition she will be looking at Tampering with a witness which is a felony. She tried to convince us not to testify or we would be indicted.

DM

Great idea!! She probably knows a lot now.

David Maxwell

DM

We will flip her

Blake Brickman

She was sent to our lunch to scare us into

**I heard the new Dep for criminal justice case from Travis county DA. Is that true?**

Blake Brickman

**I haven't heard. Is it Mindy Montford?**

David Maxwell

**Yes and that is tampering. Her intention was to keep us from testifying. Remember she said it's not what**

she said it's not what happened initially that we would be prosecuted for but what we have done since. Yes he worked for Don Clemmer and worked with Webster at Wilco.

DM

No it is a twelve year lawyer.

Blake Brickman

Yes. She did say that I recall at the time thinking it was bogus and wrong for her to get involved

BB

Do you know his name?

I think Mark has it. Yes I told y'all at that meeting that her info was bogus.

DM

Josh Reno. Clemmer said he worked with Webster at Williamson Co. He is a 10-12 year lawyer! Currently works for Clemmer.
