Example of SLCP Adoption : Décor

DÉCOR

19

In 2020, SLCP saved Décor approximately 19 unnecessary audits.

70%

Décor was able to share their SLCP verified data with 3 brands, and these brands cover about 70% of their production volume.

Why Décor chose SLCP…

Sharing of one single verified assessment eliminates the need to handle multiple audits.

Ideal tool to identify areas of opportunity to build up capacity in managing social performance.

Focuses on collaboration which is vital to drive meaningful changes in the industry.

Journey with SLCP

2018
Participated in the Pilot. SLCP verifications were completed in two facilities in China.

2019
Enrolled more facilities in China for SLCP Light Operations. Décor became a signatory.

2020
Scaled up SLCP adoption across both tier 1 and tier 2 facilities in Vietnam, Bangladesh and China.

2021
Expanded the adoption to include facilities in Mexico. Continue to scale up SLCP adoption within value chain.
