

Is your audit confirmation process streamlined?

Increase productivity, reduce cost, enhance customer experience, and combat fraud with Thomson Reuters® Confirmation.

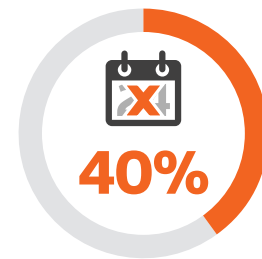

Hidden costs of outdated methods like fax, mail, and email

65% of auditors have had to ask their clients to chase the bank for urgent confirmation responses

Up to **30%** of audit requests received by banks are duplicates, creating unnecessary work

40% of auditors have had to delay completion of their clients' audits due to late confirmation responses

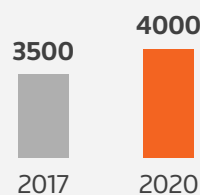

There's a better way — online audit confirmations save you time and money

Online confirmations are up to **88%** faster than paper confirmations*

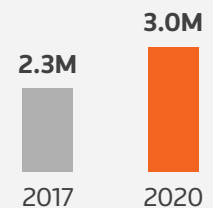

*Average response time for in-network U.S. bank vs paper confirmation

Banks and departments responding to online confirmations:
