NAIC CONSUMER PARTICIPATION PROGRAM**

April 11, 2017

The National Association of Insurance Commissioners (NAIC) is the U.S. standard-setting and regulatory support organization created and governed by the chief insurance regulators from the 50 states, the District of Columbia and five U.S. territories. Through the NAIC, state insurance regulators establish standards and best practices, conduct peer review, and coordinate their regulatory oversight. NAIC staff supports these efforts and represents the collective views of state regulators domestically and internationally. NAIC members, together with the central resources of the NAIC, form the national system of state-based insurance regulation in the U.S.

The mission of the NAIC is to assist state insurance regulators, individually and collectively, in serving the public interest and achieving the following fundamental insurance regulatory goals in a responsive, efficient and cost-effective manner, consistent with the wishes of its members:

*Protect the public interest;
Promote competitive markets;
Facilitate the fair and equitable treatment of insurance consumers;
Promote the reliability, solvency and financial solidity of insurance institutions; and
