High-level political forum on sustainable development**Progress towards the Sustainable Development Goals****Report of the Secretary-General****Supplementary Information*****Summary***

The following information is supplementary to the Report of the Secretary-General on Progress towards the Sustainable Development Goals (E/2018/64). It contains the Statistical Annex of global and regional data for the global indicators for the Sustainable Development Goals and targets, adopted by the Statistical Commission at its forty-eighth session in March 2017, by the United Nations Economic and Social Council in June 2017 and the General Assembly in July 2017. The indicators presented in the Annex are those for which data are available. This Statistical Annex is available electronically in English at the following website: unstats.un.org/sdgs/.

* This statistical annex was revised on 20 June 2018.

Explanatory notes

Symbols and conventions used in the tables

- . A point is used to indicate decimals.
- A hyphen between years, for example, 2010-2015, indicates the full period involved, including
- / A slash indicates a financial year, school year or crop year, for example 2014/15.
- ... Data are not available or not applicable.
- * Data are provisional, estimated or include a major revision.

A comma is used as a thousands separator, for example 1,000 is one thousand. Subtotals and percentages in the tables do not necessarily add to totals because of rounding.

Composition of regions

Except where indicated, regional groupings are based on United Nations geographical regions, with some modifications necessary to create, to the extent possible, homogeneous groups of countries for analysis and presentation. The information about the regional groupings used for the Sustainable Development Goal Report 2018 (E/2018/64) are available at: <<https://unstats.un.org/sdgs/indicators/regional-groups/>>.

There is no established convention for the designation of "developed" and "developing" countries or areas in the United Nations system. Where shown, the expression "developed regions" comprises Europe, Australia, Canada, Japan, New Zealand and the United States. The expression always includes transition countries in Europe. For the purposes of monitoring indicators related to "developing countries", in general data for all countries located in "developing regions" are being aggregated.

Supplementary Information

Statistical Annex: Global and regional data for Sustainable Development Goal indicators

Goal 1

End poverty in all its forms everywhere

Target 1.1

By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day

Indicator 1.1.1

Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)¹

(a) Proportion of population below the international poverty line of US\$1.90 per day, both sexes
(Percentage)

<i>Regions</i>	<i>2002</i>	<i>2005</i>	<i>2010</i>	<i>2013</i>

Target 2.2

By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons

Indicator 2.2.1

Prevalence of stunting (height for age <-2 standard deviation from the median of the World Health Organisation (WHO) Child Growth Standards) among children under 5 years of age

Proportion of children under 5 years of age who are stunted (HAZ <-2)¹
(Percentage)

Target 2.b

Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round

Indicator 2.b.1**Agricultural export subsidies****Agricultural export subsidies**

(Millions of current United States dollars)

Goal 3

Ensure healthy lives and promote well-being for all at all ages

Target 3.1

By 2030, reduce the global maternal mortality ratio to less than 70 per 100,000 live births

Indicator 3.1.1

Maternal mortality ratio

Maternal mortality ratio

(Maternal deaths per 100,000 live births)

Note: Data aggregated across interventions and diseases.

Target 3.4

By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being

Indicator 3.4.1

Mortality rate attributed to cardiovascular disease, cancer, diabetes or chronic respiratory disease

(a) Probability of dying from any of cardiovascular disease, cancer, diabetes, chronic respiratory disease between age 30 and exact age 70, both sexes

(Percentage)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2016</i>

Target 3.5

Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol

Indicator 3.5.2

Harmful use of alcohol, defined according to the national context as alcohol per capita consumption (aged 15 years and older) within a calendar year in litres of pure alcohol

Alcohol consumption per capita¹

(Liters of pure alcohol)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2016</i>

Target 3.8

Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all

Indicator 3.8.1

Coverage of essential health services (defined as the average coverage of essential services based on tracer interventions that include reproductive, maternal, newborn and child health, infectious diseases, non-communicable diseases and service capacity and access, among the general and the most disadvantaged population)

Universal health coverage (UHC) service coverage index

Goal 4

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Target 4.2

By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education so that they are ready for primary education

Indicator 4.2.1

Proportion of children under 5 years of age who are developmentally on track in health, learning and psychosocial well-being, by sex

Proportion of children aged 36-59 months who are developmentally on track in at least three of the following domains: literacy-numeracy, physical development, social-emotional development and learning¹
(Percentage)

<i>Regions</i>	<i>2017</i>
World (66 countries, 24 per cent population coverage)	68.8
Sub-Saharan Africa (22 countries, 54 per cent population coverage)	61.3

¹The number of countries with comparable survey data included in the regional aggregations and regional population coverage of children aged 36-59 months are presented in parentheses.

Note: Based on the Demographic and Health Surveys (DHS), Multiple Indicator Cluster Surveys (MICS) and other national surveys conducted in the 2009-2017 period.

Source: United Nations Children's Fund (UNICEF) global databases, 2018.

Indicator 4.2.2

Participation rate in organized learning (one year before the official primary entry age), by sex

(a) Adjusted net enrolment rate, one year before the official primary entry age, both sexes

(Percentage)

Target 4.5

By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations

Indicator 4.5.1

Parity indices (female/male, rural/urban, bottom/top wealth quintile and others such as disability status, indigenous peoples and conflict-affected, as data become available) for all education indicators on this list that can be disaggregated

Gender parity index of adjusted net enrolment rate, one year before the official primary entry age
(Ratio of girls to boys)

Target 4.b

By 2020, substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries

Indicator 4.b.1

Volume of official development assistance flows for scholarships by sector and type of study

Volume of official development assistance (gross disbursements) for scholarships

(Millions of constant 2016 United States dollars)

<i>Regions</i>	<i>2006</i>	<i>2010</i>	<i>2015</i>	<i>2016</i>

Target 4.c

By 2030, substantially increase the supply of qualified teachers, including through international cooperation for teacher training in developing countries, especially least developed countries and small island developing States

Indicator 4.c.1

Proportion of teachers in: (a) pre-primary; (b) primary; (c) lower secondary; and (d) upper secondary education who have received at least the minimum organized teacher training (e.g. pedagogical training) pre-service or in-service required for teaching at the relevant level in a given country

(a) Proportion of trained teachers in pre-primary education, both sexes

(Percentage)

Goal 5 Achieve gender equality and empower all women and girls

Target 5.3

Eliminate all harmful practices, such as child, early and forced marriage and female genital mutilation

Indicator 5.3.1

Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18

(a) Proportion of women aged 20-24 years who were married or in a union before age 15¹

(Percentage)

<i>Regions</i>	<i>2002</i>	<i>2007</i>	<i>2012</i>	<i>2017</i>

Target 5.6

Ensure universal access to sexual and reproductive health and reproductive rights as agreed in accordance with the Programme of Action of the International Conference on Population and Development and the Beijing Platform for Action and the outcome documents of their review conferences

Indicator 5.6.1

Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and health care¹

(Percentage)

<i>Regions</i>	<i>2013</i>
World (47 countries, 8 per cent population coverage)	53.4
Sub-Saharan Africa (33 countries, 89 per cent population coverage)	46.7
Northern Africa and Western Asia (2 countries, 2 per cent population coverage)	70.7
Western Asia (2 countries, 4 per cent population coverage)	70.7
Central and Southern Asia (3 countries, 2 per cent population coverage)	49.9
Central Asia (2 countries, 14 per cent population coverage)	57.0
Southern Asia (1 countries, 2 per cent population coverage)	47.7
Eastern and South-Eastern Asia (2 countries, 2 per cent population coverage)	69.6
South-Eastern Asia (2 countries, 9 per cent population coverage)	69.6
Latin America and the Caribbean (5 countries, 6 per cent population coverage)	67.7
Europe and Northern America (2 countries, 4 per cent population coverage)	79.8
Europe (2 countries, 7 per cent population coverage)	79.8
Landlocked developed countries (17 countries, 63 per cent population coverage)	46.5
Least developed countries (27 countries, 54 per cent population coverage)	49.0
Small island developing States (4 countries, 35 per cent population coverage)	68.1

Goal 6 Ensure availability and sustainable management of water and sanitation for all

Target 6.1

By 2030, achieve universal and equitable access to safe and affordable drinking water for all

Indicator 6.1.1

Proportion of population using safely managed drinking water services

(a) Proportion of population using safely managed drinking water services

(Percentage)

Goal 7

Ensure access to affordable, reliable, sustainable and modern energy for all

Target 7.1

By 2030, ensure universal access to affordable, reliable and modern energy services

Indicator 7.1.1

Proportion of population with access to electricity

(a) Proportion of population with access to electricity

(Percentage)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2016</i>

Goal 8

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Target 8.1

Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries

Indicator 8.1.1

Annual growth rate of real GDP per capita

Annual growth rate of real GDP per capita

(Percentage)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2016</i>
World	3.0	2.6	3.0	1.6	1.3

Target 8.2

Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors

Indicator 8.2.1

Annual growth rate of real GDP per employed person

Annual growth rate of real GDP per employed person

(Percentage)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>

Source: ILO modelled estimates, November 2017, available in the ILO Database of Labour Statistics (ILOSTAT), International Labour Organisation (ILO).

¹ Unemployment rate is calculated as the number of unemployed persons expressed as a percentage of the labour force, where unemployed persons are those who, during the short reference period, were not in employment, were available and seeking employment.

² Statistics on the labour force status of individuals disaggregated by their disability status are not available at the global and regional levels at this stage.

³ Refers to persons aged 15 and above.

⁴ Adults refer to persons aged 25 and above; youth refers to persons aged 15 to 24 inclusive.

Target 8.10

Strengthen the capacity of domestic financial institutions to encourage and expand access to banking, insurance and financial services for all

Indicator 8.10.2

Proportion of adults (15 years and older) with an account at a bank or other financial institution or with a mobile-money-service provider

Proportion of adults (15 years and older) with an account at a bank or other financial institution or with a mobile-money-service provider, by sex

(Percentage)

Goal 10 Reduce inequality within and among countries

Target 10.6

Ensure enhanced representation and voice for developing countries in decision-making in global international economic and financial institutions in order to deliver more effective, credible, accountable and legitimate institutions

Indicator 10.6.1

Proportion of members and voting rights of developing countries in international organisations

(a) Proportion of developing countries in the membership of international organisations

(Percentage)

<i>International Organisations</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>

Latin America and the Caribbean	29	21
Oceania (excluding Australia and New Zealand)	24	24
Australia and New Zealand	0.03	0.03
Europe and Northern America	0.1	0.1

¹Represented by the urban population living in households with at least one of the following four characteristics: lack of access to improved drinking water; lack of access to improved sanitation; overcrowding (three or more persons per room); and dwellings made of non-durable material.

Source: United Nations Human Settlements Programme (UN-Habitat).

Target 11.6

By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

Indicator 11.6.1

Proportion of urban solid waste regularly collected and with adequate final discharge out of total urban solid waste generated, by cities

Municipal Solid Waste collection coverage

(Percentage)

<i>Regions</i>	<i>2017</i>
World	74.2
Sub-Saharan Africa	43.4
Northern Africa and Western Asia	73.5
Central and Southern Asia	66.7
Eastern and South-Eastern Asia	72.0
Latin America and the Caribbean	80.4
Oceania (excluding Australia and New Zealand)	...
Australia and New Zealand	94.0
Europe and Northern America	89.6

Note: Municipal Solid Waste (MSW) collection coverage is defined as the amount MSW collected as a proportion of total MSW generated.

Source: United Nations Human Settlements Programme (UN-Habitat).

Indicator 11.6.2

Annual mean levels of fine particulate matter (e.g. PM2.5 and PM10) in cities (population weighted)

Mean annual concentration of fine suspended particles with a diameter of 2.5 microns or less (PM2.5), by residence

(Micrograms per cubic meter)

<i>Regions</i>	<i>2016</i>	
	Urban	All areas
World	39.6	38.5

¹ Domestic material consumption (DMC) measures the total amount of materials used by an economy. It is defined as the annual quantity of raw materials extracted from the domestic territory, plus all physical imports and minus all physical exports. It includes intermediate and final consumption until released to the environment.

Target 12.4

By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment

Indicator 12.4.1

Number of parties to international multilateral environmental agreements on hazardous waste, and other chemicals that meet their commitments and obligations in transmitting information as required by each relevant agreement

Compliance rate for the Multilateral Environmental Agreements (MEAs)

(Percentage)

Goal 13

Take urgent action to combat climate change and its impacts

Note: Global and regional data for the indicators in Goal 13 are currently not available.

Goal 14 Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Target 14.4

By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics

Indicator 14.4.1

Proportion of fish stocks within biologically sustainable levels

Proportion of fish stocks within biologically sustainable levels¹

(Percentage)

	2000	2004	2008	2013
Non-fully exploited ²	25.4	22.9	14.7	10.5
Fully exploited ²	47.2	52.7	52.8	58.1
Overexploited	27.4	24.4	32.5	31.4

¹Within biologically sustainable levels means that the abundance of world fish stock is at or higher than the level that can produce the maximum sustainable yield.

²The proportion of world marine fish stocks within biologically sustainable levels includes the sum of the fully exploited and non-fully exploited proportion of fish stocks.

Source: Food and Agriculture Organisation of United Nations (FAO).

Target 14.5

By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information

Indicator 14.5.1

Coverage of protected areas in relation to marine areas

(a) Coverage of protected areas in relation to marine areas (Exclusive Economic Zones)¹

(Percentage)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2015</i>	<i>2017</i>

Goal 15

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Target 15.1

By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements

Indicator 15.1.1

Forest area as a proportion of total land area

Forest area as a proportion of total land area

¹The Red List Index for each region represents an index of aggregate survival probability (the inverse of extinction risk) for all birds, mammals, amphibians, corals and cycads occurring within the region, weighted by the fraction of each species' distribution occurring within the region. It shows how adequately species are conserved or not in the region relative to its potential contribution to global species conservation.

²Lower and upper confidence intervals in parentheses.

Goal 17

Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

Target 17.2

Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries

Indicator 17.2.1

Net official development assistance, total and to least developed countries, as a proportion of the Organisation for Economic Cooperation and Development (OECD) Development Assistance Committee donors' gross national income (GNI)

Total net official development assistance (ODA) from DAC donors

(Billions of constant 2016 United States dollars)

<i>Regions</i>	<i>2000</i>	<i>2005</i>	<i>2010</i>	<i>2016*</i>
Total net ODA	71.9	116.1	120.6	144.9
Total net ODA to landlocked developing countries	11.0	15.9	22.2	23.4
Total net ODA to least developed countries	18.8	27.6	41.2	39.1
Total net ODA to small island developing states	4.3	2.9	6.2	5.8

Source: DAC Statistics database, 2018, The Organisation for Economic Co-operation and Development (OECD).

* *Revision note (20 June 2018):* An earlier version of this annex incorrectly stated the latest year as 2015.

Target 17.3

Mobilize additional financial resources for developing countries from multiple sources

Indicator 17.3.2

Volume of remittances (in United States dollars) as a proportion of total GDP

Personal remittances (personal transfers and compensation of employees) received as a proportion of total GDP

(Percentage)

Target 17.9

Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation

Indicator 17.9.1

Dollar value of financial and technical assistance (including through North-South, South-South and triangular cooperation) disbursed to developing countries

Total official development assistance (gross disbursements) for technical cooperation

(Millions of constant 2016 United States dollars)

Target 17.15

Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development

Indicator 17.15.1

Extent of use of country-owned results frameworks and planning tools by providers of development cooperation

Extent of use of country-owned results frameworks and planning tools by providers of development cooperation

(Percentage)

<i>Regions</i>	<i>Proportion of new development interventions drawn from country-led result frameworks</i>	<i>Proportion of results indicators drawn from country-led results frameworks</i>	<i>Proportion of results indicators which will be monitored using government sources and monitoring systems</i>
All countries	84.8	61.5	52.4
Fragile ¹ countries	82.0	57.8	48.2
Non-fragile countries	87.8	65.0	56.2
Small island developing States	85.0	72.0	59.7

¹*Fragility is defined as the combination of exposure to risk and insufficient coping capacity of the state, system and/or communities to manage, absorb or mitigate those risks. Fragility can lead to negative outcomes including violence, the breakdown of institutions, displacement, humanitarian crises or other emergencies.*

Source: Organisation for Economic Co-operation and Development (OECD) and United Nations Development Programme (UNDP).

Target 17.18

By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts

Indicator 17.18.2

Number of countries that have national statistical legislation that complies with the Fundamental Principles of Official Statistics
