July 23, 2024

Addendum Number 2
Invitation to Bid 24-51-212295
ARRC Portage Tunnel - Portal Ceiling Repair

This addendum is being issued to provide information as follows:

1. What is the required material specification for the L6x6x1/2" Shelf Angles to be?
Please see updated plans, sheet 2/2
2. What is the required material specification is for the 1/2" Diam. Anchors to be?
Please see updated plans, sheet 2/2
3. The Plans call for (3) Shelf Angles 8 feet = 24 feet, is there a reason this needs to be 3 - 8 foot sections vs 1 - 24 foot section?
Ease of installation, the contractor may use longer sections, if they elect to do so.
4. The drawing appears to show 2 gussets at the end of each stringer location. Please confirm whether or not gussets are required and any required details.
Please see updated plans for requested details
5. Will the Verco W2-36 Formloc be delivered to the project location or is the Contractor responsible transporting? If Contractor responsible what is the location of the material?
The contractor would be responsible for picking up the sheets from the stockpiled location in the ARRC Seward Yard, on top of a conex near the Seward Cruise Terminal.
6. Is there any specific requirements on the Expansion Foam?
Please see updated plans, sheet 2/2

ATTACHMENTS: Door 4 Portal Shoring-IFC ~~Door 4 Portal Shoring Concept~~

Please acknowledge receipt of this and all addendums in your Firm's Construction Bid Form 395-0121 (12/99). **All other dates, terms and conditions remain unchanged.**
